Ordinance No. 21-112

Subject: Ordinance Authorizing Issuance of Miami-Dade County Special Assessment Revenue Bonds (Ojus Sanitary Sewer Special Benefit Area) in an amount not-to-exceed \$13 million

Recommendation

It is recommended that the Board of County Commissioners (“Board”) adopt the accompanying ordinance (“Ordinance”), which authorizes the issuance of Miami-Dade County, Florida Special Assessment Revenue Bonds (Ojus Sanitary Sewer Special Benefit Area) (the “Bonds”), in an aggregate amount not to exceed \$13 million, in one or more series, for the purpose of providing funds for constructing sanitary sewer facilities, as described in Exhibit A of the Ordinance, within the Special Benefit Area (as defined below).

Delegation of Authority

No delegation of authority is being given to the Mayor as part of this item.

Scope

The sanitary sewer improvements will be constructed in an area bounded by N.E. 186 Street, N.E. 187 Street and N.E. 188 Street to the north, by the Oleta River to the west, by the Florida East Coast Railway to the east, and by NE 179 Street to the south (the “Special Benefit Area”) in District 4 which is represented by Commissioner Sally A. Heyman. This Special Benefit Area was established by the Board through Ordinance 19-31, as amended by Ordinance 21-47.

Fiscal Impact/Funding Source

The Bonds will be payable as to principal and interest from special assessments levied on the property owners within the Special Benefit Area over a period of thirty (30) years. The assessment will be based on a “per square foot” of parcel size based on the Property Appraiser’s data.

A preliminary assessment roll has been developed. If costs are lower than estimated, then the Director of the County’s Water and Sewer Department (“WASD”) will make an adjustment and decrease the per square foot rate of assessment. If costs are higher, no adjustments will be made prior to the Board adopting a revised assessment roll.

Social Equity Statement

The Special Benefit Area includes certain non-residential and non-institutional parcels made-up of mixed use, industrial, and residential modified live/work zoned properties that do not currently have access to the County’s sewer system and the Ordinance authorizes the County to issue bonds secured by the special assessments previously authorized by the Board to fund such access.

The special assessment rate levied upon each property within the Special Benefit Area is commensurate to the benefit property owners will receive from the sanitary sewer infrastructure, regardless of their demographics or income levels.

Track Record/Monitoring

The Chief Financial Officer of WASD, Frances Morris, will be responsible for monitoring the use of the Bond proceeds. WASD’s Chief of Planning, Annalise Mannix, will be responsible for the implementation and operation of the assessments. Bond issuance and continuing disclosure compliance will be managed by Arlesa Wood, Director of Division of Bond Administration of the County Finance Department.

Background

After petition by property owners, report and evaluation by County staff, and a public hearing, the Board established the Special Benefit Area through Ordinance 19-31 in order to provide sanitary sewer services to the affected parcels. Subsequent modifications, most recently through Ordinance 21-47, have updated the exact parcels and folios within the Special Benefit Area, and the current and actual sizes of the parcels as reflected in data from the Office of the Property Appraiser. The Ordinance authorizes the funding to provide sanitary sewer services to the Special Benefit Area.
