Agenda Item No. 8(F)(5)

From: Daniella Levine Cava
Mayor

Resolution No. R-714-21

Subject: Recommendation for Approval to Award Misdemeanor Probation Services and Batterers' Intervention Program Monitoring

Recommendation

It is recommended that the Board of County Commissioners (Board) approve a competitive contract award, *Contract No. RFP-01707, Misdemeanor Probation Services and Batterers' Intervention Program Monitoring*, to Advocate Program, Inc. for the Eleventh Judicial Circuit of Florida in the amount of \$4,000,000. This contract will replace competitively solicited contract *RFP-00213, Misdemeanor Probation Services and Batterers' Intervention Program Oversight Services*, which was awarded by the Board under Resolution No. R-202-16 for a five-year term. The Contract will provide: 1) community monitoring services for persons serving probation relating to a misdemeanor for the Court, which are delivered by Probation Officers; and 2) monitoring services of the Batterers Intervention Program (BIP) Service Providers that are on the Eleventh Judicial Circuit County Court's approved list.

A total of 5,671 vendors were notified, of which, 42 viewed the solicitation and two responded to the same. The award is recommended to the incumbent, Advocate Program, Inc., the highest ranked responsive and responsible proposer. Advocate Program, Inc. has a local address in Miami-Dade County.

Probation Officers will deliver management, rehabilitation, assessment, and probation services for defendants found guilty of misdemeanors who are placed on probation, to assist them in obtaining employment, substance abuse and mental health counseling, as well as other positive, self-improvement programs to assist the offender in succeeding in life crime free. Additionally, the contract provides for assessment, monitoring, and supervision of the court approved BIP Service Providers to ensure compliance with the requirements set forth by the Eleventh Judicial Circuit County Court. The BIP Service Providers offer services that address domestic violence issues in Miami-Dade County. Such services include but are not limited to: 1) helping batterers take responsibility for their acts of violence; 2) emphasizing alternative behaviors by teaching skills to control violent and abusive behavior; and 3) collaborating with other community-based providers to facilitate substance abuse treatment, mental health treatment, educational, and employment opportunities for batterers.

Scope

The scope of this item is countywide in nature.

Fiscal Impact/Funding Source

There is no fiscal impact to the County as all costs are set by the Administrative Office of the Courts and paid directly to the recommended vendor by the offenders that are placed on probation. The estimated contract value for the five-year term is \$4,000,000. The estimated value of the current contract, *RFP-00213*, was \$7,625,000 at time of award, however, based on actual usage during the past five years and 6 months, the estimated contract value is \$3,445,937, and expires on September 30, 2021. The replacement contract's value is an estimate based on the anticipated need for these services.

Track Record/Monitor

Pearl Bethel of the Internal Services Department is the Procurement Contracting Manager.

Delegated Authority

If this item is approved, the County Mayor or County Mayor's designee will have the authority to exercise all provisions of the contract, including any cancellation or extension provisions, pursuant to Section 2-8.1 of the County Code and Implementing Order 3-38.

The lists that were referenced included convicted vendors, debarred vendors, delinquent contractors, suspended vendors, and federal excluded parties. There were no adverse findings relating to vendor responsibility.

Pursuant to Resolution No. R-140-15, prior to re-procurement, a full review of the scope of services was conducted to ensure the replacement contract reflects the County's current needs. APPENDIX A**2.0 SCOPE OF SERVICES****2.1 Background**

The State of Florida is divided into 20 judicial circuits, or areas of jurisdiction, which encompass the Circuit and County Courts of the Florida State Courts System. The Eleventh Judicial Circuit of Florida, serving Miami-Dade County, is the largest in the state and one of the largest trial courts in the nation. Its 126 Circuit and County Court judges serve a population of over two million in a 2,000 square mile area. 81 Judges preside in six (6) Divisions of the Circuit Court and 45 Judges preside in three (3) Divisions of the County Court. The Eleventh Judicial Circuit has been innovative in implementing numerous programs and services to assist in effective case management and resolve problems which impact the Court and the community. Examples of such programs which were pioneered in Miami-Dade County and which are now in effect in other circuits statewide are: Drug Court (first in the nation), the Domestic Violence Division, Veteran's Treatment Court, Criminal Mental Health Program, parenting/child education classes, and traffic court magistrates. To provide the public with greater access to the Court, County Court Judges also preside in several full-service branch (or district) Courts throughout Miami-Dade County and hear the following matters: Misdemeanor cases, traffic matters, municipal ordinance violations, civil matters not exceeding the sum of \$8,000 (small claims), and non-criminal domestic and repeat violence injunction matters.

In view of the high incidence of Misdemeanor and Domestic Violence related crimes in Miami-Dade County which harm individuals, families, our community and the economy, the Court, along with the local justice system and social service agencies have developed specialized sexual, dating and stalking programs to protect the public interest and safety by diligently enforcing Court-ordered conditions of Probation and Domestic violence programs through meaningful supervision strategies and utilizing appropriate supportive resources.

2.1.1 Probation Services Background

Probation Services provide investigation and reports to the Court, to help develop appropriate Court dispositions for adult and juvenile offenders, and to supervise those persons placed on Probation. A Probation Officer's role is to supervise offenders in the community who have been placed on Probation or community control by the Court and offenders who have been released from prison with post-release supervision. Probation Officers enhance public safety by monitoring offender's compliance with conditions of supervision. Probation Officers assist offenders with resources and services necessary to assist them in obtaining employment, substance abuse counseling, mental health counseling, as well as other positive, self-improvement programs to assist the offender in succeeding in life crime free.

2.1.2 Batterers' Intervention Program Background

An average of 5,000 Misdemeanor Domestic Violence and injunction violation cases are filed annually in Miami-Dade County. In addition, approximately 8,000 civil injunction cases are filed annually by petitioners seeking injunctive relief from domestic, repeat, dating, and sexual violence and stalking. The Domestic Violence Division, comprised of seven Judges and support services, deals exclusively with family violence issues and effectively addressing this type of crime through the justice system. To address the high incidence of Domestic Violence related crimes in Miami-Dade County and the need to have qualified Batterers' Intervention Program Service Providers to offer certain services in an effort to reduce the incidence of such crimes, the Court, in conjunction with the Internal Services Department, solicited through this Request for Proposal for Batterers' Intervention Program Service Providers, to offer services that address Domestic Violence issues in Miami-Dade County, Florida. Such services included, but are not limited to: (1) helping batterers take responsibility for their acts of violence; (2) emphasizing alternative behaviors by teaching skills to control violent and abusive behavior; and (3) collaborating with other community-based providers to
