Memorandum

MIAMI-DADE COUNTY

Date: September 1, 2023

To: Honorable Chairman Oliver G. Gilbert, III
and Members, Board of County Commissioners

From: Daniella Levine Cava
Mayor

Subject: Information for First Budget Hearing – FY 2023-24 Proposed Budget

This information has been prepared to accompany the Fiscal Year (FY) 2023-24 Budget Ordinances for your consideration at the first budget hearing on September 7, 2023. As this memorandum was not provided to the Board at least four business days prior to the First Budget Hearing as required by section 2-1795(d)(5) of the County Code and Rule 9.01(f) of the Board's Rules of Procedure, a waiver of these requirements is required.

The FY 2023-24 Proposed Budget (Proposed Budget) includes the lowest combined property tax rate since 1982, while maintaining service levels and making major investments in our community's key priorities – including housing, transit, public safety, small business, the environment, our families, and our seniors. This budget will provide immediate relief to struggling residents through a nearly $19 million tax cut, while at the same time investing over $500 million to tackle the affordable housing crisis and build and retain housing people can afford. And while negotiations with our unions continue to progress, the Proposed Budget also provides sufficient funding for a proposed 3 percent cost of living adjustment effective April 1, 2024 – which would provide relief to the workforce that sustains critical County services, and is essential to ensuring the County can continue to attract and retain employees in a highly competitive labor environment.

This year's proposed budget is balanced, compassionate, and responsible – continuing last year's historic tax cut, ensuring the County can continue to provide essential services to our community now and in years ahead, and building a more resilient, future-ready Miami-Dade.

I. Executive Summary

This document details adjustments identified since the submittal of the Proposed Budget on July 14, 2023.

The Proposed Budget reflects our community's priorities and maintains critical services with a decrease to the countywide rate (millage), while also investing in building a stronger, more resilient economy and community. Key priorities funded in the budget support a continued focus on affordable housing and resilience, our long-term economic recovery, public safety for all neighborhoods, and partnerships with community organizations, just to name a few. We are confident that with the additional changes reflected in this memo, the Proposed Budget lays the foundation for a more prosperous and secure future for Miami-Dade where all families and communities can thrive.

This memo is divided into the following sections:

I. **Background:** This section provides additional context on key considerations in developing the proposed budget, including the millage rate and a proposed new department.
II. **Proposed Budget Highlights:** This section highlights some of the key items in the Proposed Budget that differ from the current Fiscal Year 2022-23 County budget.
III. **Recommended Changes:** This section outlines all recommended changes to the Proposed FY 2023-24 Budget released on July 14, 2023, which includes general fund and other funding adjustments, department-specific adjustments, capital budget updates, recommended fee adjustments, and additional community-based investments.

II. Background

A. Millage Rate

The proposed FY 2023-24 budget presents a one percent reduction for the countywide millage rate – the lowest combined property tax rate since 1982-83. This is a significant cut, totaling $18.7 million for taxpayers and providing immediate relief to property owners, but a prudent one that maintains and strengthens essential County services. Making any steeper millage cuts now would not be fiscally responsible as we prepare for major upcoming expenses including the implementation of the constitutional offices in FY 2024-25, and significant, needed capital investments further detailed below.

Our proposed millage rate reduction provides relief to taxpayers now while ensuring the County can continue to balance the budget and provide critical services this year and in years ahead.

B. Future Obligations

The Proposed Budget addresses the needs of our residents this year and in future years. It is imperative that we keep in mind unmet and future needs as details of the budget are analyzed and ultimately adopted to have a more complete fiscal picture. The departmental narratives include sections that outline the unmet needs; additionally there are items not included in departmental narratives or considered in our five-year plans, primarily due to the fact that these fiscal impacts cannot be determined at this time. Some of these issues are outlined below:

- Civic Center Masterplan – the facilities in the Civic Center area are outdated and need renovation. The County is in the process of completing the Criminal Court and Correctional Facilities Master Plan that will focus on the criminal justice system and operational needs of the stakeholders; Miami-Dade Corrections, Administrative Office of the Courts, State Attorney's Office, Public Defender's Office, Clerk of the Court and Comptroller and the Medical Examiner Department. The Internal Services Department will continue to plan and design next fiscal year, the ultimate solution that will be brought back to the board for consideration.

- Capital Projects – The replacement jail, mental health facility, and waste to energy plant are additional upcoming major capital projects that will each require a significant infusion of funding.
- The Countywide Infrastructure Investment Program (CIIP) has been very successful in addressing many issues in the County's facilities. Staff is in the process of hiring a consultant, through the EDP program, to provide an assessment of County buildings and assets. This assessment may require additional resources as we deal with sea level rise and other issues.
- Constitutional Offices – on January 7, 2025, the constitutional offices of the Elections Supervisor, Tax Collector, Sheriff, and Property Appraiser will be established. We are in the process of developing a transition plan for these new offices and for transition of certain functions to the County Clerk of Courts and Comptroller ("County Clerk"). During the recent legislative session, two bills were signed into law that directly impact the implementation of Amendment 10. The legislation prohibits counties from creating, budgeting or duplicating activities for any function that is under the statutory purview of these offices. Additionally, one of the bills deal exclusively with police services and among other things, provides for a transition of these services to the elected office.

II. Proposed Budget Highlights

A. Proposed Organizational Changes

The FY 2023-24 Proposed Budget includes certain organizational changes to ensure the proper alignment of functions under the County and the respective future constitutional offices. These include the following:

Bond Administration: The authority to issue debt rests with the Board of County Commissioners. Therefore, the County's Department's Bond Administration Division will be transferred from the Finance Department to the Office of Management and Budget (OMB) as part of the FY 2023-24 Proposed Budget. The transfer of this division will facilitate a more seamless transition of the Finance Department to the County Clerk.

Payroll: The Human Resources Department's Payroll & Garnishments Unit is responsible for completion of the payroll process, issuance of payments related to payroll transactions, wire transfers, reconciliation of payroll transactions, maintenance of employee direct deposit information and garnishments. This unit will be transferred to the Finance Department in preparation for the future transition to the County Clerk.

B. Collective Bargaining

We are currently amid Labor negotiations. As a part of this collaboration with the Collective Bargaining Units, the Proposed Budget includes a three percent Cost of Living Adjustment (COLA) effective April 1, 2024, for the County's workforce who work daily to provide vital services and programs our residents and visitors depend on. This proposal is essential to incentivize the retention of existing employees and promote the hiring of new ones. The County, like employers locally and nationwide, facing ongoing challenges with hiring – including key positions

such as public safety classifications due to the county not being competitive with adjoining counties that are responsible for providing the same services.

C. Pay Plan

Attached to Agenda Item H is the Pay Plan which contains the rates of pay for all non-bargaining unit and bargaining unit employees. The Pay Plan includes the addition of new classifications, the abolition of obsolete classifications and occupational code and title changes. The pay rates reflected in the Pay Plan will be administered in accordance with the provisions of the Living Wage Ordinance 99-44 and the terms and conditions of the applicable bargaining unit agreements. Finally, a second version of the Pay Plan, will be released after the adoption of the budget that will include any details, as required and by the board as part of the budget.

D. **HOMES Plan**

The HOMES Plan ("Plan"), approved by the Board of County Commissioners in the FY 2022-23 Adopted Budget, is a historic $82 million investment in a full suite of programs to provide relief to struggling homeowners and renters, create more housing that people can afford by bringing new units online in the immediate short term and build and preserve much-needed affordable and workforce housing.

The comprehensive, multi-year Plan is being administered by Public Housing and Community Development (PHCD), Community Action and Human Services (CAHSD), and the Homeless Trust, and a detailed update on the various HOMES programs and the status of each is outlined in this section. As we continually seek to optimize these programs to distribute the funds for maximum impact in our community, administering staff recommends some needed adjustments also further detailed below.

Naturally Occurring Affordable Housing Grant (NOAH) Program: Led by PHCD, the $9 million NOAH Grant Program is dedicated to owners or developers of rental properties in need of rehabilitation allowing them to apply for grant funding to assist with improvements to their properties. In accordance with Resolution No. R-529-22, the County committed $1 million as a direct grant to the Dade Heritage Trust to preserve an architecturally significant structure as affordable housing in the City of Miami. PHCD faced challenges with hiring a contractor to oversee the funds which delayed the start of the Program, and has reassigned staff to manage the program in-house. The Department released a competitive $8 million Request for Applications (RFP) centered on small and medium sized affordable housing developments—projects of fewer than 20 units with the maximum allocation of $300,000 per project—and received 16 applications, which commits approximately $1.2 million in new affordable housing renovation and preservation projects. PHCD is issuing a subsequent RFP in September 2023 with a 50-unit cap and an expanded allocation of $1.25 million per project, which will completely commit the remaining NOAH funds.

Emergency Rental Assistance Program (ERAP) Expansion: To provide rental relief to struggling residents, the County committed $8 million to continue the enormously successful

ERAP program after all federal funding had been allocated. Administered by PHCD, the expanded ERAP Program has been fully committed after assisting 781 households with rent and utility assistance across the County. There are still 1,789 ERAP applications pending review expected to total $5.5 million in assistance. Given the significant ongoing need for emergency rental relief across our community, $4.741 million is being transferred from the WHIP Unit Conversion and WHIP Section 8 funds to ERAP pursuant to the Mayor's authority to re-allocate funds laid out in the WHIP enabling resolution.

With the re-allocated funds, PHCD will prioritize the existing waitlist with a preference for existing applications under eviction. Applicants will be contacted to provide proof of eligibility. The transferred funds are not expected to fully cover the need for all applicants on the waitlist; however, if PHCD finds that there are still available funds after addressing the existing applications, the portal will open for new applications. All funds are expected to be expended by December 31, 2023.

Workforce Housing Incentive Program (WHIP): WHIP is a pilot grant program approved by the Board of County Commissioners to address the County's affordability crisis and geared to provide rent stabilization. Overseen by PHCD, WHIP has two separate components:

- **WHIP Unit Conversion** provides landlords and unit owners with properties with a grant for providing quality affordable and workforce housing to households at 30% to 140% Area Median Income (AMI). This Program has received 1,095 applications which are currently under review. The Program will process for payment at least 465 of these applications by September 30, 2023. The Program has a high approval rate of about 87%. Based on the applications submitted, PHCD estimates that $6.98 million has been committed assuming that they are funded for three years. The funding for WHIP Unit Conversion has been adjusted to $7 million, and the remaining $3 million transferred to ERAP.

- **WHIP Section 8** provides an incentive for landlords to lease up new units in the Section 8 Housing Choice Voucher program to provide residents with a long-term affordability solution. This novel Program has received 714 applications for FY 2022-2023. The initial Program language only incentivized new landlords not new units. PHCD has expanded the Program to address the challenges current voucher and new voucher holders face when looking for a new unit. The Section 8 program has over 1,500 lease-ups each year with tenants and applicants often facing lengthy searches, and in some cases being unable to utilize their vouchers. To additionally incentivize new units – meaning units that were not under contract with Section 8 for FY 2021-2022 – PHCD recently changed the language for the Program. Landlords will now receive the incentive for each new unit that goes under contract as of October 1, 2022, and each unit can only receive the $2,000 incentive once. With this change, PHCD is projecting commitments of $3.47 million. Given that the Program processed about 480 moves within the last three months with most being 'new units', it is expected that the Program could bring on 1,500 additional units during the next three years. Accordingly,

the funding for WHIP Section 8 has been adjusted to $3.47 million, and the remaining $2 million has transferred to ERAP and the Eviction Diversion Pilot Program.

Of the projected unencumbered remaining WHIP funds, $4.741 million were transferred to ERAP as per the enabling resolution to address the high demand experienced for emergency rental assistance, and $259,000 for the Eviction Diversion Pilot Program.

Weatherization Assistance Program (WAP): WAP provides energy conservation to eligible homeowners and is overseen by CAHSD. CAHSD contracted a vendor, Neighborhood Housing Services of South Florida, Inc. (NHSSF), to administer the Program and weatherize at least 180 homes throughout the County. As of August 2023, 75% of the funds have been obligated, and 784 homeowners who have expressed interest in the WAP have been contacted, 150 applications have been accepted, resulting in the weatherization of 61 homes. Beginning in September 2023, two additional NHSSF subcontractors will be assisting with the installation of new energy efficient air conditioning units, water heaters, kitchen appliances, and attic insulation. Staff estimates that approximately 94 homes will be upgraded by the end FY 2022-23 and 180 homes by February 2024.

Mortgage Relief Program (MRP): Administered by CAHSD, MRP provides Miami-Dade County homeowners who are experiencing hardship and struggling to pay their mortgage, insurance, and utility bills. After a lengthy solicitation process, NHSSF was selected to provide project management and administrative support for the Program. The contract was executed in February 2023 and the Program began in April 2023. As of August 2023, approximately 1,745 MRP applications have been received, 144 are being processed for payment, and 23 have been paid.

To expedite the processing and payment of the high number of MRP applications, CAHSD staff will be utilized to enhance the efforts of NHSSF. In addition, CAHSD suggests increasing the maximum benefit per household from $1,500 to $3,500 which would be more impactful to residents struggling to pay past due mortgage payments, homeowner's insurance, HOA fees, and utilities. Additional relief is especially needed to alleviate the burden of rising insurance costs as the increased frequency of natural disasters in Florida continues to inflate insurance premiums. Furthermore, since many of the smaller insurance companies offering homeowner's policies are not registered as Florida corporations (Sunbiz.org) as required by the County, relaxing this rule would allow residents who hold policies with these insurers to benefit from MRP. With additional staff resources to process the pending applications and the recommended programmatic changes, staff anticipates an uptick in funds distributed in FY 2023-24.

Development Inflation Adjustment Fund: The Development Inflation Adjustment Fund committed $15 million to assist affordable housing developments impacted by the rising cost of construction due to supply chain issues and inflation. In November 2022, PHCD released an RFP for the Program, reviewed, and awarded funding to 15 affordable housing developments, which totaled 2,418 units (1,182 construction relief units and 1,236 development relief units). All $15 million has been obligated.

Permanent Supportive Housing: The County committed $10 million to the Homeless Trust to create new permanent supportive housing projects. Of the $10 million, $2.1 million is obligated for the use and renovation of a County owned parcel in western Miami-Dade and $7.9 million is programmed for a hotel to housing conversion that is currently under legislative review.

Eviction Diversion Pilot Program: The County has committed $259,000 in recaptured WHIP Unit Conversion funds to the Eviction Diversion Pilot Program using the authority in the WHIP enabling resolution to serve residents at 80% AMI through direct legal assistance, outreach, and education services.

A memorandum detailing the

various fees changes was provided to the Board on August 31, 2023. These fee schedules have all been included as reflected in the revenues of the Proposed Budget.

III. Recommended Changes to the Proposed Budget

The attached ordinances have been adjusted for technical changes, corrections of scriveners' errors, corrections of appropriation posting errors and current estimates of grants. Cash carryover for proprietary funds has been adjusted where appropriate. Waiver of various code provisions and resolutions are recommended, including waiver of section 29-7(G) of the Code of Miami-Dade County, Florida ("Code") relating to the use of Documentary Stamp Surtax and waiver of Resolution No. R-924-08 relating to transit fares, fees and charges because we are not recommending increasing fares.

A. Operating Budget Adjustments

Animal Services (ASD)
After the release of the Proposed Budget, ASD was awarded a grant from the Florida Legislature in the amount of $250,000 to provide a behavioral modification and training program to reduce the number of shelter dogs euthanized due to behavioral issues and to get them ready for adoption. Like communities nationwide, Miami-Dade is facing a crisis of surrendered animals, and ASD is committed to tackling this crisis and to finding innovative solutions so that all animals in our care can be safe and comfortable. The FY23-24 proposed budget also includes $2 million dedicated to enhanced and expanded animal services to reduce our shelter population, increase adoptions, and increase spay and neuter services.

