Memorandum

Date: July 6, 2023

To: Honorable Chairman Oliver G. Gilbert, III
and Members, Board of County Commissioners

From: Daniella Levine Cava
Mayor 

Subject: Social Equity Statement for Ordinance Relating to Zoning and Right-of-Way Plan in the Unincorporated Area

The proposed ordinance both eliminates and adds certain rights-of-way as would be required pursuant to Section 33-133 of the Code of Miami-Dade County (Code). Although the proposed ordinance removes the portion of SW 2nd Street between the west right-of-way-line of SW 137th Avenue and the east right-of-way line of theoretical SW 138th Avenue, it now adds 139th Avenue as a newly zoned right-of-way from NW 6th Street to SW 8th Street including the minimum street width. The addition of 139th Avenue as a newly zoned 70-foot wide four lane roadway to the right-of-way plan will provide operational and level of service relief to SW/NW 137th Avenue. Consequently, the removal of SW 2nd Street will not have an adverse impact on traffic given that the roadway segment is not needed to provide connectivity within the area.

Currently there are various active land use and zoning applications that if approved would alter the dynamics and transportation requirements for the area at large. Exhibit A illustrates the various applications that are currently under review or have been approved. These include the proposed development of Target store and other retail uses at the intersection of SW 8th Street and 137th Avenue, an application for a BJ's Wholesale Club immediately to the north of the Target property, and a 40-acre truck parking project immediately to the west of the BJ's and north of Target. Public access to the retail shopping areas containing the proposed Target and BJ's Wholesale Club will be provided from SW/NW 137th Avenue. Public access within the retail shopping areas will be contained within the subject properties.

Establishment of SW/NW 139th Avenue as a 70-foot four lane roadway would lead to a higher level of service for the area and improved traffic outcomes. This corridor would relieve traffic from the SW 137th Avenue and SW 8th Street intersection by creating a direct connection from the various developments onto SW 8th Street and connection to SR-836 Expressway via NW 6th Street and NW 137 Avenue.
