Memorandum

To: Honorable Chairman Oliver G. Gilbert, III
and Members, Board of County Commissioners

From: Daniella Levine Cava
Mayor 

Agenda Item No. 5(A)

Ordinance No. 23-12

Subject: Ordinance Creating the Molina Estates Street Lighting Special Taxing District

Executive Summary

The purpose of this item is to gain authorization from the Board of County Commissioners (Board) to create a special taxing district in unincorporated Miami-Dade County (County) for the installation of streetlights and/or the maintenance of landscaping in the public Rights-of-Way.

Recommendation

It is recommended that the Board of County Commissioners (Board) approve a petition submitted in accordance with Article 1, Chapter 18, of the Code of Miami-Dade County (Code) for the creation of the Molina Estates Street Lighting Special Taxing District (Special Taxing District). The creation of this Special Taxing District is a subdivision requirement pursuant to Chapter 28 of the Code.

Scope

This proposed Special Taxing District lies within Commission District 8, which is represented by County Commissioner Danielle Cohen Higgins, and will provide street lighting services.

Fiscal Impact/Funding Source

Creation of this Special Taxing District will result in no economic impact to the Miami-Dade County (County) budget, and there will be no increase or decrease in County staffing. The developer, pursuant to Chapter 18 of the Code, is required to fund the Special Taxing District's first year's lease of the equipment and electricity costs to operate the street lighting system and all incidental costs incurred by the County for the creation and administration of the Special Taxing District.

After the first year, there will be a perpetual annual special assessment for the cost of street lighting to all property owners within the Special Taxing District. Homestead Energy Services (HES) is the owner of the system and will derive revenues from the creation of the Special Taxing District. HES's contractors and subcontractors may increase their staffing levels to provide the service requirements created by this Special Taxing District.

Social Equity Statement

The proposed Ordinance creates the Special Taxing District, pursuant to Article I, section 1.01(A)(11) of the Miami-Dade County Home Rule Charter and Chapter 18 of the Code. If approved, property owners within the proposed Special Taxing District will pay special assessments appropriately apportioned according to the special benefit they receive from the Special Taxing District's service, regardless of their demographics, and that the total estimated amount of the special assessment to be levied would not be in excess of such special benefit. The creation of this Special Taxing District, which was requested by 100%

of the property owners, will provide for lighting continuity between contiguous Street Lighting Special Taxing Districts on connecting roadways, allow for higher intensity spotlighting at specific locations, and accommodate future County lighting standards.

Pursuant to section 18-20.2 of the Code regarding notice to purchasers of new residential property, it shall be the obligation of a seller of new residential property to provide the purchaser thereof with notice either of the existence of a special taxing district created pursuant to this Chapter of the Code or of a pending petition to create such a special taxing district. The notice shall be provided in the manner set forth in section 18-20.2 of the Code.

Track Record/Monitor

The Special Taxing District will be managed by the Parks, Recreation and Open Spaces Department (PROS) and overseen by the Chief of the Special Assessment Districts Division (Division), Liset Romero-Lopez.

Delegation of Authority

This item authorizes the County Mayor or County Mayor's designee to execute lighting agreements, as required by HES to provide street lighting, following approval by the County Attorney's Office as to legal sufficiency.

Background

In accordance with the provisions of Chapter 18 of the Code, a petition to create the Special Taxing District, duly signed by 100% of the owners of property within the proposed Special Taxing District, was filed with the Clerk of the Board. A copy of the petition was sent to the County Mayor and the County Attorney to examine and to file a written report with the Clerk certifying that such petition was sufficient in form and substance and signed and properly presented in accordance with the requirements of Chapter 18 of the Code. PROS compiled and filed with the Clerk a memorandum and accompanying written report and recommendations (Report), a copy of which is attached to this memorandum. The Report sets forth the boundaries of the Special Taxing District, an estimate of the cost of the improvements and/or services to be provided, the need for and desirability of the Special Taxing District, the ability of the affected properties to bear the special assessments, certifies that the improvements and/or services to be provided conform to the master plan of Miami-Dade County, and recommends that the Special Taxing District be created to provide a special benefit to all property within the proposed Special Taxing District.