Aviation (MDAD)
After the release of MDAD's Proposed Budget, the Board approved via Resolution No. R-699-23, on July 18, 2023, Contract No. EVN0000037, which was awarded to Schindler Elevator Corporation for the purchase of maintenance and repair services for conveyance equipment at MDAD. Contract No. EVN0000037 replaces Contract No. E-10230, which was awarded as an emergency contract on June 9, 2022, and expires on September 9, 2023. The allocation under the replacement contract is higher than the current contract due to the high volume of anticipated repairs and modernization services needed to ensure the smooth and safe operation of the conveyance equipment. The higher allocation under the replacement contract, resulted in an increase of $17.774 million to MDAD's FY 2023-24 operating expenses for the maintenance and repair services of conveyance equipment. In addition, pursuant to the requirements of MDAD's Trust Agreement, the operating reserve account was increased by $3.021 million or 17% of the incremental operating expenses, for a total increase in FY 2023-24 operating expenditures of $20.796 million. The increase in MDAD's FY 2023-24 operating expenditures is being offset by an increase in revenues of $20.796 million from MDAD's reserves, comprised of $14.501 million from American Rescue Plan Act grant funds and $6.295 million from the Improvement Fund transfer funds.

Community Action and Human Services Department (CAHSD)
CAHSD requires a budget adjustment pursuant to a notice of award from the U.S. Department of Health and Human Services that Head Start/Early Head Start will be receiving an additional $6,729,334 for the program year of August 1, 2023 through July 31, 2024, to pay for a cost of living adjustment and quality improvements. This additional funding will increase the FY 2023-24 Proposed Budget for Head Start/Early Head Start from $85,070,000 to $91,799,334.

Elections
The Elections Department requires a budget adjustment to include additional costs related to a special election for Florida House of Representative District 118 in the amount of $588,000 that will be funded through a reimbursement from the State.

Public Housing and Community Development
When the FY 2023-24 Proposed Budget was released on July 14, 2023, the three percent COLA starting on April 1st, 2024, had not been calculated for PHCD. The Department's budget requires a budget adjustment to include the COLA of $414,000 and will be funded from Federal grants.

Regulatory and Environmental Resources (RER)
The FY 2023-24 Proposed Budget for RER's Office of Resilience (OOR) fund G3015 will be revised to reflect formula grant funding in the amount of $1,134,700 from the federal Department of Energy (DOE) for the Energy Efficiency and Conservation Block Grant (EECBG) program for a bulk purchasing Solar Cooperative (Solarize) Campaign project in Miami-Dade County.

The grant funding over a two-year period ($509,581.39 for FY 2023-24 and $609,581.39 for FY 2024-25) will be used to incorporate new elements into two Solar Cooperative Campaigns that follow all four key activities of DOE's Solarize Campaign Blueprint and: (1) expand engagement with and recruit low-to-moderate income (LMI) homeowner participants who will be part of the regular solar cooperatives (2) provide these LMI homeowners with educational opportunities and individualized assistance as needed, and (3) provide 5kW solar system installations to forty-four (44) of the participating LMI households at no cost. The program will be designed to help these homeowners see day-one monthly electric bill savings.

B. Capital Budget Adjustments

Corrections
The Jail Management System, capital program # 388610 was inadvertently omitted from the Department's FY 2023-24 Proposed Budget and Multi-Year Capital Plan and is critical to the Department, as it will streamline inmate processes that makes real-time inmate information available to all users, and to our ongoing efforts to achieve compliance under the consent decree. The total project cost is estimated at $6 million and is being partially funded with Future Financing proceeds ($2 million) and from a $4 million settlement agreement from the previous application developer for services not rendered (Resolution R-675-22).

Transportation and Public Works (DTPW)
After the release of the Proposed Budget and Multi-Year Capital Plan, DTPW is requesting changes to the following capital programs:

This revision is required to accommodate contractual obligations for architectural and engineering professional services and will not increase the total capital project budget as these expenses were originally planned to occur in FY 2024-25 (Capital Program #6730101 – Bus Enhancements).

- Capital Project #3002564 - South Dade Area Bus Maintenance Facility requires a multi-year appropriation increase of $20.691 million, funded through the PTP Bond Program, for a revised project total of $268.500 million. These funds are necessary to accommodate electric bus charging equipment and will be allocated in future years beginning in FY 2024-25. (Capital Program #2000001321 – Bus – New South Dade Maintenance Facility).

- A new capital project #3008262 - Onboard Digital Video Recorder System is required to replace the existing bus and mover video recording systems that are outdated. The total project cost is $1.056 million with $352,000 programmed in FY 2023-24. The capital project will be funded with a Security grant allocation from the Coronavirus Response and Relief Supplemental Appropriations Act (Capital Program #2000000326 – Federally Funded Projects).

- Capital Project #3002473 - Metrorail Traction Power Switchgear Replacement requires a budget revision of $501,000 in FY 2023-24 for repairs to the existing external lighting protection system and fiber optics network, which protect the switchgear equipment. The increase will be funded out of the PTP Bond Program. The total capital project budget will increase to $5.5 million from the proposed $4.999 million. (Capital Program #2000000104 – Metrorail – Stations and Systems Improvements).

- A new capital project #3008263 – Building Recertification Program is required that reduces the inspection cycle from 40 to 30 years. . The components of the program include engineering and related construction of capital improvements to transit facilities which support fixed rail rapid transit and bus systems. The total project cost is $7.822 million with $1.822 million programmed in FY 2023-24. The capital project will be funded with PTP Bonds (Capital Program #677200 – Infrastructure Renewal Plan (IRP)).

- Capital Project #3001571 - Phase 2 Hammocks Trail requires a revision of $1.410 million to the FY 2023-24 Proposed Budget for a revised total of $2.702 million funded out of Road Impact Fees. The total project cost will not increase as these expenses were originally planned to occur in FY 2022-23. (Capital Program #2000000133 – The Underline).

Memorandum

MIAMI-DADE COUNTY

Date: September 19, 2023

To: Honorable Chairman Oliver G. Gilbert, III
and Members, Board of County Commissioners

From: Daniella Levine Cava
Mayor

Subject: Information for Second Budget Hearing – FY 2023-24 Proposed Budget

This information has been prepared to accompany the Fiscal Year (FY) 2023-24 Budget Ordinances for your consideration at the Second Budget Hearing on September 21, 2023 (Second Hearing). As this memorandum was not provided to the Board at least four business days prior to the Second Budget Hearing as required by section 2-1795(d)(5) of the County Code and Rule 9.01(f) of the Board's Rules of Procedure, a waiver of these requirements is required.

I. Executive Summary

This document details adjustments identified since the first public hearing for the Proposed Budget on September 7, 2023.

The FY 2023-24 Proposed Budget (Proposed Budget) is balanced, compassionate, and responsible. It includes the lowest combined property tax rate since 1982, while maintaining service levels and making major investments in our community's key priorities – including housing, transit, public safety, small business, the environment, our families, and our seniors. This budget will provide nearly $19 million in much-needed additional financial relief to struggling residents through a reduction in the millage rate, while at the same time investing over $500 million to tackle the affordable housing crisis and build and retain housing people can afford. And while negotiations with our unions continue to progress, the Proposed Budget also provides sufficient funding for a proposed 3 percent cost of living adjustment – to provide relief to the workforce that sustains critical County services and ensure the County can continue to attract and retain employees in a highly competitive labor environment.

We are confident that with the additional changes reflected in this memo, the Proposed Budget will ensure we can continue building a more resilient, prosperous, future-ready Miami-Dade.

This memo is divided into the following sections:

I. **Background:** This section provides additional context on key considerations in developing the proposed budget, including the millage rate.
II. **Proposed Budget Highlights:** This section highlights some of the key items in the Proposed Budget that differ from the current Fiscal Year 2022-23 County budget.
III. **Recommended Changes:** This section outlines all recommended changes to the Proposed FY 2023-24 Budget released on July 14, 2023, as amended at first budget meeting, which includes general fund and other funding adjustments, department-specific adjustments, capital budget updates, recommended fee adjustments, and additional community-based investments.

I. Background

A. Millage Rate

The proposed FY 2023-24 budget presents a one percent reduction for the countywide millage rate – the lowest combined property tax rate since 1982-83. This is a significant reduction, totaling $18.7 million for taxpayers and providing immediate relief to property owners, but a prudent one that maintains and strengthens essential County services. Making any steeper millage reductions now would not be fiscally responsible as we prepare for major upcoming expenses including the implementation of the constitutional offices in FY 2024-25 and required capital investments – and would force the County to make significant cuts to essential services as described below.

The County's FY 2023-24 Proposed Budget is $11.7 billion, of which $7.3 billion is operating and $4.4 capital. The combined growth in the County's budget is 12 percent, 8 percent in operating and 20 percent in capital projects. The operating budget includes personnel expenses which comprise over 50 percent of the operations, including the cost-of-living adjustments included in the Proposed Budget. It's important to point out that the greatest increase to the County's budget are increases to existing capital projects and the addition of new projects, which are focused primarily on transportation (over $700 million from FY 2022-23), in order to build a more future-ready Miami-Dade. This includes major infrastructure projects essential to our community's future growth and prosperity – including the addition of three corridors for the SMART Plan which include the North, Northeast and Beach corridors; the construction phase of large projects for Water and Sewer to protect our clean water supply and fulfill the federal consent decree; Aviation and Seaport projects to ensure the continued growth of our key economic drivers; and the rising costs for construction that continue to impact development worldwide.

This budget is balanced and fiscally responsible – it offers residents relief through a 1% reduction to the countywide millage rate, while also ensuring we can provide the essential services our growing community depends on and can pay for future needs. Any steeper millage reduction will force us to make millions of dollars in cuts to vital services, such as public safety services including police and fire; public transit; parks; critical human services like senior centers, and programs for our most vulnerable families provided by CAHSD; and animal services as we continue tackling a national shelter crisis.

Further, using one-time revenues to fund ongoing services – as has been suggested as a potential means to fund an additional millage reduction – is not a sustainable practice or sound fiscal policy. I strongly urge the Board not to reduce the millage rate further than the reduction already proposed.

II. Proposed Budget Highlights

Corrections and Rehabilitation (MDCR)
The FY 2023-24 Proposed Budget includes funding for a program with Jackson Memorial Hospital (Public Health Trust) that focuses on the rehabilitation of inmates that are diagnosed with mental illness. The program will focus on counseling, support programs and other required resources

tailored to the specific needs of the inmates to reduce the risk of recidivism and enhance their chances of leading productive lives after release. This program is closely aligned with MDCR's renewed focus on preparing inmates for live after prison and preventing recidivism – critical to supporting long-term reduction in the jail population and the success of our efforts to fulfill the federal consent decree. The program will begin in FY 2023-24, is funded with operating expenditures and will provide reimbursements to Jackson up to $1.5 million during the fiscal year.

Parks, Recreation and Open Spaces
The FY 2023-24 Proposed Budget includes funding from the Countywide Infrastructure Investment Program (CIIP) for a study to select a consultant to provide a study for the development of a regional park on the landfill in District 12 for $500,000 (work order PR2023-015). Additionally, the Proposed Budget includes funding for a consultant for the design, permitting, contract procurement and development of a soccer park, in close proximity to the landfill in District 12 for $250,000 (work order PR2023-016); these work orders are funded through capital program 2000001275.

III. Recommended Changes to the Proposed Budget

A. Scrivener's Errors

The following schedules require revisions; The Fire Rescue District (SF001), should be amended to read: Property Taxes (Tax Roll: $239,757,971,408); the Miami-Dade Library (SL001), should be amended to read: Ad Valorem Revenue (Tax Roll: $381,188,489,827); and the People's Transportation Plan Fund, Capital Expansion Reserve Fund, (Fund SP003) should be amended to read: Transfer from PTP Revenue Fund (Fund SP001) $16,204,000 and Total Revenue $16,204,000, see Attachment A.

B. Operating Budget Adjustments

HOMES PLAN

The First Change memorandum dated September 1, 2023, included adjustments to the HOMES Plan as we continue making adjustments to this multi-year program to have the greatest possible impact for residents struggling with an ongoing housing crisis. The Mortgage Relief Program will now be adjusted from $21.9 million to $3.2 million, and the remaining $18.7 million will be used to supplement the Save our Seniors program – which provides much-needed financial relief to seniors every year. Originally, the Save our Senior program provided grants to eligible seniors, with such grant funds to be used to pay for the costs of increased County services such as water and sewer fees. Investing additional dollars in Save our Seniors will ensure these funds go toward providing meaningful resources to some of our most vulnerable residents.

As of July 1, 2023, it is estimated that 36,162 seniors qualify for the Save our Seniors program which is available, among other criteria, to persons 65 years of age or older as of January 1st, having a total household adjusted gross income of $35,167 or less. The $18.7 million will provide

an additional $517 to those seniors for a total of $617 per eligible resident. The grants can be used by seniors to help cover increased costs of food, medications, insurance and County services such as water and sewer bills, solid waste services, and other services. The program will be adjusted to require that the grant be to the senior resident and must be deposited by that individual; to the extent legally permissible, the program will be revised so that neither their estate nor any other individual will be entitled to this funding. To the extent permitted by applicable laws, any returned check will be considered county funds. The Countywide General Fund Budget will be adjusted to reflect an additional $18.7 million in revenues and expenses, and the Miami-Dade Rescue Plan Fund will be adjusted to transfer $18.7 million to the Countywide General Fund. See Attachment B.

Animal Services

The FY 2023-24 Proposed Budget and Multi-Year Capital Plan for Animal Services (ASD) includes funding to establish a dog sanctuary in Miami-Dade. After careful review, ASD determined it would be more beneficial in the long-term to utilize these funds to enhance operational services aimed at reducing the shelter population through spay/neuter and other programs. ASD's Proposed Budget will be amended to reallocate $2.2 million from capital program #9810050- Repairs, Renovations and Various Miscellaneous Projects, funded with General Government Improvement Funds (CO003) to ASD's Operating Fund (G3002) see Attachment B.

The Department will use these funds to expand animal services including programs to reduce the shelter population, increase both adoptions and spay/neuter services, and support animal wellbeing through enrichment activities. To support these enhanced services, the seven positions originally added to "Veterinary Clinic" to operate the dog sanctuary will be reassigned to provide for two Veterinary Technicians to assist with spay/neuter surgeries, add to "Live Release and Shelter Services" two Outreach Specialists to coordinate community adoption events and promote the foster program and two Adoption Counselors to staff off-site location, and add to "Pet Protection Services" one ASD Investigator to investigate breeders, puppy sales, and other cases. Attachment C reflects the adjustment to the Department's table of organization.

Furthermore, from the $2.2 million above, it is recommended that an additional $50,000 be allocated to the Miami Veterinary Foundation, Inc. (total $425,000) and an additional $75,000 be allocated to The Cat Network, Inc. (total $125,000) to provide additional spay/neuter services.

Miami-Dade County animal lovers often turn to the Department of Animal Services for all of their pet concerns, not only dogs and cats. We would like to partner with the following rescues for the remaining balance of the $2.2 million, that will provide services for birds, raccoons, coyote and other county animals:

- Pelican Harbor Seabird Station, Inc. - $50,000 allocation to support this organization in its care of native birds, mammals and reptiles.
- Everglades Outpost, Inc. - $50,000 allocation to support this organization in the rescue, rehab and release they do for the county for animals such as raccoons, coyotes, foxes and reptiles.

