Resolution No. R-758-24

Subject: Resolution Ratifying the Award of Ten (10) Non-Exclusive Professional Services Agreements for Project No. E23WS03 to Ardurra Group, Inc. (Agreement No. 23AGI004), AtkinsRealis USA Inc. (Agreement No. 23ARUI001), AECOM Technical Services, Inc. (Agreement No. 23ATSI002), BCC Engineering, LLC (Agreement No. 23BCCE003), CDM Smith Inc. (Agreement No. 23CDMS003), CHA Consulting, Inc. (Agreement No. 23CHAC001), EAC Consulting, Inc. (Agreement No. 23EAC002), Hazen and Sawyer, P.C. (Agreement No. 23HASPC004), Kimley-Horn and Associates, Inc. (Agreement No. 23KHAI005), and Nova Consulting, Inc. (Agreement No. 23NCI003) for Engineering Planning, Design and Related Services for the Water and Wastewater Infrastructure Projects (Water Mains, Force Mains, Gravity Sewers, Water and Sewer Pump Stations and Facilities) Related to Miami-Dade Water and Sewer Department's Consent Decree and Capital Improvement Programs Acceleration Ordinance

---

Executive Summary

The Water and Sewer Department ("WASD") has developed a Multi-Year Capital Improvement Program ("CIP") to upgrade its infrastructure systems throughout Miami-Dade County (the "County") in Order to renew and replace existing deteriorated systems and to ensure an efficient, reliable water and wastewater system throughout the County and to accommodate future growth and development. For this purpose, the attached resolution seeks the ratification of the County Mayor or County Mayor's designee's award of ten (10) separate Non-Exclusive Professional Services Agreements for Engineering Planning, Design and Related Services for the Water and Wastewater Infrastructure Projects (Water Mains, Force Mains, Gravity Sewers, and Water and Sewer Pump Stations and Facilities). The awarded Agreements are between Miami-Dade County (the "County") and the following firms, respectively:

- Ardurra Group, Inc. (Agreement No. 23AGI004);
- AtkinsRealis USA Inc. (Agreement No. 23ARUI001);
- AECOM Technical Services, Inc. (Agreement No. 23ATSI002);
- BCC Engineering, LLC (Agreement No. 23BCCE003);
- CDM Smith Inc. (Agreement No. 23CDMS003);
- CHA Consulting, Inc. (Agreement No. 23CHAC001);
- EAC Consulting, Inc. (Agreement No. 23EAC002);
- Hazen and Sawyer, P.C. (Agreement No. 23HASPC004);
- Kimley-Horn and Associates, Inc. (Agreement No. 23KHAI005); and
- Nova Consulting, Inc. (Agreement No. 23NCI003).

The total amount for each Agreement shall not exceed $6,000,000.00, for a contract term of five (5) years with one (1) two (2) year-option to renew. Therefore, the total fiscal impact for the ten (10) Agreements is $60,000,000.00. Pursuant to the Agreements, the ten (10) firms will provide engineering planning, design and related services for the water and wastewater infrastructure projects (water mains, force mains, gravity sewers, and water and sewer pump stations and facilities).

Recommendation

It is recommended that the Board of County Commissioners (the "Board") ratify the action of the County Mayor or County Mayor's designee, as authorized under Section 2-8.2.12 of the Miami-Dade County Code related to WASD's Consent Decree and Capital Improvement Programs Acceleration Ordinance ("WASD's Acceleration Ordinance"), for the funded projects identified below and in Exhibit A, as attached.

Multi-Year Capital Improvement Project

WASD has embarked on a $7.5 billion Capital Improvement Program. To ensure that the program addresses infrastructure needs adequately and utilizes efficient solutions, WASD needs to update its water and wastewater infrastructure.

Item 1: Ratifying Award of an Agreement to Ardurra Group, Inc. to provide professional services for engineering planning, design and related services for the water and wastewater infrastructure projects (water mains, force mains, gravity sewers, water and sewer pump stations and facilities), Project No. E23WS03: Agreement No. 23AGI004. The Agreement was fully executed and attested by the Clerk of the Board on 5/8/2024.

Item 2: Ratifying Award of an Agreement to AtkinsRealis USA Inc. to provide professional services for engineering planning, design and related services for the water and wastewater infrastructure projects (water mains, force mains, gravity sewers, water and sewer pump stations and facilities), Project No. E23WS03: Agreement No. 23ARUI001. The Agreement was fully executed and attested by the Clerk of the Board on 6/21/2024.

Item 3: Ratifying Award of an Agreement to AECOM Technical Services, Inc. to provide professional services for engineering planning, design and related services for the water and wastewater infrastructure projects (water mains, force mains, gravity sewers, water and sewer pump stations and facilities), Project No. E23WS03: Agreement No. 23ATSI002. The Agreement was fully executed and attested by the Clerk of the Board on 5/29/2024.

Item 4: Ratifying Award of an Agreement to BCC Engineering, LLC to provide professional services for engineering planning, design and related services for the water and wastewater infrastructure projects (water mains, force mains, gravity sewers, water and sewer pump stations and facilities), Project No. E23WS03: Agreement No. 23BCCE003. The Agreement was fully executed and attested by the Clerk of the Board on 5/29/2024.

Item 5: Ratifying Award of an Agreement to CDM Smith Inc. to provide professional services for engineering planning, design and related services for the water and wastewater infrastructure projects (water mains, force mains, gravity sewers, water and sewer pump stations and facilities), Project No. E23WS03: Agreement No. 23CDMS003. The Agreement was fully executed and attested by the Clerk of the Board on 6/21/2024.

Item 6: Ratifying Award of an Agreement to CHA Consulting, Inc. to provide professional services for engineering planning, design and related services for the water and wastewater infrastructure projects (water mains, force mains, gravity sewers, water and sewer pump stations and facilities), Project No. E23WS03: Agreement No. 23CHAC001. The Agreement was fully executed and attested by the Clerk of the Board on 5/29/2024.

Item 7: Ratifying Award of an Agreement to EAC Consulting, Inc. to provide professional services for engineering planning, design and related services for the water and wastewater infrastructure projects (water mains, force mains, gravity sewers, water and sewer pump stations and facilities), Project No. E23WS03: Agreement No. 23EAC002. The Agreement was fully executed and attested by the Clerk of the Board on 6/21/2024.

Item 8: Ratifying Award of an Agreement to Hazen and Sawyer, P.C. to provide professional services for engineering planning, design and related services for the water and wastewater infrastructure projects (water mains, force mains, gravity sewers, water and sewer pump stations and facilities), Project No. E23WS03: Agreement No. 23HASPC004. The Agreement was fully executed and attested by the Clerk of the Board on 6/21/2024.

Item 9: Ratifying Award of an Agreement to Kimley-Horn and Associates, Inc. to provide professional services for engineering planning, design and related services for the water and wastewater infrastructure projects (water mains, force mains, gravity sewers, water and sewer pump stations and facilities), Project No. E23WS03: Agreement No. 23KHAI005. The Agreement was fully executed and attested by the Clerk of the Board on 5/29/2024.

Item 10: Ratifying Award of an Agreement to Nova Consulting, Inc. to provide professional services for engineering planning, design and related services for the water and wastewater infrastructure projects (water mains, force mains, gravity sewers, water and sewer pump stations and facilities), Project No. E23WS03: Agreement No. 23NCI003. The Agreement was fully executed and attested by the Clerk of the Board on 5/23/2024.

Delegation of Authority

These Agreements were awarded pursuant to WASD's Acceleration Ordinance, which delegates authority to the County Mayor or County Mayor's designee to award certain projects and, among other things, negotiate and settle claims, and execute change orders that do not exceed ten percent (10%) of the base contract amount, all subject to ratification by the Board. The County Mayor or County Mayor's designee is authorized to exercise the provisions in each of the aforementioned Non-Exclusive Professional Services Agreements.

Scope

The scope of services to be provided by Ardurra Group, Inc.; AtkinsRealis USA, Inc.; AECOM Technical Services, Inc.; BCC Engineering, LLC; CDM Smith Inc.; CHA Consulting, Inc.; EAC Consulting, Inc.; Hazen and Sawyer, P.C.; Kimley-Horn and Associates, Inc.; and Nova Consulting, Inc. involves engineering planning, design and related services for the water and wastewater infrastructure projects (water mains, force mains, gravity sewers, water and sewer pump stations and facilities).

Fiscal Impact/Funding Source

The total fiscal impact for the ten (10) Agreements is $60,000,000.00 ($6,000,000.00 per Agreement). Funding will be provided from Future WASD Revenues Bonds, WASD Revenue

Bonds Sold, Wastewater Connections Charges, Wastewater Renewal Fund, Water Connection Charges, and Water Renewal and Replacement Fund.

Track Record/Monitoring

WASD Deputy Director, Planning Regulatory Compliance and Capital Infrastructure, Marisela Aranguiz-Cueto, P.E., will oversee the ten Agreements.

Due Diligence/Safety Information

Due diligence was conducted by WASD and the Strategic Procurement Department (SPD) in accordance with SPD's Procurement Guidelines to determine responsibility, including verifying corporate status; performance; compliance data. The lists that were reviewed include: convicted vendors, debarred vendors, delinquent contractors, suspended vendors, and federally excluded parties. There were no adverse findings related to the Consultants' responsibility. This information is being provided pursuant to Resolution No. R-187-12.

Background

On September 3, 2014, the Board approved Ordinance No. 14-77 authorizing the County Mayor or County Mayor's designee to award contracts for funded capital projects and related goods and services, and to accelerate the approval of WASD's: (1) Consent Decree projects, and (2) projects identified in WASD Multi-Year Capital Plan's Capital Improvements Program without the need for prior Board approval but subject to ratification by the Board.

Memorandum

MIAMI-DADE COUNTY

Date: May 8, 2024

To: Roy Coley, MBA, Director
Water and Sewer Department

From: Marisela Aranguiz-Cueto, P.E.,
Deputy Director of Planning, Regulatory Compliance, and Capital Infrastructure
Water and Sewer Department

Subject: Contract Award Recommendation for a Non-Exclusive Professional Services Agreement for Engineering Planning, Design and Related Services for Water and Wastewater Infrastructure Projects (Water Mains, Force Mains, Gravity Sewers, and Water and Sewer Pump Stations and Facilities) to Ardurra Group, Inc., Agreement No. 23AGI004 – Project No. E23WS03

SUMMARY

The Miami-Dade Water and Sewer Department (WASD) is the primary provider of water and wastewater services to Miami-Dade County (the County) serving a population of over 2.7 million, making it among the largest water/wastewater utilities in the United States. WASD has developed a Multi-Year Capital Improvement Program (CIP) to upgrade its infrastructure systems throughout the County in order to renew and replace existing deteriorated systems, and to ensure an efficient, reliable water and wastewater system throughout the County in order to accommodate future growth and development or redevelopment. WASD recognizes the need for engineering planning, design and related services for water and wastewater infrastructure (water mains, force mains, gravity sewers, and water and sewer pump stations and facilities), and other critical projects which are an integral part of the CIP. For this solicitation under Project No. E23WS03, the County intends to retain ten (10) qualified firms under ten (10) separate Non-Exclusive Professional Services Agreements, including Agreement No. 23AGI004 (Agreement). This contract award recommendation is for one of the ten prepared by WASD.

WASD is requesting approval of the Agreement between the County and Ardurra Group, Inc. (Ardurra) to provide WASD with engineering planning, design and related services for the water and wastewater infrastructure (water mains, force mains, gravity sewers, and water and sewer pump stations and facilities), which is essential to the entire County.

A review of the County's Capital Improvements Information System (CIIS) showed that Ardurra has 14 evaluations with an average evaluation score of 3.6 out of a possible maximum score of 4.0. *(See Attachment A: Contractor Evaluation Report)*

A review of CIIS, managed by the Office of Small Business Development, showed that Ardurra has been awarded one (1) contract with the County within the last three (3) years from the proposal submittal date, with a total contract value of $4,000,000. *(See Attachment B: Firm History Report)*

RECOMMENDATION

Pursuant to the WASD Consent Decree and Capital Improvement Programs Acceleration Ordinance Section 2-8.2.12 of the County Code, it is recommended that the County Mayor or County Mayor's designee approve the attached Agreement to Ardurra to provide engineering planning, design and related services for water and wastewater infrastructure projects, Agreement No. 23AGI004; Project No. E23WS03. The total compensation amount under the Agreement will not exceed $6,000,000, with a contract term of five (5) years, with one (1) two (2) year option-to-renew. The Agreement does not include a contingency account.

DELEGATED AUTHORITY
Pursuant to the provisions of Section 2-8.2.12 of the County Code, the County Mayor or County Mayor's designee has the authority to execute, amend and terminate the Agreement, and to resolve disputes. Additionally, pursuant to the provisions of Sections 2-8.2.12 (4)(d) and (e) of the Code, the County Mayor or County Mayor's designee has the authority to amend and/or extend the Agreement to complete any unfinished work, waive liquidated damages, negotiate and settle claims, and execute change orders that do not exceed ten percent (10%) of the base/alternate Agreement amount. Pursuant to Section 2-8.2.12 (7), all actions taken pursuant to Section 2-8.2.12 are subject to ratification by the Board of County Commissioners.

SCOPE
Ardurra will assist with the implementation of the Capital Improvement Program and its timely execution. The projects will include all collection, distribution and transmission system assets within WASD's water and wastewater systems and service areas. This includes water mains, force mains, gravity sewers, water pump stations, sewer pump stations, trenchless pipelines, rehabilitation technologies and any related facilities. This shall also include regional assets outside of the treatment plants (i.e., wastewater master pump stations and water booster stations); maintenance facilities, maintenance yards, warehouses, and other buildings essential to WASD operations and maintaining 24-hour operation and service. The scope of services may also include work within the treatment plants if the scope of work includes piping or pumps that are connected to the distribution or collection systems. Lastly, the scope of services will also encompass ancillary engineering services including, but not limited to, coordination and evaluation of volume sewer and water customer service areas, roadway and pavement design, and maintenance of traffic.

The scope of services may include assisting WASD with the rehabilitation, replacement, and upgrade of water and sewer assets and related facilities that are part of the Multi-Year Capital Improvement Program. The scope of services may also include assisting WASD with planning, design, permitting and construction of new water and sewer assets and related facilities that are part of the Multi-Year Capital Improvement Program.

Ardurra shall provide the following services: preliminary site investigations; environmental and geotechnical services; surveying; hydraulic modeling and analysis; coordinating with other utilities; preparing basis of design reports; evaluation of existing equipment condition; capacity analysis, evaluation of useful life expectancy; design services for improvement/upgrade/renovations; preparation of design drawings and engineering reports; preparation of contract specifications; structural engineering; mechanical engineering; electrical engineering; and instrumentation and control engineering.

The scope of services may also include obtaining necessary permits (dry-run, right of way, environmental, building, etc.); coordination with WASD forces; engineering evaluations (such as cost benefit analyses, Envision, and evaluation of sustainable building applications); planning services, existing utility location, procurement services, public outreach, engineering services during construction, landscape architecture services, architecture services, and inspections.

PRIMARY COMMISSION DISTRICT/PROJECT LOCATION
Various Commission Districts. This project has Countywide significance.

All firms were evaluated in accordance with Section 2-10.4 of the County Code, Implementing Order 3-34 and Administrative Order 3-39.

PROCUREMENT HISTORY
On May 10, 2023, a Notice to Professional Consultant (NTPC) was issued under full and open competition. A total of twenty (20) proposals were received by the submittal deadline of July 6, 2023. *(See Attachment F: List of Respondents)*

Pursuant to County Resolution No. R-62-22, which amended Implementing Order 3-34, and became effective on July 11, 2022, the CSC was provided with all reports and findings of the Office of the Inspector General and the Commission on Ethics and Public Trust, produced on September 21, 2023, regarding any Proposer and their proposed subconsultants for consideration while scoring in accordance with the applicable criteria identified in the solicitation.

SBD completed its review of the SBE contract measures on August 2, 2023, and confirmed that all twenty (20) firms were in compliance with the submittal requirements. *(See Attachment H: SBD Compliance Review)*

On July 31, 2023, the Strategic Procurement Department (SPD) sent a letter to CPH Consulting, LLC indicating that their team did not meet the prequalification/technical certification requirements pursuant to the NTPC and were found non-compliant. Consequently, the proposal from CPH Consulting, LLC was not evaluated by the Competitive Selection Committee (CSC).
(See Attachment G: SPD Letter to CPH Consulting, LLC)

At the First Tier "Evaluation of Qualifications" meeting held on October 12, 2023, the CSC reviewed and ranked the remaining nineteen (19) proposals in accordance with evaluation criteria outlined in the solicitation. The CSC elected by majority of vote, to invite the fourteen (14) highest ranked proposers to advance to the Second-Tier meeting (Oral Presentations). *(See Attachment I: First Tier Tabulation Report)*

Project/Contract Title:	**Engineering Planning, Design, and Related Services for Water and Wastewater Infrastructure (Water Mains, Force Mains, Gravity Sewers, and Water and Sewer Pump Stations and Facilities)**	**Received Date:**	**3/21/2023**
Project/Contract No:	**E23WS03**	**Funding Source:**	**Other**
Department:	**Water & Sewer**		
Estimated Cost of Project/Bid:	**$6,000,000.00**		
Description of Project/Bid:	**WASD seeks the services of multiple consultants to assist with the implementation of the Capital Improvements Program and its timely execution. The projects will include all collection, distribution and transmission system assets within WASD's water and wastewater systems and service areas. This includes water mains, force mains, gravity sewers, water pump stations, sewer pump stations, trenchless pipelines, rehabilitation technologies and any related facilities. This shall also include regional assets outside of the treatment plants; maintenance facilities, maintenance yards, warehouses, and other buildings essential to WASD operations and maintaining 24-hour operation and service. The scope of services may also include work within the treatment plants if the scope of work includes piping or pumps that are connected to the distribution or collection systems. Lastly, it will also encompass ancillary engineering services including, but not limited to, coordination and evaluation of volume sewer and water customer services areas, roadway and pavement design, and maintenance of traffic.**

Reasons for Recommendation

SMALL BUSINESS ENTERPRISE - ARCHITECTURAL & ENGINEERING (SBE-A&E).
SBD reviewed this project pursuant to Implementing Order 3-32 for an SBE-A&E measure. Project information analyzed included the project's scope of services, estimated project cost, minimum requirements/qualifications and funding source. An attempt was made to assign this project a Set-Aside measure; however, three or more firms did not respond to the Verification of Availability to Propose as being able to meet the project's requirements. An analysis of the factors contained in the project package, as well as the factors contained in Section V. B. 2. C. of Implementing Order 3-32 indicates a 14.00% SBE-A&E Sub-Consultant Goal is appropriate for this contract in the following Technical Categories: TC 6.01 (Water and Sanitary Sewer Systems - Water Distribution and Sanitary Sewage Collection and Transmission Systems) - 4.00%, TC 6.02 (Water and Sanitary Sewer Systems - Major Water and Sanitary Sewage Pumping Facilities) - 4.00%, TC 16.00 (General Civil Engineering) - 2.00%, TC 13.00 (General Electrical Engineering) - 2.00% and TC 20.00 (Landscape Architecture) - 2.00%.

WASD is seeking ten (10) A&E consultants with a maximum compensation for each Non-Exclusive Professional Services Agreement (PSA) of $6,000,000.00 with no contingency allowance. The term for each PSA is five (5) years with one (1) two (2) year option-to-renew with no minimum amount of work or compensation guaranteed to the retained consultant.

SMALL BUSINESS ENTERPRISE - GOODS & SERVICES (SBE-Goods & SBE-Services).
An analysis of Implementing Order 3-41 & Ordinance 16-109, as well as the project package indicates a No Measure is appropriate.

SMALL BUSINESS PARTICIPATION ON COUNTY A&E AND DESIGN/BUILD PROJECTS

This completed form must be submitted with proposal documents by all proposers on a Miami-Dade County project with Small Business Enterprise ("SBE") program measure(s).

Project No.: E23WS03 Project Title: Engineering Planning, Design, and Related Services for the Water & Wastewater Infrastructure Projects

Name of Proposer: Ardurra Group, Inc. FEIN 59-1782900

Address: 8700 West Flagler St., Suite 180 City Miami State FL ZIP 33174

Telephone Number: 813-880-8881 Email address: kvaith@ardurra.com

The proposer is committed to meeting the established SBE measure(s) assigned to this project:

14 **% SBE-A/E,** _____ **% SBE-Con,** _____ **% SBE-G, and/or** _____ **% SBE-S.**

(For Goals, write in the percentage. For Set-aside, put a check mark or x.)

To satisfy the requirements for Step 1 –Proposal Submittal and Compliance with Small Business Enterprise Program Measure(s), the following is required:

1. Acknowledge the SBE program measure(s) (i.e., *SBE-Architecture & Engineering, SBE-Construction, SBE-Goods and/or SBE-Services*) established for this project via this Certificate of Assurance.
2. Acknowledge and confirm that there is an established relationship with the certified Miami-Dade County Small Business Enterprise firm(s) to be subcontracted to achieve the established SBE program measure(s) as indicated in the Project Documents.
3. Acknowledge that all SBE-A/E firms are properly listed on the Letter of Qualifications or Form 8DB submitted, as applicable, as part of the proposal documents and will be utilized, if selected to provide services based on their approved technical certification(s) required for the project.

To satisfy the requirements for Step 2 – Proposal Evaluation and Recommendation for Award, please attest that:

I understand that my company will be deemed non-compliant and not eligible to be considered for an award if I fail to (1) submit this Certificate of Assurance with my proposal documents, or (2) complete the Utilization Plan listing all certified Miami-Dade County SBEs to be subcontracted to satisfy the project's established SBE measure(s) via the County's Business Management Workforce System ("BMWS"), within the specified time frame, upon email notification from Small Business Development ("SBD") or BMWS. Each SBE-A/E sub-consultant listed on the Letter of Qualifications or Form 8DB, as applicable, must confirm their sub-contractual relationship (i.e., work to be performed, and the value or percentage of said work) in the Utilization Plan via BMWS, for approval by SBD.

RE: SPD Project No. E23WS03: Engineering Planning, Design and Related Services for the Water and Wastewater Infrastructure Projects (Water Mains, Force Mains, Gravity Sewers, and Water and Sewer Pump Stations, and Facilities)

SENT VIA E-MAIL: info@cphcorp.com

Dear Mr. Hendrix,

Miami-Dade County is in receipt of your proposal in response to the above referenced solicitation. Please note the following findings as of the submittal due date of July 6, 2023. *CPH Consulting, LLC.* d/b/a *CPH LLC* (CPH) (FEIN 59-2068806) assigned to perform the Technical Categories (TCs) listed below as submitted on the Letter of Qualifications (LOQ), was not pre-qualified/technically certified to render those services:

- 6.01 – Water and Sanitary Sewer Systems – Water Distribution and Sanitary Sewage Collection and Transmission
- 6.02 – Water and Sanitary Sewer Systems – Water and Sanitary Sewage Pumping Facilities
- 16.00 – General Civil Engineering
- 11.00 – General Structural Engineering
- 12.00 – General Mechanical Engineering
- 13.00 – General Electrical Engineering
- 14.00 – Architecture
- 15.01 – Surveying and Mapping – Land Surveying
- 20.00 – Landscape Architecture

Additionally, Sub-Consultant firm, *Robayna and Associates, Inc.* (59-119073) assigned to perform services in Technical Category 10.09 Environmental Engineering – Wellfield, Groundwater and Surface Water Protection and Management, is not technically certified in this assigned category as submitted on the Letter of Qualifications (LOQ). Finally, no sub-consultant on your team is pre-qualified nor technically certified in the aforementioned category, as required by the Notice to Professional Consultants (NTPC).

Pursuant to Section 1.5, Pre-Qualification Requirements, of the NTPC, "*In accordance with Chapter 2, Section 2-10.4 and Administrative Order 3-39 of Miami-Dade County, all firms and/or individual consultants properly licensed to provide A/E, landscape architectural, land surveying and mapping services, regardless of their individual assignments in connection with this project, and responding to this solicitation must have filed a pre-qualification package with and have an approved pre-qualification status from ISD by the response deadline of this solicitation…Proposer's (prime and/or sub-consultants) failure to be pre-qualified, and hold a current technical certification in the required category(ies), at the time of proposal submittal deadline, shall render the proposal non-compliant*"; and Section 1.7, A/E Technical Certification Requirements, of the NTPC, "*To satisfy the technical certification requirements for the requested services, valid technical certification in all of the above-specified area(s) of work must be held by a firm responding as a sole respondent, or a team of firms…A/E Technical Certification Requirements, Proposers (prime*

and/or sub-consultants) failure to be technically certified at the time of proposal submittal, as applicable, shall cause the proposal to be deemed non-compliant".

As a result, your team is non-compliant with the requirements of the NTPC and is hereby eliminated from further consideration for this solicitation.

Miami-Dade County thanks you for your interest in providing professional services and encourages you to submit for future projects.

Should you have any questions and/or concerns, you may contact me via email at justin.espagnol@miamidade.gov, with a copy to the Clerk of the Board at clerk.board@miamidade.gov. Please be advised that this project remains under the Cone of Silence.

Sincerely,

Justin Espagnol

SUBJECT: Compliance Review
Project No. E23WS03
Engineering Planning, Design, and Related Services for Water and Wastewater Infrastructure (Water Mains, Force Mains, Gravity Sewers, and Water and Sewer Pump Stations)

Small Business Development (SBD), a Division of the Internal Services Department, has completed its review of the subject project for compliance with the Small Business Enterprise-Architectural and Engineering (SBE-A&E) Program. The contract measure established for this project is a 14.00% SBE-A&E sub-consultant goal.

The Strategic Procurement Department has submitted contract documents that included the Certificate of Assurance for the firms listed below acknowledging the project's SBE-A&E measure. Each firm also submitted their Utilization Plan (UP) identifying the SBE sub-consultants to fulfill the goal via the Business Management Workforce System (BMWS) and the following is their pre-award compliance status and summary.

Subject: Report of Competitive Selection Committee
Miami-Dade Water and Sewer Department (WASD)
Engineering Planning, Design and Related Services for the Water and Wastewater Project Title: Infrastructure Projects (Water Mains, Force Mains, Gravity Sewers, Water and Sewer Pump Stations and Facilities)
SPD Project No. E23WS03

The Competitive Selection Committee has completed the evaluation of the proposal(s) submitted in response to the referenced Strategic Procurement Department (SPD) solicitation and consistent with the guidelines published in the Notice to Professional Consultants (NTPC).