Contingent upon Board approval of the creation of this Special Taxing District, the street lighting services will be accomplished pursuant to an agreement between the County and HES. The facilities provided will remain the property of HES. HES will be responsible for the maintenance, repairs, upgrades, and replacement of the light fixtures, lamps, poles, and all connecting service lines. The Division will administer HES's agreement, installation, and billing process.

Each subsequent year will be calculated based on actual cost.

State or federal grants are not applicable to this Special Taxing District.

Each Street Lighting Special Taxing District is unique due to its geographical boundaries, affected property owners, and level of service to be provided. Creation of a new Special Taxing District to provide this service is the best and most cost-effective method to achieve this benefit.

In accordance with the requirements of Chapter 28 of the Code to provide street lighting in new subdivisions through the creation of Street Lighting Special Taxing Districts, and in compliance with the provisions of section 18-3(c) of the Code, I have reviewed the facts submitted by PROS in its Report and Recommendations, a copy of which is attached and incorporated herein. I concur with their recommendation that this Special Taxing District be created pursuant to section 18-2 of the Code. Also, I recommend the provisions of Resolution No. R-130-06 be waived because adoption of this Ordinance is a precursor to the future execution of said agreement, which will not occur until development within the Special Taxing District occurs.

**REPORT AND RECOMMENDATIONS
ON THE CREATION OF MOLINA ESTATES
STREET LIGHTING SPECIAL TAXING DISTRICT
MIAMI-DADE COUNTY, FLORIDA**

Pursuant to Chapter 18 of the Code of Miami-Dade County (Code), and as a result of a detailed investigation of a duly petitioned for Special Taxing District, the following facts are submitted by the Miami-Dade County Parks, Recreation and Open Spaces Department (PROS) Director concerning the creation of Molina Estates Street Lighting Special Taxing District (Special Taxing District).

1. BOUNDARIES OF THIS DISTRICT

The proposed Special Taxing District is located entirely within a portion of unincorporated Miami-Dade County, and the boundaries, as set forth in the petition, are as follows:

A portion of Section 6, Township 57 South, Range 39 East, Miami-Dade County, Florida; being more particularly described as follows:

The North 1/2 of Tract "A" of the second amended Plat of a portion of "Porvenir No. 4", according to the Plat thereof, as recorded in Plat Book 43, Page 17, of the Public Records of Miami-Dade County, Florida, less the east 330.00 feet thereof together with the north 25.00 feet of the east 330.00 feet of said Tract "A" and the external area formed by a 25-foot radius curve concave to the southwest, said curve being tangent on the east, by the east line of said Tract "A" and on the north, by the south line of the north 25.00 feet of said Tract "A" (a.k.a. Molina Estates, Tentative Plat #T-23965).

The Special Taxing District's boundaries and geographical location are shown on the attached sketch entitled Molina Estates Street Lighting Special Taxing District and hereinafter referred to as Exhibit A.

2. LOCATION OF THE INSTALLATIONS TO BE CONSTRUCTED

Services to be provided under the Special Taxing District will consist of public street lighting located within public rights-of-way.

3. ESTIMATED COSTS AND ANNUAL EXPENSE FOR MAINTENANCE, REPAIR AND OPERATION OF THIS DISTRICT

The cost of streetlights in this Special Taxing District will be continual and is based on a preliminary estimate using Rate Schedule prepared by Homestead Energy Services (HES) and approved by the Florida Public Service Commission, a copy of which is attached. HES will install the lights, poles, and service lines at its expense and the facilities will remain the property of HES. HES will also be responsible for the maintenance, repairs, upgrades, and replacement of the light fixtures, lamps, poles, and all connecting service lines. However, the developers, through the Special Taxing District, may be required to pay a differential cost if rapid construction techniques cannot be used on this Special Taxing District and this cost is shown in the Special Taxing District's cost estimate below.

