Memorandum

To: Honorable Chairman Jose “Pepe” Diaz
and Members, Board of County Commissioners

From: Daniella Levine Cava 
Mayor

Subject: Interlocal Agreement for On-Demand Services with the Village of Biscayne Park

Executive Summary

The purpose of this item is to gain approval of the Board of County Commissioners (Board) for execution of an Interlocal Agreement with the Village of Biscayne Park for delivery of on-demand transportation services for a five-year term at no cost to the County.

Recommendation

It is recommended that the Board approve an Interlocal Agreement between Miami-Dade County, through the Department of Transportation and Public Works (DTPW), and the Village of Biscayne Park (Village) for the operation of on-demand public transportation services in and around the Village.

Scope

The Village of Biscayne Park lies within County Commission District 4, which is represented by Commissioner Sally A. Heyman. However, the impact of the on-demand services program is countywide in nature as it promotes connectivity to other transit routes.

Fiscal Impact/Funding Source

The agreement is for a five-year term, commencing upon execution of the Interlocal Agreement, and subject to two, five-year automatic option to renew terms. There is no fiscal impact to the County under the Interlocal Agreement as the Village shall cover the cost of the program from its annual share of Charter County Transportation Surtax proceeds.

Track Record/Monitor

The project manager for this item is Linda Morris, DTPW Chief of Service Planning and Scheduling.

Delegated Authority

In accordance with Section 2-8.3 of the Miami-Dade County Code related to identifying delegation of Board authority, there are no authorities, other than the right to terminate the agreement, beyond that specified in the resolution which includes authority for the Mayor or Mayor’s designee to execute and terminate the agreement and to receive and expend funds and any additional funds should they become available.

Background

This is the first transportation services interlocal agreement between DTPW and the Village. The agreement facilitates enhancing local mobility options through the provision of on-demand services by the selected operator, Freebee, to locations within and outside the Village. More specifically, the program provides a stop-to-stop on-demand service connecting residents to key destinations, including pharmacies and supermarkets, up to a maximum ride of five miles. Users of the service may connect to DTPW Route 16, which runs through the Village, allowing residents to travel to the OMNI terminal in the south and the northeast bus terminal at NE 167 St and NE 15 Ave. Service operates on weekdays from 8am to 11am and 12pm to 5pm, with weekend service running from 10am to 12pm and 1pm to 7pm. The fleet comprises of one electric vehicle that can hold up to five passengers. A wheelchair accessible vehicle is available as needed.

ARTICLE 7

FINANCIAL ASSISTANCE

- 7.1 Grant Matching Funds. The Municipality may, at its sole option, provide grant-matching funds for state and/or federal grants for capital or operating funds to be used for the Transportation Services. It is the sole responsibility of the Municipality to determine the source and dollar amount per source of funds to comprise the total contribution to the County for the provision of the On-Demand services as required in this agreement.
- 7.2 In the event the County seeks federal or state funds and a condition of receipt of said funds is the provision of operating statistics for the National Transit Database, County may require Municipality to maintain and provide the necessary data. Municipality's Share of supplemental Federal Funding. Beginning with the first year in which the On-demand service's operating statistics are reflected in the National Transit Database, where those

operating statistics result in new or supplemental funds are solely attributable to the On-demand service's properly reported operations, the County agrees to pay the Municipality its attributable share of federal formula funds received from U.S. D.O.T. no less than sixty(60) days after funding is received from the federal government, less any direct grants received by the Municipality from the County for the On-demand service, provided that the funds remitted to the Municipality herein shall be used for the expansion, enhancement or maintenance of the On-demand service program.

As used herein, the Municipality's attributable share shall be one half of the amount equivalent to those Supplemental Urbanized Area Formula Funds, as described in 49 U.S.C. Section 5307, as may be amended from time to time, that the County received as a direct result of On-demand service provided by the Municipality pursuant to this Agreement and as included in the National Transit Database. Said attributable share shall be calculated utilizing the following formula:

Multiply by .5 the Municipality's properly reported annualized Bus Revenue Vehicle Miles statistic that was used in the apportioned federal programs for a fiscal year "Unit Value for Bus Vehicle Miles for Urbanized Areas over 1,000,000" as reported in the table of Unit Values for Formula Grant Apportionments, published annually in the Federal Register.

