Subject: Resolution Approving a Project for the Two-Year Countywide Contract for Rehabilitation of Sanitary Sewers by the Cured-In-Place Pipe Lining Method for Wellfield Protection Areas, Contract No. S.962

Agenda Item No. 8(O)(1)

Resolution No. R-534-22

EXECUTIVE SUMMARY

The purpose of this item is to gain authorization by the Board of County Commissioners (Board) to enter into a contract with Advanced Pace Technologies, LLC dba Advanced Plumbing Technology (“APT”) for a project entitled Two-Year Countywide Contract for Rehabilitation of Sanitary Sewers by the Cured-In-Place Pipe Lining Method for Wellfield Protection Areas, Contract No. S-962.

RECOMMENDATION

It is recommended that the Board approve the attached resolution awarding Contract No. S-962 to APT for a project entitled Two-Year Countywide Contract for Rehabilitation of Sanitary Sewers by the Cured-In-Place Pipe Lining Method for Wellfield Protection Areas. The total compensation amount is \$16,000,000.00 with a total contract term of 1460 days, including two One-Year Options To Renew of 365 days each. This contract award recommendation was prepared by the Miami-Dade Water and Sewer Department (WASD).

DELEGATION OF AUTHORITY

Upon Board approval of this contract award recommendation, pursuant to Section 2-8.2.12 (4)(d) and (e) of the Code of Miami-Dade County, the County Mayor or County Mayor’s designee will be authorized to amend and/or extend Contract No. S-962 to complete any unfinished work, waive liquidated damages, negotiate, and settle claims, and execute change orders that do not exceed ten percent of the base contract amount.

PROJECT BACKGROUND

In 1996, the Volume Sewer Customer Ordinance was adopted by the Board to comply with the requirements of the first Consent Decree issued to the County in 1994 resulting from operational violations of the County's wastewater system. Among the requirements of the first Consent Decree were the evaluation, inspection, and repair of gravity wastewater pipelines. The objective was to minimize the number of leaks that infiltrate into wastewater pipelines, which cause operational inefficiencies, and wastewater flows that exfiltration and seep into the ground. This mandate was superseded by the County's current Consent Decree, which was approved by the U.S. District Court for the Southern District of Florida on April 9, 2014 in Case No. 1: 12-cv-244 00-FAM. Under the current Consent Decree, the repair and rehabilitation of the County's wastewater gravity lines continues to be a regulatory priority.

PROJECT NAME: Two-Year Countywide Contract for Rehabilitation of Sanitary Sewers by the Cured-In-Place Pipe Lining Method for Wellfield Protection Areas

CONTRACT NO.: S-962

PROJECT DESCRIPTION: This project is one in a series of projects that are being processed under Section 2-8.2.12 of the Code, entitled Miami-Dade Water and Sewer Department (WASD) Consent Decree and Capital Improvement Programs Acceleration Ordinance.

Generally, the project consists of furnishing all labor, materials, and equipment necessary for rehabilitating defects in 8 through 36-inch diameter gravity sanitary sewer pipes and 6-inch diameter service laterals by the cured in-place pipe lining method under different work orders at different locations, in wellfield protection areas, of Miami Dade County, Florida. This contract will fulfill the recurring needs of WASD for rehabilitating defects for a two-year period, with two (2) extensions of one (1) year each.

The scope of work includes, but is not limited to the following:

supplementary cleaning of the affected existing gravity sanitary sewers, isolating the reach of the sewer to be repaired, inspecting it with closed circuit television (CCTV), then installing a cured-in place pipe liner and re-inspecting the repaired reach with CCTV. Repairs in industrial areas will utilize an epoxy vinyl ester resin system and repairs in non-industrial areas will utilize a polyester resin system or an epoxy vinyl ester resin system. The work in the sewer shall be accomplished through the manholes, without disturbing the street surface or adjacent property or any utility, except when performing excavated point repairs of sewers.

THIS CONTRACT, made and entered into on the _____ day
of _____, 20_____, by and between Miami-Dade County, Florida,
acting by and through the Office of the Mayor, party of the first part (hereinafter sometimes
called the "County"), and **Advanced Pace Technologies, LLC dba Advanced Plumbing
Technology**, party of the second part (hereinafter sometimes called "Contractor");

WITNESSETH

That the parties hereto, for and in consideration of the covenants and agreements hereinafter set forth,
mutually agree as follows, to wit: That the parties hereto, for and in consideration of the covenants and
agreements hereinafter set forth, mutually agree as follows, to wit:

1. That the Contractor shall furnish all labor, materials and equipment and perform all work in the
manner and form provided by the Contract Documents covering the Project of the County
known and identified as