<u>Estimated Annual District Costs:</u>	<u>First Year</u>	<u>Second Year</u>
10 – 65 Watts / 7,442 Lumens, 3000K LED Luminaires	\$1,011.60	\$1,011.60

1,800 Ft. – Underground Wiring	\$1,001.80	\$1,001.80
Annual Fuel Adjustments (Based on 2,760 KWH at \$0.07443 Per KWH)	\$205.43	\$205.43
Franchise Cost (Based on 9.2970% of \$3,121.23)	<u>\$290.18</u>	<u>\$290.18</u>
Total Street Lighting Service Costs	\$3,411.41	\$3,411.41
Engineering & Administrative Costs	\$6,063.44	\$63.44
Billing, Collecting & Processing Costs	\$1,207.05	\$0.00
HES Restoration Costs	\$3,000.00	\$0.00
Contingencies	<u>\$2,052.29</u>	<u>\$312.74</u>
Total Costs Covered by Petitioner	\$15,734.19	
Total Costs to District		\$3,787.59
<u>Estimated Annual District Assessments:</u>	<u>First Year</u>	<u>Second Year</u>
Per Assessable Front Foot:	Costs to be	\$3.4757
For a Typical Interior Lot:	Provided by	\$417.08
For a Typical Corner Lot:	Petitioner	\$893.25

The above annual costs and assessment information are based on the expected lighting services to be provided by the Special Taxing District and are subject to change in the event the Special Taxing District's services are adjusted by the Department Director. Total costs and assessments will be adjusted, if necessary, to meet actual costs.

4. CONFORMITY TO THE MASTER PLAN OF MIAMI-DADE COUNTY

The proposed Special Taxing District conforms to and in no way conflicts with the master plan of development for Miami-Dade County (County) (see attached memorandum from the Department of Regulatory and Economic Resources (RER)).

5. RECOMMENDATION CONCERNING THE DESIRABILITY OF THIS DISTRICT

The need for street lighting in the County is apparent. Residents and property owners of the County continue to demonstrate their desire for street lighting through numerous petitions and personal requests. The ability of the affected properties to pay special assessments is evident since the costs of the Special Taxing District's services, including any bonds then outstanding, do not

exceed 25% of the assessed valuation of all properties within the Special Taxing District's boundaries (including homesteads) as shown by the last preceding assessment roll of the County. In my opinion, the streetlights installed pursuant to the creation of this Special Taxing District will provide special benefits to properties within the Special Taxing District's boundaries exceeding the amount of special assessments to be levied.

6. PROCEDURE

As provided for under Chapter 18 of the Code, the property owners, the developers, within the proposed Special Taxing District shall guarantee payment of all costs and expenses incidental to the creation of such Special Taxing District and shall pay the entire cost of providing street lighting within the Special Taxing District for the first year. Based on front footage, each property owner within the proposed Special Taxing District will pay the County, through a special assessment, a proportionate share of the total annual costs for the second year and each year thereafter.

In the event actual second year costs are lower than the costs estimated herein, the Director of PROS shall adjust and decrease the front foot rate of assessment. In the event actual second year costs are higher than estimated herein, the front foot rate of the assessment shall not be increased prior to the Board of County Commissioners (Board) adopting a revised assessment roll.

Following the creation of the Special Taxing District by the Board, the petitioner's plat shall not be placed on a Commission agenda for approval prior to receipt of the payment from the developers for the first year costs as specified in Item 3 above. Upon adoption of the petitioner's plat by the Board, the County may then enter into an agreement with HES, in substantially the form attached herein, wherein the County will pay to HES any costs associated with the streetlight installation and ongoing costs of service.

7. RECOMMENDATION

It is recommended that Molina Estates Street Lighting Special Taxing District be created pursuant to section 18-2 of the Code, which provides for the creation of Special Taxing Districts for street lighting in new subdivisions. The creation of this Special Taxing District will be subject to Board approval only; no election will be necessary as 100% of the property owners signed the petition. I also recommend that the County Attorney cause to be prepared an ordinance authorizing the creation of the Molina Estates Street Lighting Special Taxing District. Pursuant to Chapter 18 of the Code, the Board shall receive and hear, at a public hearing, remarks by interested persons on this Special Taxing District, and thereafter may adopt such ordinance. Following adoption of the creating ordinance, it is further recommended that the Board adopt the Special Taxing District's Preliminary Assessment Roll resolution to fund the Special Taxing District's services. Adoption of this resolution will enable the Miami-Dade County Tax Collector to collect the funds necessary to administer the Special Taxing District, reimburse affected County Departments involved in the creation and establishment of the Special Taxing District, as well as provide funds for payment of the Special Taxing District's monthly power bills for the second year and each year thereafter. The ordinance creating the Special Taxing District shall take effect ten days after the date of its adoption unless vetoed by the Mayor, and if vetoed, it shall become effective only upon an override by the Board. My office will also be available to answer any questions from the public or your office in regard to the financial and/or engineering facts of this Special Taxing District. We further recommend that the County Mayor or County Mayor's designee forward the attached report to the Board after review and concurrence with our findings.

