

Memorandum

Date: July 2, 2024
To: Honorable Chairman Oliver G. Gilbert, III
and Members, Board of County Commissioners
From: Daniella Levine Cava
Mayor 
Subject: Request to Waive Competitive Bidding Procedures for Additional Time and
Expenditure Authority for DNA Testing Equipment, Supplies, Maintenance, and
Training

Agenda Item No. 8(P)(17)

Resolution No. R-611-24

Summary

This contract provides specialized DNA testing equipment, software, supplies, maintenance, and training services for the Miami-Dade Police Department (MDPD). These supplies and services are vital to the operations of the DNA testing program at MDPD Crime Laboratory, Forensic Biology Section (FBS). This item is for additional time and expenditure authority to allow MDPD to continue purchasing DNA testing supplies, equipment, training, and maintenance services from Life Technologies Corporation (LTC) for three additional years. LTC is the exclusive manufacturer and distributor of the specialized equipment and supplies currently used by MDPD, which have been validated through an extensive testing process required for the Crime Lab's accreditation and for coordination with the Federal Bureau of Investigation's national DNA database. Therefore, this item is being presented as a bid waiver pursuant to Section 2-8.1(b)(1) of the Miami-Dade County Code (Code).

Recommendation

It is recommended that the Board of County Commissioners (Board) waive competitive bidding procedures pursuant to Section 5.03(D) of the Home Rule Charter and Section 2-8.1(b)(1) of the Code, by a two-thirds vote of the Board members present, and approve Supplemental Agreement No. 4 to extend *Bid Waiver Contract No. BW6636-0/23 for DNA Testing Equipment, Supplies, Maintenance, and Training* for three years with \$1,869,510 in additional expenditure authority and allow for an up to six percent annual price adjustment during the extension term and add an assignment clause related to constitutional offices. The contract was awarded by the Board on July 10, 2019, through Resolution No. R-732-19 for a five-year term.

Background

MDPD utilizes specialized equipment for DNA testing of biological evidence associated with criminal cases. The current DNA testing equipment used by the FBS is proprietary to LTC, and they are the only vendor capable of maintaining and repairing the equipment, as well as providing the associated specialized training. The DNA testing program at the MDPD Crime Laboratory meets national standards as required by the American Society of Crime Laboratory Directors/Laboratory Accreditation Board (ASCLD/LAB) using LTC's reagents, equipment, and software.

Extension of this contract in lieu of a new bid waiver with the same vendor is recommended as all current terms and conditions will remain the same except for the addition of contract assignment language to address the establishment of constitutional offices and an annual price adjustment from five percent to six percent. Competition is not practicable as the equipment and instruments are proprietary to the vendor. Replacement of the current instruments and kits being utilized by FBS would require the County to validate a new platform which would require a minimum of one year to complete. Along with re-training of all staff, validation of a new platform would require the County to reconfigure its instruments and software systems to the new product, test the products for quality control and degree of effectiveness, and subject all analysts to new proficiency testing before any casework can be completed. It is estimated that it would cost the County approximately \$2.5 million to convert to another vendor. Transitioning to a new manufacturer would disrupt the entire operations of FBS and create a backlog of DNA testing.

Accordingly, it is in the County's best interest to extend the contract pursuant to Section 2-8.1(b)(1) of the Miami-Dade County Code and Section 5.03(D) of the Home Rule Charter to continue providing the required goods and services.

Scope

The impact of this item is countywide in nature.

Delegated Authority

The County Mayor or the County Mayor's designee will have the authority to execute Supplemental Agreement No. 4 and exercise all provisions contained therein.

Fiscal Impact/Funding Source

The contract expires on August 31, 2024, and has an existing cumulative allocation of \$4,000,000 for five years. If this request is approved, the contract will have a modified cumulative allocation of \$5,869,510 and will expire on August 31, 2027. The allocation requested for the extension period is based on historical spend analysis and future projected use of the contract.

Department	Existing Cumulative Allocation	Additional Allocation Requested	Modified Cumulative Allocation	Funding Source	Pool Manager
MDPD	\$4,000,000	\$1,869,510	\$5,869,510	General Funds	Imani Bradford
Total	\$4,000,000	\$1,869,510	\$5,869,510		

Note: The contract contains termination for convenience provisions which can be exercised if the commodities and services in this item are affected by the establishment of the constitutional offices. The contract is being modified with this supplemental agreement to include assignment provisions regarding constitutional offices.
