Agenda Item No. 8(P)(1)

Resolution No. R-679-24

Subject: Recommendation to Award a Contract for Bus Passenger Bench Program

Summary

This item is to establish a contract for a bus passenger bench program which will replace the current bus benches and trash receptacles installed throughout County bus stops for the Department of Transportation and Public Works (DTPW). The contract will also provide for the cleaning, garbage disposal, maintenance, repair and relocation of existing County-owned benches and trash receptacles and generate revenue for DTPW through advertisements placed on the benches. Approval of this item will allow DTPW to provide seating spaces for customers at bus stops located within the boundaries of UMSA, or where bus shelters do not fit in the right of way, relocate bus benches, generate revenue, and provide a clean image at County bus stops.

This contract will allow DTPW to manage the Bus Passenger Bench Program. DTPW has a total inventory of 1,800 active bus benches in approximately 1,500 bus stops throughout unincorporated Miami-Dade County. Through this contract, DTPW seeks to remove these bus benches and accompanying trash receptacles and approve a new bus bench model. With the implementation of the Better Bus Network (BBN), the total number of bus stops in UMSA is anticipated to decrease from 2,667 to 2,067, including bus stops without benches. The contract includes the installation of approximately 900 new benches and 900 new standalone 25-gallon capacity trash receptacles in bus stops that do not currently have a bus shelter, or in bus stops with bus shelters and high ridership to increase seating availability.

Recommendation

It is recommended that the Board of County Commissioners (Board) approve a competitive contract award, *Contract No. EVN0000093, Bus Passenger Bench Program*, to Signal Outdoor Advertising, LLC dba InSite Street Media for a 10-year term which is estimated to generate \$3,850,000 in revenue for DTPW. This contract will replace FB-01098 approved by the Board via Resolution No. R-1225-19 for a three-year term. The contract was subsequently modified for additional time via Resolution No. R-642-23.

Background

A Request for Proposals (RFP) was issued under full and open competition on April 17, 2023. On the closing date of July 14, 2023, the County received three proposals, including two from local firms. Upon review of the proposals received, the County identified potential responsiveness issues from two proposers and on September 5, 2023, staff requested a legal review of the proposals. On November 17, 2023, the County Attorney's Office issued the opinion that the proposal from Guardian Provision, LLC was deemed non-responsive as they failed to submit required documentation. A kick-off meeting with the Selection Committee was held on December 19, 2024. Committee members' Neutrality Affidavits were sent to the Office of Commission Auditor on December 22, 2024, and a response was received January 25, 2024. The evaluation meeting was conducted on January 30, 2024. Negotiations commenced on April 17, 2024, and concluded on April 29, 2024.

The vendor recommended for award will engage in the selling of advertising on all existing and new benches installed under this program. Using the proceeds from advertising revenue the vendor will

provide all services in the scope of work, as well as provide the County with an annual guaranteed payment.

Scope

The scope of this item is countywide in nature.

Fiscal Impact/Funding Source

The estimated revenue for the 10-year term is \$3,850,000. The current contract has a total cumulative revenue of \$1,887,084 for a four-year and six-month term and expires on August 28, 2024. The annualized allocation under the proposed contract is approximately 8 percent less revenue than the current contract. This reduction in revenue is due to the number of benches being reduced under the program from 1,800 bus benches to 900, due to the reduction in bus stops as part of the BBN.

Department	Projected Revenue	Funding Source	Contract Manager
DTPW	\$3,850,000	Revenue Generating	Raonel Rodriguez
Total	\$3,850,000		

Track Record/Monitor

Vanessa Stroman of the Strategic Procurement Department (SPD) is the Procurement Contracting Manager.

Delegated Authority

If this item is approved, the County Mayor or County Mayor's designee will have the authority to execute the agreement and exercise all provisions of the contract, including any cancellation, renewals, or extensions, pursuant to Section 2-8.1 of the County Code and Implementing Order 3-38.

RE: EVN0000093-Bus Passenger Bench Program Responsiveness Determination

DATE: November 17, 2023

As set forth in your email, you requested a formal opinion as to whether the proposals submitted by Guardian Provisions, LLC (“Guardian”) and Signal Outdoor Advertising, LLC (“Signal”) for EVN0000093-Bus Passenger Program are responsive. Guardian did not provide a payment schedule nor any information as to the bench to be provided or its approach to the overall program. Signal failed to submit a Pro Forma document along with its submittal.