The Customer shall be responsible for the payment of all costs associated with any such requested relocation of City roadway lighting facilities. Payment shall be made by the Customer in advance of any relocation.
11. The City may, at anytime, substitute for any luminaire/lamp installed hereunder another luminaire/lamp which shall be of at least equal illuminating capacity and efficiency.
12. In the event roadway lighting facilities covered by this Agreement are removed, either at the request of the Customer or through termination or breach of this Agreement, the Customer shall be responsible for the payments to the City of an amount equal to the original installed cost of the facilities provided by the City under this Agreement less any salvage value and any depreciation (based on current depreciation rates as approved by the City Finance Director) plus removal cost.
13. Should the Customer fail to pay any bills rendered and due pursuant to this Agreement or otherwise fail to perform the obligations contained in this Agreement, such obligations being material and going to the essence of this Agreement, the City, at any time thereafter, may cease to supply electric energy or service until the Customer has paid the bills due or has fully cured such other breach of this Agreement. Any failure of the City to exercise its rights hereunder shall not be a waiver of its rights. It is understood, however, that such discontinuance of the supplying of electric energy or service shall not constitute a breach of this Agreement by the City, nor shall it relieve the Customer of the obligation to perform any of the terms and conditions of this Agreement.
14. The obligation to furnish or purchase service shall be excused at any time that either party is prevented from complying with this Agreement by strikes, lockouts, fires, riots, acts of God, the public enemy or by causes not under the control of the party thus prevented from complying with this Agreement by reason of any partial, temporary or entire shut-down of service which, in the sole opinion of the City, is reasonably necessary for the purpose of repairing or making more efficient all or any part of its generating or other electrical equipment.
15. This Agreement shall inure to the benefit of, and be binding upon the successors and assigns of the parties.
16. Failure to enforce or insist upon compliance with any of the terms or conditions of this Agreement shall not constitute a general waiver, or relinquishment of any such terms or conditions, but the same shall be and remain at all times in full force and effect, nor shall either party be stopped to enforce or to seek relief from prior breach.

17. This Agreement constitutes the entire Agreement between the parties with respect to the facilities referenced herein and supersedes all prior Agreements or representations, either oral, written or otherwise between the parties. This Agreement does not create any rights or provide any remedies to third parties or create any additional duty, obligation or undertakings by the City to any third parties.
18. This Agreement is subject to the General Rules and Regulations for Electric Service and the Ordinances of the City of Homestead, as they are now written, or as they may be hereafter revised, amended or supplemented. In the event of any conflict between the terms of this Agreement and the provisions of the General Rules and Regulations for Electric Services and the Ordinances of the City of Homestead, the provisions of the General Rules and Regulations shall control, as they are now written, or as they may be hereafter revised, amended or supplemented. If any term or provision of the Agreement shall be held invalid or unenforceable, the remaining terms and provisions of the Agreement shall remain in full force and effect and such invalid, illegal or unenforceable term or provision shall be deemed not to be a part of this Agreement.

IN WITNESS WHEREOF, the parties hereto have caused this Agreement to be executed in triplicate by their duly authorized representatives to be effective on the day and year first written above.

Memorandum

Date: September 16, 2020

To: Maria Nardi, Director
Department of Parks, Recreation and Open Spaces

From: Jack Osterholt, Deputy Mayor/Director
Department of Regulatory and Economic Resources

Subject: Street lighting, Maintenance of Landscape, Walls Adjacent to Double Frontage Lots, Entrance Features and Lakes – Special Taxing Districts