- Wildlife Rescue of Dade County, Inc. - $25,000 allocation to support this organization in the rescue of all native species wildlife.

Solid Waste Management

When the FY 2023-24 Proposed Budget was released, the Department of Solid Waste Collection Operations fund (Fund EW001, EW018, and EW019) and Disposal Operations fund (EW007, EW009, and EW026) had the planned three percent Cost of Living Adjustment (COLA) budgeted in its reserves pending a decision on the proposed fees. At the First Budget Hearing, the Implementing Order and schedule was amended to include the fee. As a result, the Department's budget requires an adjustment to reallocate the planned COLA from reserves to operating expenditures ($785,000 in Collection Operations fund, and $400,000 in Disposal Operations fund). Additionally, the schedules in Item H for the Department of Solid Waste Management should be amended to include a correction to the funds as follows; Department of Solid Waste Management, Waste Collection Operations, (Fund EW001, EW018, and EW019) should be amended to read: (Fund EW001, EW018, EW019, and EW038), and Department of Solid Waste Management, Waste Disposal Operations, (Fund EW007, EW009, and EW026) should be amended to read: (Fund EW007, EW009, EW026, and EW037), see Attachment B.

Recommended Fee Adjustments

Implementing Order 4-063 Fee Schedule for Building and Neighborhood Compliance requires clarification on ***Section III. Lien Fees item 1.*** which places a cap on lien processing fees of $500 for unit owners obtaining partial releases of lien recorded against the association for common area violations, as noted on page 26 in Attachment D.

Implementing Order 4-42 Fee Schedule for Environmental Resources Management omitted changes that were approved by the BCC on July 7th, 2022, through Resolution No. R-633-22. Attachment E to this memo has the corrected version of the Implementing Order with the corrections shown shaded on pages 8 and 9.

The Water and Sewer Department (IO 4-110) is proposing to suspend its after-hours disposal fees for domestic waste and fats, oils and grease for a period of one year, as noted on page 31 of Attachment F. The intent of charging a premium for disposing of waste at night (between the hours of 10:01 pm and 5:59 am) was to encourage service use during the day. This fee resulted in trucks lining up at 4 am and not entering the facility until 6 am, causing an unnecessary backlog. The elimination of this fee will not have a fiscal impact on the department.

Community-Based Organizations Funding

Attachment J reflects continuation of the General Fund support, including a three percent increase, to community-based organizations (CBOs) for one year. Contracts with the CBOs overseen by OMB pursuant to IO 3-15 (as listed in Attachment G, with the exception of the Recreation and Culture Grants and Police Grants) are being proposed to be extended for an additional contract year, provided the CBOs are in compliance with all County contracting requirements and are otherwise eligible to receive these funds. Attachment H reflects the cultural programs monitored by the Department of Cultural Affairs.

The FY 2023-24 Proposed Budget, the Library Department included funding for enhanced programming opportunities, including programming that supports literacy, education, training and small business development for residents. The program will include a maximum award allocation of $300,000 per recipient via either performance based contracts, authorized under separate legislation, or a grants via a grant review application process managed by the Miami-Dade Public Library System. For grants, the County Mayor shall be delegated the authority to select and execute grant agreements with the selected recipients.

Miami-Dade Rescue Plan

The Miami-Dade Rescue Plan includes an allocation to the City of North Miami of $3 million for a community theatre. These funds are reallocated to the City of North Miami to provide $2 million for the additional construction costs in Cagni Park, and $1 million for the Museum of Contemporary Art to fund capital improvements to the museum to retain accreditation. The Miami-Dade Rescue Plan also included an allocation for the Environmental Endangered Lands Acquisition and Restoration Project of $4 million and an allocation for the Redland Farmlife School project of $1.5 million.     1. has continuously contained 4.5 or less acres of gross area since September 30, 1997; and

    2. is subject to the Cut and Fill criteria set forth in Chapter 24 of the Code of Miami-Dade County. Including, but not limited to, Sections 24-48.2, 24-8.3, 24-48.21; may contribute as, provided below, to the Miami-Dade County Stormwater Compensation Trust Fund as an alternative means of providing equivalent stormwater management within the same basin in lieu of implementing the Cut and Fill criteria on the parcel of land itself.

    The above-referenced contribution by the property owner shall be computed according to the following formula:

    a. State Certified Property Appraised value as determined within the time period commencing 120 days prior to the date of contribution. $_____

    b. Percent to be paid into the Stormwater Compensation Trust Fund * _____%

The above percentages may be modified depending upon site-specific land use and topographical conditions applicable to each project, together with an engineering report in support of the percentage modification. Any proposed modifications to the above-referenced percentages shall be substantiated by an engineering report submitted to RER by the applicant. The proposed percentages, when applied in the above formula, shall provide stormwater management equivalency to the stormwater management set forth in the Cut and Fill criteria established for the specific basin.

RER shall determine if the proposed modification meets the stormwater management equivalency aforesaid based upon the engineering report prepared by a registered professional engineer licensed in the State of Florida. The burden shall be upon the applicant to prove that the proposed modification meets the aforesaid stormwater management equivalency standard.

No plat or waiver of plan shall be approved until the amount of contribution computed pursuant to the formula above has been paid to Miami-Dade County, and said fee shall be based upon the current appraised value as determined by a State Certified Property Appraiser within the time period commencing 120 days prior to the date of contribution.

When the Port Director determines final abandonment of cargo in any instance, he shall dispose of same under established County procedures.

215. PORTMIAMI ADMINISTRATIVE FEE (C)

A twenty-percent (20%) administrative fee may be charged for (i) every special service contract/agreement Seaport staff is asked to execute and manage on behalf of a port user or (ii) any cost incurred by or on behalf of the Seaport when exercising its rights under Tariff Item 260 or other self-help rights set forth in this Tariff No. 010 or otherwise or (iii) the costs of any other service that the Port provides at the request of a Port user that is not already required to be provided under the terms of this Tariff or a contractual agreement with such Port user.

The twenty (20%) administrative fees will be applied to the total charges, including any late penalties, all of which shall be due to the Port within thirty (30) calendar days of receipt of an invoice therefore.

216. FURNISHING CARGO & CRUISE STATEMENTS AND VESSEL REPORTS

Companies holding an active stevedoring permit at PortMiami are required to submit their final vessel loading and discharge reports for all vessels worked at the Port no later than two calendar days after vessel departure in a format acceptable to the Port Director. Arrangements to submit said reports are to be coordinated with the Port's Cargo Operations division.

This service fee shall be assessed in addition to all other penalties imposed by this tariff. The minimum service fee is ten dollars ($10.00).

218. PAYMENT OF BILLS AND ONLINE PAYMENTS (C)

All charges assessed under this tariff are due as they accrue, and invoices issued by the Port are due and payable upon presentation.

All invoices being disputed by or on behalf of port users, customers, or either's respective agents or employees must be disputed within 30 days of the invoice date, except where payment of any Port fees,

costs, or pass-through costs, fees, or charged must be paid hereunder within a shorter period than thirty days (from invoicing or otherwise), then, in such event, such invoiced fees, charges, and/or costs must be disputed in writing by the (shorter) payment due date provided hereunder or in the subject invoice. Any invoice dispute not timely submitted in writing as required above shall be deemed waived.

Any invoice remaining unpaid the on the last day of the month following the month billed, or, where applicable, remaining unpaid on the last day of any shorter payment period set forth in the subject Port invoice or otherwise required in this Tariff, is delinquent, and the Port users billed will be placed on a delinquent list.
A delinquent invoice is subject to a late fee of one- and one-half percent (1-1/2%) simple interest for each month or pro rata fraction thereof that said invoice remains delinquent at end of the month or such lesser payment period as may be otherwise provided in the invoice or elsewhere in this Tariff.

If collection procedures are pursued, an additional collection fee of up to 30% of the amount of the delinquent invoice will be added to the invoice amount. This collection fee will reimburse the Port for any amount due or paid to the Miami-Dade Finance Department for their collection effort. Payment of an invoice at PortMiami after the invoice has been sent to the Miami-Dade Finance Department for collection does not waive the collection fee.

Collection procedures include, but are not limited to, sending the delinquent invoice to the Collection Division of the Miami-Dade Finance Department at 111 NW 1st Street, 26th Floor, Miami, Florida 33128.

Payment for returned checks dishonored by the bank (NSF) shall be made pursuant to Florida Statute (F.S. 832.07). In the event where a Port user has presented more than one (1) NSF check to the Port for payment, the Port Director, at his discretion, may require the Port User to pay the Port via a cashier's check, payable from a local bank, or an alternative method of payment approved by the Port Director or his designee.

The Port assigns the responsibility for the collection and payment of all charges assessed on a vessel to the Ship's Agent Company authorized by the Seaport Director to file the Request for Ship's Berth Assignment for the vessel. The Port must be paid according to the terms stipulated in this tariff item regardless of when the Ship's Agent, vessel, its owners, or agents are reimbursed.

The Port reserves the right to refuse the use of Port facilities and services to any Port user on the delinquent list and to demand payment of charges in advance before further services are performed or facilities used.

Sales Tax

Rates and charges contained in this tariff are exclusive of any sales tax. Applicable sales taxes shall be paid to the Port at the time and by the entity responsible for payment of the tariff charges for which the tax is imposed.

Applicable sales taxes are further explained in Florida Statute Title XIV, Chapter 212 "Tax on Sale, Use, and Other Transactions". Current sales tax rate is 6.8% on Commercial Real Property Rental, and 7% on everything else.

Cruise and cargo shipping lines may elect to pay all invoices directly to the Port. Shipping lines choosing direct billing may contact the Port's permit section to set up the account, which still requires a permit, insurance coverage and payment guarantee, as per Items 714 and 222 of the Tariff.

On-Line Payments

Invoices can be paid on-line using the Port's SeaPal online service via e-checks. The Port also offers online payments for account replenishment for ground transportation using e-checks. There are no processing charges for any e-check transactions.

Invoices of $10,000 or less can also be paid online using a credit card subject to a 2.5% fee payable at the time of payment. There are no processing charges for any honored and successful e-check transactions.

All ground transportation companies are required to pay for trip fees using the online services, using either the account replenishment method or making a payment on a one-time basis. For companies that infrequently visit the Port, less than 5 times per year, prior arrangement for a trip and payment must be made and communicated through the permit section at the Port before the company's vehicle(s) visit the Port.

Shipping companies, cruise and/or cargo, or their agents, are required to pay all invoices via wire transfer or using the Port's SeaPal online payment service.

219. TEMPORARY EMERGENCY CHANGES TO TARIFF

The Seaport Director shall have the authority to implement emergency temporary changes to this Tariff to remain competitive with other ports. These temporary changes must be consistent with the provisions of Item 200, be documented and submitted to the Office of the Miami-Dade County Mayor, with copies to the County Finance and Budget Directors, and require a prior written finding by the Seaport Director that such changes will not result in the Seaport producing less Revenues (as defined in the Seaport's Bond Ordinance (Ord. No. 88-66) as amended) unless, in the opinion of the Seaport Director, overall Port rates, fees, rentals and other charges, as so changed, revised, or reduced, will produce sufficient Revenues to comply with the coverage and other requirements set forth in Section 501(c) of Ordinance 88-66 as amended.

If such temporary changes are to remain in place for a period of over twelve months or more than one fiscal year, they shall be submitted to the Board of County Commissioners for approval as part of the Seaport's budget for the following fiscal year.

220. ACCESS TO RECORDS

All vessels, their owners and agents, and all other users of the waterways and facilities, shall be required to permit access to manifests of cargo, passengers, railroad documents, and all other documents for the purpose of audit for ascertaining the correctness of reports filed, or for securing the necessary data to permit correct estimate of charges.

All users of Port facilities shall pay all claims, fines and losses in connection therewith and shall investigate and defend all claims, suits or actions of any kind or nature in the name of the County, where applicable, including appellate proceedings, and shall pay costs, fines, judgments and attorneys' fees which may issue thereon, provided the County shall have given reasonable written notice of such matter with full right to defend and shall cooperate in such defense.

222. PAYMENT GUARANTEE

Users of the Port facilities are required to furnish the County with a Payment Guarantee, insuring the County against loss of any funds and indemnifying the County in full for the payment of bills that accrue as a result of dockage, notices of violation, cargo and passenger wharfage, water sales, storage, rentals, leases, warehousing, wharf demurrage, track rentals, electric current and any other charges that may accrue for services rendered by the County. The Port Director is authorized to determine and fix the amount of the required Payment Guarantee. The Port Director is also authorized to designate the persons who shall be required to post the bond required by this section.

Standard Lease (boilerplate) Agreement Lessees shall furnish to the Port a payment guarantee prior to occupancy of the leased space equivalent to the duration of the cancellation notification: thirty (30) days for a month to month lease term and ninety (90) days for 1 to 5-year lease terms. Lessee may elect to post said guarantee as an Indemnity Bond (Bond), an Irrevocable Letter of Credit (ILC) or via company check, provided the Bond or ILC (as applicable) is in a form acceptable to the County.

223. EMERGENCY TARIFF WAIVER FOR HURRICANES AND NATURAL DISASTERS

The Seaport Director or his designee, at his sole discretion, shall have the right to reduce or waive applicable Port fees for donated humanitarian relief efforts in case of a declared emergency by the President of the United States, the Governor of the State of Florida, or another state, or for a natural disaster suffered by a country served by an ocean carrier and/or cruise line customer of PortMiami.

Such waivers and/or reductions may include dockage, wharfage and crane rates per participating ocean carrier or cruise line. In lieu of Tariff rates, the Director shall have the right to reduce or waive rates set forth in the various County-approved cargo terminal agreements and/or approved agreements with cruise lines.

Such waivers and/or reductions shall be limited to those ocean carriers and/or cruise lines who are also waiving their transportation fees for donated hurricane relief supplies relating to food, lodging, medicine, construction materials and equipment, and/or resources provided by governmental or charitable agencies. In order to qualify for such waiver or reduction, the participating ocean carrier or cruise line must verify and provide documentation to the Port, including a manifest or certified statement identifying those items that may qualify for such waiver or reduction.

224. INSURANCE

The rates and charges published in this tariff do not include any insurance of any nature. All permitted users of the Port facilities are required to carry both Comprehensive General Liability Insurance and Auto Liability Insurance. Certificates of Liability Insurance must show Miami-Dade County as Certificate Holder and indicate that insurance coverage meets the following minimum requirements: (1) Commercial General Liability Insurance on a comprehensive basis in an amount not less than $300,000 combined single limit per occurrence for bodily injury and property damage; and (2) Automobile Liability Insurance in an amount not less than $300,000 combined single limit per occurrence for bodily injury and property damage. Miami-Dade County must be shown as an additional insured with respect to both polices. Additional coverage may be required pursuant to other sections of this Tariff. Cartage companies are required to carry a minimum of $1,000,000 liability insurance.

Companies unable to provide valid proof of insurance (other than TNCs/TNEs) will be immediately required to cease operations and will have their permits automatically suspended until valid proof of insurance is received and validated by the Permits Section. Companies falsifying insurance documentation will be automatically subject to a $1,000 fine and the immediate suspension of the permit for a duration determined by the Port Director or designee.

Insurance Requirements for Cartage Companies

All cartage companies doing business at PortMiami must comply with the insurance requirements set forth in Section 224 of this Tariff and must provide the Permits Section with a Certificate of Liability Insurance listing all insured drivers and vehicles. Any and all changes to the company's driver/fleet schedule must be reported immediately. It is the company's responsibility to maintain their company's driver and insurance records up to date. Failure to do so may result in the suspension of the company's permit for a period determined by the Port Director or designee.