Scope of Services Summary: The scope includes the assistance of WASD's Capital Improvement Program, as well as new water and sewer assets and related facilities that are part of the Multi-Year Capital Improvement Program. The project includes all collection, distribution and transmission system assets within WASD's water and wastewater systems and service areas. The consultants will be responsible for preliminary site investigations; environmental and geotechnical services; surveying; hydraulic modeling and analysis; coordinating with other utilities; preparing basis of design reports; evaluation of useful life expectancy; design services for improvement/upgrade/renovations; preparation of design drawings and engineering reports; preparation of contract specifications, structural engineering; mechanical engineering; electrical engineering; and instrumentation and control engineering. Additional services may include obtaining permits; engineering evaluations; planning services; procurement services; public outreach; engineering services during construction; landscape architecture; architecture services; and inspections.

Preferred Experience and Qualifications: The prime consultant should be experienced in the planning, design, permitting, and construction management of pipelines, pump stations for water and sewer and facilities. The prime consultant should also have experience with the planning, design and construction of water distribution mains, force mains, gravity sewers, and pump stations of various sizes. The prime consultant should provide descriptions of three (3) successfully designed, constructed and operating distribution and collection system projects. The information shall include detailed descriptions of one (1) project of a water main or force main larger than 24-inches in diameter completed within the past seven (7) years and two (2) projects of regional sanitary sewer or water booster stations completed within the past seven (7) years.

Contract Term: The County intends to retain ten (10) qualified consultants/teams for ten (10) non-exclusive Professional Services Agreements each with an effective term of five (5) years, with one

(1) two-year option to extend, for a total of 7 years or, until the money is depleted, whichever comes first.

Small Business Enterprise Goal: On March 31, 2023, the Office of Small Business Development established a 14.00% Small Business Enterprise – Architectural and Engineering Goal for this project.

Advertisement Date: May 10, 2023.

Number of Proposal(s) Received: Twenty (20) proposals were received by the submittal deadline of July 6, 2023.

Name of Proposer(s): Please refer to the attached List of Respondents.

Strategic Procurement Department Compliance Review: The proposal submitted by CPH Consulting, LLC did not meet the prequalification/technical certification requirements pursuant to the NTPC and was deemed non-compliant. Consequently, the proposal from CPH Consulting, LLC was not evaluated by the Competitive Selection Committee.

Small Business Enterprise Compliance Review: All proposals were submitted for review on July 13, 2023, and were deemed in compliance. Please refer to the attached Compliance Review Memorandum dated August 2, 2023.

Office of the Commission Auditor (OCA) Background Checks: SPD submitted Committee members' completed Neutrality Affidavits and Resumes to OCA on August 15, 2023. A response was received on September 8, 2023. OCA submitted the results of the background checks to the Commission On Ethics and Public Trust (COE) for further review of findings. A response was received from COE regarding findings on September 21, 2023.

Office of the Inspector General (OIG) / Commission on Ethics and Public Trust (COE) Reports, Findings and/or Enforcement Documentation for Proposer and Subcontractor(s): SPD submitted a request to OIG on July 27, 2023. A response was received on August 4, 2023. The information was disseminated to the Competitive Selection Committee on September 21, 2023.

SPD submitted a request to COE on July 27, 2023. A response was received on August 8, 2023. The information was disseminated to the Competitive Selection Committee on September 21, 2023.

Selection Process: The Architectural and Engineering professional services solicitation process is a two-tiered selection process; First Tier is the Evaluation of Experience and Qualifications, and Second Tier is the Oral Presentations. The First Tier is the evaluation of the firms' current statements of experience, qualifications, and performance data. The Second Tier is the evaluation of the shortlisted firms' knowledge of project scope, qualifications of team members assigned to the project, and ability to provide the required services within schedule and budget, as demonstrated through an oral presentation from firms.

Note: The Competitive Selection Committee may waive the Second Tier selection process by a majority vote and base their selection on the results of the First Tier ranking only.

First Tier Results: The First Tier meeting was held on October 12, 2023. The Competitive Selection Committee was tasked with evaluating the experience and qualifications of the Proposers, and scoring and ranking the proposals in accordance with the evaluation criteria outlined in the solicitation. The Competitive Selection Committee scored all responsive proposals. During the evaluation process, all ties were broken using the standard tie-breaking procedure, as described in Section 3.3, Proposal Evaluation, of the Notice to Professional Consultants. Please refer to the attached First Tier Tabulation Sheet.

The Competitive Selection Committee elected, by majority vote, to invite the fourteen (14) highest ranked proposers to advance to the Second Tier phase.

Second Tier Results: In order to accommodate the number of firms presenting for Second Tier, presentations were held on two dates: October 23, 2023, and October 25, 2023. Tie breaking was performed by applying the standard tie-breaking procedure as described in Section 3.3 entitled Proposal Evaluations of the Notice to Professional Consultants. Please refer to the attached Second Tier Tabulation Sheet.

Special Circumstances: This project's original submittal deadline was extended by twenty-four (24) days upon request from proposers, and seven days to address an issue with INFORMS. Vetting the Competitive Selection Committee took longer than anticipated due to the recent retirement of one of the committee members which necessitated a substitution, and another member being on a planned vacation.

Administrative Leave Eligibility: The following County employees served as scoring members of the Committee and timely completed all committee-related duties, including submittal of the Neutrality Affidavit within three business days from Selection Committee Coordinator's notification dated July 31, 2023; initial scoring within 30 days of Selection Committee Coordinator's completion of required reviews; and final scoring at any additional meetings required within 15 days of initial scoring meeting, and are hereby entitled to one (1) day of paid administrative leave pursuant to Implementing Order No. 3-34:

Pursuant to the Cone of Silence legislation included in the Conflict of Interest and Code of Ethics Ordinance, and Section 2-11.1 of the County Code, the County Mayor or County Mayor's designee will report to the Board of County Commissioners any of the following instances:

- When negotiations do not commence, or other affirmative action is not taken, within 30 days of the Competitive Selection Committee's recommendation.

- When the County Mayor's or County Mayor's designee's recommendation to award or reject is not made within 90 days from the date of the Competitive Selection Committee's recommendation.

If approved, the Negotiation Committee will proceed with contract negotiations in accordance with Section 2-10.4(6) of the Code of Miami-Dade County and submit the signed contracts to be presented to the Board of County Commissioners for final approval, no later than 60 days from the date of this memorandum.

If satisfactory agreements cannot be reached within the 60-day period, a report is required to be prepared explaining all issues resulting from the negotiations. If negotiations are proceeding within a reasonable timeframe, then negotiations will continue, and the report will be submitted upon completion. The final contracts and report should be sent to the Strategic Procurement Department, Architectural and Engineering Unit.

Memorandum

Date: June 21, 2024

To: Roy Coley, MBA, Director
Water and Sewer Department

From: Marisela Aranguiz-Cueto, P.E.,
Deputy Director of Planning, Regulatory Compliance, and Capital Infrastructure
Water and Sewer Department

Subject: Contract Award Recommendation for a Non-Exclusive Professional Services Agreement for Engineering Planning, Design and Related Services for the Water and Wastewater Infrastructure Projects (Water Mains, Force Mains, Gravity Sewers, and Water and Sewer Pump Stations and Facilities) to AtkinsRealis USA Inc. (f/k/a Atkins North America, Inc.), Agreement No. 23ARUI001 – Project No. E23WS03

SUMMARY

The Miami-Dade Water and Sewer Department (WASD) is the primary provider of water and wastewater services to Miami-Dade County (the County) serving a population of over 2.7 million, making it among the largest water/wastewater utilities in the United States. WASD has developed a Multi-Year Capital Improvement Program (CIP) to upgrade its infrastructure systems throughout the County in order to renew and replace existing deteriorated systems, and to ensure an efficient, reliable water and wastewater system throughout the County in order to accommodate future growth and development or redevelopment. WASD recognizes the need for engineering planning, design and related services for the water and wastewater infrastructure (water mains, force mains, gravity sewers, and water and sewer pump stations and facilities), and other critical projects which are an integral part of the CIP. For this solicitation under Project No. E23WS03, the County intends to retain ten (10) qualified firms under ten (10) separate Non-Exclusive Professional Services Agreements, including Agreement No. 23ARUI001 (Agreement). This contract award recommendation is for one of the ten prepared by WASD.

WASD is requesting approval of the Agreement between the County and AtkinsRealis USA Inc. (Atkins) to provide WASD with engineering planning, design and related services for the water and wastewater infrastructure (water mains, force mains, gravity sewers, and water and sewer pump stations and facilities), which is essential to the entire County.

A review of the County's Capital Improvements Information System (CIIS) showed the recommended vendor has 24 evaluations with an average evaluation score of 4.0 out of a possible maximum score of 4.0. *(See Attachment A: Contractor Evaluation Report)*

A review of CIIS, managed by the Office of Small Business Development, showed that Atkins has been awarded one (1) contract with the County within the last three (3) years from the proposal submittal date, with a total contract value of $6,709,640. *(See Attachment B: Firm History Report)*

RECOMMENDATION

Pursuant to the WASD Consent Decree and Capital Improvement Programs Acceleration Ordinance Section 2-8.2.12 of the County Code, it is recommended that the County Mayor or County Mayor's designee approve the attached Agreement to Atkins to provide engineering planning, design and related services for the water and wastewater infrastructure projects, Agreement No. 23ARUI001; Project No. E23WS03. The total compensation amount under the Agreement will not exceed $6,000,000, with a

contract term of five (5) years, with one (1) two (2) year option-to-renew. The Agreement does not include a contingency account.

DELEGATED AUTHORITY
Pursuant to the provisions of Section 2-8.2.12 of the County Code, the County Mayor or County Mayor's designee has the authority to execute, amend and terminate the Agreement, and to resolve disputes. Additionally, pursuant to the provisions of Sections 2-8.2.12 (4)(d) and (e) of the Code, the County Mayor or County Mayor's designee has the authority to amend and/or extend the Agreement to complete any unfinished work, waive liquidated damages, negotiate and settle claims, and execute change orders that do not exceed ten percent (10%) of the base/alternate Agreement amount. Pursuant to Section 2-8.2.12 (7), all actions taken pursuant to Section 2-8.2.12 are subject to ratification by the Board of County Commissioners.

SCOPE
Atkins will assist with the implementation of the Capital Improvement Program and its timely execution. The projects will include all collection, distribution and transmission system assets within WASD's water and wastewater systems and service areas. This includes water mains, force mains, gravity sewers, water pump stations, sewer pump stations, trenchless pipelines, rehabilitation technologies and any related facilities. This shall also include regional assets outside of the treatment plants (i.e., wastewater master pump stations and water booster stations); maintenance facilities, maintenance yards, warehouses, and other buildings essential to WASD operations and maintaining 24-hour operation and service. The scope of services may also include work within the treatment plants if the scope of work includes piping or pumps that are connected to the distribution or collection systems. Lastly, the scope of services will also encompass ancillary engineering services including, but not limited to, coordination and evaluation of volume sewer and water customer service areas, roadway and pavement design, and maintenance of traffic.

The scope of services may include assisting WASD with the rehabilitation, replacement, and upgrade of water and sewer assets and related facilities that are part of the Multi-Year Capital Improvement Program. The scope of services may also include assisting WASD with planning, design, permitting and construction of new water and sewer assets and related facilities that are part of the Multi-Year Capital Improvement Program.

Atkins shall provide the following services: preliminary site investigations; environmental and geotechnical services; surveying; hydraulic modeling and analysis; coordinating with other utilities; preparing basis of design reports; evaluation of existing equipment condition; capacity analysis, evaluation of useful life expectancy; design services for improvement/upgrade/renovations; preparation of design drawings and engineering reports; preparation of contract specifications; structural engineering; mechanical engineering; electrical engineering; and instrumentation and control engineering.

The scope of services may also include obtaining necessary permits (dry-run, right of way, environmental, building, etc.); coordination with WASD forces; engineering evaluations (such as cost benefit analyses, Envision, and evaluation of sustainable building applications); planning services, existing utility location, procurement services, public outreach, engineering services during construction, landscape architecture services, architecture services, and inspections.

PRIMARY COMMISSION DISTRICT/PROJECT LOCATION
Various Commission Districts. This project has Countywide significance.

All firms were evaluated in accordance with Section 2-10.4 of the County Code, Implementing Order 3-34 and Administrative Order 3-39.

PROCUREMENT HISTORY
On May 10, 2023, a Notice to Professional Consultant (NTPC) was issued under full and open competition. A total of twenty (20) proposals were received by the submittal deadline of July 6, 2023. *(See Attachment F: List of Respondents)*

Pursuant to County Resolution No. R-62-22, which amended Implementing Order 3-34, and became effective on July 11, 2022, the Competitive Selection Committee (CSC) was provided with all reports and findings of the Office of the Inspector General and the Commission on Ethics and Public Trust produced on September 21, 2023, regarding any Proposer and their proposed subconsultants for consideration while scoring in accordance with the applicable criteria identified in the solicitation.

The Office of Small Business Development completed its review of the SBE contract measures on August 2, 2023, and confirmed that all twenty (20) firms were in compliance with the submittal requirements. *(See Attachment G: SBD Compliance Review)*

On July 31, 2023, the Strategic Procurement Department (SPD) sent a letter to CPH Consulting, LLC indicating that their team did not meet the prequalification/technical certification requirements pursuant to the NTPC and were found non-compliant. Consequently, the proposal from CPH Consulting, LLC was not evaluated by the CSC. *(See Attachment H: SPD Letter to CPH Consulting, LLC)*

At the First Tier "Evaluation of Qualifications" meeting held on October 12, 2023, the CSC reviewed and ranked the remaining nineteen (19) proposals in accordance with evaluation criteria outlined in the solicitation. The CSC elected by majority of vote, to invite the fourteen (14) highest ranked proposers to advance to the Second-Tier meeting (Oral Presentations). *(See Attachment I: First Tier Tabulation Report)*

Project Worksheet

Project/Contract Title:	**Engineering Planning, Design, and Related Services for Water and Wastewater Infrastructure (Water Mains, Force Mains, Gravity Sewers, and Water and Sewer Pump Stations and Facilities)**	**Received Date:**	**3/21/2023**
Project/Contract No:	**E23WS03**	**Funding Source:**	**Other**
Department:	**Water & Sewer**		
Estimated Cost of Project/Bid:	**$6,000,000.00**		
Description of Project/Bid:	**WASD seeks the services of multiple consultants to assist with the implementation of the Capital Improvements Program and its timely execution. The projects will include all collection, distribution and transmission system assets within WASD's water and wastewater systems and service areas. This includes water mains, force mains, gravity sewers, water pump stations, sewer pump stations, trenchless pipelines, rehabilitation technologies and any related facilities. This shall also include regional assets outside of the treatment plants; maintenance facilities, maintenance yards, warehouses, and other buildings essential to WASD operations and maintaining 24-hour operation and service. The scope of services may also include work within the treatment plants if the scope of work includes piping or pumps that are connected to the distribution or collection systems. Lastly, it will also encompass ancillary engineering services including, but not limited to, coordination and evaluation of volume sewer and water customer services areas, roadway and pavement design, and maintenance of traffic.**

Reasons for Recommendation

SMALL BUSINESS ENTERPRISE - ARCHITECTURAL & ENGINEERING (SBE-A&E).
SBD reviewed this project pursuant to Implementing Order 3-32 for an SBE-A&E measure. Project information analyzed included the project's scope of services, estimated project cost, minimum requirements/qualifications and funding source. An attempt was made to assign this project a Set-Aside measure; however, three or more firms did not respond to the Verification of Availability to Propose as being able to meet the project's requirements. An analysis of the factors contained in the project package, as well as the factors contained in Section V. B. 2. C. of Implementing Order 3-32 indicates a 14.00% SBE-A&E Sub-Consultant Goal is appropriate for this contract in the following Technical Categories: TC 6.01 (Water and Sanitary Sewer Systems - Water Distribution and Sanitary Sewage Collection and Transmission Systems) - 4.00%, TC 6.02 (Water and Sanitary Sewer Systems - Major Water and Sanitary Sewage Pumping Facilities) - 4.00%, TC 16.00 (General Civil Engineering) - 2.00%, TC 13.00 (General Electrical Engineering) - 2.00% and TC 20.00 (Landscape Architecture) - 2.00%.

WASD is seeking ten (10) A&E consultants with a maximum compensation for each Non-Exclusive Professional Services Agreement (PSA) of $6,000,000.00 with no contingency allowance. The term for each PSA is five (5) years with one (1) two (2) year option-to-renew with no minimum amount of work or compensation guaranteed to the retained consultant.

SMALL BUSINESS ENTERPRISE - GOODS & SERVICES (SBE-Goods & SBE-Services).
An analysis of Implementing Order 3-41 & Ordinance 16-109, as well as the project package indicates a No Measure is appropriate.

SMALL BUSINESS PARTICIPATION ON COUNTY A&E AND DESIGN/BUILD PROJECTS

This completed form must be submitted with proposal documents by all proposers on a Miami-Dade County project with Small Business Enterprise ("SBE") program measure(s).

Project No.: E23WS03 Project Title: WASD Engineering Planning, Design and related Services for the Water and Wastewater Infrastructure Projects

Name of Proposer: Atkins North America, Inc. FEIN 59-0896138

Address: 800 Waterford Way, Suite 700 City Miami State FL ZIP 33126

Telephone Number: 305.592.7275 Email address: rodrigo.pigna@atkinsglobal.com

The proposer is committed to meeting the established SBE measure(s) assigned to this project:

14 **% SBE-A/E,** _____ **% SBE-Con,** _____ **% SBE-G, and/or** _____ **% SBE-S.**

(For Goals, write in the percentage. For Set-aside, put a check mark or x.)

To satisfy the requirements for Step 1 –Proposal Submittal and Compliance with Small Business Enterprise Program Measure(s), the following is required:

1. Acknowledge the SBE program measure(s) (i.e., *SBE-Architecture & Engineering, SBE-Construction, SBE-Goods and/or SBE-Services*) established for this project via this Certificate of Assurance.
2. Acknowledge and confirm that there is an established relationship with the certified Miami-Dade County Small Business Enterprise firm(s) to be subcontracted to achieve the established SBE program measure(s) as indicated in the Project Documents.
3. Acknowledge that all SBE-A/E firms are properly listed on the Letter of Qualifications or Form 8DB submitted, as applicable, as part of the proposal documents and will be utilized, if selected to provide services based on their approved technical certification(s) required for the project.

To satisfy the requirements for Step 2 – Proposal Evaluation and Recommendation for Award, please attest that:

I understand that my company will be deemed non-compliant and not eligible to be considered for an award if I fail to (1) submit this Certificate of Assurance with my proposal documents, or (2) complete the Utilization Plan listing all certified Miami-Dade County SBEs to be subcontracted to satisfy the project's established SBE measure(s) via the County's Business Management Workforce System ("BMWS"), within the specified time frame, upon email notification from Small Business Development ("SBD") or BMWS. Each SBE-A/E sub-consultant listed on the Letter of Qualifications or Form 8DB, as applicable, must confirm their sub-contractual relationship (i.e., work to be performed, and the value or percentage of said work) in the Utilization Plan via BMWS, for approval by SBD.

Memorandum

MIAMI-DADE COUNTY

DATE: August 2, 2023

TO: Namita Uppal, Director
Strategic Procurement Department

FROM: Gary Hartfield, Division Director
Internal Services Department
Small Business Development

SUBJECT: Compliance Review
Project No. E23WS03
Engineering Planning, Design, and Related Services for Water and Wastewater Infrastructure (Water Mains, Force Mains, Gravity Sewers, and Water and Sewer Pump Stations)

Small Business Development (SBD), a Division of the Internal Services Department, has completed its review of the subject project for compliance with the Small Business Enterprise-Architectural and Engineering (SBE-A&E) Program. The contract measure established for this project is a 14.00% SBE-A&E sub-consultant goal.

The Strategic Procurement Department has submitted contract documents that included the Certificate of Assurance for the firms listed below acknowledging the project's SBE-A&E measure. Each firm also submitted their Utilization Plan (UP) identifying the SBE sub-consultants to fulfill the goal via the Business Management Workforce System (BMWS) and the following is their pre-award compliance status and summary.

SUMMARY:

A.D.A Engineering, Inc. (#1), a certified SBE-A&E firm committed to self-perform Technical Categories (TCs) 6.01 (Water Distribution and Sanitary Sewage Collection and Transmission), 6.02 (Water and Sanitary Sewage Pumping Facilities), 12.00 (General Mechanical Engineering), 13.00 (General Electrical Engineering) and 16.00 (General Civil Engineering) at 14.00%. A.D.A. Engineering, Inc. confirmed its participation via the BMWS in agreement with the measure.

A.D.A Engineering, Inc. has satisfied the contract's 14.00% SBE-A&E sub-consultant goal and is in compliance with the overall Small Business measures established for this contract.

AECOM Technical Services, Inc. (#2), a non-certified SBE-A&E firm committed to utilize the following certified SBE-A&E firms: Bello and Bello Land Surveying Corporation to perform TCs 15.01 (Surveying and Mapping – Land Surveying) and 15.03 (Underground Utility Location) at 1.50%, Geosol, Inc. to perform TC 9.02 (Geotechnical and Materials Engineering Services) at 1.00%, HBC Engineering Company to perform TCs 6.01 (Water Distribution and Sanitary Sewage Collection and Transmission), 6.02 (Water and Sanitary Sewage Pumping Facilities), 11.00 (General Structural Engineering), 13.00 (General Electrical Engineering) and 16.00 (General Civil Engineering) at 10.00%, SRS Engineering, Inc. to perform TCs 6.01 (Water Distribution and Sanitary Sewage Collection and Transmission), 6.02 (Water and Sanitary Sewage Pumping Facilities) and 16.00 (General Civil Engineering) at 20.00%, and The Engineering Company, LLC. to perform TCs 6.01 (Water Distribution and Sanitary Sewage Collection and Transmission), 6.02 (Water and Sanitary Sewage Pumping Facilities), 11.00 (General Structural Engineering), 12.00 (General Mechanical Engineering) and 16.00 (General Civil Engineering) at 1.50% for a total of 34.00%. Each SBE–A&E certified sub-consultant confirmed their participation via the BMWS in agreement with the measure.

AECOM Technical Services, Inc. has satisfied the contract's 14.00% SBE-A&E sub-consultant goal and is in compliance with the overall Small Business measures established for this contract.

Ardurra Group, Inc. (#3), a non-certified SBE-A&E firm committed to utilize the following certified SBE-A&E firms: A.M.I. Engineering, LLC. to perform TCs 6.01 (Water Distribution and Sanitary Sewage Collection and Transmission), 6.02 (Water and Sanitary Sewage Pumping Facilities) and 16.00 (General Civil Engineering) at 0.50%, Aluces Corporation to perform TC 10.09 (Wellfield, Groundwater, and Surface Water Protection and Management) at 2.00%, Bello and Bello Land Surveying Corporation to perform TCs 15.01 (Surveying and Mapping – Land Surveying) and 15.03 (Underground Utility Location) at 2.00%, BND Engineers, Inc. to perform TCs 6.01 (Water Distribution and Sanitary Sewage Collection and Transmission), 6.02 (Water and Sanitary Sewage Pumping Facilities), 10.05 (Contamination Assessment and Monitoring) and 16.00 (General Civil Engineering) at 7.00%, Geosol, Inc. to perform TC 9.02 (Geotechnical and Materials Engineering Services) at 1.00%, Green Dade, Inc. to perform TC 13.00 (General Electrical Engineering) at 1.00%, and Relight, LLC. to perform TCs 6.01 (Water Distribution and Sanitary Sewage Collection and Transmission), 6.02 (Water and Sanitary Sewage Pumping Facilities) and 16.00 (General Civil Engineering) at 0.50% for a total of 14.00%. Each SBE–A&E certified sub-consultant confirmed their participation via the BMWS in agreement with the measure.

Ardurra Group, Inc. has satisfied the contract's 14.00% SBE-A&E sub-consultant goal and is in compliance with the overall Small Business measures established for this contract.

Atkins North America, Inc. (#4), a non-certified SBE-A&E firm committed to utilize the following SBE-A&E firms: Ambro, Inc. to perform TCs 6.01 (Water Distribution and Sanitary Sewage Collection and Transmission), 6.02 (Water and Sanitary Sewage Pumping Facilities), 12.00 (General Mechanical Engineering), 13.00 (General Electrical Engineering) and 16.00 (General Civil Engineering) at 3.00%, F.R. Aleman & Associates, Inc. to perform TCs 6.01 (Water Distribution and Sanitary Sewer Collection and Transmission), 6.02 (Water and Sanitary Sewage Pumping Facilities), 13.00 (General Electrical Engineering), 15.01 (Surveying and Mapping – Land Surveying),

15.03 (Underground Utility Location) and 16.00 (General Civil Engineering) at 5.00%, Geosol, Inc. to perform TC 9.02 (Geotechnical and Materials Engineering Services) at 2.00%, Metco Services Southeast, LLC. to perform TCs 12.00 (General Mechanical Engineering) and 13.00 (General Electrical Engineering) at 2.00%, Premiere Design Solutions, Inc. to perform TCs 6.01 (Water Distribution and Sanitary Sewer Collection and Transmission), 6.02 (Water and Sanitary Sewage Pumping Facilities), 15.01 (Surveying and Mapping – Land Surveying), 15.03 (Underground Utility Location) and 16.00 (General Civil Engineering) at 5.00%, and Relight, LLC. to perform TCs 6.01 (Water Distribution and Sanitary Sewage Collection and Transmission) and 16.00 (General Civil Engineering) at 2.00% for a total of 19.00%. Each SBE–A&E certified sub-consultant confirmed their participation via the BMWS in agreement with the measure.

Atkins North America, Inc. has satisfied the contract's 14.00% SBE-A&E sub-consultant goal and is in compliance with the overall Small Business measures established for this contract.

BCC Engineering, LLC. (#5), a non-certified SBE-A&E firm committed to utilize the following SBE-A&E firms: A.M.I. Engineering, LLC. to perform TCs 6.01 (Water Distribution and Sanitary Sewage Collection and Transmission), 6.02 (Water and Sanitary Sewage Pumping Facilities) and 16.00 (General Civil Engineering) at 3.00%, Blascom Engineering to perform TC 9.02 (Geotechnical and Materials Engineering Services) at 1.00%, Design2Form, LLC. to perform TC 14.00 (Architecture) at 1.00%, Landscape, DE, LLC. to perform TC 20.00 (Landscape Architecture) at 1.00%, Milian, Swain & Associates, Inc. to perform TCs 6.02 (Water and Sanitary Sewage Pumping Facilities) and 10.05 (Contamination Assessment and Monitoring) at 5.00%, Premiere Design Solutions, Inc. to perform TCs 6.02 (Water and Sanitary Sewage Pumping Facilities), 15.01 (Surveying and Mapping – Land Surveying) and 15.03 (Underground Utility Location) at 4.00%, and SSN Engineering, LLC. to perform TCs 6.01 (Water Distribution and Sanitary Sewage Collection and Transmission), 6.02 (Water and Sanitary Sewage Pumping Facilities), 10.09 (Wellfield, Groundwater, and Surface Water Protection and Management), 11.00 (General Structural Engineering) and 16.00 (General Civil Engineering) at 1.00% for a total of 16.00%. Each SBE–A&E certified sub-consultant confirmed their participation via the BMWS in agreement with the measure.