TWO-YEAR COUNTYWIDE CONTRACT FOR REHABILITATION OF SANITARY SEWERS BY THE CURED-IN-PLACE PIPE LINING METHOD FOR WELLFIELD PROTECTION AREAS, CONTRACT No. S-962

at the unit prices reflected in the Proposal, for an aggregate amount up to **Eight Million Dollars and No
Cents (U.S. Dollars) \$8,000,000.00**. The Contract will be awarded for an aggregate amount of up to
\$8,000,000.00 for a two-year period. Unless the Contract is renewed, it will terminate upon the depletion
of the awarded amount or the expiration of the two-year period whichever occurs first. The two-year term
of the Contract will commence with issuance of the Notice to Proceed. The Mayor or his designee has the
option to renew the Contract for up to an additional two years on a year to year basis, provided that the
Contractor maintains the prices, etc. used in the original contract, with an additional total amount of up to
\$8,000,000.00. Each renewal option will be for a one-year period and up to \$4,000,000.00. The County
does not guarantee that the full amount of the Contract will be issued to the Contractor. Continuation of
the Contract beyond the initial period is a County prerogative not a right of the bidder. This prerogative
will be exercised only when such continuation is clearly in the best interest of the County. The actual
amount of work orders assigned is also a prerogative of the County in its sole discretion and dependent
only upon its needs.

2. That the Contractor shall begin the work to be performed under this Contract on a day to be
specified in a written order issued by the Engineer, and shall fully complete all work hereunder within the
time or times stated in the Proposal.

3. That the County shall pay to the Contractor for the faithful performance of this Contract, in lawful
money of the United States, and subject to additions and deductions as provided in the Contract
Documents, the total amount of the Proposal as set forth above at the times and in a manner stated in the
General Terms and Conditions of the Contract Documents.

4. It is further mutually agreed that if at any time after the execution of this Contract, Surety
Performance and Payment Bond, the County shall deem the surety upon such bonds to be
unsatisfactory, or if for any reason such bond shall become inadequate to cover the performance of the
work, the Contractor shall at its own expense, within five (5) days after the receipt of notice from the
County to do so, furnish an additional bond or bonds in such form and amount and with such surety or
sureties as shall be satisfactory to the County. In such event, no further payment to the Contractor shall

CONTRACT

be deemed to be due under this Contract until such new or additional security shall have been furnished in a manner and form satisfactory to the County.

5. The "Contract Documents" are hereby defined as the Questionnaire, the Advertisement for Bids, the Instructions to Bidders, the Proposal, the Certified Resolution (Proposal/Prescribed Bid Bond), the Prescribed Bid Bond, the Contract, the Surety Performance and Payment Bond, the Certified Resolution (Contract/ Surety Performance and Payment Bond), the General Terms and Conditions, the Supplemental General Terms and Conditions, Special Provisions, the Supplemental General Conditions (if Ordinance 90-143 is applicable) including Wage and Benefit Schedules, the Specifications, the Plans, any Addenda which may be issued, the Subcontractor /Supplier Listing Form (Ordinance 97-104 as amended by Ordinance 00-30), the Reporting Subcontracting Policies and Procedures (Ordinance 98 -15 9), the Small Business Enterprise Programs Participation Provisions and Forms (if applicable), and the provisions for the following: Vendors Affidavit (Uniform County Affidavits); Criminal Record (Felony) (as amended by Ordinance 00-30; Community Workforce Program County Code Section 2-1701, Office of Miami-Dade County Inspector General (IG) (if Ordinance 97-215 as amended by Ordinance 99-15 is applicable); Sworn Statement – Public Entity Crimes [Florida Statute Sect. 287.133 (3) (a)]; Change Orders; Notice to Proceed, Referenced Codes and Standards, Warranties and Guarantees, all related correspondence, field notes, logs, and other documents.

The General Terms and Conditions of said Contract Documents are incorporated herein by reference and made a part hereof as though fully set forth herein. The Contract Documents are complementary, so that a recital in one is tantamount to a recital in all, and the Contractor specifically acknowledges that it has read and understands all of said Contract Documents.

6. The various indemnities of the Contractor contained in the Contract Documents indemnifying the County from liability for damages to persons or property caused by acts, omissions, or defaults in the performance of the Contract Documents shall have a monetary limitation of the larger of the following: \$1,000,000.00, or the entire amount of the Contract.

7. The County retains the right to audit any and all information regarding this Contract as described in the General Covenants and Conditions, Section 41 "Audit Rights and Review of Records".

8. Notwithstanding and prevailing over any other provision of the Contract Documents to the contrary, the County Mayor or Mayor's designee's, may exercise the provisions of Section 2-8.2.12 (4)(d) and (e) of the Code of Miami-Dade County. Any change orders or amendments shall not exceed 10 percent of the base contract price in cumulative percentage amount; provided however, that the foregoing limitation shall not apply to any change order or amendment related to emergency actions impacting remediation, public safety, health requirements or recovery from natural disaster and the foregoing change orders and amendments shall require ratification by the Board; provided further that the County Mayor or his designee may reduce in any amount the scope and compensation payable under this Contract and grant compensable and non-compensable time extensions thereunder. Pursuant to Section 2-8.2.12 (5), the County Mayor or the County Mayor's designee's award and execution of this Contract is subject to ratification by the Board of County Commissioners. If the Mayor or the Mayor's designee's action is not ratified, and such legislative action becomes final, this Contract shall be deemed terminated without further notice. In such event, the Contractor shall not be entitled to recovery of any lost profits or other consequential or indirect damages. However, the Contractor is eligible for payment for any work done prior to failure of the ratification, in accordance with General Terms and Conditions Article 11.D(1) Termination for Convenience.
