Agenda Item No. 8(F)(9)

Resolution No. R-1160-21

Subject: Recommendation for Approval to Reject All Bids: FB-01708, Frozen Kosher Meals

Recommendation

It is recommended that the Board of County Commissioners (Board) approve the rejection of all bids received under *FB-01708, Frozen Kosher Meals*, for the Miami-Dade Corrections and Rehabilitation Department.

The contract would allow for the purchase of frozen kosher meals to serve the County's inmate population, to include roast chicken, roast turkey, meat loaf, pot roast, vegetable cutlet, and spaghetti with meatball. In accordance with Chapter 6 of the Florida Model Jail Standards (FMJS) (6.04), inmates shall be given three substantial, wholesome, and nutritious meals daily including one hot meal per day. Religious diets are provided based on an inmate's faith as correctional facilities are required to allow inmates to pursue their faith including, but not limited to, attending worship services, receiving visits from faith leaders, and observance of religious dietary laws.

On April 14, 2021, the County issued a solicitation under full and open competition for the purchase of a variety of frozen kosher meals for inmates in County correctional facilities. The solicitation specified Wilton Foods and Alle Processing as acceptable brands and provided bidders with the option of offering other brands of equal quality and subject to approval by the Department.

Six bids, including one 'No Bid', were received in response to the solicitation. The two lowest priced bids offered Gourmet Kosher brand. Samples from the lowest bidder were requested for evaluation to determine whether Gourmet Kosher was equal to the specified, acceptable brands. An evaluation team consisting of Corrections and Rehabilitation personnel evaluated each meal and concluded that Gourmet Kosher could not be approved as an acceptable brand as the sampled meals were not equal in presentation, texture, taste, and packaging when compared to brands/products established as standards. The pricing from rest of the bidders was deemed higher based on the current pricing that the County is paying.

Hence, it was determined that all bids be rejected and a new solicitation be advertised. Additionally, the Department opted to revisit the estimated quantities in the new solicitation as it is anticipated that the number of inmates requesting kosher meals may increase due to the recent waiver of restrictions on vetting an inmate's religious practices. A companion and subsequent procurement award was protested and will be sent to the Board for approval along with the bid protest officer's findings and recommendation to uphold the recommended award and deny the bid protest at the same time as this recommendation.

Based on the aforementioned, the rejection of all bids received in response to the solicitation is being recommended. The quality of the food provided to inmates is one of the most significant factors in addressing inmate violence, and the department makes a considerable effort to ensure the application of best practices for correctional agencies as well as compliance with those provisions of the Florida Model Jail Standards related to food and nutrition.
