Agenda Item No. 8(F)(10)

Resolution No. R-896-21

Subject: Recommendation for Approval to Establish a Prequalification Pool for *Rail/Mover Parts and Services*

Recommendation

It is recommended that the Board of County Commissioners (Board) approve the establishment of a prequalification pool, under Invitation to Bid No. *FB-01645 for Rail/Mover Parts and Services*, for the Department of Transportation and Public Works (DTPW) and PortMiami in the amount of \$113,621,000. The current pool, 9418-0/16, Equipment, Components, Parts and Services for Metrorail and Metromover, and other Rail Vehicles and Rail Systems, was established by the Board on July 19, 2011, through Resolution No. R-616-11 for an initial term of five years. The pool was subsequently extended by the Board, on May 17, 2016, for an additional five years through Resolution No. R-379-16.

The replacement solicitation includes Group 1 as an award for the purchase of parts and will establish a pool for future purchases of parts and services under Groups 2 and 3. Group 1 captures a representative inventory basket of parts with a high turnover rate. Group 2 is a pool of prequalified vendors to allow for competition for purchase of parts with a lower turnover rate. Group 3 is a pool for purchase of services. The Small Business Enterprise (SBE) Bid Preference and Local Preference will be applied at the time of spot market competition. An SBE set-aside applies for spot market competition up to \$100,000 where permitted by the funding source when there are three or more SBE-certified firms available. Staff will continue its outreach efforts to add small and local vendors to the pool.

There were 11 responses to Groups 2 and 3 of the solicitation, including two "No-Bids" and two vendors who did not submit documentation for prequalification. Seven vendors are being recommended for inclusion in the pool, of which three have local addresses. A companion item is being presented to the Board in parallel with this item, recommending award of a contract under Group 1 of the solicitation.

The Pool will provide a list of prequalified bidders for participation in future price competition for the purchase of Original Equipment or Aftermarket parts and various services for Metrorail and Metromover cars and systems for DTPW. The Pool will also provide for similar parts and services for PortMiami. PortMiami receives and ships various freight items via railway and utilizes gantry cranes which require maintenance and repairs on an as-needed basis.

This item is placed for Board review pursuant to Miami-Dade County Code Section 29-124(f)(ii). Because this is a transit-related procurement with a value of more than \$1 million, even though no Charter County Transportation Surtax Funds will be used to pay the costs, the Board may only consider this item if the Citizens' Independent Transportation Trust (CITT) has forwarded a recommendation to the Board prior to the date scheduled for Board consideration or 45 days have elapsed since the issuance of this recommendation. If CITT has not forwarded a recommendation and 45 days have not elapsed since the issuance of this recommendation, a withdrawal of this item will be requested. Further, it should be noted that of the \$113,621,000 being requested, \$113,321,000 is for the Transportation and Public Works Department.

Scope

The scope of this item is countywide in nature.

Delegated Authority

Upon approval of this item, a pool of prequalified vendors will be established to participate in spot market competitions. The County Mayor or the County Mayor’s designee will have the authority to solicit pricing and award contracts up to an aggregate amount of the allocation authorized by the Board. The County Mayor or the County Mayor’s designee will also have the authority to (a) exercise all provisions of the solicitation documents and any resulting contracts pursuant to Section 2-8.1 of the County Code and Implementing Order 3-38 and (b) add vendors to the pool at any time, subject to ratification by the Board on a bi-annual basis.

Fiscal Impact/Funding Source

The fiscal impact for the five-year term is \$113,621,000. The current pool, 9418-0/16 is valued at \$185,019,000 for a ten-year and three-month term, and expires on October 31, 2021. The combined allocation of this contract and pool under the companion item is higher than the current pool, on an annualized basis, due to anticipated higher costs for new rail car parts.

Department	Allocation	Funding Source	Contract Manager
PortMiami	300,000	Proprietary Funds	Gyselle Pino
Transportation and Public Works	\$113,321,000	Operating Fund	Angela Mathews-Tranumn

Due Diligence

Pursuant to Resolution No. R-187-12, due diligence was conducted in accordance with the Internal Services Department’s Procurement Guidelines to determine vendor responsibility, including verifying corporate status and that there are no performance and compliance issues. The lists that were referenced included convicted vendors, debarred vendors, delinquent contractors, suspended vendors, and federal excluded parties. There were no adverse findings relating to vendor responsibility.

Pursuant to Resolution No. R-140-15, prior to re-procurement, a full review of the terms and conditions was conducted to ensure the replacement pool reflects the County’s current needs. The review included conducting market research, posting a draft solicitation for industry comment, and holding meetings and drafting sessions with the user departments.

- The Small Business Enterprise (SBE) Bid Preference and Local Preference will be applied at the time of spot market competition where permitted by the funding source.