Information submitted by the insurance company and/or the managing general agent concerning insured drivers/vehicles will be compared to the Port's identification system as to the number of issued Port ID cards. Any discrepancies must be remedied within two (2) business days after notice from the Port, or in the event a permit holder has a discrepancy more than twice in a fiscal year, a fine of $1,000 will be assessed for the first violation. The second violation will result in the suspension of the permit.

All drivers renewing their Port identification cards must show proof of insurance and/or approval of insurance to the Port's Identification & Credentialing Section. A cartage company's failure to report a change in an employee's work status (termination) within 7 days after the change may result in suspension of the Port business permit. Reactivation and addition of any cartage company's drivers will be granted only after verifying that the cartage company is in compliance with the insurance requirements.

If a driver and truck fail to prove insurance coverage on any spot check while at the Port, the vehicle and driver may be required to leave the Port immediately.

All cartage company drivers wishing to work for two companies on one (1) Port identification card must show endorsement and proof of insurance coverage covering the driver's work for each such cartage company from both companies of record.

Insurance Requirements for Stevedores

Stevedores Legal Liability Insurance and Comprehensive General Liability Insurance coverage shall be provided as liability against damages resulting from loading and unloading vessels by the stevedore. This insurance shall be a minimum of $5,000,000.00 for each occurrence. Insurance coverage must include USL&H (United States Longshoremen and Harbor Association) coverage as required by the Longshore Act.

Miami-Dade County, Florida (Port of Miami-Dade) and the crane maintenance management company shall be named as additional name insured.

A service fee will be assessed for the collection of a dishonored check, draft, or other order for the payment of money to the Port of Miami-Dade, including for collection of unsuccessful or dishonored e-checks transactions, in accordance with the rate structure established by Miami-Dade County, in Administrative Order 4-86. This service fee shall be in addition to all other penalties imposed by this tariff.

227. INAUGURAL ACTIVITIES

In order to promote PortMiami, attract new business and remain competitive with other ports, upon written request, the Seaport Director may authorize a reduction or waiver of dockage (not to exceed three days), passenger wharfage, and harbor fees for inaugural activities for vessels to be homeported in Miami.

Upon receipt of an advance written request, prior to the vessel's first call, to waive or reduce fees for inaugural activities, the Seaport Director may authorize such waiver or reduction under the following

Greeters are to stand at a pre-approved waiting area, designated by PortMiami, no more than two greeters per company, per terminal. Greeters must use proper and professional signs in greeting their clients. Signs must clearly display only the name of the permitted company, not destinations, prices, and/or variations from the company name approved to operate at the Port. PortMiami Cruise Operations has the authority to confiscate any signs that do not meet the required standards. Greeters are only allowed to greet their company clients and will not sell or attempt to sell on-demand transportation services. Violators are subject to all rules and regulations including the confiscation of Port Identification, administrative fees, and progressive disciplinary actions set forth in this Tariff.

Pre-arranged Ground Transportation & TNC/TNE Vehicle Lot

Pre-arranged ground transportation vehicles identified as, but not limited to, vans, sedans, limousines, and minibuses, are to remain in the Pre-arranged Ground Transportation Lot designated by PortMiami Operations or, as applicable, in the designated Pre-arranged Ground Transportation TNE Lot. Such non-TNE vehicles are to remain inside the Pre-arranged Ground Transportation Lot until called upon by the pre-arranged ground transportation greeters for immediate pick up of their passengers with reservations. Pre-arranged Ground transportation vehicles are not to circle PortMiami as they wait for passengers to exit the terminal. The Pre-arranged Ground Transportation Lot can be relocated (or even removed) by the Port depending on property/ground needs and availability.

Notwithstanding the foregoing, TNC/TNE vehicles may only use pre-arranged ground transportation lots designated by the Port for TNC/TNE use. Except as may be prohibited by law, neither TNC/TNEs nor their associated vehicles or drivers may use greeters in connection with any offered on-Port pickup service. Violators are subject to all rules and regulations set forth in this Tariff.

Ground Transportation - Administrative Fees

Ground transportation companies that do not comply with the operational requirements of the Port, including but not limited to, failure to maintain valid insurance, failure to report any changes in the company's vehicle fleet, failure to stage greeters in designated areas, or failing to pay applicable Port fees or charges as and when due, are subject to the following fees and/or actions:

Violation Type	Fines
Operating without Valid/Active Permit	$1,000.00
Delinquent Balance	$100.00
Failure to Report Fleet Changes	$100.00
Improper Staging	$100.00
Greeter Violations	$100.00
Obscene, Aggressive or Threatening Conduct	$100.00
Other Violations of Rules & Regulations	$100.00

Companies with three (3) violations or more for the same infraction will be automatically subject to fine of $1,000. Individuals with more than three (3) violations for any infraction are subject to the removal, suspension and/or cancelation of their Port identification cards.

Companies advised of any discrepancies or violations will have two (2) business days to bring their PortMiami accounts into full compliance. Failure to do so will result in a $1,000 fine and adversely affect the company's ability to continue operating at the Port. The Port Director or designee has full discretion to suspend or revoke a company's permit if found in violation of Port regulations and/or Port Tariff No. 010.

Anyone who engages in obscene, aggressive or threatening conduct on Port will be subject to a $100.00 fine. Three (3) violations or more will be automatically subject to the confiscation of their Port Identification pending a hearing with the revocation committee to address further disciplinary proceedings, which may include, in the discretion of the committee, the revocation of the repeat violator's Business permit.

Notwithstanding the foregoing, certain Tariff restrictions may be deemed inapplicable, in whole or in part, to the limited extent such restrictions (as applied to certain persons or matters) are expressly preempted by prevailing federal or state law.

TNC/TNE – General Operations

All TNC/TNE vehicles entering PortMiami should be in compliance with applicable state requirements.

Car Rental Courtesy Shuttle Companies

Rental car companies conducting business activities at PortMiami but not operating under a non-exclusive license agreement with the Port shall be assessed a percentage of the gross revenues arising from such activities at an annual rate of 8%. Business activities for rental car companies include, but are not limited to, the pick-up of passengers via courtesy vehicles for transportation to rental car facilities off the Port. Payment and supporting documentation for these fees must be submitted to the Port's Permit Section on a monthly basis.

Rental car companies, upon prior notice from PortMiami, shall allow inspections and audits by the County, through its employees and/or representatives, of all records and books of account, including such records as may be required by the County to be maintained by the rental car companies including, without limitation, any records needed to calculate or verify "gross revenue." It is further understood and agreed that the car rental company shall make all the records, books of account, and other documentation available at a local location designated by the Port.

716. LIQUEFIED NATURAL GAS (LNG) BUNKERING

All LNG bunkering companies holding a business permit with PortMiami are required to provide a copy of the Hazard Identification Risk Analysis (HAZARD), Emergency Response Plan, Operational and Safety plan, a Hurricane Plan, an Emergency contact list, and copies of the completed documents from their respective Safety and Security Hazard Identification Studies (HAZID) for each respective berth.

PortMiami shall approve each site and/or berth where LNG bunkering is performed. Berthing of LNG vessels along port may be permitted for a maximum of two days when a berth is available. Berthing location will be assigned by the port based on availability and vessels may be required to vacate berthing space if needed for other port operations. The permitted LNG bunkering company must provide an advance request to the port for all LNG bunkering operations and notifications for all LNG transit and bunkering operations. The final notification will include the quantity of LNG transferred from the barge to the vessel.

All permitted LNG bunkering companies must abide by all international, federal, state and local laws and regulations, in addition to industry dictated LNG policies, guides, standards and regulations. All LNG bunker operations are subject to the approval of the Captain of the Port.

717. SHORE POWER (I)

PortMiami will offer shore power at five cruise terminals: Cruise Terminal A, Cruise Terminal AA, Cruise Terminal B, Cruise Terminal F, and Cruise Terminal V during fiscal year 2023/24. Shore power allows ships, through high voltage electrical infrastructure and equipment, to plug in to the electric grid while berthed and reduces emissions from these docked ships. Power is extended to the ships from a shore power substation through a mobile cable management system that provides the plugs to supply electricity to cruise ships.

Availability

The Port anticipates having enough electrical capacity for 3 ships to be plugged in at the same time across 5 cruise terminals. There will be a 'switch' for PortMiami to direct which terminal (or terminal berth) will receive power among the three pairs of terminals/berths listed below. Ships that are shore power ready must hook up to the shore power system when shore power is available at their assigned terminal. On an annual basis, PortMiami will update the preferential shore power berth allocation schedule amongst:

- Cruise Terminal F or V
- Cruise Terminal A or B
- Cruise Terminal AA – Berths 8 or 9

If the vessel assigned to preferential terminal with shore power allocation is not going to use the shore power system, then the allocation will automatically be given to the other shore power terminal. Shore power will NOT be available to share simultaneously amongst two shore power enabled vessels at any of the paired shore power terminals listed above. It is the cruise line's responsibility to verify shore power berthing allocation thirty days prior to arrival.

Connectivity

It shall be unlawful for any vessel to connect to, receive, or use any electrical current supplied at PortMiami without written permission from the Director or Director's Designee, and without having paid or agreeing to pay any and all charges, sur-charges, fees, taxes, and assessments related thereto as set forth in this tariff.

Vessels that plan to call at PortMiami and intend to plug into shore power must be commissioned prior to plugging into the shore power system. Commissioning refers to the process of preparing a unique vessel to successfully plug into the shore power system at PortMiami. Only vessels commissioned by the Port's Commissioning Agent will be allowed to plug in to the Port's shore power system. The Port's Commissioning Agent, through the Berthing Office, will maintain a list of approved shore power vessels that are able to plug in at PortMiami. Cruise lines should notify both their Port agents and the Port when a vessel is scheduled to arrive in port and needs to be commissioned. Commissioning must be repeated until the Port places the vessel on the list of approved shore power vessels.

In accordance with FPL's interconnection requirements, the vessel shall allow representatives from FPL to observe the shore power connection point on the vessel, at reasonable hours and upon reasonable notice or at any time without notice in the event of an emergency or hazardous condition, for any reasonable purpose in connection with the performance of the power delivery or necessary to meet its legal obligation to provide service to its customers. FPL may require additional information, within reason, depending on the size of the ship's onboard generators. The cruise line must promptly provide the information prior to the vessel's arrival at PortMiami for shore power connection.

Shore Power Charges

Any vessel requesting or receiving shore power and/or shore power related services at PortMiami shall be responsible for, and shall pay the Port upon being invoiced for, all Shore Power Charges. As used in this tariff, the term "Shore Power Charges" is defined as, and shall be deemed to mean and include the sum of all FPL, commissioning, operations and maintenance, and processing fees, charges, sur-charges, costs, assessments, and taxes as set forth below:

a. FPL costs: All charges, sur-charges, fees, assessments, and taxes imposed, charged, or billed by or from FPL, including, without limitation, customer charges, energy charges, fuel and other sur-charges, demand charges, capacity charges, franchise fees and taxes, environmental and hurricane charges or assessments, and any other power related costs, fees, charges, assessments, and taxes imposed, charged, or billed by or on behalf of FPL in connection with or relating to the generation, transmission, or distribution of shore power to PortMiami, to any vessel berthed at PortMiami, or to any PortMiami customer. Electrical service for shore power is supplied by FPL and is subject to changes in rates without notification from PortMiami, changes or increases for which PortMiami-berthed (shore power ready) cruise vessel shall be responsible. In addition, the landside electrical charge(s) by FPL for the shore power system will also be charged.

b. Commissioning and Cost: Initial commissioning and registration of each shore power enabled vessel; the Port charges $3,600 per commissioning event for each unique vessel, payable in advance.

c. Operations and Maintenance costs (non-power):

    i. Daily cost for the connection, disconnection, maintenance, and monitoring of shore power, including, among other things, operation of each terminal's cable management system. This cost covers the Port's cost to connect and disconnect a vessel from landside shore power via the Port's cable management system, monitor such connection, and to maintain shore power related landside electrical infrastructure, structures, switchgear, transformers, feeders, circuits, breakers, equipment, cabling, cable management systems, and other shore power associated equipment. In addition, this will include the warranty cost to cover equipment cost and installation. The Port charges $4,115 each day, or any fraction thereof, during which shore power is connected or provided to the vessel, payable monthly in

advance, and subject to quarterly reconciliation by the Port as needed.

ii. Processing Fee: In addition to the daily charges set forth in subsection (c)(i) above, PortMiami will charge a monthly processing fee of $170.00 to each vessel connecting to shore power at any time during the preceding month or billing cycle, payable monthly in advance.

These charges may be adjusted on a yearly basis in accordance with actual Operations and Maintenance charges.

Allocation of FPL Cost Component of Shore Power Charges

By virtue of connecting to PortMiami's shore power system, a connecting vessel and its operator and owner agree to be responsible for, and to pay the County monthly upon demand, for all Shore Power Charges relating to or associated with the cruise berth pair(s) to which such vessel has connected or is on schedule to connect in any given month. Each shore power commissioned cruise vessel that connects to any one of the Port's three shore power enabled terminal/berth pairs in a given month or billing cycle, shall, along with its operator and owner, be jointly and severally responsible for, and shall pay the Port upon demand, for such vessel's pro rata share of all FPL invoiced fees, charges, sur-charges, costs, and taxes as allocated by the Port based on such vessel's monthly aggregate consumption of shore power (in kWhs) as compared to the overall consumption of shore power at said terminal/berth pair during the same monthly billing cycle. By example, if in a given month shore power commissioned vessel X connects to a shore power enabled terminal four times and consumes 50,000 kWhs of shore power during that month, as compared to total terminal/berth pair shore power consumption in the same month of 100,000 kWhs, then cruise vessel X would be responsible to reimburse PortMiami upon demand for fifty percent (50%) (50,000/100,000 = .50) of the total monthly FPL bill associated with that cruise terminal/berth pair.

Payments for the FPL cost component of Shore Power Charges are due and payable to the Port on a monthly basis, in advance, and such payments must be received by the Port within thirty (30) calendar days of receipt of a Port invoice therefor. Monthly invoices for advance payment of FPL cost related Shore Power Charges shall be estimated by the Port based on cruise vessel deployment schedules, the anticipated number of monthly (shore power ready) vessel calls at each of the Port's respective three shore power terminal pairs, and FPL estimates of, and/or prior FPL bills for, shore power electrical usage and/or costs at each of the Port's respective three shore power terminal pairs. Any Shore Power Charges not fully paid within thirty (30) calendar days of invoicing shall be deemed late and will be subject to Port late fees and finance charges in the amounts set forth in Port Tariff Item 218. Any disputes relating to or arising from any shore power related invoice must be presented to the Port in writing within thirty (30) calendar days of receipt of said invoice or any potential disputes thereof shall be deemed waived. On a quarterly or more frequent basis, at the Port's election, the Port shall reconcile such shore power user advance payments of the FPL cost component of Shore Power Charges against such user's pro rata allocation of actual FPL shore power costs (as allocated by the Port based on such vessel's monthly aggregate consumption of shore power (in kWhs) at a particular Port shore power terminal pair as

compared to the overall consumption of shore power (in kWhs) at said terminal/berth pair during the same monthly billing cycle). Based on such reconciliation, the Port shall issue appropriate credits for prior FPL cost related Shore Power Charge overpayments received (if any) and shall invoice users of shore power for any prior FPL cost related Shore Power Charge underpayments, with payment of such invoiced underpayment amounts being due to the Port within thirty (30) calendar days of such user's receipt of a Port invoice therefor.

PortMiami may deny shore power service to any vessel, line, or vessel operator whose shore power account is delinquent, not up to date, or otherwise not in good standing. The Port reserves the right to require users and potential users of shore power at PortMiami to establish their own shore power electric accounts with FPL and to be billed directly by, and to pay, FPL for all FPL related Shore Power Charges at no cost to the County.