NOTE: Historically, apportioned funds are allocated to the County two (2) years after Bus Revenue Vehicle Miles are reported to federal government.

7.3 Municipality's Share of Supplemental State Funding. In the event that the On-demand service operations contribute to an increase in the County's State transportation funding, beginning with the first year in which service is reflected in State's reporting system, the County agrees to pay the Municipality its attributable share (one half of the supplemental funding), as defined in paragraph 7.3 above, of new or supplemental state Transportation Block Grant funding received by the County from F.D.O.T. no less than sixty (60) days after funding is received from the State less any direct grants received by the Municipality from the County for the On-demand service. The State funding formula can be found at Section 341.052(6), F.S.

7.4 Comparable Agreements. In the event that the County enters into an Interlocal Agreement with any other municipality for On-demand services which are comparable to the services provided herein, County may agree to amend this Agreement, if requested by the Municipality, to provide substantially equivalent favorable terms to the Municipality as those provided in such other County/ Municipality Interlocal Agreements.

The Village of Biscayne Park provides free "On-Demand Transit Service" via its Freebee operator to serve residents and visitors within the Village boundaries with additional transit stop to stop service at specific locations outside the Village. The Village's 0.60 square miles is predominantly comprised of residential properties (single family homes and multi-family apartment buildings) with municipal government and park recreational use to a lesser extent. The Village is situated in the northeastern portion of Miami-Dade County with the F.E.C. Biscayne Park is bounded to the north by the City of North Miami (N.E. 121 St.), to the south by Miami Shores Village (N.E. 107 St.) and to the east and west by unincorporated Miami-Dade County. Refer to Attachment "A" for Village Map.

Also, in efforts to better serve the transportation needs of the public, generate a ridership demand, and help reduce vehicle traffic volume, FREEBEE provides stop to stop service outside Village boundaries for the following locations (refer to Attachment "B" for On-Demand Service Area):

- a) Publix Supermarket at 12855 NE 6th Ave.
- b) Presidente Supermarket at 450 NE 125th St.

600 NE 114th St., Biscayne Park, FL 33161
Telephone: 305-899-8000 Facsimile: 305 891 7241

3. Type and Number of Vehicles

The Village's On-Demand service operates with one (1) Freebee electric GEM e6 Low Speed Vehicle. Electric vehicles are important for the preservation of the environment (refer to Attachment "C" for sample illustrations of vehicle).

4. Amenities and Features of Service

The Freebee operated vehicle seats 1 driver + 5 passengers and also operates a Freebee Wheelchair accessible vehicle in the vicinity at all times. The passenger may specifically request this vehicle through the Ride Freebee mobile application. Furthermore, the Village is exploring the possibility with FREEBEE in using a newer vehicle that may have added bike racks, that will likely improve mobility. Refer to the following excerpt from Section 6.12 "Ride Requests" from FREEBEE manual "Equipment and Operational Safety Standards for Vehicle Transit Systems" for methodology of ride requests:

"The Freebee technology platform allows drivers to connect via tablet or smartphone. This application connects drivers and riders. The ride requests operate as follows:

- The rider requests a ride through the Ride Freebee mobile application utilizing the application's location detection technology.
- A nearby driver accepts the requests.
- The driver receives route instructions with the requestor's exact location.
- The rider receives an estimated time of arrival from the driver heading to the pickup location.
- The application notifies the rider when the driver is about to arrive. Simultaneously, the application provides information about the driver arriving for the pickup including first name, vehicle information, and license plate number.
- The rider may enter the destination location any time before or during the ride. The rider may request a preferred route to the driver.
- Upon arriving to the destination, a ride notification is sent to both parties that the ride has concluded.
- The rider may offer a tip to the driver.
- Both the rider and driver will receive a notice to rate the experience of one another from one (1) to five (5) stars. This feedback from both the rider and the driver is designed to foster a community of respect and accountability for all parties."

