

# Memorandum

**Date:** April 2, 2024

**To:** Honorable Chairman Oliver G. Gilbert, III  
and Members, Board of County Commissioners

Agenda Item No. 8(P)(10)

**From:** Daniella Levine Cava  
Mayor

A handwritten signature in blue ink that reads "Daniella Levine Cava".

Resolution No. R-276-24

**Subject:** Request for Additional Time and Expenditure Authority to Prequalification Pool for Information Technology Consulting Services

## Summary

This item is requesting additional time and expenditure authority under this pool to procure technology consulting services to support crucial projects for the Clerk of Courts (COC), Department of Regulatory and Economic Resources (RER), Information Technology Department (ITD), Miami-Dade Aviation Department, Miami-Dade Corrections and Rehabilitation (MDCR), Miami-Dade Fire Rescue (MDFR), and Water and Sewer Department (WASD). The benefits of utilizing this pool are that it affords the County access to specialized technical skill sets and expertise that may be required during a system implementation or upgrade. Thus, it is a cost-effective means to strategically augment and support existing staff on complex projects for a specific and finite period of time, on an as-needed basis.

The services under this pool include project management, system design, multi-platform systems integration, software programming, development and customization, web development, data and media management, network security, engineering, and technical support. Projects for which these resources are needed include eBuilder (WASD), GIS enhancements for Computer-Aided Dispatch System (MDFR), Inspection Modernization (RER), Court Case Management System (ITD for public safety departments), Legacy System Modernization (MDCR), and Traffic and Parking System (COC). All expenditures under this contract are subject to approval by the Board of County Commissioners (Board) as part of the annual County budget.

This is an open pool and there are no changes to the pool requirements. It is anticipated that if the pool was resolicited the same vendors would be eligible for prequalification, hence a five-year extension is being requested. This extension will allow existing prequalified vendors to remain in the pool provided they continue to meet the requirements, while new vendors will be able to access the pool for additional participation, resulting in greater efficiency for both existing vendors and the County due to the reduction in administrative work. Continuing with the current pool will allow existing vendors to focus on accessing bid opportunities, as opposed to repeating prequalification documentation. Thus, the pool will continue to streamline processes and reduce time to procure needed goods and services, saving the County time and money and reducing administrative barriers for our vendors.

## Recommendation

It is recommended that the Board approve extending *Prequalification Pool No. RTQ-00894, Information Technology Consulting Services*, for five years with \$18,600,000 in additional expenditure authority for projects managed by ITD on behalf of multiple County departments. The use of this pool allows departments the flexibility to request quotes for different projects and adapt to industry changes to meet their needs.

## Background

This pool was established by the Board on November 8, 2018, through Resolution No. R-1158-18, for a five-year term with 33 prequalified vendors. Prior to the decision to seek extension of the pool, outreach was conducted to identify potential local vendors. In addition, the event was posted on the Demandstar

platform which broadcasted to an additional 342 vendors. Finally, the event was also posted to the NIGP Community website and the County's future solicitation portal. Additional vendors were identified and invited to submit their qualifications for inclusion in the pool. The pool will remain open to allow additional vendors that meet the prequalification criteria to be added.

### **Scope**

The impact of this item is countywide in nature.

### **Delegated Authority**

There is no additional delegation of authority sought in this item as the authority to solicit pricing and award contracts up to an aggregate amount of the allocation authorized by the Board, exercise all provisions of the solicitation documents and any resulting contracts pursuant to Section 2-8.1 of the County Code and Implementing Order 3-38, and add vendors to the pool at any time, subject to ratification by the Board on a bi-annual basis, was granted when the pool was established under Resolution No. R-1158-18. Any contract award under the prequalification pool exceeding \$5,000,000 is subject to ratification by the Board.

### **Fiscal Impact/Funding Source**

The pool term expires on June 30, 2024, and has a current cumulative allocation of \$50,000,000 for five years and six months. If this request is approved, the pool will have a modified cumulative allocation of \$68,600,000 and will expire on April 30, 2029. The requested increase in expenditure authority is based on the needs of the respective departments for whom ITD manages the contracts.

| Department   | Existing Cumulative Allocation | Additional Allocation Requested | Cumulative Allocation | Funding Source         | Pool Manager    |
|--------------|--------------------------------|---------------------------------|-----------------------|------------------------|-----------------|
| ITD          | \$35,850,250                   | \$18,600,000                    | \$54,450,250          | Internal Service Funds | Julian Manduley |
| Multiple     | \$14,149,750                   | \$0                             | \$14,149,750          | Multiple               | Multiple        |
| <b>Total</b> | <b>\$50,000,000</b>            | <b>\$18,600,000</b>             | <b>\$68,600,000</b>   |                        |                 |

### **Track Record/Monitor**

Angela Mathews-Tranum of the Strategic Procurement Department (SPD) is the Procurement Contracting Manager.

### **Prequalified Vendors**

The pool currently has 98 active prequalified vendors, of which 33 have local addresses, including 8 certified Small Business Enterprise (SBE) firms (see Attachment 1). SPD staff will continue with outreach to local firms to encourage their participation.

### **Due Diligence**

Pursuant to Resolution No. R-187-12, due diligence was conducted in accordance with SPD's Procurement Guidelines to determine contractor responsibility, including verifying corporate status and review of performance and compliance issues through various vendor responsibility lists and a keyword internet search. The lists referenced include convicted vendors, debarred vendors, delinquent contractors, suspended vendors, and federal excluded parties. There were no adverse findings relating to contractor responsibility.

**Applicability of Ordinances and Pool Measures**

- The two percent User Access Program applies.
- SBE measures will be determined prior to advertising each spot market competition where permitted by funding source. Local Preference will be applied at the time of spot market competition where permitted by funding source.
- The Living Wage Ordinance does not apply.
