Subject: Fiscal Impact Statement for Ordinance Relating to Fines associated with Water Rescue Station Tampering

It is not anticipated that the implementation of this ordinance will have a fiscal impact to Miami-Dade County. The ordinance establishes fines for damaging, tampering, or destroying water rescue stations. It is difficult to determine the collection of fines and associated amounts resulting from this ordinance.

Memorandum

Date: October 5, 2021

To: Honorable Chairman Jose "Pepe" Diaz
and Members, Board of County Commissioners

From: Daniella Levine Cava 
Mayor

Subject: Social Equity Statement for Ordinance Relating to Water Rescue Stations #211652

On July 21, 2020, the Board passed Resolution No. R-747-20 directing the County Mayor to develop a plan and provide a report regarding the installation of water rescue stations at County-owned facilities located near the water, available funds to do so, and a penalty for tampering with such water stations.

The proposed ordinance seeks to prohibit acts and enforce penalties relating to water rescue stations at County-owned facilities as outlined in Chapter 8CC of the County Code. The County desires to provide additional safety features at County-owned facilities near the water, including beaches and fishing piers, to prevent drownings during those times when the water locations are unguarded. Installation of the water rescue stations will have a positive impact by providing potentially life-saving devices, which may be used to prevent drownings. The proposed ordinance seeks to protect the investment that the County has made in installing water rescue stations. Moreover, the community can benefit from the presence of water rescue stations that are free from damage and are always fully operational. This ordinance is not anticipated to create any social equity benefit or burden.
