Subject: Fiscal Impact Statement for the Ordinance Relating to a Rolling Process for all
Homeownership Developments – File No. 220498

This item is not expected to have a fiscal impact on the County’s general operating fund. If this amendment is approved, the program will also be administered within existing staff levels.

There are sufficient Surtax funds for homeownership purposes to support increases in loan activity generated by this amendment to allow for an open and rolling application process.

Subject: Social Equity Statement for the Ordinance Relating to a Rolling Process for all Homeownership Developments – File No. 220498

The proposed Ordinance seeks to amend Section 29-7 of the Code in order to provide an open and rolling application process for all homeownership developments. The purpose of creating an open and rolling application process is to expedite the development of much needed affordable housing, specifically opportunities for affordable homeownership. Currently, an open and rolling application process is only available to projects which involve land that is associated with the County. The proposed open and rolling application process in this item will ensure an easily accessible, accelerated, and inviting procedure for all developments of affordable housing for homeownership.

The proposed amendment is expected to provide a social benefit to residents of Miami-Dade County by reducing the time and cost to develop properties for homeownership. PHCD has the capacity to effectively initiate funding of projects in a timely manner which is especially important in a period of quickly escalating construction costs due to supply chain disruptions and labor shortages.

Increasing and preserving the supply of affordable and workforce housing is critical to ensuring equitable access to safe and healthy living environments for all residents of Miami-Dade, and especially for those of low and moderate incomes.

WHEREAS, on February 6, 2007, this Board adopted Ordinance No. 07-18, codified at section 29-7(G) and (H) of the Code of Miami-Dade County; and

WHEREAS, section 29-7(G) requires that no allocation of documentary surtax funds shall be made except as part of a competitive Request for Applications (RFA) process and subject to limited exceptions for certain types of developments; and

WHEREAS, these limited exceptions were created by this Board via Ordinance No. 19-121 which permits allocation of documentary surtax funds outside of the RFA process for Transit Oriented Developments (TOD), County land developments, and Naturally Occurring Affordable Housing (NOAH) developments, and which also created an open and rolling application process for certain developments; and

WHEREAS, one purpose for creating the exceptions to the competitive RFA process and an open and rolling application process for certain developments was to expedite the development of much needed affordable housing, including opportunities for affordable homeownership; and

WHEREAS, while some homeownership developments fall into the exceptions created by Ordinance No. 19-121, many others do not; and

WHEREAS, offering an open and rolling application process for all homeownership developments will ensure an easily accessible, accelerated, and inviting procedure for developers of affordable housing for homeownership; and

WHEREAS, creating an exception to the competitive RFA process and an open and rolling application process for all homeownership developments will increase the availability of affordable homeownership opportunities for the residents of Miami-Dade County,
