Agenda Item No. 8(P)(2)

Resolution No. R-30-23

Subject: Recommendation for Approval to Award Heavy Duty Battery-Electric Low Floor Transit Buses

### Summary

This item is recommending award of a contract for the purchase of Heavy Duty Battery-Electric Low Floor Transit Buses for the Department of Transportation and Public Works (DTPW). The contract provides for the manufacturing and delivery of 100, sixty-foot battery electric buses, 50 depot-based chargers, and two on-route charging systems, as well as optional spare parts, training, and tools. Expedited approval of this item is critical as it will allow the timely delivery of buses for the South Dade Transitway to coincide with the opening of the South Corridor Rapid Transit Project. Additionally, staff has been notified by the vendor that the negotiated price cannot be guaranteed beyond January 31, 2023 due to rising inflation and global supply chain issues.

These buses offer zero tailpipe emissions, low noise operations, and support the shift of the transportation sector away from petroleum dependence to alternative fuel technologies and changes in environmental regulations. Battery-electric buses are generally best suited for lower speed, stop-and-go driving, as is typified by the majority of DTPW's bus operations. These buses also offer a clean, quiet ride. An electric transit bus uses 20% of the raw energy a diesel bus would require going the same distance. As a result of the higher efficiency and lower maintenance, studies indicate the total lifetime cost to own and operate a battery-electric bus is approximately 35% lower than that of a diesel bus. This purchase is aligned with the Administration's goal of having at least 50% of Transit's bus fleet battery electric powered by 2035, pursuant to Resolution No. R-1034-18.

### Recommendation

It is recommended that the Board of County Commissioners (Board) approve a competitive contract award, *Contract No. RFP-01966, Heavy Duty Battery-Electric Low Floor Transit Buses*, to New Flyer of America, Inc. (New Flyer), for DTPW in the amount of \$175,594,365 for a five-year term. New Flyer was founded in 1930 and is now the largest transit bus manufacturer in North America, with fabrication, manufacturing, and service centers in the United States and Canada.

There are no current or previous contracts for these buses and charging equipment; however, the County previously issued a competitive solicitation in an attempt to establish such a contract. On July 20, 2021, the Board approved Resolution No. R-711-21, rejecting all proposals received in response to Request for Proposals No. RFP-01501, Battery-Electric Articulated Buses and Charging System, for the DTPW for the South Dade Bus Rapid Transit Corridor. The solicitation would have established a contract for the purchase of battery-electric buses and charging system; however, both proposers were deemed non-responsive by the County Attorney's Office.

This item is placed for Board review pursuant to Miami-Dade County Code Section 29-124(f)(ii). Since this is a transit-related procurement, with a value of more than \$1 million, even though no Charter County Transportation Surtax Funds will be used to pay the costs, the Board may only consider this item if the Citizens' Independent Transportation Trust (CITT) has forwarded a recommendation to the Board. If CITT has not forwarded a recommendation and 45 days have not elapsed since the issuance of this recommendation, a withdrawal of this item will be requested. It should be noted that the entire allocation requested is for DTPW.

### **Background**

This contract provides for the manufacturing and delivery of 100 modern heavy duty sixty-foot battery-electric low floor transit buses. Additionally, 50 charging systems will be provided for depot-based charging. These charging systems will be installed at the bus garage. Two on-route charging systems shall also be provided for DTPW at two locations along the South-Dade Transitway which will allow for extended range of the battery-electric buses. As the County is using FTA funds for this purchase, procurement rules of Circular 4220.1F were followed. The pre-award Buy America Audit as outlined in 49 CFR Par 661 and part 663 was completed in October 2022.

It should be noted that the component of this order that is serving the transitway will be designed for Bus Rapid Transit service, so there will be special entry doors on the left side of the vehicle designed to align with the platform for "level boarding." As such, not any bus will do and these particular buses are critical to procure in time for the South Corridor opening. The timeline and details for the delivery of the buses are as follows:

- Pilot bus delivery: October 2023
- Production Left-Hand Bus (60): June 2024-Feb 2025
- Balance of Buses Right-Hand Bus Only (40): by July 2025
- From July 2024: approximately 2 buses per week until July 2025

There are no bus manufacturers in Miami-Dade County. Upon advertisement, 851 suppliers were successfully invited to participate, and 81 suppliers viewed the solicitation.

### **Scope**

The scope of this item is countywide in nature.

### **Fiscal Impact/Funding Source**

The fiscal impact for the five-year term is \$175,594,365.

Pursuant to Resolution No. R-477-18, the highest-ranked proposer is recommended in accordance with the method of award per the solicitation and is non-local. Further, it should be noted that there are no bus manufacturers in Miami-Dade County.

