and Members, Board of County Commissioners

From: Daniella Levine Cava
Mayor

Agenda Item No. 8(P)(2)

Subject: Request for Additional Expenditure Authority for Repair, Purchase, and Maintenance
of Power Generating Systems

Resolution No. R-996-23

Summary

This item is requesting additional expenditure authority to allow the Miami-Dade Aviation Department (MDAD) to replace and renovate existing power generator systems which are in poor condition and/or have exceeded the useful life under MDAD's Lifecycle Replacement and Renovation Program. This equipment is typically used in the event of an electricity outage as emergency backup power supply, in places that do not receive electricity or during specific peak times to support facilities' operations. The services and equipment that will be provided through this pool are critical to MDAD's day-to-day operations and will allow MDAD to proceed with the replacement and renovation of generator systems during the remainder of the pool term.

Recommendation

It is recommended that the Board of County Commissioners (Board) authorize additional expenditure authority under *Pool No. FB-02212P, Repair, Purchase, and Maintenance of Power Generating Systems*, in the amount of \$9,553,440 for MDAD. This pool was established by the Board for a five-year term via Resolution No. R-792-22.

Multiple County departments use this pool for the purchase of power generating equipment, and/or pumping systems equipment, parts, maintenance, repairs, and related services on an as needed basis. The pool includes four groups as follows: Group C: Power Generating Equipment and/or Pumping Systems Maintenance and Repair Services – License Required; Group D: Power Generating Equipment and/or Pumping Systems Maintenance and Repair Services – License Not Required; Group E: Purchase of Power Generating and/or Pumping Systems Parts and Equipment, or related items (Manufacturer Authorized); and Group F: Purchase of Power Generating and/or Pumping Systems Parts and Equipment, or related items. Groups A and B were awarded as fixed price contracts via R-793-22

This project allocation was not included in the department's original allocation request for this pool, as the assessment of the issues and plan of action to get generators to perform as the airport operation requires was completed after the pool was established.

Scope

The impact of this item is countywide in nature.

Delegated Authority

There is no additional delegation of authority sought in this item as the authority to solicit pricing and award contracts up to an aggregate amount of the allocation authorized by the Board, exercise all provisions of the solicitation documents and any resulting pools pursuant to Section 2-8.1 of the County Code and Implementing Order 3-38, and add vendors to the pool at any time, subject to ratification by the Board on a bi-annual basis, was granted when the pool was established under Resolution No. R-792-22. Any contract award under the prequalification pool exceeding \$5,000,000 is subject to ratification by the Board.

Fiscal Impact/Funding Source

The five-year pool term expires on October 31, 2027. The pool has a current cumulative allocation of \$36,129,000. If this request is approved, the pool will have a modified cumulative allocation of \$45,682,440. The requested increase in expenditure authority is based on MDAD's assessment of the equipment and Lifecycle Replacement and Renovation Program for the replacement of obsolete and outdated power generating equipment. The requested allocation is part of MDAD's plan to utilize a set allocation each year from now through the end of the pool term.

Department	Existing Cumulative Allocation	Additional Allocation Requested	Modified Cumulative Allocation	Funding Source	Contract/Pool Manager
MDAD	\$202,000	\$9,553,440	\$9,755,440	Proprietary Funds	Sylvia Novela
Multiple departments	\$35,927,000	\$0	\$35,927,000	Multiple	Multiple
Total	\$36,129,000	\$9,553,440	\$45,682,440		

Track Record/Monitor

Alonzo Joseph of the Strategic Procurement Department (SPD) is the Procurement Contracting Manager.

Due Diligence

Pursuant to Resolution No. R-187-12, due diligence was conducted in accordance with SPD's Procurement Guidelines to determine contractor responsibility, including verifying corporate status and review of performance and compliance issues through various vendor responsibility lists and a keyword internet search. The lists referenced include convicted vendors, debarred vendors, delinquent contractors, suspended vendors, and federal excluded parties. There were no adverse findings relating to contractor responsibility.

Applicability of Ordinances and Pool Measures

- The two percent User Access Program applies where permitted by funding source.

Honorable Chairman Oliver G. Gilbert, III
and Members, Board of County Commissioners