Notwithstanding and prevailing over any contrary term or implication set forth in any Preferential Berthing or Lease Agreement, the Shore Power Charges shall not, either individually or in aggregate, be deemed to constitute a material and/or adverse change event or give rise to any material and adverse change relief or remedy as may be set forth, referenced, or contemplated in any existing preferential cruise berthing or similar agreement between the County and any cruise line. Additionally, by requesting or connecting to the Port's shore power service system, cruise vessels and their respective lines, owners, and operators acknowledge and agree that neither passenger wharfage nor dockage fees imposed hereunder or otherwise include access to or provision of shore power or any other utilities to any vessel.

Section Eleven: General Information

800. MIAMI HARBOR

The Miami Harbor embraces the artificial basins, slips and channels that have been dredged along the bay front of Miami and in the bay and through the waters of Biscayne Bay to the ocean, and is located generally at Latitude 25-46' No. Longitude 80-10'W.

802. MAIN CHANNEL

The entrance to the main channel is directly east of the City of Miami, approximately 4.5 miles. The sea buoy marking the channel entrance through the reef is about 2 miles offshore. The entrance is an artificial cut 800 feet wide flair, known as Government Cut, dredged across the southern end of Miami Beach. It is protected by jetties and is well marked. A channel has been developed to a control depth of 52 feet deep, and 500 feet wide on the sea end to the jetties. The main channel along the northside of Lummus and Dodge Islands is 500 feet wide with a 36-foot control depth which continues westward across Biscayne Bay to the main turning basin.

806. FISHERMAN'S CHANNEL

From Government Cut, the Fisherman's Channel has been dredged with a control depth of 50 feet for the easternmost 6,120 feet and 540 feet wide and a control depth of 34 feet for 5,283 feet and 500 feet wide to the west. Fisherman's Channel provides a direct connection to the wharves on the south side of Dodge and Lummus Islands and the mouth of the Miami River.

807. LUMMUS TURNING BASIN

Located at the wide point of the Fisherman's Channel, east of the channel slip, the Lummus Turning Basin is a 1,500-foot wide turning basin at a control depth of 50 feet.

808. MAIN TURNING BASIN

The Main Turning Basin, located in the western end of the Main Channel, is 1,700 feet north and south and 1,650 feet east and west, with a control depth of 36 feet.

809. WESTERN TURNING BASIN

Located at the western end of Fisherman's channel, the Western Turning Basin has a width of 900 ft. with a control depth of 30 ft.

810. FISHER ISLAND TURNING BASIN

The Fisher Island Turning Basin is a truncated turning basin between the main channel and the north side of Fisher Island and is dredged 50 feet to provide a turning basin at the junction of the Main and Fisherman's Channels.

816. ANCHORAGE

The prescribed anchorage area for vessels anchoring outside the harbor is located eastward of a line about

1.5 nautical miles offshore and northward of a line about 0.2 nautical miles north of the sea buoy at the entrance to the ship channel. The entire anchorage area lies north of the entrance channel to Miami. The northern and southern extremities of this area are marked by nun buoys. Vessels desiring to anchor off the entrance to the Harbor of Miami are required to do so within this area, to avoid possible damage to cables laid on the ocean bottom in the vicinity. Refer to anchorage area 110.188 on National Oceanic and Atmospheric Administration Survey Chart # 11466 & # 11468.

818. TIDES AND TIDAL CURRENTS

The normal mean tidal range at the entrance to Miami Harbor is 2.5 feet, and in the bay, it is about 2.0 feet. The extreme tidal range is about 4.0 feet at the entrance. Easterly winds sometimes raise the water level 1.5 feet at the entrance and from 1.0 to 0.5 feet in the bay.

The tidal currents at the entrance to Biscayne Bay may reach a velocity of 1-1/2 to 3 knots through the main channel.

ATTACHMENT B

Narrative

Introduction

The operations and activities conducted by the Miami-Dade County Department of Solid Waste Management ("DSWM" or the "Department") are directed primarily by the provisions of Chapter 15 of the Code of Miami-Dade County (the "Code").

Residential Waste Collection Service

In accordance with the provisions of Sections 15-2 (Solid Waste collections services, container usage, condition, and location) and 15-13 (County collection of solid waste) of the Code, DSWM is authorized to provide waste collections services "to all areas of the County where solid waste collection service is provided" and furthermore that "All residential waste collection within said areas shall, *at the discretion of the Director,* be serviced *only* by the Department". Additionally, the "Director shall have the power to establish the type of solid waste collection service to be rendered to all areas where County solid waste collection service is provided, and to promulgate rules and regulations not inconsistent herewith". Section 15-24 of the Code directs the Department to charge and collect fees for the provision of these waste collection services to residential, multi-family residential, and commercial units.

Accordingly, DSWM provides and collects fees for waste collection and recycling services to single-family, duplex, triplex and quad living units in unincorporated Miami-Dade County and the cities of Aventura, Cutler Bay, Doral, Miami Gardens, Miami Lakes, Opa-locka, Palmetto Bay, Pinecrest, Sweetwater and Sunny Isles Beach. In addition, curbside recycling services are also provided to those cities that have inter-local agreements with Miami-Dade County, including El Portal, Florida City, Medley, Miami Beach, Miami Springs, North Bay Village, South Miami, Virginia Gardens and West Miami.

Other Waste Collection Services

In addition to the services provided to residential units as outlined in the previous paragraph and per the provisions of Section 15-14 (Special collections, fees, extra charges) of the Code, the Department is authorized to perform any special collections or waste services not directly addressed in the Chapter "pursuant to such conditions as may be specified by the Director" and is further authorized to charge and collect fees as approved by the Board of County Commissioners (the "Board"). For example, Section 15-2. (Solid waste collection services, container usage, condition and location) of the Code, requires commercial business and multi-family properties to maintain waste collection service, but offers them the choice of either "the proper governmental agency able to provide such services or that of a licensed solid waste hauler authorized to perform such services." Accordingly, the Department offers these services to these establishments. Also, per Section 15-14 of the Code, other waste services specifically include the service of removal of any illegally dumped materials and the Department is directed to "charge and collect fees for such services" as provided for by the implementing order.

Section 15-12 (Emergency powers of the Director) of the Code, also provides DSWM with "the authority to suspend, modify or expand services provided by the Department ... in such emergency circumstances as national disasters, civil disorders or other circumstances" and to collect fees accordingly. Through this authorization, and in accordance with the needs of the community, the Department plays a major role in storm debris clean-up following a significant event.

Permitting

In accordance with Section 15-17 of the Code, DSWM is directed to manage the permitting of General Haulers, Landscaping Businesses, Waste Tire Generators, Waste Tire Transporters and Small Haulers. The Department is directed to administer the application process, and charge and collect fees accordingly inclusive of application fees (Section 15-17-1), vehicle registration fees (Section 15-17.4), and annual permit renewal fees (Section 15-17.6).

Code Enforcement Activities

As part of its responsibilities, DSWM may prosecute violations of Chapter 15 (Solid Waste Management) of the Code. Violations of this chapter may be prosecuted pursuant to Chapter 8CC (Code Enforcement) of the Code. In addition to the provisions in Section 15-5 of the Code, DSWM may institute civil action in a court of competent jurisdiction to recover damages, civil penalties, and enforce compliance with terms of Chapter 15, as per Section 15-32 (Enforcement and penalties for violations of Chapter 15) of the Code. This includes enforcement provisions of Sections 15-2, 15-2.1, 15-2.2, 15-2.3, 15-2.6, 15-5, 15-5.2, 15-6, 15-7, 15-8, 15-17, and 15-25 of the Code. For additional information regarding Code Enforcement, please refer to Miami-Dade County IO No. 2-5 on Code Enforcement.

Waste Disposal Services

Miami-Dade County owns and operates three (3) Landfills and three (3) Regional Transfer Stations for waste disposal, and owns the Resources Recovery Facility where waste is converted into energy that is used to power the plant and exported to the power grid. Per the provisions of Section 15-25 of the Code, the Department is directed to charge and collect fees for use of these facilities as approved by the Board.

Additionally, per Section 15-25.2 (Disposal Facility Fee payable to the County) of the Code, private haulers operating in the Disposal Facility Fee area of the County are directed to make a monthly remittance to DSWM in an amount equivalent to fifteen percent (15%), less the 2.5% administrative credit plus any applicable late fees, of the prior month's receipts for collection and disposal services provided in Miami-Dade County, excluding any related to recyclable materials, Construction and Demolition (C&D) debris or compactor leasing.

Also, per Section 15-25 of the Code, the only exemption to the requirement for full fee collection for disposal services is a fifty percent (50%) discount (not applicable for transfer station fees) offered to charitable organizations which accept household discards for reuse, reconditioning or repurposing.

RE: Miami-Dade Aviation Department
Fiscal Year 2024 General Aviation Rental Rates and Charges Review

Dear Mr. Warren:

Slack, Johnston & Magenheimer, Inc. has been retained to provide appraisal services as part of our professional service agreement approved by EPPRFP-01396. The scope of this analysis is limited to estimates of annual market rent for various properties located at Miami-Dade County's general aviation airports. This letter provides summary information in a restricted appraisal report format. A restricted appraisal report format may not contain all the supporting rationale for all of the opinions and conclusions set forth in this report. Additional information concerning the analysis is retained in our files. This analysis is intended to comply with the Uniform Standards of Professional Appraisal Practice (USPAP). The intended use of this report is to assist Miami-Dade County establishing rental rates at their general aviation airports. The client/intended user is the Miami-Dade Aviation Department and this report is limited to their use. Market rent is defined in the Dictionary of Real Estate Appraisal and the effective date of this report is stated above.

The scope of appraisal services includes estimates of the annual market rental rates for various properties at Miami-Dade County's general aviation airports, including Miami-Opa Locka Executive Airport (OPF), Miami Executive Airport (TMB) and Miami Homestead General Aviation Airport (X51). Our analysis has included visits to the airports and the improvements, as well as market research of similar aeronautical and non-aviation properties that have been compared to the properties that are the subject of this report.

Our general aviation rental rate analysis included a review of the method of establishing rental rates and charges. Generally, airports within Florida do not sell; therefore, determining rental rates and charges based on capitalization of sales prices is not possible. There are two generally acceptable methods of estimating rental rates: 1) a market comparative analysis based on market research and 2) a comparison of non-airport (off-port) land and improvement values to airport (on-port) properties. As such, the traditional approaches to value are not considered relevant to this analysis, with the exception of sales and income approaches in the analysis of the non-aviation land. It is our opinion that market research produces the best method of estimating rental rates between similar property types. This method serves as the basis for our estimation of fair market annual rental rates for the Miami-Dade County's general aviation airports.

Mr. Robert Warren

We have reviewed local and national surveys of airport rates and charges. Our research revealed there is limited, reliable survey information available for annual rental rates at airports in Florida. Our research included a direct survey of over 50 public general aviation, as well as non-hub and small-hub commercial airports within Florida. Our market research focused on general aviation rental rates and charges within Florida based on a direct questionnaire, as well as telephone interviews with several airport managers and fixed base operators. This was a direct survey and the reliability of the information collected is considered good.

The primary focus of our survey was rental rates and charges for airport properties, including both aeronautical and non-aviation uses. The airports have been compared based on location, physical size, annual operations, based aircraft and fuel flowage. The data collected includes statistical information described above, as well as rates and charges for various types of airport properties.

Our survey indicates that, although there is a wide variation in geographic locations and non-aviation property values throughout Florida, there are several similarities in rental rates and charges for various components at general aviation airports. Airports were compared based on activity levels relating to geographic locations, physical size, number and length of runways, based aircraft, annual operations and fuel flowage.

In our research, the primary focus of airport comparisons was based on geographic location and relationships between based aircraft, operations and fuel flowage. The survey information was collected and analyzed for the purpose of comparison to Miami-Dade County's general aviation airports. The airports were compared based on their activity levels, as previously discussed.

Based on our market analysis, we have recommended revising the current rental rates slightly for most of the properties at the County's general aviation airports. It was noted, the market conditions for the non-aviation properties at the general aviation airports continue to change based on market sales analysis. It is recommended the County continue to undertake individual appraisals of the non-aviation properties to establish rental rates on a case-by-case basis to best reflect market conditions at the time.

Based on our research and analysis, we recommend revising many of the rental rates for Fiscal Year 2024. Refer to the attached FY2024 Rental Rate Summary for each airport. The following changes to general aviation rental rates for FY2024 are recommended.

Miami Homestead General Aviation Airport –
Aeronautical Land - Increase the annual aeronautical land rental rate $0.01 per square foot to $0.11 per square foot.
Pavement – Increase the annual pavement rental rate $0.01 per square foot to $0.08 per square foot.

Re: Miami-Dade Aviation Department

Miami, Florida 33102

Dear Mr. Cutié:

Pursuant to *Resolution No. R-34-03*, we are submitting a summary of our conclusions for:

1. Land Rental Rates
2. Paving Rates
3. Building Rental Rates
4. Parking Rates

Waronker & Rosen, Inc is the contracted appraisal firm for the Miami-Dade County Aviation Department responsible for providing annual rental rates at Miami International Airport, for non-terminal properties. In preparation of annual rental reports, the following steps are normally taken.

- Inspect non-terminal buildings at Miami International Airport
- Gather and analyze land sales in areas surrounding Miami International Airport and derive appropriate rates of return (capitalization rates) on land from various sources
- Inspect non-terminal properties at major hub airports in the United States and interviewed property managers regarding land rental rates and non-terminal building rates
- Interview appraisers that estimate land and building rates for other international airports
- Meet with and interview MDAD property managers to understand the current supply and demand at MIA, as well as positive and negative factors in leasing land and buildings.

Mr. Ralph Cutié, Director
Miami-Dade Aviation Department
May 23, 2023

- Gather and analyze office building rental rates in the areas surrounding Miami International Airport.
- Gather and analyze industrial rental rates in the Airport West and East market areas, just east, west and northwest of Miami International Airport, as well as other surrounding industrial markets. Security, minimum truck transportation and/or the ability to bring an aircraft to a cargo building are benefits of being on-airport. Therefore, on-airport warehouse buildings can command a rent premium as compared to those not on airport property.
- Gather and analyze rates for cargo buildings, hangar buildings, office buildings and land at international airports considered to be comparable to MIA.

Market rent is defined as the rental income that a property would most probably command in the open market indicated by the current rents paid for comparable space as of the date of the appraisal.

The rental rates are projected for the period of October 1, 2023 to September 30, 2024. Concern is for any change in values that might occur between the date of this report and October 1, 2023.

Land Rental Rates
Land rental rates have been estimated for eleven (11) zones as detailed on Page 5 (Land Rental Rates). Land sales and land rents from properties surrounding Miami International Airport and land rental rates at comparable airports were researched. The following items were considered in arriving at the estimated market land rates:

- Subject land will be limited to airport, airport fringes, and aviation purposes
- No assignment of leasehold without approval of Miami-Dade County
- No subordination permitted on said leasehold
- The General Use Master Plan
- In 1994-1995 the MDAD Properties Department at MIA instructed the appraisers that land rental rates for those properties having airside frontage and those adjacent to airside properties should all be valued at the same land rental rate. Instructions were there would be no difference in the land rent for properties with airside access versus those not having airside access. Instructions also were there would be no difference in the land rent based on the size of the property. The estimated market land rent herein is based on these criteria. A change in these instructions would cause a change in the land rents estimated herein.