The County Attorney’s Office bases its determination on the information contained in your Email, which included: the procurement solicitation documents; Guardian’s submittal; and Signal’s proposal.

For the reasons stated below, the County Attorney’s Office finds that Guardian’s submittal is non-responsive, while Signal’s proposal is responsive.

FACTS

On July 14, 2023, the Strategic Procurement Department solicited sealed proposals on behalf of the Department of Transportation and Public Works for the purpose of the development and implementation of a bus passenger bench program. In general, the scope of work to be performed includes the removal of existing bus passenger benches, the design and installation of new bus passenger benches, the ongoing cleaning and maintenance of the bus passenger benches, and the solicitation and placement of advertisements on said benches. See Section 2.0 of EVN0000093. In addition, proposers were to include a proposed payment schedule corresponding to the amount the proposer is committed to paying Miami-Dade County. See Attachment B of EVN0000093. Section 5.1.1 of EVN0000093 requires the inclusion of a Pro Forma. Specifically, “ a Pro Forma that provides a financial analysis integrating revenues, payroll expenses, costs of goods and services, investments and depreciation, operating expenses, and net revenue for a period of the ten (10) years of the project’s operation.”

Guardian’s submittal did not include a payment schedule, any information as to the bench to be provided, any information as to the approach to the overall bus passenger program, or any information as to the essential personnel anticipated to be working on this project.

Signal's proposal did provide a payment schedule, information as to the bench to be provided, information as to the approach to the overall bus passenger program, and information as to the essential personnel anticipated to be working on this project. Signal did not submit a Pro Forma document along with its submittal.

DISCUSSION

As a general matter, a responsive bid "is submitted on the correct forms and contains all required information, signatures and notarizations." *Intercontinental Properties, Inc. v. State Dep't. of Health and Rehab. Serv.*, 606 So. 2d 380 (Fla. 3d DCA 1992). A bid is not responsive if it cannot form the basis of a contract, or if it contains deviations which provide the bidder with a material advantage over other bidders. *Robinson Elec. Co., Inc. v. Dade County*, 417 So. 2d 1032, 1034 (Fla. 3d DCA 1982). Whether a bid is responsive concerns a bidder's unequivocal promise, as shown on the face of its bid, to provide the items or services called for by the material terms of the bid. *In the Matter of Red John's Stone, Inc.*, 1998 WL 869550 (Comp. Gen. 1998). In discussing responsibility and bid responsiveness, the Comptroller General stated: "Unless something on the face of the bid limits, reduces or modifies the obligation of a prospective contractor to perform in accordance with the terms of the invitation, the bid must be considered responsive." *Comptroller General to the Secretary of the Army*, 1973 WL 8799 (Comp. Gen. 1973) (citations omitted).

Guardian's submittal did not include anything that could be evaluated. Moreover, without a payment schedule or actual proffered bench, Guardian's submittal cannot form the basis of a contract nor is it an unequivocal promise to provide the services called for by the procurement solicitation. Additionally, Guardian's failure to provide a drawing, sketch, photograph, or even a description of a proposed bus passenger bench makes it impossible to ascertain whether Guardian intends to provide a product in compliance with the requirements of the procurement solicitation. As such, Guardian's submittal is Signal's proposal was completed and signed and provided an unequivocal promise to provide the bus passenger bench program sought. Signal did not limit, modify or reduce its obligations to perform in any way, and the proposal was submitted timely. Signal did include a payment schedule, information as to the bench to be provided, information as to the approach to the overall bus passenger program, and information as to the essential personnel anticipated to be working on this project.

The only question open as to responsiveness is, therefore, whether Signal's failure to submit a Pro Forma document along with its submittal gave Signal any material advantage over the other proposers. Signal's proposed payment schedule, technical approach, bus passenger bench appearance, and project team for the bus passenger bench program were locked in at the point it submitted its timely proposal. To the extent the Evaluation Committee members believe a pro Forma is a relevant component in evaluating the experience and approach of a proposer, the Committee members may adjust their scoring to reflect the failure to provide such information. Furthermore, the submission- or lack thereof- of a Pro Forma relates to the proposer's financial wherewithal and ability to provide the services called for in the solicitation. As a result, the submission of the Pro Forma goes to issues of a proposer's responsibility, not responsiveness.