BCC Engineering, Inc. has satisfied the contract's 14.00% SBE-A&E sub-consultant goal and is in compliance with the overall Small Business measures established for this contract.

CDM Smith, Inc. (#6), a non-certified SBE-A&E firm committed to utilize the following SBE-A&E firms: Bello and Bello Land Surveying Corporation to perform TCs 15.01 (Surveying and Mapping – Land Surveying) and 15.03 (Underground Utility Location) at 1.00%, Curtis & Rogers Design Studio, Inc. to perform TC 20.00 (Land Architecture) at 1.00%, HBC Engineering Company to perform TCs 6.01 (Water Distribution and Sanitary Sewage Collection and Transmission), 6.02 (Water and Sanitary Sewage Pumping Facilities), 11:00 (General Structural Engineering), 13.00 (General Electrical Engineering) and 16.00 (General Civil Engineering) at 10.00%, HP Consultants, Inc. to perform TC 9.02 (Geotechnical and Materials Engineering Services) at 1.00%, and Metco Services Southeast, LLC. to perform TCs 6.01 (Water Distribution and Sanitary Sewage Collection and Transmission), 6.02 (Water and Sanitary Sewage Pumping Facilities), 12:00 (General Mechanical Engineering), 13.00 (General Electrical Engineering) and 16.00 (General Civil Engineering) at 1.00% for a total of 14.00%. Each SBE–A&E certified sub-consultant confirmed their participation via the BMWS in agreement with the measure.

CDM Smith, Inc. has satisfied the contract's 14.00% SBE-A&E sub-consultant goal and is in compliance with the overall Small Business measures established for this contract.

CES Consultants, Inc. (#7), a certified SBE-A&E firm committed to utilize the following SBE-A&E firms: Assurance Consulting Engineers, LLC. to perform TCs 4.01 (Engineering Design), 5.01 (Engineering Design), 11.00 (General Structural Engineering), 16.00 (General Civil Engineering) and 17.00 (Engineering Construction Management) at 1.00%, Fernandez-Beraud, Inc. to perform TC 20.00 (Landscape Architecture) at 1.00%, Green Dade, Inc. to perform TCs 3.07 (Traffic Signal Timing), 3.08 (Intelligent Transportation System Analysis, Design, and Implementation), 3.10 (Lighting), 3.11 (Signalization), 5.01 (Engineering

Design), 13.00 (General Electrical Engineering) and 17.00 (Engineering Construction Management) at 1.00%, Longitude Surveyors, LLC. to perform TCs 15.01 (Surveying and Mapping – Land Surveying), 15.02 (Aerial Photogrammetry) and 15.03 (Underground Utility Location) at 3.00%, and Thompson & Associates, Inc. Civil Engineering to perform TCs 3.01 (Site Development and Parking Lot Design), 3.02B (Minor Highway Design), 3.09 (Signing, Pavement Marking, and Channelization), 6.01 (Water Distribution and Sanitary Sewage Collection and Transmission), 6.01A (Utility Tunneling for Water Distribution and Sanitary Sewage Collection and Transmission Systems), 6.02 (Water and Sanitary Sewer Pumping Facilities), 6.03 (Water and Sanitary Sewage Treatment Plants), 10.01 (Stormwater Drainage Design Engineering Services), 16.00 (General Civil Engineering) and 17.00 (Engineering Construction Management) at 10.00% for a total of 16.00%. Each SBE–A&E certified sub-consultant confirmed their participation via the BMWS in agreement with the measure.

CES Consultants, Inc. has satisfied the contract's 14.00% SBE-A&E sub-consultant goal and is in compliance with the overall Small Business measures established for this contract.

CHA Consulting, Inc. (#8), a non-certified SBE-A&E firm committed to utilize the following SBE-A&E firms: Architects International, Inc. to perform TC 14.00 (Architecture) at 2.00%, Geosol, Inc. to perform TC 9.02 (Geotechnical and Materials Engineering Services) at 3.00%, Green Dade, Inc. to perform TC 13.00 (General Electrical Engineering) at 2.00%, HBC Engineering Company to perform TCs 3.01 (Site Development and Parking Lot Design), 6.01 (Water Distribution and Sanitary Sewage Collection and Transmission) and 6.02 (Water and Sanitary Sewage Pumping Facilities) at 10.00%, Longitude Surveyors, LLC. to perform TCs 15.01 (Surveying and Mapping – Land Surveying) and 15.03 (Underground Utility Location) at 4.00%, and Nadic Engineering Services, Inc. to perform TC 9.02 (Geotechnical and Materials Engineering Services) at 3.00% for a total of 24.00%. Each SBE–A&E certified sub-consultant confirmed their participation via the BMWS in agreement with the measure.

CHA Consulting, Inc. has satisfied the contract's 14.00% SBE-A&E sub-consultant goal and is in compliance with the overall Small Business measures established for this contract.

Chen Moore & Associates, Inc. (#9), a non-certified SBE-A&E firm committed to utilize the following SBE-A&E firms: Burton Hersh Architects, P.A. to perform TC 14.00 (Architecture) at 3.50%, C Solutions, Inc. to perform TC 6.02 (Water and Sanitary Sewage Pumping Facilities) at 3.50%, Longitude Surveyors, LLC. to perform TCs 15.01 (Surveying and Mapping – Land Surveying), and 15.03 (Underground Utility Location) at 3.50%, and Metco Services Southeast, LLC. to perform TCs 12.00 (General Mechanical Engineering) and 13.00 (General Electrical Engineering) at 3.50% for a total of 14.00%. Each SBE–A&E certified sub-consultant confirmed their participation via the BMWS in agreement with the measure.

Chen Moore & Associates, Inc. has satisfied the contract's 14.00% SBE-A&E sub-consultant goal and is in compliance with the overall Small Business measures established for this contract.

CPH Consulting, LLC. (#10), a non-certified SBE-A&E firm committed to utilize the following SBE-A&E firms: Nadic Engineering Services, Inc. to perform TC 9.02 (Geotechnical and Materials Engineering Services) at 1.50%, and Robayna and Associates, Inc. to perform TCs 6.01 (Water Distribution and Sanitary Sewage Collection and Transmission), 6.02 (Water and Sanitary Sewage Pumping Facilities), 10.05 (Contamination Assessment and Monitoring), 15.03 (Underground Utility Location), 16.00 (General Civil Engineering) and 17.00 (Engineering Construction Management) at 12.50% for a total of 14.00%. Each SBE-A&E certified sub-consultant confirmed their participation via the BMWS in agreement with the measure.

CPH Consulting, LLC. has satisfied the contract's 14.00% SBE-A&E sub-consultant goal and is in compliance with the overall Small Business measures established for this contract.

EAC Consulting, Inc. (#11), a non-certified SBE-A&E firm committed to utilize the following SBE-A&E firms: Botas Engineering, Inc. to perform TC 11.00 (General Structural Engineering) at 2.00%, C Solutions, Inc. to perform TCs 6.01 (Water Distribution and Sanitary Sewage Collection and Transmission) and 6.02 (Water and Sanitary Sewage Pumping Facilities) at 2.75%, Connect Engineering, LLC. to perform TCs 6.01 (Water Distribution and Sanitary Sewage Collection and Transmission), 6.02 (Water and Sanitary Sewage Pumping Facilities) and 16.00 (General Civil Engineering) at 3.00%, Git Consulting, LLC. to perform TCs 10.05 (Contamination Assessment and Monitoring) and 10.09 (Wellfield, Groundwater, and Surface Water Protection and Management) at 2.00%, ME Engineering Consultants, Inc. to perform TCs 12:00 (General Mechanical Engineering) and 13.00 (General Electrical Engineering) at 4.00%, NC-Office Corp. to perform TCs 14.00 (Architecture) and 20.00 (Landscape Architecture) at 1.75%, Pacifica Engineering Services, LLC. to perform TC 9.02 (Geotechnical and Materials Engineering Services) at 2.25%, Relight, LLC. to perform TCs 6.01 (Water Distribution and Sanitary Sewage Collection and Transmission), 6.02 (Water and Sanitary Sewage Pumping Facilities) and 16.00 (General Civil Engineering) at 2.25%, and Robayna and Associates, Inc. to perform TCs 10.05 (Contamination Assessment and Monitoring), 15.01 (Surveying and Mapping – Land Surveying), and 15.03 (Underground Utility Location) at 8.00% for a total of 28.00%. Each SBE–A&E certified sub-consultant confirmed their participation via the BMWS in agreement with the measure.

EAC Consulting, Inc. has satisfied the contract's 14.00% SBE-A&E sub-consultant goal and is in compliance with the overall Small Business measures established for this contract.

EXP U.S. Services, Inc. (#12), a non-certified SBE-A&E firm committed to utilize the following SBE-A&E firms: A.M.I. RE: SPD Project No. E23WS03: Engineering Planning, Design and Related Services for the Water and Wastewater Infrastructure Projects (Water Mains, Force Mains, Gravity Sewers, and Water and Sewer Pump Stations, and Facilities)

SENT VIA E-MAIL: info@cphcorp.com

Dear Mr. Hendrix,

Miami-Dade County is in receipt of your proposal in response to the above referenced solicitation. Please note the following findings as of the submittal due date of July 6, 2023. *CPH Consulting, LLC.* d/b/a *CPH LLC* (CPH) (FEIN 59-2068806) assigned to perform the Technical Categories (TCs) listed below as submitted on the Letter of Qualifications (LOQ), was not pre-qualified/technically certified to render those services:

- 6.01 – Water and Sanitary Sewer Systems – Water Distribution and Sanitary Sewage Collection and Transmission
- 6.02 – Water and Sanitary Sewer Systems – Water and Sanitary Sewage Pumping Facilities
- 16.00 – General Civil Engineering
- 11.00 – General Structural Engineering
- 12.00 – General Mechanical Engineering
- 13.00 – General Electrical Engineering
- 14.00 – Architecture
- 15.01 – Surveying and Mapping – Land Surveying
- 20.00 – Landscape Architecture

Additionally, Sub-Consultant firm, *Robayna and Associates, Inc.* (59-119073) assigned to perform services in Technical Category 10.09 Environmental Engineering – Wellfield, Groundwater and Surface Water Protection and Management, is not technically certified in this assigned category as submitted on the Letter of Qualifications (LOQ). Finally, no sub-consultant on your team is pre-qualified nor technically certified in the aforementioned category, as required by the Notice to Professional Consultants (NTPC).

Pursuant to Section 1.5, Pre-Qualification Requirements, of the NTPC, "*In accordance with Chapter 2, Section 2-10.4 and Administrative Order 3-39 of Miami-Dade County, all firms and/or individual consultants properly licensed to provide A/E, landscape architectural, land surveying and mapping services, regardless of their individual assignments in connection with this project, and responding to this solicitation must have filed a pre-qualification package with and have an approved pre-qualification status from ISD by the response deadline of this solicitation…Proposer's (prime and/or sub-consultants) failure to be pre-qualified, and hold a current technical certification in the required category(ies), at the time of proposal submittal deadline, shall render the proposal non-compliant*"; and Section 1.7, A/E Technical Certification Requirements, of the NTPC, "*To satisfy the technical certification requirements for the requested services, valid technical certification in all of the above-specified area(s) of work must be held by a firm responding as a sole respondent, or a team of firms…A/E Technical Certification Requirements, Proposers (prime*

and/or sub-consultants) failure to be technically certified at the time of proposal submittal, as applicable, shall cause the proposal to be deemed non-compliant".

As a result, your team is non-compliant with the requirements of the NTPC and is hereby eliminated from further consideration for this solicitation.

Miami-Dade County thanks you for your interest in providing professional services and encourages you to submit for future projects.

Should you have any questions and/or concerns, you may contact me via email at justin.espagnol@miamidade.gov, with a copy to the Clerk of the Board at clerk.board@miamidade.gov. Please be advised that this project remains under the Cone of Silence.

Sincerely,

Justin Espagnol

Subject: Report of Competitive Selection Committee
Miami-Dade Water and Sewer Department (WASD)
Engineering Planning, Design and Related Services for the Water and Wastewater Project Title: Infrastructure Projects (Water Mains, Force Mains, Gravity Sewers, Water and Sewer Pump Stations and Facilities)
SPD Project No. E23WS03

The Competitive Selection Committee has completed the evaluation of the proposal(s) submitted in response to the referenced Strategic Procurement Department (SPD) solicitation and consistent with the guidelines published in the Notice to Professional Consultants (NTPC).

Scope of Services Summary: The scope includes the assistance of WASD's Capital Improvement Program, as well as new water and sewer assets and related facilities that are part of the Multi-Year Capital Improvement Program. The project includes all collection, distribution and transmission system assets within WASD's water and wastewater systems and service areas. The consultants will be responsible for preliminary site investigations; environmental and geotechnical services; surveying; hydraulic modeling and analysis; coordinating with other utilities; preparing basis of design reports; evaluation of useful life expectancy; design services for improvement/upgrade/renovations; preparation of design drawings and engineering reports; preparation of contract specifications, structural engineering; mechanical engineering; electrical engineering; and instrumentation and control engineering. Additional services may include obtaining permits; engineering evaluations; planning services; procurement services; public outreach; engineering services during construction; landscape architecture; architecture services; and inspections.

Preferred Experience and Qualifications: The prime consultant should be experienced in the planning, design, permitting, and construction management of pipelines, pump stations for water and sewer and facilities. The prime consultant should also have experience with the planning, design and construction of water distribution mains, force mains, gravity sewers, and pump stations of various sizes. The prime consultant should provide descriptions of three (3) successfully designed, constructed and operating distribution and collection system projects. The information shall include detailed descriptions of one (1) project of a water main or force main larger than 24-inches in diameter completed within the past seven (7) years and two (2) projects of regional sanitary sewer or water booster stations completed within the past seven (7) years.

Contract Term: The County intends to retain ten (10) qualified consultants/teams for ten (10) non-exclusive Professional Services Agreements each with an effective term of five (5) years, with one

(1) two-year option to extend, for a total of 7 years or, until the money is depleted, whichever comes first.

Small Business Enterprise Goal: On March 31, 2023, the Office of Small Business Development established a 14.00% Small Business Enterprise – Architectural and Engineering Goal for this project.

Advertisement Date: May 10, 2023.

Number of Proposal(s) Received: Twenty (20) proposals were received by the submittal deadline of July 6, 2023.

Name of Proposer(s): Please refer to the attached List of Respondents.

Strategic Procurement Department Compliance Review: The proposal submitted by CPH Consulting, LLC did not meet the prequalification/technical certification requirements pursuant to the NTPC and was deemed non-compliant. Consequently, the proposal from CPH Consulting, LLC was not evaluated by the Competitive Selection Committee.

Small Business Enterprise Compliance Review: All proposals were submitted for review on July 13, 2023, and were deemed in compliance. Please refer to the attached Compliance Review Memorandum dated August 2, 2023.

Office of the Commission Auditor (OCA) Background Checks: SPD submitted Committee members' completed Neutrality Affidavits and Resumes to OCA on August 15, 2023. A response was received on September 8, 2023. OCA submitted the results of the background checks to the Commission On Ethics and Public Trust (COE) for further review of findings. A response was received from COE regarding findings on September 21, 2023.

Office of the Inspector General (OIG) / Commission on Ethics and Public Trust (COE) Reports, Findings and/or Enforcement Documentation for Proposer and Subcontractor(s): SPD submitted a request to OIG on July 27, 2023. A response was received on August 4, 2023. The information was disseminated to the Competitive Selection Committee on September 21, 2023.

SPD submitted a request to COE on July 27, 2023. A response was received on August 8, 2023. The information was disseminated to the Competitive Selection Committee on September 21, 2023.

Selection Process: The Architectural and Engineering professional services solicitation process is a two-tiered selection process; First Tier is the Evaluation of Experience and Qualifications, and Second Tier is the Oral Presentations. The First Tier is the evaluation of the firms' current statements of experience, qualifications, and performance data. The Second Tier is the evaluation of the shortlisted firms' knowledge of project scope, qualifications of team members assigned to the project, and ability to provide the required services within schedule and budget, as demonstrated through an oral presentation from firms.

Note: The Competitive Selection Committee may waive the Second Tier selection process by a majority vote and base their selection on the results of the First Tier ranking only.

First Tier Results: The First Tier meeting was held on October 12, 2023. The Competitive Selection Committee was tasked with evaluating the experience and qualifications of the Proposers, and scoring and ranking the proposals in accordance with the evaluation criteria outlined in the solicitation. The Competitive Selection Committee scored all responsive proposals. During the evaluation process, all ties were broken using the standard tie-breaking procedure, as described in Section 3.3, Proposal Evaluation, of the Notice to Professional Consultants. Please refer to the attached First Tier Tabulation Sheet.

The Competitive Selection Committee elected, by majority vote, to invite the fourteen (14) highest ranked proposers to advance to the Second Tier phase.

Second Tier Results: In order to accommodate the number of firms presenting for Second Tier, presentations were held on two dates: October 23, 2023, and October 25, 2023. Tie breaking was performed by applying the standard tie-breaking procedure as described in Section 3.3 entitled Proposal Evaluations of the Notice to Professional Consultants. Please refer to the attached Second Tier Tabulation Sheet.

Special Circumstances: This project's original submittal deadline was extended by twenty-four (24) days upon request from proposers, and seven days to address an issue with INFORMS. Vetting the Competitive Selection Committee took longer than anticipated due to the recent retirement of one of the committee members which necessitated a substitution, and another member being on a planned vacation.

Administrative Leave Eligibility: The following County employees served as scoring members of the Committee and timely completed all committee-related duties, including submittal of the Neutrality Affidavit within three business days from Selection Committee Coordinator's notification dated July 31, 2023; initial scoring within 30 days of Selection Committee Coordinator's completion of required reviews; and final scoring at any additional meetings required within 15 days of initial scoring meeting, and are hereby entitled to one (1) day of paid administrative leave pursuant to Implementing Order No. 3-34:

Pursuant to the Cone of Silence legislation included in the Conflict of Interest and Code of Ethics Ordinance, and Section 2-11.1 of the County Code, the County Mayor or County Mayor's designee will report to the Board of County Commissioners any of the following instances:

- When negotiations do not commence, or other affirmative action is not taken, within 30 days of the Competitive Selection Committee's recommendation.

- When the County Mayor's or County Mayor's designee's recommendation to award or reject is not made within 90 days from the date of the Competitive Selection Committee's recommendation.

If approved, the Negotiation Committee will proceed with contract negotiations in accordance with Section 2-10.4(6) of the Code of Miami-Dade County and submit the signed contracts to be presented to the Board of County Commissioners for final approval, no later than 60 days from the date of this memorandum.

If satisfactory agreements cannot be reached within the 60-day period, a report is required to be prepared explaining all issues resulting from the negotiations. If negotiations are proceeding within a reasonable timeframe, then negotiations will continue, and the report will be submitted upon completion. The final contracts and report should be sent to the Strategic Procurement Department, Architectural and Engineering Unit.

Memorandum

MIAMI-DADE COUNTY

Date: May 29, 2024

To: Roy Coley, MBA, Director
Water and Sewer Department

From: Marisela Aranguiz-Cueto, P.E.,
Deputy Director of Planning, Regulatory Compliance, and Capital Infrastructure
Water and Sewer Department

Subject: Contract Award Recommendation for a Non-Exclusive Professional Services Agreement for Engineering Planning, Design and Related Services for the Water and Wastewater Infrastructure Projects (Water Mains, Force Mains, Gravity Sewers, and Water and Sewer Pump Stations and Facilities) to AECOM Technical Services, Inc., Agreement No. 23ATSI002 – Project No. E23WS03

SUMMARY

The Miami-Dade Water and Sewer Department (WASD) is the primary provider of water and wastewater services to Miami-Dade County (the County) serving a population of over 2.7 million, making it among the largest water/wastewater utilities in the United States. WASD has developed a Multi-Year Capital Improvement Program (CIP) to upgrade its infrastructure systems throughout the County in order to renew and replace existing deteriorated systems, and to ensure an efficient, reliable water and wastewater system throughout the County in order to accommodate future growth and development or redevelopment. WASD recognizes the need for engineering planning, design and related services for the water and wastewater infrastructure (water mains, force mains, gravity sewers, and water and sewer pump stations and facilities), and other critical projects which are an integral part of the CIP. For this solicitation under Project No. E23WS03, the County intends to retain ten (10) qualified firms under ten (10) separate Non-Exclusive Professional Services Agreements, including Agreement No. 23ATSI002 (Agreement). This contract award recommendation is for one of the ten prepared by WASD.

WASD is requesting approval of the Agreement between the County and AECOM Technical Services, Inc. (AECOM) to provide WASD with engineering planning, design and related services for the water and wastewater infrastructure (water mains, force mains, gravity sewers, and water and sewer pump stations and facilities), which is essential to the entire County.

A review of the County's Capital Improvements Information System showed the recommended vendor has 88 evaluations with an average evaluation score of 3.6 out of a possible maximum score of 4.0. *(See Attachment A: Contractor Evaluation Report)*

A review of CIIS, managed by the Office of Small Business Development, showed that AECOM has been awarded one (1) contract with the County within the last three (3) years from the proposal submittal date, with a total contract value of $5,000,000. *(See Attachment B: Firm History Report)*

RECOMMENDATION

Pursuant to the WASD Consent Decree and Capital Improvement Programs Acceleration Ordinance Section 2-8.2.12 of the County Code, it is recommended that the County Mayor or County Mayor's designee approve the attached Agreement to AECOM to provide engineering planning, design and related services for the water and wastewater infrastructure projects, Agreement No. 23ATSI002; Project No. E23WS03. The total compensation amount under the Agreement will not exceed

CLERK OF THE BOARD

$6,000,000, with a contract term of five (5) years, with one (1) two (2) year option-to-renew. The Agreement does not include a contingency account.

DELEGATED AUTHORITY

Pursuant to the provisions of Section 2-8.2.12 of the County Code, the County Mayor or County Mayor's designee has the authority to execute, amend and terminate the Agreement, and to resolve disputes. Additionally, pursuant to the provisions of Sections 2-8.2.12 (4)(d) and (e) of the Code, the County Mayor or County Mayor's designee has the authority to amend and/or extend the Agreement to complete any unfinished work, waive liquidated damages, negotiate and settle claims, and execute change orders that do not exceed ten percent (10%) of the base/alternate Agreement amount. Pursuant to Section 2-8.2.12 (7), all actions taken pursuant to Section 2-8.2.12 are subject to ratification by the Board of County Commissioners.

SCOPE

AECOM will assist with the implementation of the Capital Improvement Program and its timely execution. The projects will include all collection, distribution and transmission system assets within WASD's water and wastewater systems and service areas. This includes water mains, force mains, gravity sewers, water pump stations, sewer pump stations, trenchless pipelines, rehabilitation technologies and any related facilities. This shall also include regional assets outside of the treatment plants (i.e., wastewater master pump stations and water booster stations); maintenance facilities, maintenance yards, warehouses, and other buildings essential to WASD operations and maintaining 24-hour operation and service. The scope of services may also include work within the treatment plants if the scope of work includes piping or pumps that are connected to the distribution or collection systems. Lastly, the scope of services will also encompass ancillary engineering services including, but not limited to, coordination and evaluation of volume sewer and water customer service areas, roadway and pavement design, and maintenance of traffic.

The scope of services may include assisting WASD with the rehabilitation, replacement, and upgrade of water and sewer assets and related facilities that are part of the Multi-Year Capital Improvement Program. The scope of services may also include assisting WASD with planning, design, permitting and construction of new water and sewer assets and related facilities that are part of the Multi-Year Capital Improvement Program.

AECOM shall provide the following services: preliminary site investigations; environmental and geotechnical services; surveying; hydraulic modeling and analysis; coordinating with other utilities; preparing basis of design reports; evaluation of existing equipment condition; capacity analysis, evaluation of useful life expectancy; design services for improvement/upgrade/renovations; preparation of design drawings and engineering reports; preparation of contract specifications; structural engineering; mechanical engineering; electrical engineering; and instrumentation and control engineering.

The scope of services may also include obtaining necessary permits (dry-run, right of way, environmental, building, etc.); coordination with WASD forces; engineering evaluations (such as cost benefit analyses, Envision, and evaluation of sustainable building applications); planning services, existing utility location, procurement services, public outreach, engineering services during construction, landscape architecture services, architecture services, and inspections.

PROCUREMENT HISTORY
On May 10, 2023, a Notice to Professional Consultant (NTPC) was issued under full and open competition. A total of twenty (20) proposals were received by the submittal deadline of July 6, 2023. *(See Attachment F: List of Respondents)*

Pursuant to County Resolution No. R-62-22, which amended Implementing Order 3-34, and became effective on July 11, 2022, the Competitive Selection Committee (CSC) was provided with all reports and findings of the Office of the Inspector General and the Commission on Ethics and Public Trust produced on September 21, 2023, regarding any Proposer and their proposed subconsultants for consideration while scoring in accordance with the applicable criteria identified in the solicitation.

The Office of Small Business Development completed its review of the SBE contract measures on August 2, 2023, and confirmed that all twenty (20) firms were in compliance with the submittal requirements. *(See Attachment H SBD Compliance Review)*

On July 31, 2023, the Strategic Procurement Department (SPD) sent a letter to CPH Consulting, LLC indicating that their team did not meet the prequalification/technical certification requirements pursuant to the NTPC and were found non-compliant. Consequently, the proposal from CPH Consulting, LLC was not evaluated by the CSC.
(See Attachment G: SPD Letter to CPH Consulting, LLC)

At the First Tier "Evaluation of Qualifications" meeting held on October 12, 2023, the CSC reviewed and ranked the remaining nineteen (19) proposals in accordance with evaluation criteria outlined in the solicitation. The CSC elected by majority of vote, to invite the fourteen (14) highest ranked proposers to advance to the Second-Tier meeting (Oral Presentations). *(See Attachment I: First Tier Tabulation*

Project/Contract Title:	**Engineering Planning, Design, and Related Services for Water and Wastewater Infrastructure (Water Mains, Force Mains, Gravity Sewers, and Water and Sewer Pump Stations and Facilities)**	**Received Date:**	**3/21/2023**
Project/Contract No:	**E23WS03**	**Funding Source:**	**Other**
Department:	**Water & Sewer**		
Estimated Cost of Project/Bid:	**$6,000,000.00**		
Description of Project/Bid:	**WASD seeks the services of multiple consultants to assist with the implementation of the Capital Improvements Program and its timely execution. The projects will include all collection, distribution and transmission system assets within WASD's water and wastewater systems and service areas. This includes water mains, force mains, gravity sewers, water pump stations, sewer pump stations, trenchless pipelines, rehabilitation technologies and any related facilities. This shall also include regional assets outside of the treatment plants; maintenance facilities, maintenance yards, warehouses, and other buildings essential to WASD operations and maintaining 24-hour operation and service. The scope of services may also include work within the treatment plants if the scope of work includes piping or pumps that are connected to the distribution or collection systems. Lastly, it will also encompass ancillary engineering services including, but not limited to, coordination and evaluation of volume sewer and water customer services areas, roadway and pavement design, and maintenance of traffic.**

Reasons for Recommendation

SMALL BUSINESS ENTERPRISE - ARCHITECTURAL & ENGINEERING (SBE-A&E).
SBD reviewed this project pursuant to Implementing Order 3-32 for an SBE-A&E measure. Project information analyzed included the project's scope of services, estimated project cost, minimum requirements/qualifications and funding source. An attempt was made to assign this project a Set-Aside measure; however, three or more firms did not respond to the Verification of Availability to Propose as being able to meet the project's requirements. An analysis of the factors contained in the project package, as well as the factors contained in Section V. B. 2. C. of Implementing Order 3-32 indicates a 14.00% SBE-A&E Sub-Consultant Goal is appropriate for this contract in the following Technical Categories: TC 6.01 (Water and Sanitary Sewer Systems - Water Distribution and Sanitary Sewage Collection and Transmission Systems) - 4.00%, TC 6.02 (Water and Sanitary Sewer Systems - Major Water and Sanitary Sewage Pumping Facilities) - 4.00%, TC 16.00 (General Civil Engineering) - 2.00%, TC 13.00 (General Electrical Engineering) - 2.00% and TC 20.00 (Landscape Architecture) - 2.00%.

