Agenda Item No. 8(F)(3)

Resolution No. R-409-22

Subject: Recommendation for Approval to Establish a Prequalification Pool for Construction Chemicals and Protective Coatings

Recommendation

It is recommended that the Board of County Commissioners (Board) approve the establishment of a prequalification pool, *RTQ-01954, Construction Chemicals and Protective Coatings*, for multiple departments, with an allocation of \$9,536,000 for a five-year term. This Pool will replace Prequalification Pool No. 6490-1/21-1, which was approved by the Board through Resolution No. R-364-12 for five years and one five-year option to renew term. The Small Business Enterprise (SBE) measures and Local Preference will be applied at the time of spot market competition where permitted by the funding source.

Background

This Pool will be used by multiple departments for the purchase of adhesives for concrete, epoxies, sealants, curing hardening agents, mortars, general construction chemicals under Group A; and protective coatings for industrial applications, textured and elastomeric, and waterproofing under Group B. Vendors in the Pool will be invited to participate in future spot market competition, as needed.

There are 11 vendors being recommended for inclusion in the pool, of which seven have local addresses, and four are certified SBE firms. The County received 12 responses to the solicitation, including one "No Bid." To ensure maximum opportunity for local and small businesses, the scope of services was reviewed by the Office of Equity and Inclusion and the Internal Services Department to identify any barriers to competition. The solicitation was advertised on BidSync with 4,789 notifications, from which 45 suppliers viewed the notification. This prequalification pool will remain advertised on the County's website to encourage additional participation. Outreach to firms will be conducted to encourage additional participation by local qualified vendors.

Scope

The scope of this item is countywide in nature.

Fiscal Impact/Funding Source

The fiscal impact for the five-year term is \$9,536,000. The current Pool, 6490-1/21-1, has a cumulative allocation of \$21,115,000 for 10 years and three months, and will expire on July 31, 2022. The allocation under the replacement pool is lower than the current pool on an annualized basis, due to a decrease in some departments' operational needs, resulting in reduced allocations being requested.

Due Diligence

Pursuant to Resolution No. R-187-12, due diligence was conducted in accordance with the Internal Services Department’s Procurement Guidelines to determine vendor responsibility, including verifying corporate status and that there are no performance and compliance issues, through various responsibility lists and a keyword internet search. The lists referenced included convicted vendors, debarred vendors, delinquent contractors, suspended vendors, and federal excluded parties. There were no adverse findings relating to vendor responsibility.

Pursuant to Resolution No. R-140-15, prior to re-procurement, a full review of the scope of services was conducted to ensure the replacement pool reflects the County’s current needs. The review included conducting market research, posting a draft solicitation for industry comment, and holding meetings and drafting sessions with the user departments. The scope of services remained unchanged, as the scope was determined to still meet departmental needs.

Applicable Ordinances and Contract Measures

- The Small Business Enterprise (SBE) measures and Local Preference will be applied at the time of spot market competition where permitted by the funding source.