After investigation and analysis of the data and consideration of applicable limitations which apply to the area leased within the confines of Miami International Airport, it is our opinion that the market rent of the land, as of October 1, 2023, is as reported on the sheet captioned "*Land Rental Rates*" on Page 5 herein.

The real estate market, specifically the Airport East and West industrial markets, has continued to see rent and price levels for land increasing over the past years. Comparison of rates from competitive airports and consideration to the activity in the local real estate market were cause for increases in land rents for the October 1, 2023 to September 30, 2024 period.

Building Rental Rates
In estimating the building rates for warehouse and office space, rentals in the areas surrounding MIA were reviewed. In estimating cargo and hangar rates, rental rates at comparable airports were reviewed.

In addition to the comparable building rental information, also considered was the following:

- Use, occupancy, and utility of subject improvements
- Condition and building life expectancy of improvements
- Supply and demand for such facilities at the airport
- Replacement cost estimate less depreciation
- No assignment of leasehold without approval of the County
- No subordination permitted on said leasehold

Historically, when tenants at MIA consider the building rental rates, they are paying too high; they mostly attribute their position to deferred maintenance items that have been brought to the attention of MDAD. It is typical for a landlord to perform maintenance such as touch up painting, repair of stress cracks, removal of plant growth in stress cracks or expansion joints, replace/repair signage not specific to one tenant, repair leaks and various other items that are not the responsibility of the tenant. Noted is over the last couple of years, MDAD has been attempting to solve some problems as well as upgrade some facilities.

Repairs which have not been done can affect the longevity of the improvements which ultimately affect the ability to collect rent and the rent level that can be charged. The rental rates estimated herein assume that the building spaces are in rentable condition and are compliant with life safety standards which are typical requirements of the landlord (MIA). Assumed is that the buildings have completed their 40-year recertification required and ten (10) year recertifications (if applicable) and meet the code requirements for Miami-Dade County.

Mr. Ralph Cutié, Director
Miami-Dade Aviation Department

If a building space at Miami International Airport is not in rentable condition, a tenant can be provided with an amortization period/schedule based on the redevelopment cost expenditures. This has the tenant paying for the renovations as opposed to MDAD.

Recently deferred maintenance items have been cured in certain buildings which includes but is not limited to; roof repairs, painting, signage, replacing lighting with energy efficient LED lighting systems, plumbing upgrades, replacement of air handler units (AHU's) and replacement of centralized HVAC chillers. One of the most important improvements is the aircraft parking areas of freight buildings 716 A to J allowing accommodation of Boeing 747-200's or similar size aircraft without impact to other positions. Continuation of attending to deferred maintenance items has the potential of building rates being maintained or even increased. Other improvements completed are digital integration of signage.

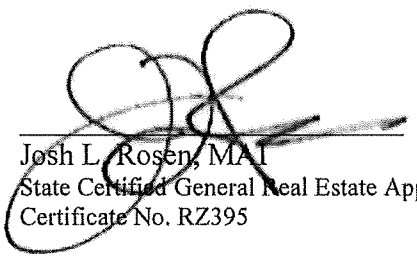

Upon termination of a lease, while the tenant remains in possession of the space to bring the premises back to leasable condition, the tenant is held responsible for land rent and utilities until the space has been repaired and is returned to the possession of MDAD.

Parking is an item of concern for the tenants. Common area parking is not quantified as a separate component of rent unless within a garage.

Recommended is establishment of an account as a reserve for replacement allowance. Private property owners, mostly corporate and institutional owners, set aside funds annually for deferred maintenance and minor repair items. The amount set aside for replacements is often based on a percentage of the rent collected, or an amount per square foot of the building area. Recommended is MDAD collect at minimal $0.25 per square foot of the total building square footage into a reserve account for replacement. This account would be available to the Real Estate Management Division for minor repairs and deferred maintenance. The ability to cure deferred maintenance items and prepare vacant space quicker, enhance the remaining life of the improvements, helps to offset higher repair expenses in the future, and assists in leasing vacant space quicker.

This document consists of 22 pages. At the end of this document is the certification and the general assumptions and limiting conditions. The reader is advised to review these pages to understand the limitations applicable to this report. Thank you for the opportunity to provide our services.

Additional Rental Rate Estimates

Utility Rates
The rental rates herein exclude utilities (water, sewer and electric), except as foot noted. Utilities shall be applied as a separate charge. These rates are not estimated by the appraiser and are supplied by MDAD.

Trailer Parking, Tractor Trailer Parking & Modular Units
Trailer parking has a rate of $250 per space per month for single wide trailers, $500 per space per month for double wide trailers, $600 per space per month for a triple wide and $500 per space for tractor trailers. Modular units are authorized for temporary use by tenants for office or storage purposes, preceding and/or during construction, and have the rates of $250.00 per space per month for single wide trailers, $500 per space per month for double wide trailers and $650 per space per month for a triple wide.

Automobile Parking
Automobile parking (grade level & non-garage space) has a charge of $70.00 per space per month. Newly built parking garages have a charge of $85 per space per month. Limousines that occupy no more than a standard parking space/area will be charged $75 per month. Larger limousines have a rate of $125 per month. Tour buses and buses more than eight (8) feet wide and 18 feet long have a rate of $300 per month.

Antenna Installations
Any antenna and its associated equipment for data collection, reception, or transmission related to (i) the monitoring of aircraft movements in the air or on the ground or (ii) any other aviation activity as determined by MDAD, shall pay a fee of $2,500 annually per antenna, plus rental charges for the land or any facility on which or in which any antenna or associated equipment is installed, based on MDAD's sole determination of the dimensions of the land or facility allocable to such antenna or equipment. For all other antenna and associated equipment for non-aviation or specialty use, fees and rental charges in an amount not to exceed $250,000 annually shall be separately imposed by MDAD as a condition of a lease, license, or permit applicable to the installation of the antenna or equipment.

Fuel Tender Parking Facility Rental Rate
This represents truck parking for approximately 30 vehicles at the new fuel tender facility. A rate of $500 per month is per vehicle.

Footnotes

Note: **Footnotes from previous years have been modified to simplify the rental rates. There are additional considerations that may affect some tenants which no longer have an assigned footnote. The new footnotes now apply solely for identifying the estimated market rents. Additional items in the previous footnotes, and no longer included in the new footnotes, include the following:**

- Non-airline tenants shall pay the said per square foot rate or 3% of all gross revenues produced from providing aircraft maintenance services to others, whichever is greater.
- Airline tenants shall pay 3% of all gross revenues produced from providing aircraft maintenance services to others in addition to the said per square foot rental rates.
- Additional rent may be applicable to recover costs of 40-year recertification and costs of repairs to comply with life safety codes.
- In addition to the rent, some tenants may pay an opportunity fee of 7.5% of the revenues collected. In this situation the tenant is responsible for all maintenance and repairs.
- Rate includes amortization of 40-year recertification and costs of repairs to comply with life safety codes.
- Common area maintenance is not charged by MDAD

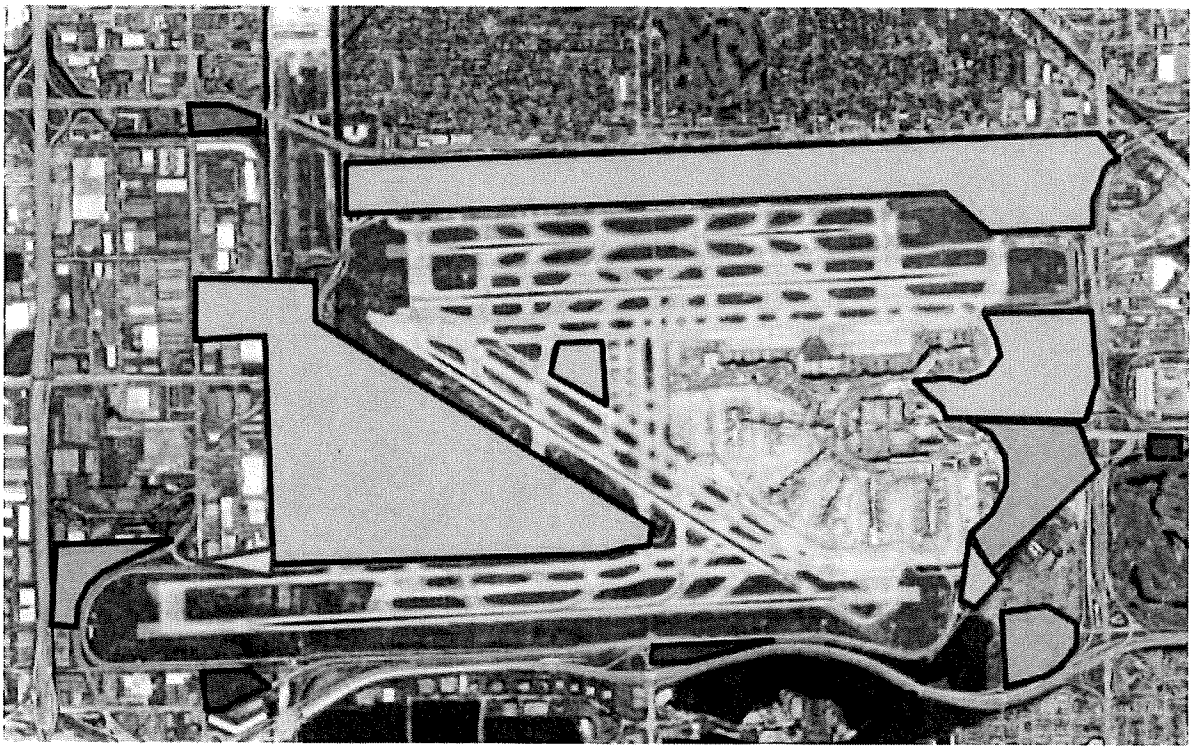

Most of the multi-tenant office rentals have an estimated rent and there is no additional charge for the underlying land rent.

Most of the cargo and hangar buildings have an estimated market rent and in addition the tenant pays for the underling land rent.

Most of the buildings and the spaces are not separately metered. Miami-Dade County Aviation Department has applicable rate charges to the tenant for electric, air conditioning, et al. These rates are not part of the estimated market rents and are separate from this document. The footnotes currently used in the analysis are as follows:

1. In addition to the building rate charge, there is a land rate charge for "Land Under Building" which is added to the building rate.
2. Rent includes electricity, water, and sewer. There is no land charge for office space above the first floor.
3. If space is converted to A/C space, tenant pays applicable electric and is responsible for A/C repair and replacement
4. Appraised rate includes a charge of $.10 per square foot as a trash removal fee.
5. Tenant pays minimum guarantee
6. In addition to rent, tenant pays an opportunity fee of 7.5% of the revenues collected. Tenant is responsible for all maintenance and repairs.
7. Includes land rent and janitorial. Utilities are paid by rental car agencies in MIC.

General Assumptions and Limiting Conditions

This appraisal report has been made with the following general assumptions:

1. No responsibility is assumed for the legal description nor is responsibility assumed for matters legal in character or nature. No opinion is rendered as to title, which is assumed to be good and marketable.
2. All existing liens, encumbrances, and assessments have been disregarded, unless otherwise noted, and the property is appraised as though free and clear.
3. Responsible ownership and competent property management are assumed.
4. The information furnished by others is believed to be reliable, but no warranty is given for its accuracy.
5. All engineering studies are assumed to be correct. Any plot plans or illustrative material in this report are included only to help the reader visualize the property.
6. Noted in this appraisal report are any adverse conditions (such as needed repairs, depreciation, the presence of hazardous wastes, toxic substances, etc.) discovered during the data collection process in performing the appraisal. Unless otherwise stated in the appraisal report, the appraisers have no knowledge of any hidden or unapparent physical deficiencies or adverse conditions of the property that would make the property less valuable and have assumed that there are no such conditions and make no guarantees or warranties, express or implied. The appraisers have no responsibility for any such conditions that do exist, or for any engineering or testing, that might be required to discover whether such conditions exist.
7. It is assumed that the property is in full compliance with all applicable federal, state, and local environmental regulations and laws unless the lack of compliance is stated, described, and considered in the appraisal.
8. It is assumed that the property conforms to all applicable zoning and use regulations and restrictions, unless a non-conformity has been identified, described, and considered in the appraisal.
9. It is assumed that all required licenses, certificates of occupancy, consents, and other legislative or administrative authority from any local, state, or national government or private entity or organization have been, or can be obtained, or renewed for any use on which the opinion of value contained in this report is based.
10. It is assumed that the use of the land and improvements is confined within the boundaries or property lines of the property described and considered in the appraisal.
11. Appraisers are not experts in the field of environmental hazards and this report should not be considered an environmental assessment of the property. The client and any intended user are urged to retain an expert in this field. The existence of hazardous materials was present in various areas of the property. The appraiser has no knowledge of the existence of such materials contaminating the property and is not qualified to detect contamination of such substances. The presences of substances such as asbestos, urea formaldehyde foam insulation or other potentially hazardous materials may affect the value of the property. The value estimated is predicated on the assumption that there is no such material contaminating the property that would cause a loss in value. No responsibility is assumed

for any such conditions, or for any expertise or engineering knowledge required to discover them.

12. The physical condition of the improvements, if any, described herein was based on visual inspection. No liability is assumed for the soundness of structural members since no engineering tests were made of same.
13. Neither all nor any part of this appraisal report shall be disseminated to the public using the appraiser's name or appraisal designation, without prior written consent of the appraisers signing this appraisal report.
14. Neither all nor any part of this appraisal report shall be disseminated without the appraiser's written consent and approval must be obtained before this appraisal report can be conveyed by anyone to the public through advertising, public relations, news, sales, or other media.
15. Authorization is not allowed for the out-of-context quoting from, or partial reprinting of, this appraisal report.
16. There is no requirement to give testimony or appear in court because of having made an appraisal of the appraised property, unless specific arrangements to do so have been made in advance, or as otherwise required by law.
17. The reader should be advised that our employment was not contingent on the appraisal providing a minimum valuation, a specific calculation, or the approval of a loan.
18. Additionally, we have complied with the USPAP Competency Rule.
19. The Client, as identified within the appraisal, is the party or parties who engaged the appraiser for a specific assignment. By receiving a copy of this report from the client, that person or persons do not become a party to the appraiser-client relationship, nor an intended user. Any person who receives a copy of this appraisal report, due to disclosure requirements that apply to an appraiser's client, does not become an intended user of this report unless the client specifically identified them at the time of the assignment, and they are identified in the report.
20. If the valuation in the report is subject to satisfactory completion, repairs, or alterations, it is assumed that the improvements will be completed competently and without significant deviation. If a cost to complete these improvements was provided by the client, it is assumed that the estimate is accurate, unless otherwise noted.
21. The contents of the appraisal report, except as required by the Uniform Standards of Professional Appraisal Practice, and/or applicable federal, state, or local laws, will not be disclosed.

Limiting Conditions:

1. The allocation of total value between land and improvements applies only under the described utilization. The separate valuations for land and improvements must not be used in conjunction with any other appraisal and are invalid if so used.
2. The Americans with Disability Act (ADA) became effective January 26, 1992. The appraiser has not made a specific compliance survey and analysis of this property to determine whether it is in conformity with the various detailed requirements of the requirements of the ADA. It is possible that a compliance survey of the property and a detailed analysis of the requirements of the ADA, could reveal that the property is not in compliance with one or more of the requirements of the Act. If so, this fact could have a negative impact upon the value of the property. Since the appraiser has no direct evidence relating to this issue, possible noncompliance with the requirements of ADA was not considered in estimating the value of the property.

[20] Operating hours for the Metrorail and Metromover Systems are from 3:45 a.m. to 12:45 a.m. on the following day, seven days a week. (The only non-operating hours for the Metrorail and the Metromover Systems are from 12:45 a.m. to 3:45 a.m. seven days a week.)