WASD is seeking ten (10) A&E consultants with a maximum compensation for each Non-Exclusive Professional Services Agreement (PSA) of $6,000,000.00 with no contingency allowance. The term for each PSA is five (5) years with one (1) two (2) year option-to-renew with no minimum amount of work or compensation guaranteed to the retained consultant.

SMALL BUSINESS ENTERPRISE - GOODS & SERVICES (SBE-Goods & SBE-Services).
An analysis of Implementing Order 3-41 & Ordinance 16-109, as well as the project package indicates a No Measure is appropriate.

SMALL BUSINESS DEVELOPMENT
CERTIFICATE OF ASSURANCE

SMALL BUSINESS PARTICIPATION ON COUNTY A&E AND DESIGN/BUILD PROJECTS

This completed form must be submitted with proposal documents by all proposers on a Miami-Dade County project with Small Business Enterprise ("SBE") program measure(s).

Project No.: E23WS03 Project Title: ENGINEERING PLANNING, DESIGN AND RELATED SERVICES FOR THE WATER AND WASTEWATER INFRASTRUCTURE PROJECTS

Name of Proposer: AECOM Technical Services, Inc. FEIN 95-2661922

Address: 9 Alhambra Plaza, Suite 900 City Coral Gables State FL ZIP 33134

Telephone Number: 305-444-4691 Email address: pedro.hernandez@aecom.com

The proposer is committed to meeting the established SBE measure(s) assigned to this project:

35 % SBE-A/E, _____% SBE-Con, _____% SBE-G, and/or _____% SBE-S.

(For Goals, write in the percentage. For Set-aside, put a check mark or x.)

To satisfy the requirements for Step 1 –Proposal Submittal and Compliance with Small Business Enterprise Program Measure(s), the following is required:

1. Acknowledge the SBE program measure(s) (i.e., *SBE-Architecture & Engineering, SBE-Construction, SBE-Goods and/or SBE-Services*) established for this project via this Certificate of Assurance.
2. Acknowledge and confirm that there is an established relationship with the certified Miami-Dade County Small Business Enterprise firm(s) to be subcontracted to achieve the established SBE program measure(s) as indicated in the Project Documents.
3. Acknowledge that all SBE-A/E firms are properly listed on the Letter of Qualifications or Form 8DB submitted, as applicable, as part of the proposal documents and will be utilized, if selected to provide services based on their approved technical certification(s) required for the project.

To satisfy the requirements for Step 2 – Proposal Evaluation and Recommendation for Award, please attest that:

I understand that my company will be deemed non-compliant and not eligible to be considered for an award if I fail to (1) submit this Certificate of Assurance with my proposal documents, or (2) complete the Utilization Plan listing all certified Miami-Dade County SBEs to be subcontracted to satisfy the project's established SBE measure(s) via the County's Business Management Workforce System ("BMWS"), within the specified time frame, upon email notification from Small Business Development ("SBD") or BMWS. Each SBE-A/E sub-consultant listed on the Letter of Qualifications or Form 8DB, as applicable, must confirm their sub-contractual relationship (i.e., work to be performed, and the value or percentage of said work) in the Utilization Plan via BMWS, for approval by SBD.

VENDOR COMMENTS	**COMMITMENT TO GROW LOCAL AND SMALL BUSINESSES:** **We understand the importance of equal opportunity employment and the essential need to foster growth and prosperity in our local community. Although AECOM is not a designated minority or small business, we have included outstanding local and Small Business Enterprise (SBE) firms that understand WASD's infrastructure needs. AECOM intends to engage these partners in meaningful roles and we commit to more than double WASD's 14% SBE (A/E) goal.** **We have the following SBE commitments:**

1. SRS: Up to 20%
2. HBC: Up to 10%
3. The Engineering Company: Up to 1.5%
4. Bello & Bello: Up to 1.5%
5. Geosol: Up to 1%

In addition to the SBE commitment above, we have also engaged local, non-SBE partners:

7. KEITH: Up to 10%
8. MG Vera: Up to 1.5%

RE: SPD Project No. E23WS03: Engineering Planning, Design and Related Services for the Water and Wastewater Infrastructure Projects (Water Mains, Force Mains, Gravity Sewers, and Water and Sewer Pump Stations, and Facilities)

SENT VIA E-MAIL: info@cphcorp.com

Dear Mr. Hendrix,

Miami-Dade County is in receipt of your proposal in response to the above referenced solicitation. Please note the following findings as of the submittal due date of July 6, 2023. *CPH Consulting, LLC.* d/b/a *CPH LLC* (CPH) (FEIN 59-2068806) assigned to perform the Technical Categories (TCs) listed below as submitted on the Letter of Qualifications (LOQ), was not pre-qualified/technically certified to render those services:

- 6.01 – Water and Sanitary Sewer Systems – Water Distribution and Sanitary Sewage Collection and Transmission
- 6.02 – Water and Sanitary Sewer Systems – Water and Sanitary Sewage Pumping Facilities
- 16.00 – General Civil Engineering
- 11.00 – General Structural Engineering
- 12.00 – General Mechanical Engineering
- 13.00 – General Electrical Engineering
- 14.00 – Architecture
- 15.01 – Surveying and Mapping – Land Surveying
- 20.00 – Landscape Architecture

Additionally, Sub-Consultant firm, *Robayna and Associates, Inc.* (59-119073) assigned to perform services in Technical Category 10.09 Environmental Engineering – Wellfield, Groundwater and Surface Water Protection and Management, is not technically certified in this assigned category as submitted on the Letter of Qualifications (LOQ). Finally, no sub-consultant on your team is pre-qualified nor technically certified in the aforementioned category, as required by the Notice to Professional Consultants (NTPC).

Pursuant to Section 1.5, Pre-Qualification Requirements, of the NTPC, *"In accordance with Chapter 2, Section 2-10.4 and Administrative Order 3-39 of Miami-Dade County, all firms and/or individual consultants properly licensed to provide A/E, landscape architectural, land surveying and mapping services, regardless of their individual assignments in connection with this project, and responding to this solicitation must have filed a pre-qualification package with and have an approved pre-qualification status from ISD by the response deadline of this solicitation…Proposer's (prime and/or sub-consultants) failure to be pre-qualified, and hold a current technical certification in the required category(ies), at the time of proposal submittal deadline, shall render the proposal non-compliant";* and Section 1.7, A/E Technical Certification Requirements, of the NTPC, *"To satisfy the technical certification requirements for the requested services, valid technical certification in all of the above-specified area(s) of work must be held by a firm responding as a sole respondent, or a team of firms…A/E Technical Certification Requirements, Proposers (prime*

and/or sub-consultants) failure to be technically certified at the time of proposal submittal, as applicable, shall cause the proposal to be deemed non-compliant".

As a result, your team is non-compliant with the requirements of the NTPC and is hereby eliminated from further consideration for this solicitation.

Miami-Dade County thanks you for your interest in providing professional services and encourages you to submit for future projects.

Should you have any questions and/or concerns, you may contact me via email at justin.espagnol@miamidade.gov, with a copy to the Clerk of the Board at clerk.board@miamidade.gov. Please be advised that this project remains under the Cone of Silence.

Sincerely,

Justin Espagnol

SUBJECT: Compliance Review
Project No. E23WS03
Engineering Planning, Design, and Related Services for Water and Wastewater Infrastructure (Water Mains, Force Mains, Gravity Sewers, and Water and Sewer Pump Stations)

Small Business Development (SBD), a Division of the Internal Services Department, has completed its review of the subject project for compliance with the Small Business Enterprise-Architectural and Engineering (SBE-A&E) Program. The contract measure established for this project is a 14.00% SBE-A&E sub-consultant goal.

The Strategic Procurement Department has submitted contract documents that included the Certificate of Assurance for the firms listed below acknowledging the project's SBE-A&E measure. Each firm also submitted their Utilization Plan (UP) identifying the SBE sub-consultants to fulfill the goal via the Business Management Workforce System (BMWS) and the following is their pre-award compliance status and summary.

Subject: Report of Competitive Selection Committee
Miami-Dade Water and Sewer Department (WASD)
Engineering Planning, Design and Related Services for the Water and Wastewater Project Title: Infrastructure Projects (Water Mains, Force Mains, Gravity Sewers, Water and Sewer Pump Stations and Facilities)
SPD Project No. E23WS03

The Competitive Selection Committee has completed the evaluation of the proposal(s) submitted in response to the referenced Strategic Procurement Department (SPD) solicitation and consistent with the guidelines published in the Notice to Professional Consultants (NTPC).

Scope of Services Summary: The scope includes the assistance of WASD's Capital Improvement Program, as well as new water and sewer assets and related facilities that are part of the Multi-Year Capital Improvement Program. The project includes all collection, distribution and transmission system assets within WASD's water and wastewater systems and service areas. The consultants will be responsible for preliminary site investigations; environmental and geotechnical services; surveying; hydraulic modeling and analysis; coordinating with other utilities; preparing basis of design reports; evaluation of useful life expectancy; design services for improvement/upgrade/renovations; preparation of design drawings and engineering reports; preparation of contract specifications, structural engineering; mechanical engineering; electrical engineering; and instrumentation and control engineering. Additional services may include obtaining permits; engineering evaluations; planning services; procurement services; public outreach; engineering services during construction; landscape architecture; architecture services; and inspections.

Preferred Experience and Qualifications: The prime consultant should be experienced in the planning, design, permitting, and construction management of pipelines, pump stations for water and sewer and facilities. The prime consultant should also have experience with the planning, design and construction of water distribution mains, force mains, gravity sewers, and pump stations of various sizes. The prime consultant should provide descriptions of three (3) successfully designed, constructed and operating distribution and collection system projects. The information shall include detailed descriptions of one (1) project of a water main or force main larger than 24-inches in diameter completed within the past seven (7) years and two (2) projects of regional sanitary sewer or water booster stations completed within the past seven (7) years.

Contract Term: The County intends to retain ten (10) qualified consultants/teams for ten (10) non-exclusive Professional Services Agreements each with an effective term of five (5) years, with one

(1) two-year option to extend, for a total of 7 years or, until the money is depleted, whichever comes first.

Small Business Enterprise Goal: On March 31, 2023, the Office of Small Business Development established a 14.00% Small Business Enterprise – Architectural and Engineering Goal for this project.

Advertisement Date: May 10, 2023.

Number of Proposal(s) Received: Twenty (20) proposals were received by the submittal deadline of July 6, 2023.

Name of Proposer(s): Please refer to the attached List of Respondents.

Strategic Procurement Department Compliance Review: The proposal submitted by CPH Consulting, LLC did not meet the prequalification/technical certification requirements pursuant to the NTPC and was deemed non-compliant. Consequently, the proposal from CPH Consulting, LLC was not evaluated by the Competitive Selection Committee.

Small Business Enterprise Compliance Review: All proposals were submitted for review on July 13, 2023, and were deemed in compliance. Please refer to the attached Compliance Review Memorandum dated August 2, 2023.

Office of the Commission Auditor (OCA) Background Checks: SPD submitted Committee members' completed Neutrality Affidavits and Resumes to OCA on August 15, 2023. A response was received on September 8, 2023. OCA submitted the results of the background checks to the Commission On Ethics and Public Trust (COE) for further review of findings. A response was received from COE regarding findings on September 21, 2023.

Office of the Inspector General (OIG) / Commission on Ethics and Public Trust (COE) Reports, Findings and/or Enforcement Documentation for Proposer and Subcontractor(s): SPD submitted a request to OIG on July 27, 2023. A response was received on August 4, 2023. The information was disseminated to the Competitive Selection Committee on September 21, 2023.

SPD submitted a request to COE on July 27, 2023. A response was received on August 8, 2023. The information was disseminated to the Competitive Selection Committee on September 21, 2023.

Selection Process: The Architectural and Engineering professional services solicitation process is a two-tiered selection process; First Tier is the Evaluation of Experience and Qualifications, and Second Tier is the Oral Presentations. The First Tier is the evaluation of the firms' current statements of experience, qualifications, and performance data. The Second Tier is the evaluation of the shortlisted firms' knowledge of project scope, qualifications of team members assigned to the project, and ability to provide the required services within schedule and budget, as demonstrated through an oral presentation from firms.

Note: The Competitive Selection Committee may waive the Second Tier selection process by a majority vote and base their selection on the results of the First Tier ranking only.

First Tier Results: The First Tier meeting was held on October 12, 2023. The Competitive Selection Committee was tasked with evaluating the experience and qualifications of the Proposers, and scoring and ranking the proposals in accordance with the evaluation criteria outlined in the solicitation. The Competitive Selection Committee scored all responsive proposals. During the evaluation process, all ties were broken using the standard tie-breaking procedure, as described in Section 3.3, Proposal Evaluation, of the Notice to Professional Consultants. Please refer to the attached First Tier Tabulation Sheet.

The Competitive Selection Committee elected, by majority vote, to invite the fourteen (14) highest ranked proposers to advance to the Second Tier phase.

Second Tier Results: In order to accommodate the number of firms presenting for Second Tier, presentations were held on two dates: October 23, 2023, and October 25, 2023. Tie breaking was performed by applying the standard tie-breaking procedure as described in Section 3.3 entitled Proposal Evaluations of the Notice to Professional Consultants. Please refer to the attached Second Tier Tabulation Sheet.

Special Circumstances: This project's original submittal deadline was extended by twenty-four (24) days upon request from proposers, and seven days to address an issue with INFORMS. Vetting the Competitive Selection Committee took longer than anticipated due to the recent retirement of one of the committee members which necessitated a substitution, and another member being on a planned vacation.

Administrative Leave Eligibility: The following County employees served as scoring members of the Committee and timely completed all committee-related duties, including submittal of the Neutrality Affidavit within three business days from Selection Committee Coordinator's notification dated July 31, 2023; initial scoring within 30 days of Selection Committee Coordinator's completion of required reviews; and final scoring at any additional meetings required within 15 days of initial scoring meeting, and are hereby entitled to one (1) day of paid administrative leave pursuant to Implementing Order No. 3-34:

Pursuant to the Cone of Silence legislation included in the Conflict of Interest and Code of Ethics Ordinance, and Section 2-11.1 of the County Code, the County Mayor or County Mayor's designee will report to the Board of County Commissioners any of the following instances:

- When negotiations do not commence, or other affirmative action is not taken, within 30 days of the Competitive Selection Committee's recommendation.

- When the County Mayor's or County Mayor's designee's recommendation to award or reject is not made within 90 days from the date of the Competitive Selection Committee's recommendation.

If approved, the Negotiation Committee will proceed with contract negotiations in accordance with Section 2-10.4(6) of the Code of Miami-Dade County and submit the signed contracts to be presented to the Board of County Commissioners for final approval, no later than 60 days from the date of this memorandum.

If satisfactory agreements cannot be reached within the 60-day period, a report is required to be prepared explaining all issues resulting from the negotiations. If negotiations are proceeding within a reasonable timeframe, then negotiations will continue, and the report will be submitted upon completion. The final contracts and report should be sent to the Strategic Procurement Department, Architectural and Engineering Unit.

Memorandum

MIAMI-DADE COUNTY

Date: May 29, 2024

To: Roy Coley, MBA, Director
Water and Sewer Department

From: Marisela Aranguiz-Cueto, P.E.,
Deputy Director of Planning, Regulatory Compliance, and Capital Infrastructure
Water and Sewer Department

Subject: Contract Award Recommendation for a Non-Exclusive Professional Services Agreement for Engineering Planning, Design and Related Services for the Water and Wastewater Infrastructure Projects (Water Mains, Force Mains, Gravity Sewers, and Water and Sewer Pump Stations and Facilities) to BCC Engineering, LLC, Agreement No. 23BCCE003 – Project No. E23WS03

SUMMARY

The Miami-Dade Water and Sewer Department (WASD) is the primary provider of water and wastewater services to Miami-Dade County (the County) serving a population of over 2.7 million, making it among the largest water/wastewater utilities in the United States. WASD has developed a Multi-Year Capital Improvement Program (CIP) to upgrade its infrastructure systems throughout the County in order to renew and replace existing deteriorated systems, and to ensure an efficient, reliable water and wastewater system throughout the County in order to accommodate future growth and development or redevelopment. WASD recognizes the need for engineering planning, design and related services for the water and wastewater infrastructure (water mains, force mains, gravity sewers, and water and sewer pump stations and facilities), and other critical projects which are an integral part of the CIP. For this solicitation under Project No. E23WS03, the County intends to retain ten (10) qualified firms under ten (10) separate Non-Exclusive Professional Services Agreements, including Agreement No. 23BCCE003 (Agreement). This contract award recommendation is for one of the ten prepared by WASD.

WASD is requesting approval of the Agreement between the County and BCC Engineering, LLC (BCC Engineering) to provide WASD with engineering planning, design and related services for the water and wastewater infrastructure (water mains, force mains, gravity sewers, and water and sewer pump stations and facilities), which is essential to the entire County.

A review of the County's Capital Improvements Information System showed the recommended vendor has 14 evaluations with an average evaluation score of 3.6 out of a possible maximum score of 4.0. *(See Attachment A: Contractor Evaluation Report)*

A review of CIIS, managed by the Office of Small Business Development, showed that BCC Engineering has not been awarded a contract with the County within the last three (3) years from the proposal submittal date. *(See Attachment B: Firm History Report)*

RECOMMENDATION

Pursuant to the WASD Consent Decree and Capital Improvement Programs Acceleration Ordinance Section 2-8.2.12 of the County Code, it is recommended that the County Mayor or County Mayor's designee approve the attached Agreement to BCC Engineering to provide engineering planning, design and related services for the water and wastewater infrastructure projects, Agreement No. 23BCCE003; Project No. E23WS03. The total compensation amount under the Agreement will not exceed

$6,000,000, with a contract term of five (5) years, with one (1) two (2) year option-to-renew. The Agreement does not include a contingency account.

DELEGATED AUTHORITY

Pursuant to the provisions of Section 2-8.2.12 of the County Code, the County Mayor or County Mayor's designee has the authority to execute, amend and terminate the Agreement, and to resolve disputes. Additionally, pursuant to the provisions of Sections 2-8.2.12 (4)(d) and (e) of the Code, the County Mayor or County Mayor's designee has the authority to amend and/or extend the Agreement to complete any unfinished work, waive liquidated damages, negotiate and settle claims, and execute change orders that do not exceed ten percent (10%) of the base/alternate Agreement amount. Pursuant to Section 2-8.2.12 (7), all actions taken pursuant to Section 2-8.2.12 are subject to ratification by the Board of County Commissioners.

SCOPE

BCC Engineering will assist with the implementation of the Capital Improvement Program and its timely execution. The projects will include all collection, distribution and transmission system assets within WASD's water and wastewater systems and service areas. This includes water mains, force mains, gravity sewers, water pump stations, sewer pump stations, trenchless pipelines, rehabilitation technologies and any related facilities. This shall also include regional assets outside of the treatment plants (i.e., wastewater master pump stations and water booster stations); maintenance facilities, maintenance yards, warehouses, and other buildings essential to WASD operations and maintaining 24-hour operation and service. The scope of services may also include work within the treatment plants if the scope of work includes piping or pumps that are connected to the distribution or collection systems. Lastly, the scope of services will also encompass ancillary engineering services including, but not limited to, coordination and evaluation of volume sewer and water customer service areas, roadway and pavement design, and maintenance of traffic.

The scope of services may include assisting WASD with the rehabilitation, replacement, and upgrade of water and sewer assets and related facilities that are part of the Multi-Year Capital Improvement Program. The scope of services may also include assisting WASD with planning, design, permitting and construction of new water and sewer assets and related facilities that are part of the Multi-Year Capital Improvement Program.

BCC Engineering shall provide the following services: preliminary site investigations; environmental and geotechnical services; surveying; hydraulic modeling and analysis; coordinating with other utilities; preparing basis of design reports; evaluation of existing equipment condition; capacity analysis, evaluation of useful life expectancy; design services for improvement/upgrade/renovations; preparation of design drawings and engineering reports; preparation of contract specifications; structural engineering; mechanical engineering; electrical engineering; and instrumentation and control engineering.

The scope of services may also include obtaining necessary permits (dry-run, right of way, environmental, building, etc.); coordination with WASD forces; engineering evaluations (such as cost benefit analyses, Envision, and evaluation of sustainable building applications); planning services, existing utility location, procurement services, public outreach, engineering services during construction, landscape architecture services, architecture services, and inspections.

PRIMARY COMMISSION DISTRICT/PROJECT LOCATION

Various Commission Districts. This project has Countywide significance.

All firms were evaluated in accordance with Section 2-10.4 of the County Code, Implementing Order 3-34 and Administrative Order 3-39.

PROCUREMENT HISTORY

On May 10, 2023, a Notice to Professional Consultant (NTPC) was issued under full and open competition. A total of twenty (20) proposals were received by the submittal deadline of July 6, 2023. *(See Attachment F: List of Respondents)*

Pursuant to County Resolution No. R-62-22, which amended Implementing Order 3-34, and became effective on July 11, 2022, the Competitive Selection Committee (CSC) was provided with all reports and findings of the Office of the Inspector General and the Commission on Ethics and Public Trust produced on September 21, 2023, regarding any Proposer and their proposed subconsultants for consideration while scoring in accordance with the applicable criteria identified in the solicitation.

The Office of Small Business Development completed its review of the SBE contract measures on August 2, 2023, and confirmed that all twenty (20) firms were in compliance with the submittal requirements. *(See Attachment H SBD Compliance Review)*

On July 31, 2023, the Strategic Procurement Department (SPD) sent a letter to CPH Consulting, LLC indicating that their team did not meet the prequalification/technical certification requirements pursuant to the NTPC and were found non-compliant. Consequently, the proposal from CPH Consulting, LLC was not evaluated by the CSC.
(See Attachment G: SPD Letter to CPH Consulting, LLC)

At the First Tier "Evaluation of Qualifications" meeting held on October 12, 2023, the CSC reviewed and ranked the remaining nineteen (19) proposals in accordance with evaluation criteria outlined in the solicitation. The CSC elected by majority of vote, to invite the fourteen (14) highest ranked proposers to advance to the Second-Tier meeting (Oral Presentations). *(See Attachment I: First Tier Tabulation Report)*

Project/Contract Title:	**Engineering Planning, Design, and Related Services for Water and Wastewater Infrastructure (Water Mains, Force Mains, Gravity Sewers, and Water and Sewer Pump Stations and Facilities)**	**Received Date:**	**3/21/2023**
Project/Contract No:	**E23WS03**	**Funding Source:**	**Other**
Department:	**Water & Sewer**		
Estimated Cost of Project/Bid:	**$6,000,000.00**		
Description of Project/Bid:	**WASD seeks the services of multiple consultants to assist with the implementation of the Capital Improvements Program and its timely execution. The projects will include all collection, distribution and transmission system assets within WASD's water and wastewater systems and service areas. This includes water mains, force mains, gravity sewers, water pump stations, sewer pump stations, trenchless pipelines, rehabilitation technologies and any related facilities. This shall also include regional assets outside of the treatment plants; maintenance facilities, maintenance yards, warehouses, and other buildings essential to WASD operations and maintaining 24-hour operation and service. The scope of services may also include work within the treatment plants if the scope of work includes piping or pumps that are connected to the distribution or collection systems. Lastly, it will also encompass ancillary engineering services including, but not limited to, coordination and evaluation of volume sewer and water customer services areas, roadway and pavement design, and maintenance of traffic.**

Reasons for Recommendation

SMALL BUSINESS ENTERPRISE - ARCHITECTURAL & ENGINEERING (SBE-A&E).
SBD reviewed this project pursuant to Implementing Order 3-32 for an SBE-A&E measure. Project information analyzed included the project's scope of services, estimated project cost, minimum requirements/qualifications and funding source. An attempt was made to assign this project a Set-Aside measure; however, three or more firms did not respond to the Verification of Availability to Propose as being able to meet the project's requirements. An analysis of the factors contained in the project package, as well as the factors contained in Section V. B. 2. C. of Implementing Order 3-32 indicates a 14.00% SBE-A&E Sub-Consultant Goal is appropriate for this contract in the following Technical Categories: TC 6.01 (Water and Sanitary Sewer Systems - Water Distribution and Sanitary Sewage Collection and Transmission Systems) - 4.00%, TC 6.02 (Water and Sanitary Sewer Systems - Major Water and Sanitary Sewage Pumping Facilities) - 4.00%, TC 16.00 (General Civil Engineering) - 2.00%, TC 13.00 (General Electrical Engineering) - 2.00% and TC 20.00 (Landscape Architecture) - 2.00%.

WASD is seeking ten (10) A&E consultants with a maximum compensation for each Non-Exclusive Professional Services Agreement (PSA) of $6,000,000.00 with no contingency allowance. The term for each PSA is five (5) years with one (1) two (2) year option-to-renew with no minimum amount of work or compensation guaranteed to the retained consultant.

SMALL BUSINESS ENTERPRISE - GOODS & SERVICES (SBE-Goods & SBE-Services).
An analysis of Implementing Order 3-41 & Ordinance 16-109, as well as the project package indicates a No Measure is appropriate.

CERTIFICATE OF ASSURANCE

SMALL BUSINESS PARTICIPATION ON COUNTY A&E AND DESIGN/BUILD PROJECTS

This completed form must be submitted with proposal documents by all proposers on a Miami-Dade County project with Small Business Enterprise ("SBE") program measure(s).