Accordingly, because there was no competitive advantage received by Signal as a result of its failure to submit a Pro Forma document along with its submittal, this defect is waivable, and the proposal is, therefore, responsive. Conversely, Guardian's submittal is ineligible for award, since Guardian failed to provide adequate information to evaluate or to determine if it intends to provide the product contemplated in the procurement solicitation.

I am requesting that the resolution approving award of Contract No. EVN0000093 for a Bus Passenger Bench Program, which is estimated to generate \$3,850,000 in revenue over a 10-year term for the Department of Transportation and Public Works (DTPW), be processed for agenda placement on the June Committee Cycle.

Although this item has not met the noticed deadline and has been provided to the Agenda Coordination Office late, this item is time sensitive and critical to DTPW as the current contract expires on August 28, 2024. Through this contract, DTPW seeks to remove an estimated 1,800 bus benches and accompanying trash receptacles and approve a new bus bench model. The contract includes the installation of approximately 900 new benches and 900 new standalone 25-gallon capacity trash receptacles at bus stops that do not currently have a bus shelter, or at bus stops with bus shelters and high ridership to increase seating availability. Revenue to the County will be generated from the selling of advertising on all existing and new benches installed. Timely placement of this item is requested to ensure continuity of services.

Therefore, please process the item notwithstanding that the 3-day rule may be applicable to it. I am aware that this item is subject to approval for placement on the agenda by the appropriate committee chairperson as well as the BCC Chairman, and review by the Office of the County Attorney.

APPENDIX A – SCOPE OF SERVICES**1.0 BACKGROUND**

Miami-Dade County, hereinafter referred to as “the County”, as represented by the Strategic Procurement Department on behalf of the Department of Transportation and Public Works (DTPW), requires the Contractor to manage the Bus Passenger Bench Program, hereinafter referred to as “the Program”. In the Unincorporated Miami-Dade Service Area (UMSA), DTPW has a total inventory of 1,602 active bus benches in approximately 1,500 bus stops. DTPW needs to remove these bus benches and accompanying trash receptacles. DTPW needs a new bus bench model, fabricated completely out of steel or aluminum and with a modern aesthetic. With the implementation of the Better Bus Network (BBN), the total number of bus stops in the UMSA is anticipated to drop from 2,667 to 2,067, including bus stops without benches. DTPW plans to install 900 new benches and 900 new standalone 25-gallon capacity trash receptacles in bus stops that do not currently have a bus shelter or in bus stops with bus shelters and high ridership to increase seating availability.

The Contractor shall sell advertising on all existing and replaced bus benches to produce the greatest revenue for the County. See Exhibit B, *UMSA Bus Passenger Bench Inventory*, for details on the location and quantities of benches and trash receptacles.

2.0 RESPONSIBILITIES

The Contractor shall:

1. Remove the existing total active inventory of bus benches and trash receptacles from approximately 1,500 bus stops.
2. Design and submit for approval a new bus bench model fabricated completely out of steel or aluminum and with no concrete legs. The color paint of the new bench model must be sky blue (RAL #5015). Bus benches placed on public right of way shall not exceed 74 inches in length, 28 inches in depth, and 44 inches in height.
3. Furnish and install a total of 900 full-size and slim-size new bus benches and 900 standalone 25-gallon capacity trash receptacles, as authorized. Installation of bus benches and trash receptacles at these bus stops shall happen in the first three (3) years of the contract. See Exhibit C, *County Required Bus Bench Trash Receptacle*, for details on the approved trash receptacle.
4. Clean, maintain and repair existing and new County-owned bus benches and trash receptacles in the UMSA and ensure that the existing and new County-owned bus benches and trash receptacles have an attractive appearance and are safe to use at all times throughout the duration of this contract.
5. Engage in activities specifically related to selling advertising on all existing and new bus benches that the Contractor maintains. The Contractor shall sell advertising on the bus benches that produces the greatest amount of revenue for the County. Commercial advertising shall only be displayed on the front or rear surface of the backrest area of the bus bench. Advertising displayed on a bus bench shall not be greater than 72 inches in length nor greater than 24 inches in height, and no advertising displayed upon a bus bench shall be of a reflectorized material.
6. Assume responsibility for all costs required to perform the Services specified in this Section.
7. Note, If the Contractor proposes to install smart benches and/or landscaping, the Contractor shall be responsible for maintaining and repairing said enhanced amenities to ensure an attractive appearance and safety throughout the term of the Contract.