[24] Closing of Metrorail stations, Metromover stations and Metromover loops during revenue hours normally requires providing free bus service (bus bridge) to provide substitute transit service to affected transit patrons during such closure and this fee will be due and payable in addition to the fees for closing Metrorail stations, Metromover stations and Metromover loops during revenue hours. A minimum fee of one bus per hour will be required during the closing of any station. Ordered: 9/21/23 **Effective:** 10/1/2023

AUTHORITY:
The Miami-Dade County Home Rule Charter, including among others, Sections 1.01 and 2.02 A, and Section 2-182(a), Section 14-39, and Chapter 30 of the Miami-Dade County Code.

SUPERSEDES:
This Implementing Order supersedes previous Implementing Order 4-123 dated October 1, 2021, pertaining to fees related to fire inspections, plans review activities, and the establishment of emergency vehicle zones.

POLICY:
This Implementing Order pertains to fees charged by the Miami-Dade County Fire Rescue Department (the "Department") related to fire life safety inspections, new construction inspections, fire plans review, fire & life safety education, and establishment of emergency vehicle zones. Fire life safety inspections, plans review, fire & life safety education, and the establishment of approved emergency vehicle zones are essential to protect the public health, safety, and welfare in the jurisdiction. The schedule of fees is intended to pay for the cost of providing the services. Section 14-39 of the Miami-Dade County Code mandates that the fees for the permits shall be placed in a separate account and that the fees are to be used exclusively for fire prevention activities by the jurisdiction. No application, permit, certificate, or receipt shall be issued until the appropriate fee is paid.

PROCEDURE:
Administration of this Implementing Order is delegated to the Director of the Department, who shall be responsible for the collection of fees and the delivery of required services pursuant to Miami-Dade County Code, Chapter 14, Articles I through IV in general and Section 14-39 specifically relating to fire prevention. The following fees shall be in effect through September 30, 2025. The rates shall be adjusted on October 1, 2025, and every two years subsequently to keep pace with the Consumer Price Index for all Urban customers (CPI-U) for Miami/Fort Lauderdale. Adjustment shall be the sum of the actual two previous positive fiscal years' CPI-U Miami/Fort Lauderdale rates.

Every year, or earlier, if need be, the Director shall review all fees and recommend necessary changes to the County through this Implementing Order procedure.

This Implementing Order is hereby submitted to the Board of County Commissioners of Miami-Dade County, Florida.

Active duty personnel and veterans with service-connected disabilities are allowed free parking at PROS facilities.

(2) Park guests with a valid disabled parking decal are allowed free parking.

(3) Parking fees may only apply to Regional Parks or events of regional significance.

GENERAL NOTES:

- All fees are net of applicable taxes. Participation fees for recreational structured programs and deposits are exempt from State sales tax.
- Fees do not include reimbursements of direct expenses, which may be charged separately at cost.
- The Department, with Director approval, may:
    - Adjust fees within the approved ranges, to account for service location, site and facility conditions, amenities, seasonality, peak times, and market demand;
    - Offer promotions and discounts on a limited case-by-case basis deemed to be in the best interest of the Department, and which will not adversely or materially impact the Department's annual budget;
    - Create packages for customized programs, activities, tours, events, and encounters;
    - Negotiate fees with large groups; and,
    - Apply late fees to delinquent or past due accounts not to exceed 25% of the original fee.
- In accordance with Resolution No. R-1073-12 and any subsequent resolutions or state statutes, the Department offers Military Discounts.

STRATEGIC PHILOSOPHY:

The Department's fees are structured to ensure the community has affordable access to core services, while at the same time providing flexibility to change fees based on market conditions for value-added services.

Core Services (e.g., General camps, after school programs, learn to swim, disability services programs, open spaces, trails, etc.) are programs, services and facilities essential to the mission of the Department. These are basic parks and recreation services county residents expect and may generate revenue to recover some of the costs associated with the service.

Value Added Services (e.g., Marinas, golf courses, campgrounds, facility rentals, etc.) are discretionary programs, services and facilities that provide added value to the community. These services generate revenue which offset much or all the costs associated with the service.

The owner of a parcel of land located in a special drainage basin, defined as the Bird Drive Basin, North Trail Basin, or Basin B, all located within	

Miami-Dade County, and which

1. has continuously contained 4.5 or less acres of gross area since September 30, 1997; and
2. is subject to the Cut and Fill criteria set forth in Chapter 24 of the Code of Miami-Dade County. Including, but not limited to, Sections 24-48.2, 24-8.3, 24-48.21; may contribute as, provided below, to the Miami-Dade County Stormwater Compensation Trust Fund as an alternative means of providing equivalent stormwater management within the same basin in lieu of implementing the Cut and Fill criteria on the parcel of land itself.

The above-referenced contribution by the property owner shall be computed according to the following formula:

a. State Certified Property Appraised value as determined within the time period commencing 120 days prior to the date of contribution. $_____

b. Percent to be paid into the Stormwater Compensation Trust Fund * _____%

Total to be paid: (a) x (b) = _____

Any proposed modifications to the above-referenced percentages shall be substantiated by an engineering report submitted to RER by the applicant. The proposed percentages, when applied in the above formula, shall provide stormwater management equivalency to the stormwater management set forth in the Cut and Fill criteria established for the specific basin.

RER shall determine if the proposed modification meets the stormwater management equivalency aforesaid based upon the engineering report prepared by a registered professional engineer licensed in the State of Florida. The burden shall be upon the applicant to prove that the proposed modification meets the aforesaid stormwater management equivalency standard.

No plat or waiver of plan shall be approved until the amount of contribution computed pursuant to the formula above has been paid to Miami-Dade County,

and said fee shall be based upon the current appraised value as determined by a State Certified Property Appraiser within the time period commencing 120 days prior to the date of contribution.

MIAMI-DADE COUNTY
IMPLEMENTING ORDER

FEE SCHEDULE FOR FLORIDA DEPARTMENT OF HEALTH IN MIAMI-DADE COUNTY

AUTHORITY:

Florida Statutes §154.06, Section 381.0051, and Florida Administrative Code 64F-16.

SUPERSEDES AND INCORPORATES:

This Implementing Order supersedes previous Implementing Order 4-137 ordered September 20, 2018 and effective October 1, 2018; and incorporates IO 4-126.

POLICY:

This Implementing Order establishes user fees of the Florida Department of Health in Miami-Dade County ("Department") to collect for meeting the public health needs of the residents and visitors of Miami-Dade County.

PROCEDURE:

The responsibility for this Implementing Order is assigned to the Director/Administrator of the Department who shall be responsible for the collection of fees and the delivery of required services pursuant to the Florida Statutes. Each two years or earlier, if need arises, the Director/Administrator shall review all fees in terms of their cost and recommend necessary changes.

The fees are subject to adjustment in accordance with the following:

Summary of Sliding Fee Scale Policy and Procedures:

Sliding fee scales are produced by the Department to help make medical services more affordable for clients. Financially eligible clients are not required to pay full charges to receive most Department services including communicable disease and integrated family health services. All clients, regardless of poverty level, are required to pay the full cost for other elective Department services, such as vital statistics or international immunizations.

The Department revises its sliding fee scales each year after the federal government has produced its annual poverty guidelines. Financially eligible clients will not be required to pay full cost to receive Department services. Rather, these clients will pay a reduced cost in relation to their poverty status. There are two sliding fee scales produced by the Department. One applies to Department's clients when they are not receiving family planning services; and one for Department's clients who are receiving family planning services.

The Department's client's poverty status is determined based on the client's annual household income and the number of individuals in the person's family. The lower the annual household income and/or a large family size places a person in a lower poverty status.

The Department's sliding fee scales are calculated by using the annual poverty income for a family of one and the income amount to be added for each additional family member provided by the federal government. The annual poverty guidelines are published each year in February. The Department prepares the new scales, and these calculations are internally reviewed within the Department prior to release. The sliding fee scale is finally released in the beginning of March, with implementation in the Health Clinic Management System around the end of March.

The Department has been given authority for the sliding fee scales by the Florida Legislature in Section 154.011(1)(c),7, Florida Statutes, and 64F-16, Florida Administrative Code.

Additionally, the Department complies with the following Fee Guidelines from Florida Administrative Code, Section 64F-16.006 (2018):

FLORIDA DEPARTMENT OF HEALTH IN MIAMI-DADE COUNTY FEES

A. PRIMARY CARE AND COMMUNICABLE DISEASE FEES

The Department sets fees for clinical services using common procedural terminology codes (CPT). This is the national methodology for billing used by most doctors, medical clinics, health departments, and hospitals, including Jackson Health System. Medicaid, Medicare, and all third party insurance companies pay only for clinic procedures billed by CPT codes.

Fees for primary care and communicable disease services will be set at the current Medicare Rate. Unless otherwise approved, when a service is not included in the Medicare schedule, the rate will be up to the 75th percentile level of the rate-based value scale as determined by the current Physician Fee Reference Handbook. In the event, however, that up to the 75th percentile level of the rate-based value scale is less than the current Medicaid fee, then the Medicaid fee will be charged.

A sliding fee scale is applicable to fees. Approximately 81% of the Department's patients pay nothing for services under the sliding fee scale. Services designated as elective will not be subject to the sliding fee scale. Elective services include, but are not limited to:

THE CLASSIFIED SERVICE PORTION OF THE PAY PLAN FOR THE COUNTY SERVICE SHALL BE ADMINISTERED IN ACCORDANCE WITH THE REQUIREMENTS OF ARTICLE IV OF THE MIAMI-DADE COUNTY CODE AND CHAPTER V OF THE PERSONNEL RULES PAY PLAN PROVISIONS.

Miami-Dade County is committed to building and sustaining an organizational climate that embraces the potential and enhances the contributions of all employees by promoting inclusion, equity, and respect. Our mission is to employ a highly qualified and diverse workforce by promoting and ensuring equal employment opportunities as well as open competitive recruitment practices, providing competitive salary and benefit models, and developing the full potential of our workforce by providing training and development for career enhancement.

The Miami-Dade County, Human Resources Department (HR) is dedicated to ensuring that County employees are properly classified in their current job classification and compensated equitably and fairly in accordance with Federal, State and local policies. Below is a summary of the pay plan changes represented in the FY 2023-2024 First Edition Pay Plan:

I. GROSS COMPENSATION

All rates in the salary schedule represent base compensation. Rates for hourly employees are displayed in the biweekly schedule; however, specific hourly rates used for computation are enumerated in the Rate Table in the back of the Pay Plan. Rates do not include the cost of the value of meals, uniforms, housing, other fringe benefits, supplements, exceptions or bonuses. Official payroll computations are based on the hourly rates appearing in the Pay Plan. Payroll disbursements are made biweekly and correspond with the biweekly schedules.

II. WORKWEEK HOURS

All pay rates are established on the basis of a forty (40) hour workweek, unless otherwise noted. Most full-time County employees are scheduled to work forty (40) hours weekly. Exact days and hours of work may vary. Hourly paid employees entitled to overtime shall receive it in accordance with applicable laws and collective bargaining agreements. Classification titles designated with a plus (+) are assigned to a "job basis" work schedule. Employees serving in these positions are required to work varying schedules as necessary to accomplish the required work. The majority of these positions will normally require a forty (40) hour workweek, but if more than forty (40) hours of work are required, overtime compensation provisions shall not apply. Non-full-time, job basis employees will be treated as hourly employees and are eligible for overtime if they work 40 hours in the workweek.

The workweek for all County personnel shall be from 12:01 a.m. Monday to 12:00 midnight the following Sunday except for some employees in the Transport Workers Union bargaining unit whose workweek shall be from 12:01 a.m. Sunday to 12:00 midnight the following Saturday. The workweek as herein defined shall be the basis for determining overtime compensation except for employees engaged in fire protection or law enforcement activities.

III. FURLOUGH LEAVE

Furlough leave is defined as hours observed without pay.

IV. OVERTIME COMPENSATION

Non-bargaining unit employees serving in eligible (non-job basis) classifications shall receive overtime compensation at the rate of one and one-half times their assigned hourly rate of pay.

All work authorized to be performed by full-time, non-job basis, non-bargaining unit employees in excess of eight hours work performed per day, as determined by the Department shall be considered overtime work. Except as otherwise provided in collective bargaining agreements, for the purpose of defining and computing overtime. Absences from duty in pay status shall not be considered as time worked, except that:

(a) Time off with pay for education leave shall be considered as time worked.
(b) Time off on a County recognized holiday falling on the employee's regularly scheduled workday shall be considered as time worked. This includes a scheduled Floating Holiday or Birthday Holiday and Holiday Leave.
(c) Administrative leave shall be considered as time worked.

The computation of overtime pay and charging of leave time will be rounded to the nearest quarter of an hour, except for those employees represented by the Transport Workers Union whose computation will be governed by the prevailing collective bargaining agreement.

Compensatory time may not be granted in lieu of overtime payment, except where provided for in collective bargaining agreements and subject to maximum accruals set by law. If compensatory time credits are permitted in lieu of cash payment, leave will accrue at the rate of one and one-half times the time worked, rounded to the nearest quarter of an hour and in accordance with applicable overtime rules.

Although certain classifications have been designated as job basis, it must be emphasized that Fair Labor Standards Act (FLSA) regulations on exemptions from overtime payment address the actual job duties of the employee and are not concerned with job titles, civil service classifications or other group identifications. This makes it difficult to generalize whether any particular class of employees is exempt from overtime without looking at individual work duties. Therefore, it is important to understand that job basis designations for County job classifications reflected within this Pay Plan do not necessarily ensure compliance with the overtime eligibility provisions of the Fair Labor Standards Act for specific positions. Departments should consult the Human Resources Department on FLSA issues of overtime eligibility for specific positions.

Unless otherwise provided in a collective bargaining agreement, an employee required to work at least two hours immediately subsequent to his normal work shift, as a continuous extension of same, shall be provided with a one-half hour rest break with pay.

V. SPECIAL PAY PROVISION

(A) Leadworker

When recommended by the concerned departmental appointing authority and approved by the Human Resources Department, an employee may be designated as a leadworker if the following conditions exist:

A leadworker is assigned responsibility by the appointing authority to functionally supervise one or more employees who are ordinarily classified the same as the leadworker. Leadworkers perform their tasks under the direction of a supervisor of a higher level. Supervisors usually cannot be present to give constant supervision to the work because of duties and assignments which take them to other areas. Leadworkers cannot rate the performance of an employee and cannot sign off on performance evaluations.

Leadworker designations may also be authorized by the Human Resources Department for certain positions where extraordinary duties and responsibilities are required. An employee designated as a leadworker shall receive the equivalent of one (1) pay step. A leadworker pay provision does not affect the employee's pay anniversary date. Leadworker pay provisions may be assigned and removed at the sole discretion of the County. (LEAD)

It is the responsibility of each department to carefully monitor leadworker assignments and to remove the (LEAD) pay supplement once the leadworker assignment ends.

(B) Trainee

An employee officially designated as a trainee by the Human Resources Department may be compensated at a salary step below the minimum rate established for the classification. The trainee rate is calculated by reducing the entry salary step by an amount equivalent to the percentage difference between pay steps of the subject classification. The specific pay rate, length of training period, and pay advancement must be approved by the Human Resources Department for each training program.

