RESOLUTION NO. _____ R-1029-23

RESOLUTION URGING THE FLORIDA LEGISLATURE TO
APPROPRIATE FUNDING TO MIAMI-DADE COUNTY FOR
THE ST. THOMAS SEWER SERVICE EXTENSION AND
ROAD IMPROVEMENTS PROJECT

WHEREAS, a septic system is a type of onsite sewage treatment and disposal system that treats wastewater from an individual property; and

WHEREAS, in a conventional septic system, wastewater from toilets, sinks, showers, and other plumbing facilities flows through pipes into a septic tank where parts of the wastewater are separated to promote limited bacteria break down of organic matter, store solids, and allow clarified wastewater containing pollutants to flow into a drainfield; and

WHEREAS, a critical portion of a septic system is the treatment of wastewater in an underground drainfield; and

WHEREAS, septic systems may present environmental risks and are potentially vulnerable to the effects of rising groundwater tables, which may diminish the treatment capacity of drainfields and result in elevated levels of groundwater pollution; and

WHEREAS, in November 2018, the Miami-Dade County Department of Regulatory and Economic Resources, the Miami-Dade County Water and Sewer Department, and the Florida Department of Health in Miami-Dade County presented a report (the “Report”) to this Board detailing that almost half of the septic tanks in Miami-Dade County break down yearly, a number that is expected to grow to 64 percent by 2040; and

WHEREAS, the Report recommended that the most effective means of addressing the long-term risks related to rising groundwater levels is to extend sewer connections to new and existing structures where feasible and to reduce the amount of new septic systems installed in vulnerable parts of Miami-Dade County (the “County”); and

WHEREAS, converting septic systems to sewer connections may require building new infrastructure; and

WHEREAS, the St. Thomas Sewer Service Extension and Road Improvements Project seeks to assist St. Thomas the Apostle Catholic School (7303 SW 64th Street, Miami, FL 33143) in its septic to sewer conversion, which will require transitioning the school off its seven septic tanks to the County’s centralized wastewater system; and

WHEREAS, funding for the project would provide for the extension of the County’s sewer force main in the area needed to transition the school off its seven septic tanks and onto the County’s wastewater system; and

WHEREAS, the funding will also provide for roadway improvements in the area to alleviate traffic concerns, which are currently creating a safety hazard in the vicinity of the school’s campus; and

WHEREAS, this Board wishes to urge the Florida Legislature to appropriate funding to facilitate this project,

NOW, THEREFORE, BE IT RESOLVED BY THE BOARD OF COUNTY COMMISSIONERS OF MIAMI-DADE COUNTY, FLORIDA, that this Board:

Section 1. Urges the Florida Legislature to appropriate funding to Miami-Dade County for the St. Thomas Sewer Service Extension and Road Improvements Project.

Section 2. Directs the Clerk of the Board to transmit certified copies of this resolution to the Governor, the Senate President, the House Speaker, and the Chair and Members of the Miami-Dade County State Legislative Delegation.

Section 3. Directs the County’s state lobbyists to advocate for the actions set forth in section 1 above and authorizes and directs the Office of Intergovernmental Affairs to amend the 2024 State Legislative Package to include this item.

The Prime Sponsor of the foregoing resolution is Commissioner Kevin Marino Cabrera. It was offered by Commissioner **Danielle Cohen Higgins** , who moved its adoption. The motion was seconded by Commissioner **Raquel A. Regalado** and upon being put to a vote, the vote was as follows:

Oliver G. Gilbert, III, Chairman		absent