All tentative plats in the unincorporated area of Miami-Dade County submitted to the Development Services Division (Land Development Section) of the Regulatory and Economic Resources Department (RER), must comply with the special taxing districts requirements of the Miami-Dade County Code (the Code) including, but not limited to street lights, maintenance of landscape, walls adjacent to double frontage lots, entrance features and lakes. Final Plats will not be presented to the Board of County Commissioners for consideration until the applicable special taxing districts are created, and all fees have been paid. In that regard, to ensure expeditious processing, this Memorandum may serve, through September 30, 2021, as approval for certain future special taxing district application requests as being consistent with the intent and purpose of the adopted 2020-2030 Comprehensive Development Master Plan (CDMP). Capital Improvement Element Policy CIE-4A states: "Appropriate funding mechanisms will be adopted and applied by Miami-Dade County and the Miami-Dade County Public Schools in order to assure the fiscal resources to maintain acceptable levels of service. Such funding mechanisms may include special taxing districts, municipal taxing service units, local option taxes, user fees, local gas tax, general obligation bonds, impact fees, special purpose authorities, and others as appropriate and feasible" (Adopted Components as Amended through January 23, 2020, page IX-9). The provision for services over and above minimum for neighborhoods and communities may be accomplished through the special taxing district as may be prescribed by the Code.

The RER has no objection to a blanket approval with condition to establish future special taxing districts as limited to requests for street lighting, landscape maintenance, walls adjacent to double frontage lots and lake maintenance districts. The previously noted special taxing districts may be established on the condition that the RER Development Services Division review all landscape maintenance districts and lake maintenance districts for consistency with Landscape Code (Chapter 18A) Section 18A-6(L) Storm Water Retention/Detention Areas.

WHEREAS, this Board desires to accomplish the purposes outlined in the accompanying memorandum, which is incorporated herein by reference; and

WHEREAS, a public hearing has been conducted by the Board of County Commissioners in accordance with the requirements and procedures of chapter 18 of the Code of Miami-Dade County,

BE IT ORDAINED BY THE BOARD OF COUNTY COMMISSIONERS OF MIAMI-DADE COUNTY, FLORIDA:

Section 1. This Board incorporates and approves the foregoing recitals as if fully set forth herein.

Section 2. In accordance with the provisions of chapter 18 of the Code, a special taxing district, to be known and designated as the Molina Estates Street Lighting Special Taxing District in Miami-Dade County, Florida, is hereby created and established in the unincorporated area of Miami-Dade County.

Section 3. The area or boundaries of this Special Taxing District, generally bounded on the North by SW 290 Street, on the East by Theoretical SW 172 Path, on the South by Theoretical SW 291 Street, and on the West by SW 174 Avenue, and located entirely within Commission District 8, are as follows:

Section 4. The improvements and/or services to be provided in this Special Taxing District will consist of street lighting services within public rights-of-way, as described in the Report.

Section 5. The installation of such street lighting will be accomplished pursuant to an agreement between Miami-Dade County and Homestead Energy Services. The expected costs of the installation and operation of the Special Taxing District's services, including maintenance, electricity, engineering, administration, billing, collection and processing, for the first year are

provided by petitioners and estimated to be \$15,734.19. The expected costs of the Special Taxing District's services for the second year are estimated to be \$3,787.59. The expected estimated cost per assessable front foot of real property within the Special Taxing District for the second year is \$3.4757. The succeeding years' assessments will be adjusted based on actual costs.

Section 6. The entire cost of the Special Taxing District's improvements and/or services shall be specially assessed. It is hereby declared that said services will be a special benefit to all properties within the Special Taxing District and the total amount of special assessments to be levied as aforesaid will not be in excess of such special benefit.

Section 7. The proposed street lighting agreement between Miami-Dade County and Homestead Energy Services is hereby approved and made a part hereof by reference. The provisions of Resolution No. R-130-06 are hereby waived because adoption of this Ordinance is a precursor to the future execution of said agreement, which will not occur until development within the Special Taxing District occurs.

Section 10. The County Mayor or County Mayor's designee is further directed to cause to be prepared and filed with the Clerk one Preliminary Assessment Roll for the street lighting services, in accordance with the provisions of sections 18-14 and 18-22.1 of the Code. As

authorized by section 197.3632, Florida Statutes, all special assessments levied and imposed under the provisions of this Ordinance shall be collected, subject to the provisions of chapter 197, Florida Statutes, in the same manner and at the same time as ad valorem taxes. Unless paid when due, such assessments shall be deemed delinquent and payment thereof may be enforced by means of the procedures provided by the provisions of chapter 197, Florida Statutes, and section 18-14 of the Code, including possible loss of title.

Section 11. A duly certified copy of this Ordinance shall be filed in the Office of the Clerk of the Circuit Court of Miami-Dade County, Florida, and recorded in the appropriate book of records.