VI. SHIFT DIFFERENTIAL

Employees are presented with a service pin beginning on their 5th anniversary with the County and every five years thereafter. Employees with 30 years of service are also given an acrylic trophy before the Board of County Commissioners, and every 5 years thereafter. In addition, to the pin and trophy, employees in service years 30, 35, 40 and 45 receive a cash award. Eligible employees will receive the cash award, as detailed below:

30 Years of Service	$125
35 Years of Service	$250
40 Years of Service	$375

IX. SALARY ADMINISTRATION

The Mayor, at his/her discretion, may change or eliminate the employees' insurance contribution; restore or suspend flex dollars, premium pay, merit increases, longevity bonus award benefits; and revise the employees' merit increases for non-bargaining unit classified and exempt employees under his/her purview.

The determination of whether merit increases shall be paid to employees who work in departments or offices that are not under the Mayor's purview shall be within the discretion of the appropriate appointing authority.

Bargaining unit employees shall be paid in accordance with the terms and conditions of their collective bargaining agreement.

Salary increases within appropriate ranges shall be recommended on the basis of merit rather than solely on the basis of the passage of time.

For employees hired prior to November 1, 1991 with no subsequent break in County service on or after that date, Step 5 will be the entrance step and advancement to the second pay step (pay step 6) may be recommended after one (1) year of continuous, meritorious service, unless otherwise specified by a collective bargaining agreement (CBA). Further advancement in a pay range may be recommended after pay step six (6) is granted at one (1) year intervals up to the maximum step in a pay range.

For employees hired on or after November 1, 1991, pay step 1 will be the entrance pay step and advancement to the second pay step (pay step 2) may be recommended after one (1)year of continuous, meritorious service, unless otherwise specified by a CBA. Further advancement in a pay range may be recommended after pay step two (2) is granted at one (1) year intervals up to the maximum step in a pay range.

Upon approval by the Human Resources Department, non-bargaining unit employees who are exempt and occupy professional, administrative and secretarial classifications may be placed on pay step 99 in the Pay Plan. The range for these employees will be defined as minimum, pay step 1, and maximum, pay step 12.

Certain classifications in the classified service are comprised of pay grades in lieu of pay steps. Employees appointed to the entrance minimum of such a pay grades will be eligible for a merit increase

after completion of 26 pay periods of continuous, satisfactory job performance. Such merit increases shall not exceed five (5%) percent, unless otherwise approved by the Mayor.

Exempt employees in secretarial classifications who are appointed to the entrance minimum of the clerical pay grades will be eligible for a merit increase after the completion of thirteen (13) pay periods of continuous, satisfactory job performance, unless otherwise specified by a CBA.

The rules and regulations and collective bargaining agreement with the Transport Workers Union Local 291 prescribe additional salary and work schedule administrative practices for employees covered by the TWU agreement. For employees hired prior to November 1, 1991, the entry level is pay step 5. Refer to the Pay Plan Guide for entry steps for employees in TWU classifications on pages 112-113.

Red Circle

The Red Circle policy provides temporary salary preservation to employees who have been negatively impacted due to a job classification review, organizational review or layoff related action. This policy does not apply to disciplinary demotions. Voluntary demotions will be evaluated on a case-by-case basis. All red circle requests must be approved by the Mayor or appropriate appointing authority for employees not within the Mayor's purview

- The Red Circle policy provides for the employee's salary to be frozen, red circled, for a time period equal to one pay period for each year of continuous full-time service.
- The employee's salary will remain red circled until the conclusion of the time period or until such time that an across-the-board wage adjustment to the new classification eliminates the necessity of the red circle, whichever occurs first.
- At the conclusion of this time period, the employee's salary will be reduced to no more than the maximum pay step of the new pay range for the new position.
- The time period for the red circle calculation will commence at the time the employee exits his/her position to which the red circle applies.
- During the red circle period, the employee is not eligible for an across-the-board wage adjustment/cost of living increase.

X. INTERMEDIATE RATE HIRING POLICY

Department Directors may have the authority to offer external candidates an intermediate hiring rate depending on the employee's bargaining unit. The intermediate rate offer should be based upon extraordinary circumstances such as extensive relevant experience, difficult to hire skills set, advanced credentials or certifications, or a demonstrated difficulty hiring or retaining employees in a particular field. It is the responsibility of county departments to monitor the usage of the intermediate rate hiring policy in order to ensure that internal pay inequities do not occur. The intermediate rate hiring policy does not apply to rehired retirees as per IO 7-44 or classifications in the following bargaining units: AFSCME Local 121 – Water & Sewer; AFSCME Local 199 – General; AFSCME Local 1542 – Aviation; and AFSCME Local 3292 – Solid Waste.

XI. REHIRING OF COUNTY RETIREES IMPLEMENTING – ORDER 7-44

As per Implementing Order No. 7-44, applicants that have retired from County service or have separated with the County and have drawn from their FRS investment account and seek re-employment with Miami-Dade County shall be subject to the County's regular hiring process, including job applications, testing and interviews where applicable, and if hired shall start at the entry level of the salary rate. These employees may only be hired above the entry level salary level if approved by a 2/3 vote of the Board of County Commissioners.

XII. PROMOTIONS

A promotion is the assignment of an employee to a classification having a higher maximum salary than his/her current classification. The maximum pay rate is the maximum of the pay range for classifications assigned to a pay grade range or the third longevity step (L3) for classifications assigned to a pay step range. The employee's date of hire must be considered when calculating a promotional increase. For an employee hired prior to November 1, 1991, the entry level is step 5 and for an employee hired after November 1, 1991, the entry level is step 1, unless otherwise specified by a collective bargaining agreement, such as in the case of the TWU.

A promotional increase for an employee being promoted in the exempt service is at the discretion of the corresponding department director; however, the typical promotional increase is 5% above the employee's current pay rate, or the minimum of the pay grade, whichever is greater. Salary increases greater than 5% must be approved by the Mayor or appropriate appointing authority for employees not within the Mayor's purview

An employee being promoted in the classified service is granted at least a one (1) pay step increase above the pay step within the employee's current classification, provided such increase does not surpass the maximum of the new pay range.

When an employee in a pay grade is promoted to a classification with pay steps, then the salary is determined by adding 5% to the current biweekly rate. The new pay rate must be equal to or exceed the minimum rate of the new pay step range.

An employee being promoted in the classified service, who is within three pay periods of receiving a scheduled merit increase, shall receive the merit increase prior to calculating the promotional rate of pay provided the employee's performance is satisfactory. The performance evaluation must be submitted in order for the merit increase to be considered.

The application of promotional calculation provisions which reference pending merit increases will be determined by the Mayor for non-bargaining unit exempt and classified employees, who work in departments under the Mayor's purview. The determination of the application of promotional calculation provisions to employees, who work in departments or offices that are not under the Mayor's purview, shall be within the discretion of the appropriate appointing authority. Bargaining unit employees shall be paid in accordance with the terms and conditions of their collective bargaining agreement.

XIII. LATERALS

A lateral transfer is the movement of an employee from one division or department to another with the employee remaining in the same classification or a lateral position. Employees transferring to a new department must serve a new probationary period unless the transfer is due to layoff actions. Department Directors may have the ability to grant a one pay step increase or 5% increase for non-bargaining unit lateral actions. A Transfer Personnel Change Request (PCR) for non-bargaining employees requesting pay increases greater than 5% within a year must be approved by the Mayor.

XIV. DEMOTIONS

A demotion is the assignment of an employee to a classification having a lower maximum salary than his/her current classification. The maximum rate for a classification is defined as the maximum of the pay grade range or is the third longevity step (L3) for classifications assigned to a pay step range.

A demotion of an employee in the classified service will be determined by comparing the maximum salary (as referenced above) of both the old and new classifications. If the new maximum is a decrease in salary of one step or more, the personnel action will be considered a demotion. If the decrease is

less than one step, the personnel action will be considered a lateral pay action, and the employee preserves his/her classified rights to the former classification.

When an employee in the classified service is demoted as the result of a disciplinary action, the employee will be credited with time served in all the classifications that are higher than the classification to which the employee is being demoted. There will be no change in anniversary date.

When an employee is demoted to a classification with a salary range and the employee's current salary falls within the range of the new classification, the employee will be placed in the range with no change in salary. There will be no change in anniversary date.

When an employee is demoted to a classification with a salary range and the employee's current salary exceeds the maximum of the salary range of the new classification, the employee will be placed at the maximum of the salary range. There will be no change in anniversary date.

When an employee is demoted due to failure of probation, the employee will be returned to the pay step in the prior classification from which he/she was promoted. Time served in the higher class will be credited toward his/her merit increase in the lower class. There will be no change in anniversary date.

When an employee is demoted as the result of layoff/pipeline assistance, ADA placement, voluntary or administrative actions and the employee's rate of pay falls between pay steps in the lower classification, the employee will be placed on the next highest step, not to exceed longevity step 3 (L3). The anniversary date will not be changed.

XV. DELEGATION OF AUTHORITY FOR PERSONNEL/COMPENSATION ITEMS

Delegated to Chiefs and/or their designees for their respective portfolios:

- Recruitments of Department Directors
- Review of promotion and new hires of Division Directors from the Chief's respective portfolio
- Employee Performance Reviews for direct reports

XVI. TEMPORARY JOB CLASSIFICATIONS AND SALARY RANGES

The Mayor or the County Attorney may establish, assign and maintain appropriate job classifications, salary ranges, and pay supplements for classified service as well as exempt service positions as deemed operationally necessary on a temporary basis until such time as the appropriate Pay Plan Amendment is submitted to the Board of County Commissioners for adoption. These salary ranges shall be established to meet budgetary needs as determined by the Mayor or County Attorney, but in no event shall they exceed the ranges of similar existing classifications or pay grades contained in this Pay Plan.

XVII. RECLASSIFICATIONS OR CLASSIFICATION REVIEWS

A classification review is appropriate when a job classification:

- has gained significant new and/or additional duties and responsibilities;
- when recruitment for the position has not yielded suitable or qualified candidates;
- when the compensation level is not competitive with the market.

The Human Resources Office of Compensation and Job Analysis reviews all reclassification requests and makes a final determination after careful review, market studies, organization structure comparisons, and field audits as needed.

Actions resulting from Reclassifications:

- Reclassification Granted

Reclassifications are granted if the above criteria regarding additional duties is met. The employee is placed in a different classification with the new salary structure and is placed on probation status (if applicable) with a change in anniversary date.

- Selective Adjustments

When the classification is deemed to be non-competitive with the market or the internal organizational structure (internal equity), then the values of the steps are adjusted, and the incumbent's (step and salary) are adjusted accordingly; their status and anniversary dates remain unchanged.

- Reclassification vs. Recruitment

When a new classification is established, an open competitive recruitment must be initiated.

- Classification Regrade

When a classification is regraded (minimum and maximum of the salary range adjusted), the classification is adjusted, not the incumbent. The incumbent's salary is not automatically adjusted. All requests for salary adjustments as a result of a regrade must be accompanied by a justification memo and approved by the Mayor or the Mayor's designee, or the appropriate appointing authority for employees not within the Mayor's purview

Appeals:

If the reclassification request is denied, and the classification is in the classified service and in a bargaining unit, the employee or department may appeal the denial to the HR Director within 14 days of having received notice. Employees in classifications exempt from the classified service, that reside within a bargaining unit may appeal the denial to the HR Director within 14 days of having received notice. Non-bargaining unit employees in classifications exempt from the classified service are not

entitled to appeal when a reclassification request is denied. Classification reviews are not conducted to upgrade or reward exemplary performance by any employee.

XVIII. EXECUTIVE AND EXEMPT PROFESSIONAL/MANAGERIAL PAY RANGES

The Mayor will establish and maintain appropriate pay grades for exempt professional/managerial and senior exempt executive employees. These employees may receive increases within the ranges indicated below on the basis of a performance review by the Mayor or the Mayor's designee. These ranges represent biweekly minimum and maximum compensation. Longevity pay step increments will not apply to these classifications.

XIX. SALARY REVIEWS FOR EXEMPT NON-BARGAINING UNIT PROFESSIONAL/MANAGERIAL EMPLOYEES

A Department Director may recommend a performance-based salary increase greater than 5% within an employee's merit review year. Increases greater than 5% must be approved by the Mayor or the Mayor's designee.

The determination of whether merit increases shall be paid to employees who work in departments or offices that are not under the Mayor's purview, shall be within the discretion of the appropriate appointing authority. Employees who work in departments that are not under the Mayor's purview shall be paid in accordance with the authority of that elected official or executive officer.

The Mayor, at his/her discretion, may change or eliminate merit increases for non-bargaining unit classified and exempt employees under his/her purview.

XX. PERFORMANCE-BASED BONUS FOR NON-BARGAINING UNIT EMPLOYEES

Non-bargaining unit employees may be eligible for a one-time, non-recurring, performance-based bonus. These bonuses do not change employees' base pay or anniversary date. Such bonus payments must be authorized by the Mayor, the Mayor's designee or the County Attorney.

XXI. EXECUTIVE BENEFIT PROGRAM

Executive benefits may be provided to incumbents occupying positions deemed eligible by the Commissioners, County Attorney, Mayor and other elected officials, to participate in the County's Executive Benefit Program. Executive benefits, for employees who are not under the Mayor's purview, may be provided to eligible employees at the discretion of the appropriate appointing authority.

XXIII. WAGE ADJUSTMENTS & OTHER BENEFITS FOR NON-BARGAINING UNIT EMPLOYEES AND COUNTY OFFICERS

The following compensation and benefit changes for all non-bargaining unit exempt and classified employees who work in departments under the Mayor's purview shall be implemented.

The determination of whether these changes shall be applied to employees who work in departments or offices that are not under the Mayor's purview shall be within the discretion of the appropriate appointing authority.

The proposed budget for FY 2023-2024 includes funding for the Mayor to authorize a Cost of Living Adjustment (COLA) for all non-bargaining unit employees under the Mayor's purview. The amount and effective date of the COLA is to be determined.

The Mayor, at his/her discretion, may restore or suspend flex dollar benefits for non-bargaining unit, classified and exempt employees under his/her purview. The determination of whether such premiums shall be paid to employees who work in departments or offices that are not under the Mayor's purview shall be within the discretion of the appropriate appointing authority.

The County will provide $1,000 annually or $38.46 biweekly in Flex Dollars to all County employees eligible for group health insurance.

Employees enrolled in the County's Point of Service (POS) Medical Plan or equivalent Advantage Plans shall be required to contribute to the cost of single coverage.

XXIV. LIVING WAGE - SECTION 2-8.9 OF THE CODE OF MIAMI-DADE COUNTY

On May 11, 1999, the Board of County Commissioners passed and adopted the Living Wage Ordinance. This establishes a Living Wage requirement for personnel hired pursuant to County service contracts and for County employees. The Living Wage to be paid by the County to its employees is not subject to the annual indexing and instead is subject to negotiation within the collective bargaining structure. For the purpose of administering the Living Wage, certain classifications will not be considered eligible. These classifications include those that only receive stipends; those whose funding is prescribed by grants; and those that solely provide on-the-job work experience (interns).

The Mayor, at his/her discretion, may change or eliminate any pay supplement designated for non-bargaining unit classified and exempt employees under his/her purview.

Special allowances are provided for employees as described in Section A (Page 21) after approval by the Department Director and the Human Resources Department or as otherwise designated. It is the responsibility of the concerned department to monitor employees' eligibility for salary supplements. Unless otherwise specified by the terms of a collective bargaining agreement, employees will become eligible for salary supplements effective the beginning of the next pay period following the receipt of all required documentation by the Human Resources Department.

Eligible employees in a classification assigned to a pay grade or non-step salary range may receive a pay supplement. Pay Supplements are additional components of pay which are added to an employee's base pay. The types of pay supplements may be in the form of a step-based increase, percent or flat biweekly dollar amount. The calculation of base pay plus supplements is defined as the employee's Adjusted Rate. The adjusted hourly rate is the rate used to pay all regular and overtime hours.
