Scope

There are no delegation requirements with this item.

Fiscal Impact/Funding Source

If this waiver of plat is approved, the fiscal impact to the County would be approximately \$150.00 annually for new roadway construction adjacent to the project. These costs would be covered by the Department of Transportation and Public Works' annual General Fund allocation.

Background

Lazaro Onel Carvajal (D-24799)

- Located in Section 11, Township 56 South, Range 38 East.
- Zoning: GU.
- Proposed usage: One single family residence.
- Number of parcels: One.
- This waiver of plat meets concurrency.
- The proposed subdivision is not within feasible distance to public water and public sanitary sewers. The Lot will be served by an onsite domestic well and an onsite sewage treatment and disposal system.
- On July 7, 2022, the Board adopted Ordinance No. 22-83, which institutes more rigorous standards for new and replacement onsite sewage treatment and disposal systems (OSTDSs) commonly referred to as "septic tanks" or "septic systems. After January 1, 2023, if proposed development is not within feasible distance to public sanitary sewers, development applications (including plats) that can be approved using an onsite sewage and treatment system, will be reviewed in accordance with the new advanced treatment standards.
- Pursuant to ordinance no. 22-137, plat applications filed prior to the effective date of the ordinance may be reviewed under the feasible distance provisions of Chapter 24 that were in effect prior to the effective date of the ordinance. This plat was evaluated under the former feasible distance standards since the application was submitted prior to the effective date of the ordinance. Future applications (e.g. building permits) for the same property will be reviewed under the new feasible distance standards. It is anticipated that unless new public water and sanitary sewer infrastructure are installed within feasible distance or unless a future application is made, for example an application for larger homes as compared with the current application, no connection will be required.

Developer's Obligation

Clearing, mobilization, maintenance of traffic, paving, street name signs, traffic control signs, and monumentation which are bonded under bond number 8323 in the amount of \$24,162.00.