Refer to the following excerpt from Section 6.1 "Americans with Disabilities and Sensitivity Protocols" from FREEBEE manual "Equipment and Operational Safety Standards for Vehicle Transit Systems" when service is provided to customers with disabilities:

The Village of Biscayne Park

600 NE 114th St., Biscayne Park, FL 33161
Telephone: 305-899-8000 Facsimile: 305 891 7241

"When serving customers with disabilities, Freebee staff should abide by the following protocols and/or be aware of the following regulations in relation to the Americans with Disabilities Act:

- Freebee drivers are prohibited from refusing to provide service because of a person's disability.
- Persons with disabilities should be afforded the same opportunity as all other riders to decide where they would like to sit.
- No additional transportation fees may be charged or imposed for disabled individuals.
- The disabled rider cannot be required to have an attendant to accompany him/her.
- It is not discrimination for an individual to refuse to provide service to an individual with disabilities if that individual is engaging in violent, seriously disruptive, illegal conduct, or represents a direct threat to the health or safety of others. However, a driver shall not refuse to provide transportation service to an individual with disabilities solely because the individual's disability results in appearance or involuntary behavior that may offend, annoy, or inconvenience employees of the entity or other persons. Before refusing service to an individual with a disability, employees are encouraged to make reasonable attempts to resolve the issue with the rider, or if appropriate, the caregiver or guardian. Any/all service denials must be documented in the FREEBEE application.
- Lifts and ramps must be examined regularly to ensure they are in good condition. Repairs must be completed as soon as possible.
- Riders with other disabilities or mobility devices such as canes, crutches, walkers, etc. must be accommodated on the same basis as wheelchairs.
- Wheelchair ramps shall be operated by FREEBEE driver and inspected by the Freebee mechanics on a regular basis. The lift operations review log shall be retained. Although Freebee is a private entity, the company retains records in accordance with the State of Florida General Records Schedule GS1-SL for State and Local Government Agencies due to the fact that it services public entities.
- Service animals may accompany people with disabilities in vehicles. Drivers may not require riders to disclose the nature of their medical condition when boarding with a service animal.

5. Existing Regional Transit in the Proposed Service Area

The Village of Biscayne Park Freebee transit service enhances local connectivity by providing rapid connecting service to all Miami-Dade County Transit (MDT) bus stops on Route No. 16 (see attached northbound and southbound MDT Route no. 16) located

within Village limits along NE 6th Avenue from NE 114 Street to NE 121 Street. With Biscayne Park Freebee connections to Miami Dade County Transit Route No. 16, users will have the ability to access the Miami Dade County NE Bus Terminal (NE 167th St. and NE 15 Ave.) to the north and the OMNI Miami Dade County Bus and Metro-mover Terminal to the south.

6. Resident's Feedback on the Need for this Service

The Village continues to express interest in the FREEBEE transit service with the intent to serve residents and visitors by offering additional modes of transportation that is designed to feed and complement the Miami Dade Transit System. Members of the community had expressed their desire to move forward with the Freebee transit service at a "Meet and Greet" workshop meeting with the community that was held on April, 22, 2021 (see attached flyer).

Office of the Village Manager

Letter To Commission
NO. 015-2021

To: Mayor Virginia O'Halpin and Members of the Village Commission
From: Mario Diaz, Village Manager
Date: March 24, 2021
Subject: Freebee Meet and Greet Workshop

The purpose of this Letter to Commission (LTC) is to inform you all that I have invited the on-demand transit service provider Freebee to host a workshop on March 31, 2021, between 5:30 pm and 7 pm at the Ed Burke Recreation Center. This is an in-person meet and greet so that residents can get familiar with the service. There is no formal presentation, just an opportunity to stop by, see what the service is about and ask any question one may have.

As part of the requirement to use CITT funds, the Village must incorporate a transit service component that reduces car dependence within the County. In the past, a trolley system was used on a fixed route. However, within Biscayne Park, a trolley system is not conducive to our community or our residents' needs.

We now have an on-demand option. This means a resident can use an app or call for transportation within a designated area. Freebee is an option used in most cities to fulfill the CITT mandate of transit services.

Attached is a flyer for both English and Spanish. I will be sending this to our residents via email blast, website posting, social media, and flyers posted around the park.

Your assistance in spreading the word would be appreciated.