**From:**   
Bruce Libhaber Assistant  
County Attorney

**Subject:** Request for Responsiveness Determination for RFP-01966 –Heavy Duty  
Battery-Electric Low Floor Transit Buses

I am in receipt of your memorandum dated September 22, 2021, in which you request a responsiveness determination as to a proposal received in connection with the Solicitation. I have reviewed the memorandum and the accompanying materials, which include the solicitation document and the pertinent parts of the proposal in question: BYD Coach and Bus LLC. (BYD). If there are additional materials or facts that I should consider, please advise me as additional materials or facts may alter these responsiveness determinations.

## **I. BYD**

You advise that BYD included information in the proposal that is designated confidential and/or proprietary. BYD did not sign the “Acknowledgement of Waiver” section of the submittal form, which in brief pertains to the proposer’s acknowledgement that any requests for the confidential treatment are waived.

The section that BYD failed to sign, includes language that **“By submitting a proposal to this solicitation, you agree that all such materials may be considered to be public records. Proposer shall not submit any information in response to this Solicitation which the Proposer considers to be a trade secret, proprietary or confidential.”** (emphasis in original). That section includes additional language establishing that any proposer signing “knowingly and expressly waives all claims” of confidentiality.

Instead of signing that section of the Solicitation, BYD initialed N/A. Moreover, BYD’s proposal contains “Confidential” watermarks on pages 153 through 179 of its proposal- the section pertaining to the battery of the battery-powered bus. Additionally, on page 5 of its proposal (the cover page), BYD included the following language “This proposal includes information that shall not be disclosed outside of Miami-Dade County Department of Transportation and Public Works and shall not be duplicated, used, or disclosed, in whole or in part, for any purpose other than to evaluate this proposal.”

Consistent with prior opinions on this topic, BYD's proposal is not responsive. Among other things, BYD's marking of its proposal on its cover page as confidential and failure to sign the waiver of confidentiality form deprives the County of the requisite assurance that a contract would be entered into. *See Glatstein v. City of Miami*, 399 So. 2d 1005, 1007-08 (Fla. 3d DCA 1981). In addition, BYD specifically asserted confidentiality as to significant portions of its Technical Proposal, which contain material details of its proposal that the County must be able to evaluate. Allowing BYD to cure these deviations is not permitted, as it would provide BYD with an unfair competitive advantage and an opportunity, not shared by other proposers, to opt out of the procurement altogether after proposal opening. *See Liberty Cnty. v. Baxter's Asphalt & Concrete, Inc.*, 421 So. 2d 505, 507 (Fla. 1982); *Harry Pepper & Assocs, Inc. v. City of Cape Coral*, 352 So. 2d 1190, 1193 (Fla. 2d DCA 1977); *City of Opa-Locka v. Trustees of Plumbing Indus. Promotion Fund*, 193 So. 2d 29, 32 (Fla. 3d DCA 1966); *see also Comptroller Gen. Ltr. To Heads of Depts., Independent Establishments, Agencies and Others Concerned*, 38 Comp. Gen. 532, 536 (Comp. Gen. Feb. 5, 1959).

## **II. Conclusion**

For each of the reasons set forth above BYD's refusal to waive asserted confidentiality in its proposal is fatal and renders its proposal not responsive.

If you have any questions about the foregoing, or if you have any additional questions or concerns, please do not hesitate to contact me.

| Plus Percent Change (2.54% x \$1,000) | 25.44      |
| Revised Price for Future Order        | \$1,025.44 |

The change in this index will be used to adjust the Base Order Prices. However, in no event will the result in a price increase be greater than five percent per year above the Base Order Price.

### Example:

Agency awarded its contract in July 2003, and has received its base order of buses. In August 2004, agency elects to purchase more buses for delivery in 2005. The published data for PPI-Category 1413 shows an index value of 141.1 in August 2004 (Future Award Month). The index for July 2003 (Base Award Month) was 137.6. The percentage change in the index values from July 2003 to August 2004 would be 2.54%. The buses ordered in August 2004 would be priced 2.54% higher than the base award price. This example assumes that the August 2004 order

contained no significant equipment modification when compared with the original order.

Notwithstanding the above, or anything else to the contrary contained herein, in the event that a price adjustment is required in respect of changes that are mandatory as a result of legislation or regulations that become effective after the date of contract award, such price adjustment shall be negotiated in good faith by Miami-Dade and the Contractor.

All payments due from the County or the Public Health Trust, and not made within the time specified by this section shall bear interest from thirty (30) days after the due date at the rate of one percent (1%) per month on the unpaid balance. Further, proceedings to resolve disputes for payment of obligations shall be concluded by final written decision of the County Mayor, or his or her designee(s), not later than sixty (60) days after the date on which the proper invoice was received by the County or the Public Health Trust.

Such retained amount shall be applied to the amount owed by the Contractor to the County.