Project No.: E23WS03

Project Title: M-D WASD Engineering Planning, Design & Related Services for Water & Wastewater Infrastructure Projects (Water Mains, Force Mains, Gravity Sewers, Water and Sewer Pump Stations and Facilities)

Name of Proposer: BCC Engineering, LLC FEIN 65-0540100

Address: 6401 SW 87 AVE, STE. 200 City Miami State Florida ZIP 33173

Telephone Number: (305) 670-2350 Email address: VHerrera@bcceng.com

The proposer is committed to meeting the established SBE measure(s) assigned to this project:

16 % SBE-A/E, _____% SBE-Con, _____% SBE-G, and/or _____% SBE-S.

(For Goals, write in the percentage. For Set-aside, put a check mark or x.)

To satisfy the requirements for Step 1 –Proposal Submittal and Compliance with Small Business Enterprise Program Measure(s), the following is required:

1. Acknowledge the SBE program measure(s) (i.e., *SBE-Architecture & Engineering, SBE-Construction, SBE-Goods and/or SBE-Services*) established for this project via this Certificate of Assurance.
2. Acknowledge and confirm that there is an established relationship with the certified Miami-Dade County Small Business Enterprise firm(s) to be subcontracted to achieve the established SBE program measure(s) as indicated in the Project Documents.
3. Acknowledge that all SBE-A/E firms are properly listed on the Letter of Qualifications or Form 8DB submitted, as applicable, as part of the proposal documents and will be utilized, if selected to provide services based on their approved technical certification(s) required for the project.

To satisfy the requirements for Step 2 – Proposal Evaluation and Recommendation for Award, please attest that:

I understand that my company will be deemed non-compliant and not eligible to be considered for an award if I fail to (1) submit this Certificate of Assurance with my proposal documents, or (2) complete the Utilization Plan listing all certified Miami-Dade County SBEs to be subcontracted to satisfy the project's established SBE measure(s) via the County's Business Management Workforce System ("BMWS"), within the specified time frame, upon email notification from Small Business Development ("SBD") or BMWS. Each SBE-A/E sub-consultant listed on the Letter of Qualifications or Form 8DB, as applicable, must confirm their sub-contractual relationship (i.e., work to be performed, and the value or percentage of said work) in the Utilization Plan via BMWS, for approval by SBD.

SUBJECT: Compliance Review
Project No. E23WS03
Engineering Planning, Design, and Related Services for Water and Wastewater Infrastructure (Water Mains, Force Mains, Gravity Sewers, and Water and Sewer Pump Stations)

Small Business Development (SBD), a Division of the Internal Services Department, has completed its review of the subject project for compliance with the Small Business Enterprise-Architectural and Engineering (SBE-A&E) Program. The contract measure established for this project is a 14.00% SBE-A&E sub-consultant goal.

The Strategic Procurement Department has submitted contract documents that included the Certificate of Assurance for the firms listed below acknowledging the project's SBE-A&E measure. Each firm also submitted their Utilization Plan (UP) identifying the SBE sub-consultants to fulfill the goal via the Business Management Workforce System (BMWS) and the following is their pre-award compliance status and summary.

SUMMARY:

A.D.A Engineering, Inc. (#1), a certified SBE-A&E firm committed to self-perform Technical Categories (TCs) 6.01 (Water Distribution and Sanitary Sewage Collection and Transmission), 6.02 (Water and Sanitary Sewage Pumping Facilities), 12.00 (General Mechanical Engineering), 13.00 (General Electrical Engineering) and 16.00 (General Civil Engineering) at 14.00%. A.D.A. Engineering, Inc. confirmed its participation via the BMWS in agreement with the measure.

A.D.A Engineering, Inc. has satisfied the contract's 14.00% SBE-A&E sub-consultant goal and is in compliance with the overall Small Business measures established for this contract.

AECOM Technical Services, Inc. (#2), a non-certified SBE-A&E firm committed to utilize the following certified SBE-A&E firms: Bello and Bello Land Surveying Corporation to perform TCs 15.01 (Surveying and Mapping – Land Surveying) and 15.03 (Underground Utility Location) at 1.50%, Geosol, Inc. to perform TC 9.02 (Geotechnical and Materials Engineering Services) at 1.00%, HBC Engineering Company to perform TCs 6.01 (Water Distribution and Sanitary Sewage Collection and Transmission), 6.02 (Water and Sanitary Sewage Pumping Facilities), 11.00 (General Structural Engineering), 13.00 (General Electrical Engineering) and 16.00 (General Civil Engineering) at 10.00%, SRS Engineering, Inc. to perform TCs 6.01 (Water Distribution and Sanitary Sewage Collection and Transmission), 6.02 (Water and Sanitary Sewage Pumping Facilities) and 16.00 (General Civil Engineering) at 20.00%, and The Engineering Company, LLC. to perform TCs 6.01 (Water Distribution and Sanitary Sewage Collection and Transmission), 6.02 (Water and Sanitary Sewage Pumping Facilities), 11.00 (General Structural Engineering), 12.00 (General Mechanical Engineering) and 16.00 (General Civil Engineering) at 1.50% for a total of 34.00%. Each SBE–A&E certified sub-consultant confirmed their participation via the BMWS in agreement with the measure.

AECOM Technical Services, Inc. has satisfied the contract's 14.00% SBE-A&E sub-consultant goal and is in compliance with the overall Small Business measures established for this contract.

Ardurra Group, Inc. (#3), a non-certified SBE-A&E firm committed to utilize the following certified SBE-A&E firms: A.M.I. Engineering, LLC. to perform TCs 6.01 (Water Distribution and Sanitary Sewage Collection and Transmission), 6.02 (Water and Sanitary Sewage Pumping Facilities) and 16.00 (General Civil Engineering) at 0.50%, Aluces Corporation to perform TC 10.09 (Wellfield, Groundwater, and Surface Water Protection and Management) at 2.00%, Bello and Bello Land Surveying Corporation to perform TCs 15.01 (Surveying and Mapping – Land Surveying) and 15.03 (Underground Utility Location) at 2.00%, BND Engineers, Inc. to perform TCs 6.01 (Water Distribution and Sanitary Sewage Collection and Transmission), 6.02 (Water and Sanitary Sewage Pumping Facilities), 10.05 (Contamination Assessment and Monitoring) and 16.00 (General Civil Engineering) at 7.00%, Geosol, Inc. to perform TC 9.02 (Geotechnical and Materials Engineering Services) at 1.00%, Green Dade, Inc. to perform TC 13.00 (General Electrical Engineering) at 1.00%, and Relight, LLC. to perform TCs 6.01 (Water Distribution and Sanitary Sewage Collection and Transmission), 6.02 (Water and Sanitary Sewage Pumping Facilities) and 16.00 (General Civil Engineering) at 0.50% for a total of 14.00%. Each SBE–A&E certified sub-consultant confirmed their participation via the BMWS in agreement with the measure.

Ardurra Group, Inc. has satisfied the contract's 14.00% SBE-A&E sub-consultant goal and is in compliance with the overall Small Business measures established for this contract.

Atkins North America, Inc. (#4), a non-certified SBE-A&E firm committed to utilize the following SBE-A&E firms: Ambro, Inc. to perform TCs 6.01 (Water Distribution and Sanitary Sewage Collection and Transmission), 6.02 (Water and Sanitary Sewage Pumping Facilities), 12.00 (General Mechanical Engineering), 13.00 (General Electrical Engineering) and 16.00 (General Civil Engineering) at 3.00%, F.R. Aleman & Associates, Inc. to perform TCs 6.01 (Water Distribution and Sanitary Sewer Collection and Transmission), 6.02 (Water and Sanitary Sewage Pumping Facilities), 13.00 (General Electrical Engineering), 15.01 (Surveying and Mapping – Land Surveying),

15.03 (Underground Utility Location) and 16.00 (General Civil Engineering) at 5.00%, Geosol, Inc. to perform TC 9.02 (Geotechnical and Materials Engineering Services) at 2.00%, Metco Services Southeast, LLC. to perform TCs 12.00 (General Mechanical Engineering) and 13.00 (General Electrical Engineering) at 2.00%, Premiere Design Solutions, Inc. to perform TCs 6.01 (Water Distribution and Sanitary Sewer Collection and Transmission), 6.02 (Water and Sanitary Sewage Pumping Facilities), 15.01 (Surveying and Mapping – Land Surveying), 15.03 (Underground Utility Location) and 16.00 (General Civil Engineering) at 5.00%, and Relight, LLC. to perform TCs 6.01 (Water Distribution and Sanitary Sewage Collection and Transmission) and 16.00 (General Civil Engineering) at 2.00% for a total of 19.00%. Each SBE–A&E certified sub-consultant confirmed their participation via the BMWS in agreement with the measure.

Atkins North America, Inc. has satisfied the contract's 14.00% SBE-A&E sub-consultant goal and is in compliance with the overall Small Business measures established for this contract.

BCC Engineering, LLC. (#5), a non-certified SBE-A&E firm committed to utilize the following SBE-A&E firms: A.M.I. Engineering, LLC. to perform TCs 6.01 (Water Distribution and Sanitary Sewage Collection and Transmission), 6.02 (Water and Sanitary Sewage Pumping Facilities) and 16.00 (General Civil Engineering) at 3.00%, Blascom Engineering to perform TC 9.02 (Geotechnical and Materials Engineering Services) at 1.00%, Design2Form, LLC. to perform TC 14.00 (Architecture) at 1.00%, Landscape, DE, LLC. to perform TC 20.00 (Landscape Architecture) at 1.00%, Milian, Swain & Associates, Inc. to perform TCs 6.02 (Water and Sanitary Sewage Pumping Facilities) and 10.05 (Contamination Assessment and Monitoring) at 5.00%, Premiere Design Solutions, Inc. to perform TCs 6.02 (Water and Sanitary Sewage Pumping Facilities), 15.01 (Surveying and Mapping – Land Surveying) and 15.03 (Underground Utility Location) at 4.00%, and SSN Engineering, LLC. to perform TCs 6.01 (Water Distribution and Sanitary Sewage Collection and Transmission), 6.02 (Water and Sanitary Sewage Pumping Facilities), 10.09 (Wellfield, Groundwater, and Surface Water Protection and Management), 11.00 (General Structural Engineering) and 16.00 (General Civil Engineering) at 1.00% for a total of 16.00%. Each SBE–A&E certified sub-consultant confirmed their participation via the BMWS in agreement with the measure.

BCC Engineering, Inc. has satisfied the contract's 14.00% SBE-A&E sub-consultant goal and is in compliance with the overall Small Business measures established for this contract.

CDM Smith, Inc. (#6), a non-certified SBE-A&E firm committed to utilize the following SBE-A&E firms: Bello and Bello Land Surveying Corporation to perform TCs 15.01 (Surveying and Mapping – Land Surveying) and 15.03 (Underground Utility Location) at 1.00%, Curtis & Rogers Design Studio, Inc. to perform TC 20.00 (Land Architecture) at 1.00%, HBC Engineering Company to perform TCs 6.01 (Water Distribution and Sanitary Sewage Collection and Transmission), 6.02 (Water and Sanitary Sewage Pumping Facilities), 11:00 (General Structural Engineering), 13.00 (General Electrical Engineering) and 16.00 (General Civil Engineering) at 10.00%, HP Consultants, Inc. to perform TC 9.02 (Geotechnical and Materials Engineering Services) at 1.00%, and Metco Services Southeast, LLC. to perform TCs 6.01 (Water Distribution and Sanitary Sewage Collection and Transmission), 6.02 (Water and Sanitary Sewage Pumping Facilities), 12:00 (General Mechanical Engineering), 13.00 (General Electrical Engineering) and 16.00 (General Civil Engineering) at 1.00% for a total of 14.00%. Each SBE–A&E certified sub-consultant confirmed their participation via the BMWS in agreement with the measure.

CDM Smith, Inc. has satisfied the contract's 14.00% SBE-A&E sub-consultant goal and is in compliance with the overall Small Business measures established for this contract.

CES Consultants, Inc. (#7), a certified SBE-A&E firm committed to utilize the following SBE-A&E firms: Assurance Consulting Engineers, LLC. to perform TCs 4.01 (Engineering Design), 5.01 (Engineering Design), 11.00 (General Structural Engineering), 16.00 (General Civil Engineering) and 17.00 (Engineering Construction Management) at 1.00%, Fernandez-Beraud, Inc. to perform TC 20.00 (Landscape Architecture) at 1.00%, Green Dade, Inc. to perform TCs 3.07 (Traffic Signal Timing), 3.08 (Intelligent Transportation System Analysis, Design, and Implementation), 3.10 (Lighting), 3.11 (Signalization), 5.01 (Engineering

Design), 13.00 (General Electrical Engineering) and 17.00 (Engineering Construction Management) at 1.00%, Longitude Surveyors, LLC. to perform TCs 15.01 (Surveying and Mapping – Land Surveying), 15.02 (Aerial Photogrammetry) and 15.03 (Underground Utility Location) at 3.00%, and Thompson & Associates, Inc. Civil Engineering to perform TCs 3.01 (Site Development and Parking Lot Design), 3.02B (Minor Highway Design), 3.09 (Signing, Pavement Marking, and Channelization), 6.01 (Water Distribution and Sanitary Sewage Collection and Transmission), 6.01A (Utility Tunneling for Water Distribution and Sanitary Sewage Collection and Transmission Systems), 6.02 (Water and Sanitary Sewer Pumping Facilities), 6.03 (Water and Sanitary Sewage Treatment Plants), 10.01 (Stormwater Drainage Design Engineering Services), 16.00 (General Civil Engineering) and 17.00 (Engineering Construction Management) at 10.00% for a total of 16.00%. Each SBE–A&E certified sub-consultant confirmed their participation via the BMWS in agreement with the measure.

CES Consultants, Inc. has satisfied the contract's 14.00% SBE-A&E sub-consultant goal and is in compliance with the overall Small Business measures established for this contract.

CHA Consulting, Inc. RE: SPD Project No. E23WS03: Engineering Planning, Design and Related Services for the Water and Wastewater Infrastructure Projects (Water Mains, Force Mains, Gravity Sewers, and Water and Sewer Pump Stations, and Facilities)

SENT VIA E-MAIL: info@cphcorp.com

Dear Mr. Hendrix,

Miami-Dade County is in receipt of your proposal in response to the above referenced solicitation. Please note the following findings as of the submittal due date of July 6, 2023. *CPH Consulting, LLC.* d/b/a *CPH LLC* (CPH) (FEIN 59-2068806) assigned to perform the Technical Categories (TCs) listed below as submitted on the Letter of Qualifications (LOQ), was not pre-qualified/technically certified to render those services:

- 6.01 – Water and Sanitary Sewer Systems – Water Distribution and Sanitary Sewage Collection and Transmission
- 6.02 – Water and Sanitary Sewer Systems – Water and Sanitary Sewage Pumping Facilities
- 16.00 – General Civil Engineering
- 11.00 – General Structural Engineering
- 12.00 – General Mechanical Engineering
- 13.00 – General Electrical Engineering
- 14.00 – Architecture
- 15.01 – Surveying and Mapping – Land Surveying
- 20.00 – Landscape Architecture

Additionally, Sub-Consultant firm, *Robayna and Associates, Inc.* (59-119073) assigned to perform services in Technical Category 10.09 Environmental Engineering – Wellfield, Groundwater and Surface Water Protection and Management, is not technically certified in this assigned category as submitted on the Letter of Qualifications (LOQ). Finally, no sub-consultant on your team is pre-qualified nor technically certified in the aforementioned category, as required by the Notice to Professional Consultants (NTPC).

Pursuant to Section 1.5, Pre-Qualification Requirements, of the NTPC, *"In accordance with Chapter 2, Section 2-10.4 and Administrative Order 3-39 of Miami-Dade County, all firms and/or individual consultants properly licensed to provide A/E, landscape architectural, land surveying and mapping services, regardless of their individual assignments in connection with this project, and responding to this solicitation must have filed a pre-qualification package with and have an approved pre-qualification status from ISD by the response deadline of this solicitation…Proposer's (prime and/or sub-consultants) failure to be pre-qualified, and hold a current technical certification in the required category(ies), at the time of proposal submittal deadline, shall render the proposal non-compliant"*; and Section 1.7, A/E Technical Certification Requirements, of the NTPC, *"To satisfy the technical certification requirements for the requested services, valid technical certification in all of the above-specified area(s) of work must be held by a firm responding as a sole respondent, or a team of firms…A/E Technical Certification Requirements, Proposers (prime*

and/or sub-consultants) failure to be technically certified at the time of proposal submittal, as applicable, shall cause the proposal to be deemed non-compliant".

As a result, your team is non-compliant with the requirements of the NTPC and is hereby eliminated from further consideration for this solicitation.

Miami-Dade County thanks you for your interest in providing professional services and encourages you to submit for future projects.

Should you have any questions and/or concerns, you may contact me via email at justin.espagnol@miamidade.gov, with a copy to the Clerk of the Board at clerk.board@miamidade.gov. Please be advised that this project remains under the Cone of Silence.

Sincerely,

Justin Espagnol

Subject: Report of Competitive Selection Committee
Miami-Dade Water and Sewer Department (WASD)
Engineering Planning, Design and Related Services for the Water and Wastewater Project Title: Infrastructure Projects (Water Mains, Force Mains, Gravity Sewers, Water and Sewer Pump Stations and Facilities)
SPD Project No. E23WS03

The Competitive Selection Committee has completed the evaluation of the proposal(s) submitted in response to the referenced Strategic Procurement Department (SPD) solicitation and consistent with the guidelines published in the Notice to Professional Consultants (NTPC).

Scope of Services Summary: The scope includes the assistance of WASD's Capital Improvement Program, as well as new water and sewer assets and related facilities that are part of the Multi-Year Capital Improvement Program. The project includes all collection, distribution and transmission system assets within WASD's water and wastewater systems and service areas. The consultants will be responsible for preliminary site investigations; environmental and geotechnical services; surveying; hydraulic modeling and analysis; coordinating with other utilities; preparing basis of design reports; evaluation of useful life expectancy; design services for improvement/upgrade/renovations; preparation of design drawings and engineering reports; preparation of contract specifications, structural engineering; mechanical engineering; electrical engineering; and instrumentation and control engineering. Additional services may include obtaining permits; engineering evaluations; planning services; procurement services; public outreach; engineering services during construction; landscape architecture; architecture services; and inspections.

Preferred Experience and Qualifications: The prime consultant should be experienced in the planning, design, permitting, and construction management of pipelines, pump stations for water and sewer and facilities. The prime consultant should also have experience with the planning, design and construction of water distribution mains, force mains, gravity sewers, and pump stations of various sizes. The prime consultant should provide descriptions of three (3) successfully designed, constructed and operating distribution and collection system projects. The information shall include detailed descriptions of one (1) project of a water main or force main larger than 24-inches in diameter completed within the past seven (7) years and two (2) projects of regional sanitary sewer or water booster stations completed within the past seven (7) years.

Contract Term: The County intends to retain ten (10) qualified consultants/teams for ten (10) non-exclusive Professional Services Agreements each with an effective term of five (5) years, with one

(1) two-year option to extend, for a total of 7 years or, until the money is depleted, whichever comes first.

Small Business Enterprise Goal: On March 31, 2023, the Office of Small Business Development established a 14.00% Small Business Enterprise – Architectural and Engineering Goal for this project.

Advertisement Date: May 10, 2023.

Number of Proposal(s) Received: Twenty (20) proposals were received by the submittal deadline of July 6, 2023.

Name of Proposer(s): Please refer to the attached List of Respondents.

Strategic Procurement Department Compliance Review: The proposal submitted by CPH Consulting, LLC did not meet the prequalification/technical certification requirements pursuant to the NTPC and was deemed non-compliant. Consequently, the proposal from CPH Consulting, LLC was not evaluated by the Competitive Selection Committee.

Small Business Enterprise Compliance Review: All proposals were submitted for review on July 13, 2023, and were deemed in compliance. Please refer to the attached Compliance Review Memorandum dated August 2, 2023.

Office of the Commission Auditor (OCA) Background Checks: SPD submitted Committee members' completed Neutrality Affidavits and Resumes to OCA on August 15, 2023. A response was received on September 8, 2023. OCA submitted the results of the background checks to the Commission On Ethics and Public Trust (COE) for further review of findings. A response was received from COE regarding findings on September 21, 2023.

Office of the Inspector General (OIG) / Commission on Ethics and Public Trust (COE) Reports, Findings and/or Enforcement Documentation for Proposer and Subcontractor(s): SPD submitted a request to OIG on July 27, 2023. A response was received on August 4, 2023. The information was disseminated to the Competitive Selection Committee on September 21, 2023.

SPD submitted a request to COE on July 27, 2023. A response was received on August 8, 2023. The information was disseminated to the Competitive Selection Committee on September 21, 2023.

Selection Process: The Architectural and Engineering professional services solicitation process is a two-tiered selection process; First Tier is the Evaluation of Experience and Qualifications, and Second Tier is the Oral Presentations. The First Tier is the evaluation of the firms' current statements of experience, qualifications, and performance data. The Second Tier is the evaluation of the shortlisted firms' knowledge of project scope, qualifications of team members assigned to the project, and ability to provide the required services within schedule and budget, as demonstrated through an oral presentation from firms.

Note: The Competitive Selection Committee may waive the Second Tier selection process by a majority vote and base their selection on the results of the First Tier ranking only.

First Tier Results: The First Tier meeting was held on October 12, 2023. The Competitive Selection Committee was tasked with evaluating the experience and qualifications of the Proposers, and scoring and ranking the proposals in accordance with the evaluation criteria outlined in the solicitation. The Competitive Selection Committee scored all responsive proposals. During the evaluation process, all ties were broken using the standard tie-breaking procedure, as described in Section 3.3, Proposal Evaluation, of the Notice to Professional Consultants. Please refer to the attached First Tier Tabulation Sheet.

The Competitive Selection Committee elected, by majority vote, to invite the fourteen (14) highest ranked proposers to advance to the Second Tier phase.

Second Tier Results: In order to accommodate the number of firms presenting for Second Tier, presentations were held on two dates: October 23, 2023, and October 25, 2023. Tie breaking was performed by applying the standard tie-breaking procedure as described in Section 3.3 entitled Proposal Evaluations of the Notice to Professional Consultants. Please refer to the attached Second Tier Tabulation Sheet.

Special Circumstances: This project's original submittal deadline was extended by twenty-four (24) days upon request from proposers, and seven days to address an issue with INFORMS. Vetting the Competitive Selection Committee took longer than anticipated due to the recent retirement of one of the committee members which necessitated a substitution, and another member being on a planned vacation.

Administrative Leave Eligibility: The following County employees served as scoring members of the Committee and timely completed all committee-related duties, including submittal of the Neutrality Affidavit within three business days from Selection Committee Coordinator's notification dated July 31, 2023; initial scoring within 30 days of Selection Committee Coordinator's completion of required reviews; and final scoring at any additional meetings required within 15 days of initial scoring meeting, and are hereby entitled to one (1) day of paid administrative leave pursuant to Implementing Order No. 3-34:

Pursuant to the Cone of Silence legislation included in the Conflict of Interest and Code of Ethics Ordinance, and Section 2-11.1 of the County Code, the County Mayor or County Mayor's designee will report to the Board of County Commissioners any of the following instances:

- When negotiations do not commence, or other affirmative action is not taken, within 30 days of the Competitive Selection Committee's recommendation.

- When the County Mayor's or County Mayor's designee's recommendation to award or reject is not made within 90 days from the date of the Competitive Selection Committee's recommendation.

If approved, the Negotiation Committee will proceed with contract negotiations in accordance with Section 2-10.4(6) of the Code of Miami-Dade County and submit the signed contracts to be presented to the Board of County Commissioners for final approval, no later than 60 days from the date of this memorandum.

If satisfactory agreements cannot be reached within the 60-day period, a report is required to be prepared explaining all issues resulting from the negotiations. If negotiations are proceeding within a reasonable timeframe, then negotiations will continue, and the report will be submitted upon completion. The final contracts and report should be sent to the Strategic Procurement Department, Architectural and Engineering Unit.

Memorandum

MIAMI-DADE COUNTY

Date: June 21, 2024

To: Roy Coley, MBA, Director
Water and Sewer Department

From: Marisela Aranguiz-Cueto, P.E.,
Deputy Director of Planning, Regulatory Compliance, and Capital Infrastructure
Water and Sewer Department

Subject: Contract Award Recommendation for a Non-Exclusive Professional Services Agreement for Engineering Planning, Design and Related Services for the Water and Wastewater Infrastructure Projects (Water Mains, Force Mains, Gravity Sewers, and Water and Sewer Pump Stations and Facilities) to CDM Smith Inc., Agreement No. 23CDMS003 – Project No. E23WS03

SUMMARY

The Miami-Dade Water and Sewer Department (WASD) is the primary provider of water and wastewater services to Miami-Dade County (the County) serving a population of over 2.7 million, making it among the largest water/wastewater utilities in the United States. WASD has developed a Multi-Year Capital Improvement Program (CIP) to upgrade its infrastructure systems throughout the County in order to renew and replace existing deteriorated systems, and to ensure an efficient, reliable water and wastewater system throughout the County in order to accommodate future growth and development or redevelopment. WASD recognizes the need for engineering planning, design and related services for the water and wastewater infrastructure (water mains, force mains, gravity sewers, and water and sewer pump stations and facilities), and other critical projects which are an integral part of the CIP. For this solicitation under Project No. E23WS03, the County intends to retain ten (10) qualified firms under ten (10) separate Non-Exclusive Professional Services Agreements, including Agreement No. 23CDMS003 (Agreement). This contract award recommendation is for one of the ten prepared by WASD.

WASD is requesting approval of the Agreement between the County and CDM Smith Inc. (CDM) to provide WASD with engineering planning, design and related services for the water and wastewater infrastructure (water mains, force mains, gravity sewers, and water and sewer pump stations and facilities), which is essential to the entire County.

A review of the County's Capital Improvements Information System (CIIS) showed the recommended vendor has 81 evaluations with an average evaluation score of 3.7 out of a possible maximum score of 4.0. *(See Attachment A: Contractor Evaluation Report)*

A review of CIIS, managed by the Office of Small Business Development, showed that CDM has been awarded one (1) contract with the County within the last three (3) years from the proposal submittal date, with a total contract value of $10,000,000. *(See Attachment B: Firm History Report)*

RECOMMENDATION

Pursuant to the WASD Consent Decree and Capital Improvement Programs Acceleration Ordinance Section 2-8.2.12 of the County Code, it is recommended that the County Mayor or County Mayor's designee approve the attached Agreement to CDM to provide engineering planning, design and related services for the water and wastewater infrastructure projects, Agreement No. 23CDMS003; Project No. E23WS03. The total compensation amount under the Agreement will not exceed $6,000,000, with a

contract term of five (5) years, with one (1) two (2) year option-to-renew. The Agreement does not include a contingency account.

