Date: February 2, 2021

Agenda Item No. 8(F)(5)

To: Honorable Chairman Jose "Pepe" Diaz
and Members, Board of County Commissioners

From: Daniella Levine Cava
Mayor

Resolution No. R-61-21

Subject: Recommendation to Delegate to the County Mayor or County Mayor's Designee Approval to Award, Access, and Modify Competitively Solicited Contracts for the Purchase of Light and Heavy Fleet Vehicles and Mobile Equipment for Fiscal Year 2020-21

Recommendation

It is recommended that the Board of County Commissioners (Board) delegate contracting authority to the County Mayor or County Mayor's designee to award, access, and modify competitively solicited contracts for the purchase of 845 vehicles, including light and heavy fleet vehicles and mobile equipment, in an amount not to exceed \$40,812,887. **This amount is based on the approved budget for vehicle purchases in the Fiscal Year 2020-21 Adopted Budget, as well as previously approved carryover for purchases not finalized prior to the end of fiscal year 2019-20.** All contracts and other actions approved by the County Mayor or County Mayor's designee pursuant to this delegation will be presented to the Board for ratification on an annual basis at the end of the purchasing cycle. The ratification report for Fiscal Year 2019-20 is being presented as a separate agenda item.

This item is placed for Board review pursuant to Miami-Dade County Code Section 29-124(f)(ii). Because this is a transit-related procurement with a value of more than \$1 million, even though no Charter County Transportation Surtax Funds will be used to pay the costs, the Board may only consider this item if the Citizens' Independent Transportation Trust (CITT) has forwarded a recommendation to the Board prior to the date scheduled for Board consideration or 45 days have elapsed since the issuance of this recommendation. If CITT has not forwarded a recommendation and 45 days have not elapsed since the issuance of this recommendation, a withdrawal of this item will be requested.

Background

In Fiscal Year 2015-16, the countywide Vehicle Replacement Plan was established in order to budget for the future retirement and replacement of vehicles that met or exceeded their useful life (100,000 miles or 10 years of age). Each County department developed a five-year replacement plan to streamline the County's vehicle purchasing process. Vehicle purchases are made by Internal Services Department staff, on behalf of County departments, following the adopted budget each year. Purchases are made via access of competitively established contracts by other governmental entities, where permitted by funding source. Access to these contracts is in the County's best interest as it allows for time and monetary savings due to economies of scale and favorable pricing offered on these contracts.

Prior to implementing the current centralized process, staff experienced difficulties in completing these complex vehicle purchases in a timely and cost-effective manner. Failure to meet manufacturers' cut-off deadlines was affecting capital costs due to higher pricing for newer or different models, or deferral of the purchases to a later year, which was resulting in increased operational costs to the departments in higher maintenance costs or rental of a replacement vehicle. This delegation of authority is recommended to strategically streamline each contract award. Requests to purchase vehicles in subsequent fiscal years will be presented for Board approval on an annual basis based on the approved budget.

On January 22, 2020, the Board adopted Resolution No. R-39-20, which delegated contracting authority to the County Mayor or County Mayor's designee to award, access, and modify competitively solicited contracts to purchase police vehicles, fire trucks, mobile equipment, and other light and heavy fleet vehicles not to exceed the adopted budget amount of \$89,007,830.70 for Fiscal Year 2019-20. The Internal Services Department, Strategic Procurement and Fleet Management Divisions initiated the

purchasing process for vehicles on behalf of multiple County departments. As of October 1, 2020, the County purchased 1,648 vehicles for a total of \$88,146,051.41.

For Fiscal Year 2020-21, the Internal Services Department will purchase these vehicles on behalf of all County departments in a manner consistent with the procurement methods authorized in Implementing Order 3-38, to obtain the best value for the County. All bid protests of competitive solicitations issued by the County, filed pursuant to Section 2-8.4 of the Code, and Implementing Order 3-21, will be presented to the Board for resolution as set forth in the Code and the Implementing Order.

On January 21, 2021, item 8F11 (Legistar No. 202321) was bifurcated by the Board. The Board voted separately to delegate to the County Mayor or County Mayor's Designee approval to award, access, and modify competitively solicited contracts for the purchase of light and heavy fleet vehicles and mobile equipment for Fiscal Year 2020-21 in the amount of \$57,982,000 for the Aviation, Fire Rescue, Police, PortMiami, and Solid Waste Management departments and deferred consideration of the delegation of the remaining County departments until the Board's February 2, 2021 meeting. Pursuant to that deferral, the delegation for the remaining departments is being presented in this item for the Board's consideration.

The Internal Services Department has provided County departments with a deadline of January 8, 2021 to submit their vehicle purchase packages in order to meet manufacturers' deadlines and each department's operational needs. Pricing comparisons will be conducted between competitively awarded contracts such as the Florida Sheriff's Association, the State of Florida, Sourcewell, and Omnia Partners, Public Sector (formerly known as U.S. Communities Government Purchasing Alliance) in order to issue a purchase order that provides the best value to the County.

These vehicles will be used to support various essential operations that serve this community across Miami-Dade County to include water recovery, distribution and processing as well as other related operational support activities that provide county-wide services. The requested allocation will be used as follows:

- The Water and Sewer Department will utilize \$16,042,000 to purchase 360 vehicles for water recovery, processing and distribution activities.
- The Parks, Recreation and Open Spaces Department will utilize \$11,953,000 to purchase 220 vehicles to support recreational activities and maintenance of the various County owned facilities utilized by the public.
- The Department of Transportation and Public Works will utilize \$8,349,452 to purchase 122 vehicles to support transit and public works operations and maintenance activities.
- The Internal Services Department will utilize \$1,587,000 to purchase 51 vehicles to support risk management, materials management, building maintenance and management, and vehicle maintenance and motor pool operations.
- The remaining requested allocation of \$2,881,435 will be utilized by 9 other County departments to acquire 92 vehicles necessary to maintain their operations.

A detailed list of the light and heavy fleet vehicles and mobile equipment broken down by Department is attached hereto as Exhibit A.

Scope

The scope of this item is countywide in nature.

Fiscal Impact/Funding Source

The fiscal impact shall not exceed \$40,812,887. Departmental allocations are based on the adopted budget for Fiscal Year 2020-21 as well as previously approved carryover for vehicle purchases not finalized prior to the end of Fiscal Year 2019-20 and additional financing obtained by Management and

Budget for the five-year vehicle purchasing plan. For those departments using financing proceeds, debt service payments will be included as part of the budget development process for Fiscal Year 2021-22, which is when payments are scheduled to begin. All vehicles funded by the General Fund will be financed.

Delegated Authority

Upon approval of this item, the County Mayor or the County Mayor's designee will have the authority to award, access and modify competitively solicited contracts up to the aggregate amount of the allocation authorized by the Board, subject to Board ratification on an annual basis. The County Mayor or County Mayor's designee will have the authority to exercise all provisions of any contracts awarded, accessed, or modified pursuant to such designation, including any cancellation, renewal and extension provisions, pursuant to Section 2-8.1 of the County Code and Implementing Order 3-38.

Due Diligence

Pursuant to Resolution No. R-187-12, due diligence will be conducted in accordance with the Internal Services Department's Procurement Guidelines to determine vendor responsibility, including verifying corporate status and that there are no performance and compliance issues through various vendor responsibility lists.

Applicable Ordinances and Contract Measures

- The two percent User Access Program provision will be applied for each specific purchase where permitted by the funding source.
- The Small Business Enterprise contract measures and Local Preference will be applied for each specific purchase where permitted by the funding source.
- The Living Wage does not apply.