3.0 ANNUAL GUARANTEED PAYMENT

- A. The Contractor shall engage in activities specifically related to the selling of advertising on all existing bus benches and on all new bus benches that the Contractor installs. Using proceeds from advertising revenue, the Contractor shall provide all of the services in this Scope of Work.
- B. The Contractor shall keep and maintain accurate records of all the bus benches and trash receptacles that are removed, manufactured, and installed. The Contractor shall record the quantity, ID, day of removal/installation, type, costs, and useful life of all benches and trash receptacles installed.
- C. The Contractor shall keep and maintain accurate records of all revenue Contractor collects from the sale or lease of advertisements or advertising space at the bus benches, as authorized under this Agreement, in accordance with Section 14, *Reports*.

AGP amounts are in accordance with the Agreement, Article titled "Price Schedule and Annual Guaranteed Payment".
- E. Payment in arrears in excess of ninety (90) days may be grounds for termination of this Contract and removal of advertising materials from the benches by the County.
- F. For any breach of the requirements of this Agreement, the County may impose an assessment in the amount of fifty dollars (\$50.00) per calendar day, per display.

4.0 ADJUSTMENTS OR VARIATIONS IN THE NUMBER OF BUS BENCHES

- A. - WHEN POSSIBLE IT IS RECOMMENDED TO PLACE BUS STOPS ON THE NEAR SIDE OF A RAILROAD CROSSING TO AVOID CREATING A QUEUE THAT WOULD CONFLICT WITH THE CROSSING.
- NEAR SIDE BUS STOPS SHALL BE LOCATED SO THAT RAILROAD WARNING SIGNS ARE NOT OBSTRUCTED BY A STOPPED BUS.
- SEE FDOT STD INDEX 17346 AND 17882 FOR RAILROAD MARKING AND SIGN DETAILS NOT SHOWN HERE.
- FOR NEAR SIDE OR FAR SIDE BUS BAYS, PROVIDE A MINIMUM OF 50 FT TO THE NEAREST RAIL LINE. (PER FLORIDA STATUTE 316.06(5))
- FOR ADA LANDING PAD REQUIREMENTS SEE FIGURE 1-5.
- MIN VALUE CALCULATED BASED ON PROVIDING APPROPRIATE STOPPING SIGHT DISTANCE TO RAILROAD CROSSING. DIMENSION SHOULD BE VERIFIED BASED ON THE SPECIFIC DESIGN CONDITIONS OF EACH CROSSING.
- MIN VALUE CALCULATED BASED ON ACCOMMODATING THE QUEUE THAT WOULD DEVELOP DURING A 60 SECOND PERIOD BUS STOP. DIMENSION SHOULD BE VERIFIED BASED ON THE SPECIFIC DESIGN CONDITIONS, TRAFFIC PROJECTIONS, AND EXPECTED BUS STOP DELAYS AT EACH CROSSING.

RIGHT TURN VALUE FOR FAR SIDE STOPS.
- QRT = QUEUE STORAGE VALUE FOR THE RIGHT TURN MOVEMENT (FT).
- QT = QUEUE STORAGE VALUE FOR THE THROUGH MOVEMENT (FT).

NOTES FOR QUEUE STORAGE VALUES: QRT OR QT

- UTILIZE A 95% SUCCESS RATE VALUE FOR ALL NON-FMS FACILITIES AND A 95% SUCCESS RATE FOR ALL FMS FACILITIES.

INCREASE THE AVERAGE VEHICLE DISTANCE BY 2 TO 3 FT FOR EVERY 5% INCREASE IN TRUCK PERCENTAGE.
- A FORMAL QUEUE STUDY SHOULD BE PERFORMED AT EACH LOCATION. AT LOCATIONS WHERE A SPECIFIC QUEUE STUDY DOES NOT
EXIST, UTILIZE A MINIMUM QUEUE STORAGE VALUE OF 100 FT IN URBAN/SUBURBAN AREAS AND 50 FT IN RURAL AREAS.