DELEGATED AUTHORITY
Pursuant to the provisions of Section 2-8.2.12 of the County Code, the County Mayor or County Mayor's designee has the authority to execute, amend and terminate the Agreement, and to resolve disputes. Additionally, pursuant to the provisions of Sections 2-8.2.12 (4)(d) and (e) of the Code, the County Mayor or County Mayor's designee has the authority to amend and/or extend the Agreement to complete any unfinished work, waive liquidated damages, negotiate and settle claims, and execute change orders that do not exceed ten percent (10%) of the base/alternate Agreement amount. Pursuant to Section 2-8.2.12 (7), all actions taken pursuant to Section 2-8.2.12 are subject to ratification by the Board of County Commissioners.

SCOPE
CDM will assist with the implementation of the Capital Improvement Program and its timely execution. The projects will include all collection, distribution and transmission system assets within WASD's water and wastewater systems and service areas. This includes water mains, force mains, gravity sewers, water pump stations, sewer pump stations, trenchless pipelines, rehabilitation technologies and any related facilities. This shall also include regional assets outside of the treatment plants (i.e., wastewater master pump stations and water booster stations); maintenance facilities, maintenance yards, warehouses, and other buildings essential to WASD operations and maintaining 24-hour operation and service. The scope of services may also include work within the treatment plants if the scope of work includes piping or pumps that are connected to the distribution or collection systems. Lastly, the scope of services will also encompass ancillary engineering services including, but not limited to, coordination and evaluation of volume sewer and water customer service areas, roadway and pavement design, and maintenance of traffic.

The scope of services may include assisting WASD with the rehabilitation, replacement, and upgrade of water and sewer assets and related facilities that are part of the Multi-Year Capital Improvement Program. The scope of services may also include assisting WASD with planning, design, permitting and construction of new water and sewer assets and related facilities that are part of the Multi-Year Capital Improvement Program.

CDM shall provide the following services: preliminary site investigations; environmental and geotechnical services; surveying; hydraulic modeling and analysis; coordinating with other utilities; preparing basis of design reports; evaluation of existing equipment condition; capacity analysis, evaluation of useful life expectancy; design services for improvement/upgrade/renovations; preparation of design drawings and engineering reports; preparation of contract specifications, structural engineering; mechanical engineering; electrical engineering; and instrumentation and control engineering.

The scope of services may also include obtaining necessary permits (dry-run, right of way, environmental, building, etc.); coordination with WASD forces; engineering evaluations (such as cost benefit analyses, Envision, and evaluation of sustainable building applications); planning services, existing utility location, procurement services, public outreach, engineering services during construction, landscape architecture services, architecture services, and inspections.

PRIMARY COMMISSION DISTRICT/PROJECT LOCATION
Various Commission Districts. This project has Countywide significance.

All firms were evaluated in accordance with Section 2-10.4 of the County Code, Implementing Order 3-34 and Administrative Order 3-39.

PROCUREMENT HISTORY
On May 10, 2023, a Notice to Professional Consultant (NTPC) was issued under full and open competition. A total of twenty (20) proposals were received by the submittal deadline of July 6, 2023. *(See Attachment F: List of Respondents)*

Pursuant to County Resolution No. R-62-22, which amended Implementing Order 3-34, and became effective on July 11, 2022, the Competitive Selection Committee (CSC) was provided with all reports and findings of the Office of the Inspector General and the Commission on Ethics and Public Trust produced on September 21, 2023, regarding any Proposer and their proposed subconsultants for consideration while scoring in accordance with the applicable criteria identified in the solicitation.

The Office of Small Business Development completed its review of the SBE contract measures on August 2, 2023, and confirmed that all twenty (20) firms were in compliance with the submittal requirements. *(See Attachment G: SBD Compliance Review)*

On July 31, 2023, the Strategic Procurement Department (SPD) sent a letter to CPH Consulting, LLC indicating that their team did not meet the prequalification/technical certification requirements pursuant to the NTPC and were found non-compliant. Consequently, the proposal from CPH Consulting, LLC was not evaluated by the CSC. (*See Attachment H: SPD Letter to CPH Consulting, LLC)*

At the First Tier "Evaluation of Qualifications" meeting held on October 12, 2023, the CSC reviewed and ranked the remaining nineteen (19) proposals in accordance with evaluation criteria outlined in the solicitation. The CSC elected by majority of vote, to invite the fourteen (14) highest ranked proposers to advance to the Second-Tier meeting (Oral Presentations). *(See Attachment I: First Tier Tabulation Report)*

Project/Contract Title:	**Engineering Planning, Design, and Related Services for Water and Wastewater Infrastructure (Water Mains, Force Mains, Gravity Sewers, and Water and Sewer Pump Stations and Facilities)**	**Received Date:**	**3/21/2023**
Project/Contract No:	**E23WS03**	**Funding Source:**	**Other**
Department:	**Water & Sewer**		
Estimated Cost of Project/Bid:	**$6,000,000.00**		
Description of Project/Bid:	**WASD seeks the services of multiple consultants to assist with the implementation of the Capital Improvements Program and its timely execution. The projects will include all collection, distribution and transmission system assets within WASD's water and wastewater systems and service areas. This includes water mains, force mains, gravity sewers, water pump stations, sewer pump stations, trenchless pipelines, rehabilitation technologies and any related facilities. This shall also include regional assets outside of the treatment plants; maintenance facilities, maintenance yards, warehouses, and other buildings essential to WASD operations and maintaining 24-hour operation and service. The scope of services may also include work within the treatment plants if the scope of work includes piping or pumps that are connected to the distribution or collection systems. Lastly, it will also encompass ancillary engineering services including, but not limited to, coordination and evaluation of volume sewer and water customer services areas, roadway and pavement design, and maintenance of traffic.**

Reasons for Recommendation

SMALL BUSINESS ENTERPRISE - ARCHITECTURAL & ENGINEERING (SBE-A&E).
SBD reviewed this project pursuant to Implementing Order 3-32 for an SBE-A&E measure. Project information analyzed included the project's scope of services, estimated project cost, minimum requirements/qualifications and funding source. An attempt was made to assign this project a Set-Aside measure; however, three or more firms did not respond to the Verification of Availability to Propose as being able to meet the project's requirements. An analysis of the factors contained in the project package, as well as the factors contained in Section V. B. 2. C. of Implementing Order 3-32 indicates a 14.00% SBE-A&E Sub-Consultant Goal is appropriate for this contract in the following Technical Categories: TC 6.01 (Water and Sanitary Sewer Systems - Water Distribution and Sanitary Sewage Collection and Transmission Systems) - 4.00%, TC 6.02 (Water and Sanitary Sewer Systems - Major Water and Sanitary Sewage Pumping Facilities) - 4.00%, TC 16.00 (General Civil Engineering) - 2.00%, TC 13.00 (General Electrical Engineering) - 2.00% and TC 20.00 (Landscape Architecture) - 2.00%.

WASD is seeking ten (10) A&E consultants with a maximum compensation for each Non-Exclusive Professional Services Agreement (PSA) of $6,000,000.00 with no contingency allowance. The term for each PSA is five (5) years with one (1) two (2) year option-to-renew with no minimum amount of work or compensation guaranteed to the retained consultant.

SMALL BUSINESS ENTERPRISE - GOODS & SERVICES (SBE-Goods & SBE-Services).
An analysis of Implementing Order 3-41 & Ordinance 16-109, as well as the project package indicates a No Measure is appropriate.

SMALL BUSINESS PARTICIPATION ON COUNTY A&E AND DESIGN/BUILD PROJECTS

This completed form must be submitted with proposal documents by all proposers on a Miami-Dade County project with Small Business Enterprise ("SBE") program measure(s).

Project No.: E23WS03 Project Title: Engineering Planning, Design and Related Services for the Water and Wastewater Infrastructure Projects (Water Mains, Force Mains, Gravity Sewers, Water and Sewer Pump Stations and Facilities)

Name of Proposer: CDM Smith Inc. FEIN 04-2473650

Address: 4000 Ponce de Leon Boulevard, Suite 720 City Coral Gables State FL ZIP 33146

Telephone Number: 786.437.2758 Email address: siddiquess@cdmsmith.com

The proposer is committed to meeting the established SBE measure(s) assigned to this project:

14 **% SBE-A/E,** 0 **% SBE-Con,** 0 **% SBE-G, and/or** 0 **% SBE-S.**

(For Goals, write in the percentage. For Set-aside, put a check mark or x.)

To satisfy the requirements for Step 1 –Proposal Submittal and Compliance with Small Business Enterprise Program Measure(s), the following is required:

1. Acknowledge the SBE program measure(s) (i.e., *SBE-Architecture & Engineering, SBE-Construction, SBE-Goods and/or SBE-Services*) established for this project via this Certificate of Assurance.
2. Acknowledge and confirm that there is an established relationship with the certified Miami-Dade County Small Business Enterprise firm(s) to be subcontracted to achieve the established SBE program measure(s) as indicated in the Project Documents.
3. Acknowledge that all SBE-A/E firms are properly listed on the Letter of Qualifications or Form 8DB submitted, as applicable, as part of the proposal documents and will be utilized, if selected to provide services based on their approved technical certification(s) required for the project.

To satisfy the requirements for Step 2 – Proposal Evaluation and Recommendation for Award, please attest that:

I understand that my company will be deemed non-compliant and not eligible to be considered for an award if I fail to (1) submit this Certificate of Assurance with my proposal documents, or (2) complete the Utilization Plan listing all certified Miami-Dade County SBEs to be subcontracted to satisfy the project's established SBE measure(s) via the County's Business Management Workforce System ("BMWS"), within the specified time frame, upon email notification from Small Business Development ("SBD") or BMWS. Each SBE-A/E sub-consultant listed on the Letter of Qualifications or Form 8DB, as applicable, must confirm their sub-contractual relationship (i.e., work to be performed, and the value or percentage of said work) in the Utilization Plan via BMWS, for approval by SBD.

SUBJECT: Compliance Review
Project No. E23WS03
Engineering Planning, Design, and Related Services for Water and Wastewater Infrastructure (Water Mains, Force Mains, Gravity Sewers, and Water and Sewer Pump Stations)

Small Business Development (SBD), a Division of the Internal Services Department, has completed its review of the subject project for compliance with the Small Business Enterprise-Architectural and Engineering (SBE-A&E) Program. The contract measure established for this project is a 14.00% SBE-A&E sub-consultant goal.

The Strategic Procurement Department has submitted contract documents that included the Certificate of Assurance for the firms listed below acknowledging the project's SBE-A&E measure. Each firm also submitted their Utilization Plan (UP) identifying the SBE sub-consultants to fulfill the goal via the Business Management Workforce System (BMWS) and the following is their pre-award compliance status and summary.

RE: SPD Project No. E23WS03: Engineering Planning, Design and Related Services for the Water and Wastewater Infrastructure Projects (Water Mains, Force Mains, Gravity Sewers, and Water and Sewer Pump Stations, and Facilities)

SENT VIA E-MAIL: info@cphcorp.com

Dear Mr. Hendrix,

Miami-Dade County is in receipt of your proposal in response to the above referenced solicitation. Please note the following findings as of the submittal due date of July 6, 2023. *CPH Consulting, LLC.* d/b/a *CPH LLC* (CPH) (FEIN 59-2068806) assigned to perform the Technical Categories (TCs) listed below as submitted on the Letter of Qualifications (LOQ), was not pre-qualified/technically certified to render those services:

- 6.01 – Water and Sanitary Sewer Systems – Water Distribution and Sanitary Sewage Collection and Transmission
- 6.02 – Water and Sanitary Sewer Systems – Water and Sanitary Sewage Pumping Facilities
- 16.00 – General Civil Engineering
- 11.00 – General Structural Engineering
- 12.00 – General Mechanical Engineering
- 13.00 – General Electrical Engineering
- 14.00 – Architecture
- 15.01 – Surveying and Mapping – Land Surveying
- 20.00 – Landscape Architecture

Additionally, Sub-Consultant firm, *Robayna and Associates, Inc.* (59-119073) assigned to perform services in Technical Category 10.09 Environmental Engineering – Wellfield, Groundwater and Surface Water Protection and Management, is not technically certified in this assigned category as submitted on the Letter of Qualifications (LOQ). Finally, no sub-consultant on your team is pre-qualified nor technically certified in the aforementioned category, as required by the Notice to Professional Consultants (NTPC).

Pursuant to Section 1.5, Pre-Qualification Requirements, of the NTPC, "*In accordance with Chapter 2, Section 2-10.4 and Administrative Order 3-39 of Miami-Dade County, all firms and/or individual consultants properly licensed to provide A/E, landscape architectural, land surveying and mapping services, regardless of their individual assignments in connection with this project, and responding to this solicitation must have filed a pre-qualification package with and have an approved pre-qualification status from ISD by the response deadline of this solicitation…Proposer's (prime and/or sub-consultants) failure to be pre-qualified, and hold a current technical certification in the required category(ies), at the time of proposal submittal deadline, shall render the proposal non-compliant*"; and Section 1.7, A/E Technical Certification Requirements, of the NTPC, "*To satisfy the technical certification requirements for the requested services, valid technical certification in all of the above-specified area(s) of work must be held by a firm responding as a sole respondent, or a team of firms…A/E Technical Certification Requirements, Proposers (prime*

and/or sub-consultants) failure to be technically certified at the time of proposal submittal, as applicable, shall cause the proposal to be deemed non-compliant".

As a result, your team is non-compliant with the requirements of the NTPC and is hereby eliminated from further consideration for this solicitation.

Miami-Dade County thanks you for your interest in providing professional services and encourages you to submit for future projects.

Should you have any questions and/or concerns, you may contact me via email at justin.espagnol@miamidade.gov, with a copy to the Clerk of the Board at clerk.board@miamidade.gov. Please be advised that this project remains under the Cone of Silence.

Sincerely,

Justin Espagnol

Subject: Report of Competitive Selection Committee
Miami-Dade Water and Sewer Department (WASD)
Engineering Planning, Design and Related Services for the Water and Wastewater Project Title: Infrastructure Projects (Water Mains, Force Mains, Gravity Sewers, Water and Sewer Pump Stations and Facilities)
SPD Project No. E23WS03

The Competitive Selection Committee has completed the evaluation of the proposal(s) submitted in response to the referenced Strategic Procurement Department (SPD) solicitation and consistent with the guidelines published in the Notice to Professional Consultants (NTPC).

Scope of Services Summary: The scope includes the assistance of WASD's Capital Improvement Program, as well as new water and sewer assets and related facilities that are part of the Multi-Year Capital Improvement Program. The project includes all collection, distribution and transmission system assets within WASD's water and wastewater systems and service areas. The consultants will be responsible for preliminary site investigations; environmental and geotechnical services; surveying; hydraulic modeling and analysis; coordinating with other utilities; preparing basis of design reports; evaluation of useful life expectancy; design services for improvement/upgrade/renovations; preparation of design drawings and engineering reports; preparation of contract specifications, structural engineering; mechanical engineering; electrical engineering; and instrumentation and control engineering. Additional services may include obtaining permits; engineering evaluations; planning services; procurement services; public outreach; engineering services during construction; landscape architecture; architecture services; and inspections.

Preferred Experience and Qualifications: The prime consultant should be experienced in the planning, design, permitting, and construction management of pipelines, pump stations for water and sewer and facilities. The prime consultant should also have experience with the planning, design and construction of water distribution mains, force mains, gravity sewers, and pump stations of various sizes. The prime consultant should provide descriptions of three (3) successfully designed, constructed and operating distribution and collection system projects. The information shall include detailed descriptions of one (1) project of a water main or force main larger than 24-inches in diameter completed within the past seven (7) years and two (2) projects of regional sanitary sewer or water booster stations completed within the past seven (7) years.

Contract Term: The County intends to retain ten (10) qualified consultants/teams for ten (10) non-exclusive Professional Services Agreements each with an effective term of five (5) years, with one

Small Business Enterprise Goal: On March 31, 2023, the Office of Small Business Development established a 14.00% Small Business Enterprise – Architectural and Engineering Goal for this project.

Advertisement Date: May 10, 2023.

Number of Proposal(s) Received: Twenty (20) proposals were received by the submittal deadline of July 6, 2023.

Name of Proposer(s): Please refer to the attached List of Respondents.

Strategic Procurement Department Compliance Review: The proposal submitted by CPH Consulting, LLC did not meet the prequalification/technical certification requirements pursuant to the NTPC and was deemed non-compliant. Consequently, the proposal from CPH Consulting, LLC was not evaluated by the Competitive Selection Committee.

Small Business Enterprise Compliance Review: All proposals were submitted for review on July 13, 2023, and were deemed in compliance. Please refer to the attached Compliance Review Memorandum dated August 2, 2023.

Office of the Commission Auditor (OCA) Background Checks: SPD submitted Committee members' completed Neutrality Affidavits and Resumes to OCA on August 15, 2023. A response was received on September 8, 2023. OCA submitted the results of the background checks to the Commission On Ethics and Public Trust (COE) for further review of findings. A response was received from COE regarding findings on September 21, 2023.

Office of the Inspector General (OIG) / Commission on Ethics and Public Trust (COE) Reports, Findings and/or Enforcement Documentation for Proposer and Subcontractor(s): SPD submitted a request to OIG on July 27, 2023. A response was received on August 4, 2023. The information was disseminated to the Competitive Selection Committee on September 21, 2023.

SPD submitted a request to COE on July 27, 2023. A response was received on August 8, 2023. The information was disseminated to the Competitive Selection Committee on September 21, 2023.

Selection Process: The Architectural and Engineering professional services solicitation process is a two-tiered selection process; First Tier is the Evaluation of Experience and Qualifications, and Second Tier is the Oral Presentations. The First Tier is the evaluation of the firms' current statements of experience, qualifications, and performance data. The Second Tier is the evaluation of the shortlisted firms' knowledge of project scope, qualifications of team members assigned to the project, and ability to provide the required services within schedule and budget, as demonstrated through an oral presentation from firms.

Note: The Competitive Selection Committee may waive the Second Tier selection process by a majority vote and base their selection on the results of the First Tier ranking only.

First Tier Results: The First Tier meeting was held on October 12, 2023. The Competitive Selection Committee was tasked with evaluating the experience and qualifications of the Proposers, and scoring and ranking the proposals in accordance with the evaluation criteria outlined in the solicitation. The Competitive Selection Committee scored all responsive proposals. During the evaluation process, all ties were broken using the standard tie-breaking procedure, as described in Section 3.3, Proposal Evaluation, of the Notice to Professional Consultants. Please refer to the attached First Tier Tabulation Sheet.

The Competitive Selection Committee elected, by majority vote, to invite the fourteen (14) highest ranked proposers to advance to the Second Tier phase.

Second Tier Results: In order to accommodate the number of firms presenting for Second Tier, presentations were held on two dates: October 23, 2023, and October 25, 2023. Tie breaking was performed by applying the standard tie-breaking procedure as described in Section 3.3 entitled Proposal Evaluations of the Notice to Professional Consultants. Please refer to the attached Second Tier Tabulation Sheet.

Special Circumstances: This project's original submittal deadline was extended by twenty-four (24) days upon request from proposers, and seven days to address an issue with INFORMS. Vetting the Competitive Selection Committee took longer than anticipated due to the recent retirement of one of the committee members which necessitated a substitution, and another member being on a planned vacation.

Administrative Leave Eligibility: The following County employees served as scoring members of the Committee and timely completed all committee-related duties, including submittal of the Neutrality Affidavit within three business days from Selection Committee Coordinator's notification dated July 31, 2023; initial scoring within 30 days of Selection Committee Coordinator's completion of required reviews; and final scoring at any additional meetings required within 15 days of initial scoring meeting, and are hereby entitled to one (1) day of paid administrative leave pursuant to Implementing Order No. 3-34:

Pursuant to the Cone of Silence legislation included in the Conflict of Interest and Code of Ethics Ordinance, and Section 2-11.1 of the County Code, the County Mayor or County Mayor's designee will report to the Board of County Commissioners any of the following instances:

- When negotiations do not commence, or other affirmative action is not taken, within 30 days of the Competitive Selection Committee's recommendation.

- When the County Mayor's or County Mayor's designee's recommendation to award or reject is not made within 90 days from the date of the Competitive Selection Committee's recommendation.

If approved, the Negotiation Committee will proceed with contract negotiations in accordance with Section 2-10.4(6) of the Code of Miami-Dade County and submit the signed contracts to be presented to the Board of County Commissioners for final approval, no later than 60 days from the date of this memorandum.

If satisfactory agreements cannot be reached within the 60-day period, a report is required to be prepared explaining all issues resulting from the negotiations. If negotiations are proceeding within a reasonable timeframe, then negotiations will continue, and the report will be submitted upon completion. The final contracts and report should be sent to the Strategic Procurement Department, Architectural and Engineering Unit.

Memorandum

MIAMI-DADE COUNTY

Date: May 29, 2024

To: Roy Coley, MBA, Director
Water and Sewer Department

From: Marisela Aranguiz-Cueto, P.E.,
Deputy Director of Planning, Regulatory Compliance, and Capital Infrastructure
Water and Sewer Department

Subject: Contract Award Recommendation for a Non-Exclusive Professional Services Agreement for Engineering Planning, Design and Related Services for the Water and Wastewater Infrastructure Projects (Water Mains, Force Mains, Gravity Sewers, and Water and Sewer Pump Stations and Facilities) to CHA Consulting, Inc., Agreement No. 23CHAC001 – Project No. E23WS03

SUMMARY

The Miami-Dade Water and Sewer Department (WASD) is the primary provider of water and wastewater services to Miami-Dade County (the County) serving a population of over 2.7 million, making it among the largest water/wastewater utilities in the United States. WASD has developed a Multi-Year Capital Improvement Program (CIP) to upgrade its infrastructure systems throughout the County in order to renew and replace existing deteriorated systems, and to ensure an efficient, reliable water and wastewater system throughout the County in order to accommodate future growth and development or redevelopment. WASD recognizes the need for engineering planning, design and related services for the water and wastewater infrastructure (water mains, force mains, gravity sewers, and water and sewer pump stations and facilities), and other critical projects which are an integral part of the CIP. For this solicitation under Project No. E23WS03, the County intends to retain ten (10) qualified firms under ten (10) separate Non-Exclusive Professional Services Agreements, including Agreement No. 23CHAC001 (Agreement). This contract award recommendation is for one of the ten prepared by WASD.

WASD is requesting approval of the Agreement between the County and CHA Consulting, Inc. (CHA) to provide WASD with engineering planning, design and related services for the water and wastewater infrastructure (water mains, force mains, gravity sewers, and water and sewer pump stations and facilities), which is essential to the entire County.

A review of the County's Capital Improvements Information System (CIIS) showed the recommended vendor has 2 evaluations with an average evaluation score of 4.00 out of a possible maximum score of 4.0. *(See Attachment A: Contractor Evaluation Report)*

A review of CIIS, managed by the Office of Small Business Development, showed that CHA has not been awarded a contract with the County within the last three (3) years from the proposal submittal date. *(See Attachment B: Firm History Report)*

RECOMMENDATION

Pursuant to the WASD Consent Decree and Capital Improvement Programs Acceleration Ordinance Section 2-8.2.12 of the County Code, it is recommended that the County Mayor or County Mayor's designee approve the attached Agreement to CHA to provide engineering planning, design and related services for the water and wastewater infrastructure projects, Agreement No. 23CHAC001; Project No. E23WS03. The total compensation amount under the Agreement will not exceed $6,000,000, with a

contract term of five (5) years, with one (1) two (2) year option-to-renew. The Agreement does not include a contingency account.

DELEGATED AUTHORITY

Pursuant to the provisions of Section 2-8.2.12 of the County Code, the County Mayor or County Mayor's designee has the authority to execute, amend and terminate the Agreement, and to resolve disputes. Additionally, pursuant to the provisions of Sections 2-8.2.12 (4)(d) and (e) of the Code, the County Mayor or County Mayor's designee has the authority to amend and/or extend the Agreement to complete any unfinished work, waive liquidated damages, negotiate and settle claims, and execute change orders that do not exceed ten percent (10%) of the base/alternate Agreement amount. Pursuant to Section 2-8.2.12 (7), all actions taken pursuant to Section 2-8.2.12 are subject to ratification by the Board of County Commissioners.

SCOPE

CHA will assist with the implementation of the Capital Improvement Program and its timely execution. The projects will include all collection, distribution and transmission system assets within WASD's water and wastewater systems and service areas. This includes water mains, force mains, gravity sewers, water pump stations, sewer pump stations, trenchless pipelines, rehabilitation technologies and any related facilities. This shall also include regional assets outside of the treatment plants (i.e., wastewater master pump stations and water booster stations); maintenance facilities, maintenance yards, warehouses, and other buildings essential to WASD operations and maintaining 24-hour operation and service. The scope of services may also include work within the treatment plants if the scope of work includes piping or pumps that are connected to the distribution or collection systems. Lastly, the scope of services will also encompass ancillary engineering services including, but not limited to, coordination and evaluation of volume sewer and water customer service areas, roadway and pavement design, and maintenance of traffic.

The scope of services may include assisting WASD with the rehabilitation, replacement, and upgrade of water and sewer assets and related facilities that are part of the Multi-Year Capital Improvement Program. The scope of services may also include assisting WASD with planning, design, permitting and construction of new water and sewer assets and related facilities that are part of the Multi-Year Capital Improvement Program.

CHA shall provide the following services: preliminary site investigations; environmental and geotechnical services; surveying; hydraulic modeling and analysis; coordinating with other utilities; preparing basis of design reports; evaluation of existing equipment condition; capacity analysis, evaluation of useful life expectancy; design services for improvement/upgrade/renovations; preparation of design drawings and engineering reports; preparation of contract specifications; structural engineering; mechanical engineering; electrical engineering; and instrumentation and control engineering.

The scope of services may also include obtaining necessary permits (dry-run, right of way, environmental, building, etc.); coordination with WASD forces; engineering evaluations (such as cost benefit analyses, Envision, and evaluation of sustainable building applications); planning services, existing utility location, procurement services, public outreach, engineering services during construction, landscape architecture services, architecture services, and inspections.

PRIMARY COMMISSION DISTRICT/PROJECT LOCATION

Various Commission Districts. This project has Countywide significance.

All firms were evaluated in accordance with Section 2-10.4 of the County Code, Implementing Order 3-34 and Administrative Order 3-39.

PROCUREMENT HISTORY
On May 10, 2023, a Notice to Professional Consultant (NTPC) was issued under full and open competition. A total of twenty (20) proposals were received by the submittal deadline of July 6, 2023. *(See Attachment F: List of Respondents)*

Pursuant to County Resolution No. R-62-22, which amended Implementing Order 3-34, and became effective on July 11, 2022, the Competitive Selection Committee (CSC) was provided with all reports and findings of the Office of the Inspector General and the Commission on Ethics and Public Trust produced on September 21, 2023, regarding any Proposer and their proposed subconsultants for consideration while scoring in accordance with the applicable criteria identified in the solicitation.

The Office of Small Business Development completed its review of the SBE contract measures on August 2, 2023, and confirmed that all twenty (20) firms were in compliance with the submittal requirements. *(See Attachment G SBD Compliance Review)*

On July 31, 2023, the Strategic Procurement Department (SPD) sent a letter to CPH Consulting, LLC indicating that their team did not meet the prequalification/technical certification requirements pursuant to the NTPC and were found non-compliant. Consequently, the proposal from CPH Consulting, LLC was not evaluated by the CSC. *(See Attachment H: SPD Letter to CPH Consulting, LLC)*

At the First Tier "Evaluation of Qualifications" meeting held on October 12, 2023, the CSC reviewed and ranked the remaining nineteen (19) proposals in accordance with evaluation criteria outlined in the solicitation. The CSC elected by majority of vote, to invite the fourteen (14) highest ranked proposers to advance to the Second-Tier meeting (Oral Presentations). *(See Attachment I: First Tier Tabulation Report)*

Reasons for Recommendation

SMALL BUSINESS ENTERPRISE - ARCHITECTURAL & ENGINEERING (SBE-A&E).
SBD reviewed this project pursuant to Implementing Order 3-32 for an SBE-A&E measure. Project information analyzed included the project's scope of services, estimated project cost, minimum requirements/qualifications and funding source. An attempt was made to assign this project a Set-Aside measure; however, three or more firms did not respond to the Verification of Availability to Propose as being able to meet the project's requirements. An analysis of the factors contained in the project package, as well as the factors contained in Section V. B. 2. C. of Implementing Order 3-32 indicates a 14.00% SBE-A&E Sub-Consultant Goal is appropriate for this contract in the following Technical Categories: TC 6.01 (Water and Sanitary Sewer Systems - Water Distribution and Sanitary Sewage Collection and Transmission Systems) - 4.00%, TC 6.02 (Water and Sanitary Sewer Systems - Major Water and Sanitary Sewage Pumping Facilities) - 4.00%, TC 16.00 (General Civil Engineering) - 2.00%, TC 13.00 (General Electrical Engineering) - 2.00% and TC 20.00 (Landscape Architecture) - 2.00%.

WASD is seeking ten (10) A&E consultants with a maximum compensation for each Non-Exclusive Professional Services Agreement (PSA) of $6,000,000.00 with no contingency allowance. The term for each PSA is five (5) years with one (1) two (2) year option-to-renew with no minimum amount of work or compensation guaranteed to the retained consultant.

SMALL BUSINESS ENTERPRISE - GOODS & SERVICES (SBE-Goods & SBE-Services).
An analysis of Implementing Order 3-41 & Ordinance 16-109, as well as the project package indicates a No Measure is appropriate.

SMALL BUSINESS PARTICIPATION ON COUNTY A&E AND DESIGN/BUILD PROJECTS

This completed form must be submitted with proposal documents by all proposers on a Miami-Dade County project with Small Business Enterprise ("SBE") program measure(s).

Project No.: E23WS03 Project Title: Engineering Planning, Design and Related Services for the Water and Wastewater Infrastructure Projects

Name of Proposer: CHA Consulting, Inc. FEIN 16-0966259

Address: 8935 NW 35 Lane, Suite 200 City Doral State FL ZIP 33172

Telephone Number: 305-592-7283 Email address: tgeorge@chacompanies.com

The proposer is committed to meeting the established SBE measure(s) assigned to this project:

25 **% SBE-A/E,** _____ **% SBE-Con,** _____ **% SBE-G, and/or** _____ **% SBE-S.**

(For Goals, write in the percentage. For Set-aside, put a check mark or x.)

To satisfy the requirements for Step 1 –Proposal Submittal and Compliance with Small Business Enterprise Program Measure(s), the following is required:

1. Acknowledge the SBE program measure(s) (i.e., *SBE-Architecture & Engineering, SBE-Construction, SBE-Goods and/or SBE-Services*) established for this project via this Certificate of Assurance.
2. Acknowledge and confirm that there is an established relationship with the certified Miami-Dade County Small Business Enterprise firm(s) to be subcontracted to achieve the established SBE program measure(s) as indicated in the Project Documents.
3. Acknowledge that all SBE-A/E firms are properly listed on the Letter of Qualifications or Form 8DB submitted, as applicable, as part of the proposal documents and will be utilized, if selected to provide services based on their approved technical certification(s) required for the project.

To satisfy the requirements for Step 2 – Proposal Evaluation and Recommendation for Award, please attest that:

I understand that my company will be deemed non-compliant and not eligible to be considered for an award if I fail to (1) submit this Certificate of Assurance with my proposal documents, or (2) complete the Utilization Plan listing all certified Miami-Dade County SBEs to be subcontracted to satisfy the project's established SBE measure(s) via the County's Business Management Workforce System ("BMWS"), within the specified time frame, upon email notification from Small Business Development ("SBD") or BMWS. Each SBE-A/E sub-consultant listed on the Letter of Qualifications or Form 8DB, as applicable, must confirm their sub-contractual relationship (i.e., work to be performed, and the value or percentage of said work) in the Utilization Plan via BMWS, for approval by SBD.

Memorandum

MIAMI-DADE COUNTY

DATE: August 2, 2023

TO: Namita Uppal, Director
Strategic Procurement Department

FROM: Gary Hartfield, Division Director
Internal Services Department
Small Business Development

SUBJECT: Compliance Review
Project No. E23WS03
Engineering Planning, Design, and Related Services for Water and Wastewater Infrastructure (Water Mains, Force Mains, Gravity Sewers, and Water and Sewer Pump Stations)

Small Business Development (SBD), a Division of the Internal Services Department, has completed its review of the subject project for compliance with the Small Business Enterprise-Architectural and Engineering (SBE-A&E) Program. The contract measure established for this project is a 14.00% SBE-A&E sub-consultant goal.

The Strategic Procurement Department has submitted contract documents that included the Certificate of Assurance for the firms listed below acknowledging the project's SBE-A&E measure. Each firm also submitted their Utilization Plan (UP) identifying the SBE sub-consultants to fulfill the goal via the Business Management Workforce System (BMWS) and the following is their pre-award compliance status and summary.

RE: SPD Project No. E23WS03: Engineering Planning, Design and Related Services for the Water and Wastewater Infrastructure Projects (Water Mains, Force Mains, Gravity Sewers, and Water and Sewer Pump Stations, and Facilities)

SENT VIA E-MAIL: info@cphcorp.com

Dear Mr. Hendrix,

Miami-Dade County is in receipt of your proposal in response to the above referenced solicitation. Please note the following findings as of the submittal due date of July 6, 2023. *CPH Consulting, LLC.* d/b/a *CPH LLC* (CPH) (FEIN 59-2068806) assigned to perform the Technical Categories (TCs) listed below as submitted on the Letter of Qualifications (LOQ), was not pre-qualified/technically certified to render those services:

- 6.01 – Water and Sanitary Sewer Systems – Water Distribution and Sanitary Sewage Collection and Transmission
- 6.02 – Water and Sanitary Sewer Systems – Water and Sanitary Sewage Pumping Facilities
- 16.00 – General Civil Engineering
- 11.00 – General Structural Engineering
- 12.00 – General Mechanical Engineering
- 13.00 – General Electrical Engineering
- 14.00 – Architecture
- 15.01 – Surveying and Mapping – Land Surveying
- 20.00 – Landscape Architecture

Additionally, Sub-Consultant firm, *Robayna and Associates, Inc.* (59-119073) assigned to perform services in Technical Category 10.09 Environmental Engineering – Wellfield, Groundwater and Surface Water Protection and Management, is not technically certified in this assigned category as submitted on the Letter of Qualifications (LOQ). Finally, no sub-consultant on your team is pre-qualified nor technically certified in the aforementioned category, as required by the Notice to Professional Consultants (NTPC).

Pursuant to Section 1.5, Pre-Qualification Requirements, of the NTPC, *"In accordance with Chapter 2, Section 2-10.4 and Administrative Order 3-39 of Miami-Dade County, all firms and/or individual consultants properly licensed to provide A/E, landscape architectural, land surveying and mapping services, regardless of their individual assignments in connection with this project, and responding to this solicitation must have filed a pre-qualification package with and have an approved pre-qualification status from ISD by the response deadline of this solicitation…Proposer's (prime and/or sub-consultants) failure to be pre-qualified, and hold a current technical certification in the required category(ies), at the time of proposal submittal deadline, shall render the proposal non-compliant";* and Section 1.7, A/E Technical Certification Requirements, of the NTPC, *"To satisfy the technical certification requirements for the requested services, valid technical certification in all of the above-specified area(s) of work must be held by a firm responding as a sole respondent, or a team of firms…A/E Technical Certification Requirements, Proposers (prime*

and/or sub-consultants) failure to be technically certified at the time of proposal submittal, as applicable, shall cause the proposal to be deemed non-compliant".

As a result, your team is non-compliant with the requirements of the NTPC and is hereby eliminated from further consideration for this solicitation.

Miami-Dade County thanks you for your interest in providing professional services and encourages you to submit for future projects.

Should you have any questions and/or concerns, you may contact me via email at justin.espagnol@miamidade.gov, with a copy to the Clerk of the Board at clerk.board@miamidade.gov. Please be advised that this project remains under the Cone of Silence.

Sincerely,

Justin Espagnol

Competitive Selection Committee Coordinator

Subject: Report of Competitive Selection Committee
Miami-Dade Water and Sewer Department (WASD)
Engineering Planning, Design and Related Services for the Water and Wastewater Project Title: Infrastructure Projects (Water Mains, Force Mains, Gravity Sewers, Water and Sewer Pump Stations and Facilities)
SPD Project No. E23WS03

The Competitive Selection Committee has completed the evaluation of the proposal(s) submitted in response to the referenced Strategic Procurement Department (SPD) solicitation and consistent with the guidelines published in the Notice to Professional Consultants (NTPC).

Scope of Services Summary: The scope includes the assistance of WASD's Capital Improvement Program, as well as new water and sewer assets and related facilities that are part of the Multi-Year Capital Improvement Program. The project includes all collection, distribution and transmission system assets within WASD's water and wastewater systems and service areas. The consultants will be responsible for preliminary site investigations; environmental and geotechnical services; surveying; hydraulic modeling and analysis; coordinating with other utilities; preparing basis of design reports; evaluation of useful life expectancy; design services for improvement/upgrade/renovations; preparation of design drawings and engineering reports; preparation of contract specifications, structural engineering; mechanical engineering; electrical engineering; and instrumentation and control engineering. Additional services may include obtaining permits; engineering evaluations; planning services; procurement services; public outreach; engineering services during construction; landscape architecture; architecture services; and inspections.

Preferred Experience and Qualifications: The prime consultant should be experienced in the planning, design, permitting, and construction management of pipelines, pump stations for water and sewer and facilities. The prime consultant should also have experience with the planning, design and construction of water distribution mains, force mains, gravity sewers, and pump stations of various sizes. The prime consultant should provide descriptions of three (3) successfully designed, constructed and operating distribution and collection system projects. The information shall include detailed descriptions of one (1) project of a water main or force main larger than 24-inches in diameter completed within the past seven (7) years and two (2) projects of regional sanitary sewer or water booster stations completed within the past seven (7) years.

Contract Term: The County intends to retain ten (10) qualified consultants/teams for ten (10) non-exclusive Professional Services Agreements each with an effective term of five (5) years, with one

(1) two-year option to extend, for a total of 7 years or, until the money is depleted, whichever comes first.

Small Business Enterprise Goal: On March 31, 2023, the Office of Small Business Development established a 14.00% Small Business Enterprise – Architectural and Engineering Goal for this project.

Advertisement Date: May 10, 2023.

Number of Proposal(s) Received: Twenty (20) proposals were received by the submittal deadline of July 6, 2023.

Name of Proposer(s): Please refer to the attached List of Respondents.

Strategic Procurement Department Compliance Review: The proposal submitted by CPH Consulting, LLC did not meet the prequalification/technical certification requirements pursuant to the NTPC and was deemed non-compliant. Consequently, the proposal from CPH Consulting, LLC was not evaluated by the Competitive Selection Committee.

Small Business Enterprise Compliance Review: All proposals were submitted for review on July 13, 2023, and were deemed in compliance. Please refer to the attached Compliance Review Memorandum dated August 2, 2023.

Office of the Commission Auditor (OCA) Background Checks: SPD submitted Committee members' completed Neutrality Affidavits and Resumes to OCA on August 15, 2023. A response was received on September 8, 2023. OCA submitted the results of the background checks to the Commission On Ethics and Public Trust (COE) for further review of findings. A response was received from COE regarding findings on September 21, 2023.

Office of the Inspector General (OIG) / Commission on Ethics and Public Trust (COE) Reports, Findings and/or Enforcement Documentation for Proposer and Subcontractor(s): SPD submitted a request to OIG on July 27, 2023. A response was received on August 4, 2023. The information was disseminated to the Competitive Selection Committee on September 21, 2023.

SPD submitted a request to COE on July 27, 2023. A response was received on August 8, 2023. The information was disseminated to the Competitive Selection Committee on September 21, 2023.

Selection Process: The Architectural and Engineering professional services solicitation process is a two-tiered selection process; First Tier is the Evaluation of Experience and Qualifications, and Second Tier is the Oral Presentations. The First Tier is the evaluation of the firms' current statements of experience, qualifications, and performance data. The Second Tier is the evaluation of the shortlisted firms' knowledge of project scope, qualifications of team members assigned to the project, and ability to provide the required services within schedule and budget, as demonstrated through an oral presentation from firms.

Note: The Competitive Selection Committee may waive the Second Tier selection process by a majority vote and base their selection on the results of the First Tier ranking only.

First Tier Results: The First Tier meeting was held on October 12, 2023. The Competitive Selection Committee was tasked with evaluating the experience and qualifications of the Proposers, and scoring and ranking the proposals in accordance with the evaluation criteria outlined in the solicitation. The Competitive Selection Committee scored all responsive proposals. During the evaluation process, all ties were broken using the standard tie-breaking procedure, as described in Section 3.3, Proposal Evaluation, of the Notice to Professional Consultants. Please refer to the attached First Tier Tabulation Sheet.

The Competitive Selection Committee elected, by majority vote, to invite the fourteen (14) highest ranked proposers to advance to the Second Tier phase.

Second Tier Results: In order to accommodate the number of firms presenting for Second Tier, presentations were held on two dates: October 23, 2023, and October 25, 2023. Tie breaking was performed by applying the standard tie-breaking procedure as described in Section 3.3 entitled Proposal Evaluations of the Notice to Professional Consultants. Please refer to the attached Second Tier Tabulation Sheet.

Special Circumstances: This project's original submittal deadline was extended by twenty-four (24) days upon request from proposers, and seven days to address an issue with INFORMS. Vetting the Competitive Selection Committee took longer than anticipated due to the recent retirement of one of the committee members which necessitated a substitution, and another member being on a planned vacation.

Administrative Leave Eligibility: The following County employees served as scoring members of the Committee and timely completed all committee-related duties, including submittal of the Neutrality Affidavit within three business days from Selection Committee Coordinator's notification dated July 31, 2023; initial scoring within 30 days of Selection Committee Coordinator's completion of required reviews; and final scoring at any additional meetings required within 15 days of initial scoring meeting, and are hereby entitled to one (1) day of paid administrative leave pursuant to Implementing Order No. 3-34:

Pursuant to the Cone of Silence legislation included in the Conflict of Interest and Code of Ethics Ordinance, and Section 2-11.1 of the County Code, the County Mayor or County Mayor's designee will report to the Board of County Commissioners any of the following instances:

- When negotiations do not commence, or other affirmative action is not taken, within 30 days of the Competitive Selection Committee's recommendation.

- When the County Mayor's or County Mayor's designee's recommendation to award or reject is not made within 90 days from the date of the Competitive Selection Committee's recommendation.

If approved, the Negotiation Committee will proceed with contract negotiations in accordance with Section 2-10.4(6) of the Code of Miami-Dade County and submit the signed contracts to be presented to the Board of County Commissioners for final approval, no later than 60 days from the date of this memorandum.

If satisfactory agreements cannot be reached within the 60-day period, a report is required to be prepared explaining all issues resulting from the negotiations. If negotiations are proceeding within a reasonable timeframe, then negotiations will continue, and the report will be submitted upon completion. The final contracts and report should be sent to the Strategic Procurement Department, Architectural and Engineering Unit.

Memorandum

MIAMI-DADE COUNTY

Date: June 21, 2024

To: Roy Coley, MBA, Director
Water and Sewer Department

From: Marisela Aranguiz-Cueto, P.E.,
Deputy Director of Planning, Regulatory Compliance, and Capital Infrastructure
Water and Sewer Department

Subject: Contract Award Recommendation for a Non-Exclusive Professional Services Agreement for Engineering Planning, Design and Related Services for the Water and Wastewater Infrastructure Projects (Water Mains, Force Mains, Gravity Sewers, and Water and Sewer Pump Stations and Facilities) to EAC Consulting, Inc., Agreement No. 23EAC002 – Project No. E23WS03

SUMMARY

The Miami-Dade Water and Sewer Department (WASD) is the primary provider of water and wastewater services to Miami-Dade County (the County) serving a population of over 2.7 million, making it among the largest water/wastewater utilities in the United States. WASD has developed a Multi-Year Capital Improvement Program (CIP) to upgrade its infrastructure systems throughout the County in order to renew and replace existing deteriorated systems, and to ensure an efficient, reliable water and wastewater system throughout the County in order to accommodate future growth and development or redevelopment. WASD recognizes the need for engineering planning, design and related services for the water and wastewater infrastructure (water mains, force mains, gravity sewers, and water and sewer pump stations and facilities), and other critical projects which are an integral part of the CIP. For this solicitation under Project No. E23WS03, the County intends to retain ten (10) qualified firms under ten (10) separate Non-Exclusive Professional Services Agreements, including Agreement No. 23EAC002 (Agreement). This contract award recommendation is for one of the ten prepared by WASD.

WASD is requesting approval of the Agreement between the County and EAC Consulting, Inc. (EAC) to provide WASD with engineering planning, design and related services for the water and wastewater infrastructure (water mains, force mains, gravity sewers, and water and sewer pump stations and facilities), which is essential to the entire County.

A review of the County's Capital Improvements Information System showed the recommended vendor has 24 evaluations with an average evaluation score of 3.8 out of a possible maximum score of 4.0. *(See Attachment A: Contractor Evaluation Report)*

A review of CIIS, managed by the Office of Small Business Development, showed that EAC has been awarded two (2) contracts with the County within the last three (3) years from the proposal submittal date, with a total contract value of $7,545,455. *(See Attachment B: Firm History Report)*

RECOMMENDATION

Pursuant to the WASD Consent Decree and Capital Improvement Programs Acceleration Ordinance Section 2-8.2.12 of the County Code, it is recommended that the County Mayor or County Mayor's designee approve the attached Agreement to EAC to provide engineering planning, design and related services for the water and wastewater infrastructure projects, Agreement No. 23EAC002; Project No. E23WS03. The total compensation amount under the Agreement will not exceed $6,000,000, with a

contract term of five (5) years, with one (1) two (2) year option-to-renew. The Agreement does not include a contingency account.

DELEGATED AUTHORITY

Pursuant to the provisions of Section 2-8.2.12 of the County Code, the County Mayor or County Mayor's designee has the authority to execute, amend and terminate the Agreement, and to resolve disputes. Additionally, pursuant to the provisions of Sections 2-8.2.12 (4)(d) and (e) of the Code, the County Mayor or County Mayor's designee has the authority to amend and/or extend the Agreement to complete any unfinished work, waive liquidated damages, negotiate and settle claims, and execute change orders that do not exceed ten percent (10%) of the base/alternate Agreement amount. Pursuant to Section 2-8.2.12 (7), all actions taken pursuant to Section 2-8.2.12 are subject to ratification by the Board of County Commissioners.

SCOPE

EAC will assist with the implementation of the Capital Improvement Program and its timely execution. The projects will include all collection, distribution and transmission system assets within WASD's water and wastewater systems and service areas. This includes water mains, force mains, gravity sewers, water pump stations, sewer pump stations, trenchless pipelines, rehabilitation technologies and any related facilities. This shall also include regional assets outside of the treatment plants (i.e., wastewater master pump stations and water booster stations); maintenance facilities, maintenance yards, warehouses, and other buildings essential to WASD operations and maintaining 24-hour operation and service. The scope of services may also include work within the treatment plants if the scope of work includes piping or pumps that are connected to the distribution or collection systems. Lastly, the scope of services will also encompass ancillary engineering services including, but not limited to, coordination and evaluation of volume sewer and water customer service areas, roadway and pavement design, and maintenance of traffic.

The scope of services may include assisting WASD with the rehabilitation, replacement, and upgrade of water and sewer assets and related facilities that are part of the Multi-Year Capital Improvement Program. The scope of services may also include assisting WASD with planning, design, permitting and construction of new water and sewer assets and related facilities that are part of the Multi-Year Capital Improvement Program.

EAC shall provide the following services: preliminary site investigations; environmental and geotechnical services; surveying; hydraulic modeling and analysis; coordinating with other utilities; preparing basis of design reports; evaluation of existing equipment condition; capacity analysis, evaluation of useful life expectancy; design services for improvement/upgrade/renovations; preparation of design drawings and engineering reports; preparation of contract specifications, structural engineering; mechanical engineering; electrical engineering; and instrumentation and control engineering.

The scope of services may also include obtaining necessary permits (dry-run, right of way, environmental, building, etc.); coordination with WASD forces; engineering evaluations (such as cost benefit analyses, Envision, and evaluation of sustainable building applications); planning services, existing utility location, procurement services, public outreach, engineering services during construction, landscape architecture services, architecture services, and inspections.

PRIMARY COMMISSION DISTRICT/PROJECT LOCATION

Various Commission Districts. This project has Countywide significance.

All firms were evaluated in accordance with Section 2-10.4 of the County Code, Implementing Order 3-34 and Administrative Order 3-39.

PROCUREMENT HISTORY
On May 10, 2023, a Notice to Professional Consultant (NTPC) was issued under full and open competition. A total of twenty (20) proposals were received by the submittal deadline of July 6, 2023. *(See Attachment F: List of Respondents)*

Pursuant to County Resolution No. R-62-22, which amended Implementing Order 3-34, and became effective on July 11, 2022, the CSC was provided with all reports and findings of the Office of the Inspector General and the Commission on Ethics and Public Trust produced on September 21, 2023, regarding any Proposer and their proposed subconsultants for consideration while scoring in accordance with the applicable criteria identified in the solicitation.

The Office of Small Business Development completed its review of the SBE contract measures on August 2, 2023, and confirmed that all twenty (20) firms were in compliance with the submittal requirements. *(See Attachment G SBD Compliance Review)*

On July 31, 2023, the Strategic Procurement Department (SPD) sent a letter to CPH Consulting, LLC indicating that their team did not meet the prequalification/technical certification requirements pursuant to the NTPC and were found non-complaint. Consequently, the proposal from CPH Consulting, LLC was not evaluated by the Competitive Selection Committee (CSC).
(See Attachment H: SPD Letter to CPH Consulting, LLC)

At the First Tier "Evaluation of Qualifications" meeting held on October 12, 2023, the CSC reviewed and ranked the remaining nineteen (19) proposals in accordance with evaluation criteria outlined in the solicitation. The CSC elected by majority of vote, to invite the fourteen (14) highest ranked proposers to

advance to the Second-Tier meeting (Oral Presentations). *(See Attachment I: First Tier Tabulation Report)*

Reasons for Recommendation

SMALL BUSINESS ENTERPRISE - ARCHITECTURAL & ENGINEERING (SBE-A&E).
SBD reviewed this project pursuant to Implementing Order 3-32 for an SBE-A&E measure. Project information analyzed included the project's scope of services, estimated project cost, minimum requirements/qualifications and funding source. An attempt was made to assign this project a Set-Aside measure; however, three or more firms did not respond to the Verification of Availability to Propose as being able to meet the project's requirements. An analysis of the factors contained in the project package, as well as the factors contained in Section V. B. 2. C. of Implementing Order 3-32 indicates a 14.00% SBE-A&E Sub-Consultant Goal is appropriate for this contract in the following Technical Categories: TC 6.01 (Water and Sanitary Sewer Systems - Water Distribution and Sanitary Sewage Collection and Transmission Systems) - 4.00%, TC 6.02 (Water and Sanitary Sewer Systems - Major Water and Sanitary Sewage Pumping Facilities) - 4.00%, TC 16.00 (General Civil Engineering) - 2.00%, TC 13.00 (General Electrical Engineering) - 2.00% and TC 20.00 (Landscape Architecture) - 2.00%.

WASD is seeking ten (10) A&E consultants with a maximum compensation for each Non-Exclusive Professional Services Agreement (PSA) of $6,000,000.00 with no contingency allowance. The term for each PSA is five (5) years with one (1) two (2) year option-to-renew with no minimum amount of work or compensation guaranteed to the retained consultant.

SMALL BUSINESS ENTERPRISE - GOODS & SERVICES (SBE-Goods & SBE-Services).
An analysis of Implementing Order 3-41 & Ordinance 16-109, as well as the project package indicates a No Measure is appropriate.

Memorandum

MIAMI-DADE COUNTY

DATE: August 2, 2023

TO: Namita Uppal, Director
Strategic Procurement Department

FROM: Gary Hartfield, Division Director
Internal Services Department
Small Business Development

SUBJECT: Compliance Review
Project No. E23WS03
Engineering Planning, Design, and Related Services for Water and Wastewater Infrastructure (Water Mains, Force Mains, Gravity Sewers, and Water and Sewer Pump Stations)

Small Business Development (SBD), a Division of the Internal Services Department, has completed its review of the subject project for compliance with the Small Business Enterprise-Architectural and Engineering (SBE-A&E) Program. The contract measure established for this project is a 14.00% SBE-A&E sub-consultant goal.

The Strategic Procurement Department has submitted contract documents that included the Certificate of Assurance for the firms listed below acknowledging the project's SBE-A&E measure. Each firm also submitted their Utilization Plan (UP) identifying the SBE sub-consultants to fulfill the goal via the Business Management Workforce System (BMWS) and the following is their pre-award compliance status and summary.

RE: SPD Project No. E23WS03: Engineering Planning, Design and Related Services for the Water and Wastewater Infrastructure Projects (Water Mains, Force Mains, Gravity Sewers, and Water and Sewer Pump Stations, and Facilities)

SENT VIA E-MAIL: info@cphcorp.com

Dear Mr. Hendrix,

Miami-Dade County is in receipt of your proposal in response to the above referenced solicitation. Please note the following findings as of the submittal due date of July 6, 2023. *CPH Consulting, LLC.* d/b/a *CPH LLC* (CPH) (FEIN 59-2068806) assigned to perform the Technical Categories (TCs) listed below as submitted on the Letter of Qualifications (LOQ), was not pre-qualified/technically certified to render those services:

- 6.01 – Water and Sanitary Sewer Systems – Water Distribution and Sanitary Sewage Collection and Transmission
- 6.02 – Water and Sanitary Sewer Systems – Water and Sanitary Sewage Pumping Facilities
- 16.00 – General Civil Engineering
- 11.00 – General Structural Engineering
- 12.00 – General Mechanical Engineering
- 13.00 – General Electrical Engineering
- 14.00 – Architecture
- 15.01 – Surveying and Mapping – Land Surveying
- 20.00 – Landscape Architecture

Additionally, Sub-Consultant firm, *Robayna and Associates, Inc.* (59-119073) assigned to perform services in Technical Category 10.09 Environmental Engineering – Wellfield, Groundwater and Surface Water Protection and Management, is not technically certified in this assigned category as submitted on the Letter of Qualifications (LOQ). Finally, no sub-consultant on your team is pre-qualified nor technically certified in the aforementioned category, as required by the Notice to Professional Consultants (NTPC).

Pursuant to Section 1.5, Pre-Qualification Requirements, of the NTPC, *"In accordance with Chapter 2, Section 2-10.4 and Administrative Order 3-39 of Miami-Dade County, all firms and/or individual consultants properly licensed to provide A/E, landscape architectural, land surveying and mapping services, regardless of their individual assignments in connection with this project, and responding to this solicitation must have filed a pre-qualification package with and have an approved pre-qualification status from ISD by the response deadline of this solicitation…Proposer's (prime and/or sub-consultants) failure to be pre-qualified, and hold a current technical certification in the required category(ies), at the time of proposal submittal deadline, shall render the proposal non-compliant";* and Section 1.7, A/E Technical Certification Requirements, of the NTPC, *"To satisfy the technical certification requirements for the requested services, valid technical certification in all of the above-specified area(s) of work must be held by a firm responding as a sole respondent, or a team of firms…A/E Technical Certification Requirements, Proposers (prime*

and/or sub-consultants) failure to be technically certified at the time of proposal submittal, as applicable, shall cause the proposal to be deemed non-compliant".

As a result, your team is non-compliant with the requirements of the NTPC and is hereby eliminated from further consideration for this solicitation.

Miami-Dade County thanks you for your interest in providing professional services and encourages you to submit for future projects.

Should you have any questions and/or concerns, you may contact me via email at justin.espagnol@miamidade.gov, with a copy to the Clerk of the Board at clerk.board@miamidade.gov. Please be advised that this project remains under the Cone of Silence.

Sincerely,

Justin Espagnol

From: Justin Espagnol,
Competitive Selection Committee Coordinator

Subject: Report of Competitive Selection Committee
Miami-Dade Water and Sewer Department (WASD)
Engineering Planning, Design and Related Services for the Water and Wastewater
Project Title: Infrastructure Projects (Water Mains, Force Mains, Gravity Sewers, Water and Sewer Pump Stations and Facilities)
SPD Project No. E23WS03

The Competitive Selection Committee has completed the evaluation of the proposal(s) submitted in response to the referenced Strategic Procurement Department (SPD) solicitation and consistent with the guidelines published in the Notice to Professional Consultants (NTPC).

Scope of Services Summary: The scope includes the assistance of WASD's Capital Improvement Program, as well as new water and sewer assets and related facilities that are part of the Multi-Year Capital Improvement Program. The project includes all collection, distribution and transmission system assets within WASD's water and wastewater systems and service areas. The consultants will be responsible for preliminary site investigations; environmental and geotechnical services; surveying; hydraulic modeling and analysis; coordinating with other utilities; preparing basis of design reports; evaluation of useful life expectancy; design services for improvement/upgrade/renovations; preparation of design drawings and engineering reports; preparation of contract specifications, structural engineering; mechanical engineering; electrical engineering; and instrumentation and control engineering. Additional services may include obtaining permits; engineering evaluations; planning services; procurement services; public outreach; engineering services during construction; landscape architecture; architecture services; and inspections.

Preferred Experience and Qualifications: The prime consultant should be experienced in the planning, design, permitting, and construction management of pipelines, pump stations for water and sewer and facilities. The prime consultant should also have experience with the planning, design and construction of water distribution mains, force mains, gravity sewers, and pump stations of various sizes. The prime consultant should provide descriptions of three (3) successfully designed, constructed and operating distribution and collection system projects. The information shall include detailed descriptions of one (1) project of a water main or force main larger than 24-inches in diameter completed within the past seven (7) years and two (2) projects of regional sanitary sewer or water booster stations completed within the past seven (7) years.

Contract Term: The County intends to retain ten (10) qualified consultants/teams for ten (10) non-exclusive Professional Services Agreements each with an effective term of five (5) years, with one

(1) two-year option to extend, for a total of 7 years or, until the money is depleted, whichever comes first.

Small Business Enterprise Goal: On March 31, 2023, the Office of Small Business Development established a 14.00% Small Business Enterprise – Architectural and Engineering Goal for this project.

Advertisement Date: May 10, 2023.

Number of Proposal(s) Received: Twenty (20) proposals were received by the submittal deadline of July 6, 2023.

Name of Proposer(s): Please refer to the attached List of Respondents.

Strategic Procurement Department Compliance Review: The proposal submitted by CPH Consulting, LLC did not meet the prequalification/technical certification requirements pursuant to the NTPC and was deemed non-compliant. Consequently, the proposal from CPH Consulting, LLC was not evaluated by the Competitive Selection Committee.

Small Business Enterprise Compliance Review: All proposals were submitted for review on July 13, 2023, and were deemed in compliance. Please refer to the attached Compliance Review Memorandum dated August 2, 2023.

Office of the Commission Auditor (OCA) Background Checks: SPD submitted Committee members' completed Neutrality Affidavits and Resumes to OCA on August 15, 2023. A response was received on September 8, 2023. OCA submitted the results of the background checks to the Commission On Ethics and Public Trust (COE) for further review of findings. A response was received from COE regarding findings on September 21, 2023.

Office of the Inspector General (OIG) / Commission on Ethics and Public Trust (COE) Reports, Findings and/or Enforcement Documentation for Proposer and Subcontractor(s): SPD submitted a request to OIG on July 27, 2023. A response was received on August 4, 2023. The information was disseminated to the Competitive Selection Committee on September 21, 2023.

SPD submitted a request to COE on July 27, 2023. A response was received on August 8, 2023. The information was disseminated to the Competitive Selection Committee on September 21, 2023.

Selection Process: The Architectural and Engineering professional services solicitation process is a two-tiered selection process; First Tier is the Evaluation of Experience and Qualifications, and Second Tier is the Oral Presentations. The First Tier is the evaluation of the firms' current statements of experience, qualifications, and performance data. The Second Tier is the evaluation of the shortlisted firms' knowledge of project scope, qualifications of team members assigned to the project, and ability to provide the required services within schedule and budget, as demonstrated through an oral presentation from firms.

Note: The Competitive Selection Committee may waive the Second Tier selection process by a majority vote and base their selection on the results of the First Tier ranking only.

First Tier Results: The First Tier meeting was held on October 12, 2023. The Competitive Selection Committee was tasked with evaluating the experience and qualifications of the Proposers, and scoring and ranking the proposals in accordance with the evaluation criteria outlined in the solicitation. The Competitive Selection Committee scored all responsive proposals. During the evaluation process, all ties were broken using the standard tie-breaking procedure, as described in Section 3.3, Proposal Evaluation, of the Notice to Professional Consultants. Please refer to the attached First Tier Tabulation Sheet.

The Competitive Selection Committee elected, by majority vote, to invite the fourteen (14) highest ranked proposers to advance to the Second Tier phase.

Second Tier Results: In order to accommodate the number of firms presenting for Second Tier, presentations were held on two dates: October 23, 2023, and October 25, 2023. Tie breaking was performed by applying the standard tie-breaking procedure as described in Section 3.3 entitled Proposal Evaluations of the Notice to Professional Consultants. Please refer to the attached Second Tier Tabulation Sheet.

Special Circumstances: This project's original submittal deadline was extended by twenty-four (24) days upon request from proposers, and seven days to address an issue with INFORMS. Vetting the Competitive Selection Committee took longer than anticipated due to the recent retirement of one of the committee members which necessitated a substitution, and another member being on a planned vacation.

Administrative Leave Eligibility: The following County employees served as scoring members of the Committee and timely completed all committee-related duties, including submittal of the Neutrality Affidavit within three business days from Selection Committee Coordinator's notification dated July 31, 2023; initial scoring within 30 days of Selection Committee Coordinator's completion of required reviews; and final scoring at any additional meetings required within 15 days of initial scoring meeting, and are hereby entitled to one (1) day of paid administrative leave pursuant to Implementing Order No. 3-34:

Pursuant to the Cone of Silence legislation included in the Conflict of Interest and Code of Ethics Ordinance, and Section 2-11.1 of the County Code, the County Mayor or County Mayor's designee will report to the Board of County Commissioners any of the following instances:

- When negotiations do not commence, or other affirmative action is not taken, within 30 days of the Competitive Selection Committee's recommendation.

- When the County Mayor's or County Mayor's designee's recommendation to award or reject is not made within 90 days from the date of the Competitive Selection Committee's recommendation.

If approved, the Negotiation Committee will proceed with contract negotiations in accordance with Section 2-10.4(6) of the Code of Miami-Dade County and submit the signed contracts to be presented to the Board of County Commissioners for final approval, no later than 60 days from the date of this memorandum.

If satisfactory agreements cannot be reached within the 60-day period, a report is required to be prepared explaining all issues resulting from the negotiations. If negotiations are proceeding within a reasonable timeframe, then negotiations will continue, and the report will be submitted upon completion. The final contracts and report should be sent to the Strategic Procurement Department, Architectural and Engineering Unit.

Memorandum

MIAMI-DADE COUNTY

Date: June 24, 2024

To: Roy Coley, MBA, Director
Water and Sewer Department

From: Marisela Aranguiz-Cueto, P.E.,
Deputy Director of Planning, Regulatory Compliance, and Capital Infrastructure
Water and Sewer Department

Subject: Contract Award Recommendation for a Non-Exclusive Professional Services Agreement for Engineering Planning, Design and Related Services for the Water and Wastewater Infrastructure Projects (Water Mains, Force Mains, Gravity Sewers, and Water and Sewer Pump Stations and Facilities) to Hazen and Sawyer, P.C., Agreement No. 23HASPC004 – Project No. E23WS03

SUMMARY

The Miami-Dade Water and Sewer Department (WASD) is the primary provider of water and wastewater services to Miami-Dade County (the County) serving a population of over 2.7 million, making it among the largest water/wastewater utilities in the United States. WASD has developed a Multi-Year Capital Improvement Program (CIP) to upgrade its infrastructure systems throughout the County in order to renew and replace existing deteriorated systems, and to ensure an efficient, reliable water and wastewater system throughout the County in order to accommodate future growth and development or redevelopment. WASD recognizes the need for engineering planning, design and related services for the water and wastewater infrastructure (water mains, force mains, gravity sewers, and water and sewer pump stations and facilities), and other critical projects which are an integral part of the CIP. For this solicitation under Project No. E23WS03, the County intends to retain ten (10) qualified firms under ten (10) separate Non-Exclusive Professional Services Agreements, including Agreement No. 23HASPC004 (Agreement). This contract award recommendation is for one of the ten prepared by WASD.

WASD is requesting approval of the Agreement between the County and Hazen and Sawyer, P.C. (Hazen) to provide WASD with engineering planning, design and related services for the water and wastewater infrastructure (water mains, force mains, gravity sewers, and water and sewer pump stations and facilities), which is essential to the entire County.

A review of the County's Capital Improvements Information System (CIIS) showed the recommended vendor has 39 evaluations with an average evaluation score of 3.9 out of a possible maximum score of 4.0. *(See Attachment A: Contractor Evaluation Report)*

A review of CIIS, managed by the Office of Small Business Development, showed that Hazen has been awarded one (1) contract with the County within the last three (3) years from the proposal submittal date, with a total contract value of $9,600,000. *(See Attachment B: Firm History Report)*

RECOMMENDATION

Pursuant to the WASD Consent Decree and Capital Improvement Programs Acceleration Ordinance Section 2-8.2.12 of the County Code, it is recommended that the County Mayor or County Mayor's designee approve the attached Agreement to Hazen to provide engineering planning, design and related services for the water and wastewater infrastructure projects, Agreement No. 23HASPC004; Project No. E23WS03. The total compensation amount under the Agreement will not exceed $6,000,000, with a contract term of five (5) years, with one (1) two (2) year option-to-renew. The Agreement does not include a contingency account.

DELEGATED AUTHORITY
Pursuant to the provisions of Section 2-8.2.12 of the County Code, the County Mayor or County Mayor's designee has the authority to execute, amend and terminate the Agreement, and to resolve disputes. Additionally, pursuant to the provisions of Sections 2-8.2.12 (4)(d) and (e) of the Code, the County Mayor or County Mayor's designee has the authority to amend and/or extend the Agreement to complete any unfinished work, waive liquidated damages, negotiate and settle claims, and execute change orders that do not exceed ten percent (10%) of the base/alternate Agreement amount. Pursuant to Section 2-8.2.12 (7), all actions taken pursuant to Section 2-8.2.12 are subject to ratification by the Board of County Commissioners.

SCOPE
Hazen will assist with the implementation of the Capital Improvement Program and its timely execution. The projects will include all collection, distribution and transmission system assets within WASD's water and wastewater systems and service areas. This includes water mains, force mains, gravity sewers, water pump stations, sewer pump stations, trenchless pipelines, rehabilitation technologies and any related facilities. This shall also include regional assets outside of the treatment plants (i.e., wastewater master pump stations and water booster stations); maintenance facilities, maintenance yards, warehouses, and other buildings essential to WASD operations and maintaining 24-hour operation and service. The scope of services may also include work within the treatment plants if the scope of work includes piping or pumps that are connected to the distribution or collection systems. Lastly, the scope of services will also encompass ancillary engineering services including, but not limited to, coordination and evaluation of volume sewer and water customer service areas, roadway and pavement design, and maintenance of traffic.

The scope of services may include assisting WASD with the rehabilitation, replacement, and upgrade of water and sewer assets and related facilities that are part of the Multi-Year Capital Improvement Program. The scope of services may also include assisting WASD with planning, design, permitting and construction of new water and sewer assets and related facilities that are part of the Multi-Year Capital Improvement Program.

Hazen shall provide the following services: preliminary site investigations; environmental and geotechnical services; surveying; hydraulic modeling and analysis; coordinating with other utilities; preparing basis of design reports; evaluation of existing equipment condition; capacity analysis, evaluation of useful life expectancy; design services for improvement/upgrade/renovations; preparation of design drawings and engineering reports; preparation of contract specifications, structural engineering; mechanical engineering; electrical engineering; and instrumentation and control engineering.

The scope of services may also include obtaining necessary permits (dry-run, right of way, environmental, building, etc.); coordination with WASD forces; engineering evaluations (such as cost benefit analyses, Envision, and evaluation of sustainable building applications); planning services, existing utility location, procurement services, public outreach, engineering services during construction, landscape architecture services, architecture services, and inspections.

PRIMARY COMMISSION DISTRICT/PROJECT LOCATION
Various Commission Districts. This project has Countywide significance.

All firms were evaluated in accordance with Section 2-10.4 of the County Code, Implementing Order 3-34 and Administrative Order 3-39.

PROCUREMENT HISTORY
On May 10, 2023, a Notice to Professional Consultant (NTPC) was issued under full and open competition. A total of twenty (20) proposals were received by the submittal deadline of July 6, 2023. *(See Attachment F: List of Respondents)*

Pursuant to County Resolution No. R-62-22, which amended Implementing Order 3-34, and became effective on July 11, 2022, the CSC was provided with all reports and findings of the Office of the Inspector General and the Commission on Ethics and Public Trust produced on September 21, 2023, regarding any Proposer and their proposed subconsultants for consideration while scoring in accordance with the applicable criteria identified in the solicitation.

SBD completed its review of the SBE contract measures on August 2, 2023, and confirmed that all twenty (20) firms were in compliance with the submittal requirements. *(See Attachment G: SBD Compliance Review)*

On July 31, 2023, the Strategic Procurement Department (SPD) sent a letter to CPH Consulting, LLC indicating that their team did not meet the prequalification/technical certification requirements pursuant to the NTPC and were found non-complaint. Consequently, the proposal from CPH Consulting, LLC was not evaluated by the Competitive Selection Committee (CSC). *(See Attachment H: SPD Letter to CPH Consulting, LLC)*

At the First Tier "Evaluation of Qualifications" meeting held on October 12, 2023, the CSC reviewed and ranked the remaining nineteen (19) proposals in accordance with evaluation criteria outlined in the solicitation. The CSC elected by majority of vote, to invite the fourteen (14) highest ranked proposers to advance to the Second-Tier meeting (Oral Presentations). *(See Attachment I: First Tier Tabulation Report)*

Project/Contract Title:	**Engineering Planning, Design, and Related Services for Water and Wastewater Infrastructure (Water Mains, Force Mains, Gravity Sewers, and Water and Sewer Pump Stations and Facilities)**	**Received Date:**	**3/21/2023**
Project/Contract No:	**E23WS03**	**Funding Source:**	**Other**
Department:	**Water & Sewer**		
Estimated Cost of Project/Bid:	**$6,000,000.00**		
Description of Project/Bid:	**WASD seeks the services of multiple consultants to assist with the implementation of the Capital Improvements Program and its timely execution. The projects will include all collection, distribution and transmission system assets within WASD's water and wastewater systems and service areas. This includes water mains, force mains, gravity sewers, water pump stations, sewer pump stations, trenchless pipelines, rehabilitation technologies and any related facilities. This shall also include regional assets outside of the treatment plants; maintenance facilities, maintenance yards, warehouses, and other buildings essential to WASD operations and maintaining 24-hour operation and service. The scope of services may also include work within the treatment plants if the scope of work includes piping or pumps that are connected to the distribution or collection systems. Lastly, it will also encompass ancillary engineering services including, but not limited to, coordination and evaluation of volume sewer and water customer services areas, roadway and pavement design, and maintenance of traffic.**

Reasons for Recommendation

SMALL BUSINESS ENTERPRISE - ARCHITECTURAL & ENGINEERING (SBE-A&E).
SBD reviewed this project pursuant to Implementing Order 3-32 for an SBE-A&E measure. Project information analyzed included the project's scope of services, estimated project cost, minimum requirements/qualifications and funding source. An attempt was made to assign this project a Set-Aside measure; however, three or more firms did not respond to the Verification of Availability to Propose as being able to meet the project's requirements. An analysis of the factors contained in the project package, as well as the factors contained in Section V. B. 2. C. of Implementing Order 3-32 indicates a 14.00% SBE-A&E Sub-Consultant Goal is appropriate for this contract in the following Technical Categories: TC 6.01 (Water and Sanitary Sewer Systems - Water Distribution and Sanitary Sewage Collection and Transmission Systems) - 4.00%, TC 6.02 (Water and Sanitary Sewer Systems - Major Water and Sanitary Sewage Pumping Facilities) - 4.00%, TC 16.00 (General Civil Engineering) - 2.00%, TC 13.00 (General Electrical Engineering) - 2.00% and TC 20.00 (Landscape Architecture) - 2.00%.

WASD is seeking ten (10) A&E consultants with a maximum compensation for each Non-Exclusive Professional Services Agreement (PSA) of $6,000,000.00 with no contingency allowance. The term for each PSA is five (5) years with one (1) two (2) year option-to-renew with no minimum amount of work or compensation guaranteed to the retained consultant.

SMALL BUSINESS ENTERPRISE - GOODS & SERVICES (SBE-Goods & SBE-Services).
An analysis of Implementing Order 3-41 & Ordinance 16-109, as well as the project package indicates a No Measure is appropriate.

FROM: Gary Hartfield, Division Director
Internal Services Department
Small Business Development

SUBJECT: Compliance Review
Project No. E23WS03
Engineering Planning, Design, and Related Services for Water and Wastewater Infrastructure (Water Mains, Force Mains, Gravity Sewers, and Water and Sewer Pump Stations)

Small Business Development (SBD), a Division of the Internal Services Department, has completed its review of the subject project for compliance with the Small Business Enterprise-Architectural and Engineering (SBE-A&E) Program. The contract measure established for this project is a 14.00% SBE-A&E sub-consultant goal.

The Strategic Procurement Department has submitted contract documents that included the Certificate of Assurance for the firms listed below acknowledging the project's SBE-A&E measure. Each firm also submitted their Utilization Plan (UP) identifying the SBE sub-consultants to fulfill the goal via the Business Management Workforce System (BMWS) and the following is their pre-award compliance status and summary.

RE: SPD Project No. E23WS03: Engineering Planning, Design and Related Services for the Water and Wastewater Infrastructure Projects (Water Mains, Force Mains, Gravity Sewers, and Water and Sewer Pump Stations, and Facilities)

SENT VIA E-MAIL: info@cphcorp.com

Dear Mr. Hendrix,

Miami-Dade County is in receipt of your proposal in response to the above referenced solicitation. Please note the following findings as of the submittal due date of July 6, 2023. *CPH Consulting, LLC.* d/b/a *CPH LLC* (CPH) (FEIN 59-2068806) assigned to perform the Technical Categories (TCs) listed below as submitted on the Letter of Qualifications (LOQ), was not pre-qualified/technically certified to render those services:

- 6.01 – Water and Sanitary Sewer Systems – Water Distribution and Sanitary Sewage Collection and Transmission
- 6.02 – Water and Sanitary Sewer Systems – Water and Sanitary Sewage Pumping Facilities
- 16.00 – General Civil Engineering
- 11.00 – General Structural Engineering
- 12.00 – General Mechanical Engineering
- 13.00 – General Electrical Engineering
- 14.00 – Architecture
- 15.01 – Surveying and Mapping – Land Surveying
- 20.00 – Landscape Architecture

Additionally, Sub-Consultant firm, *Robayna and Associates, Inc.* (59-119073) assigned to perform services in Technical Category 10.09 Environmental Engineering – Wellfield, Groundwater and Surface Water Protection and Management, is not technically certified in this assigned category as submitted on the Letter of Qualifications (LOQ). Finally, no sub-consultant on your team is pre-qualified nor technically certified in the aforementioned category, as required by the Notice to Professional Consultants (NTPC).

Pursuant to Section 1.5, Pre-Qualification Requirements, of the NTPC, "*In accordance with Chapter 2, Section 2-10.4 and Administrative Order 3-39 of Miami-Dade County, all firms and/or individual consultants properly licensed to provide A/E, landscape architectural, land surveying and mapping services, regardless of their individual assignments in connection with this project, and responding to this solicitation must have filed a pre-qualification package with and have an approved pre-qualification status from ISD by the response deadline of this solicitation…Proposer's (prime and/or sub-consultants) failure to be pre-qualified, and hold a current technical certification in the required category(ies), at the time of proposal submittal deadline, shall render the proposal non-compliant";* and Section 1.7, A/E Technical Certification Requirements, of the NTPC, *"To satisfy the technical certification requirements for the requested services, valid technical certification in all of the above-specified area(s) of work must be held by a firm responding as a sole respondent, or a team of firms…A/E Technical Certification Requirements, Proposers (prime*

and/or sub-consultants) failure to be technically certified at the time of proposal submittal, as applicable, shall cause the proposal to be deemed non-compliant".

As a result, your team is non-compliant with the requirements of the NTPC and is hereby eliminated from further consideration for this solicitation.

Miami-Dade County thanks you for your interest in providing professional services and encourages you to submit for future projects.

Should you have any questions and/or concerns, you may contact me via email at justin.espagnol@miamidade.gov, with a copy to the Clerk of the Board at clerk.board@miamidade.gov. Please be advised that this project remains under the Cone of Silence.

Sincerely,

Justin Espagnol

From: Justin Espagnol,
Competitive Selection Committee Coordinator

Subject: Report of Competitive Selection Committee
Miami-Dade Water and Sewer Department (WASD)
Engineering Planning, Design and Related Services for the Water and Wastewater Project Title: Infrastructure Projects (Water Mains, Force Mains, Gravity Sewers, Water and Sewer Pump Stations and Facilities)
SPD Project No. E23WS03

The Competitive Selection Committee has completed the evaluation of the proposal(s) submitted in response to the referenced Strategic Procurement Department (SPD) solicitation and consistent with the guidelines published in the Notice to Professional Consultants (NTPC).

Scope of Services Summary: The scope includes the assistance of WASD's Capital Improvement Program, as well as new water and sewer assets and related facilities that are part of the Multi-Year Capital Improvement Program. The project includes all collection, distribution and transmission system assets within WASD's water and wastewater systems and service areas. The consultants will be responsible for preliminary site investigations; environmental and geotechnical services; surveying; hydraulic modeling and analysis; coordinating with other utilities; preparing basis of design reports; evaluation of useful life expectancy; design services for improvement/upgrade/renovations; preparation of design drawings and engineering reports; preparation of contract specifications, structural engineering; mechanical engineering; electrical engineering; and instrumentation and control engineering. Additional services may include obtaining permits; engineering evaluations; planning services; procurement services; public outreach; engineering services during construction; landscape architecture; architecture services; and inspections.

Preferred Experience and Qualifications: The prime consultant should be experienced in the planning, design, permitting, and construction management of pipelines, pump stations for water and sewer and facilities. The prime consultant should also have experience with the planning, design and construction of water distribution mains, force mains, gravity sewers, and pump stations of various sizes. The prime consultant should provide descriptions of three (3) successfully designed, constructed and operating distribution and collection system projects. The information shall include detailed descriptions of one (1) project of a water main or force main larger than 24-inches in diameter completed within the past seven (7) years and two (2) projects of regional sanitary sewer or water booster stations completed within the past seven (7) years.

Contract Term: The County intends to retain ten (10) qualified consultants/teams for ten (10) non-exclusive Professional Services Agreements each with an effective term of five (5) years, with one

(1) two-year option to extend, for a total of 7 years or, until the money is depleted, whichever comes first.

Small Business Enterprise Goal: On March 31, 2023, the Office of Small Business Development established a 14.00% Small Business Enterprise – Architectural and Engineering Goal for this project.

Advertisement Date: May 10, 2023.

Number of Proposal(s) Received: Twenty (20) proposals were received by the submittal deadline of July 6, 2023.

Name of Proposer(s): Please refer to the attached List of Respondents.

Strategic Procurement Department Compliance Review: The proposal submitted by CPH Consulting, LLC did not meet the prequalification/technical certification requirements pursuant to the NTPC and was deemed non-compliant. Consequently, the proposal from CPH Consulting, LLC was not evaluated by the Competitive Selection Committee.

Small Business Enterprise Compliance Review: All proposals were submitted for review on July 13, 2023, and were deemed in compliance. Please refer to the attached Compliance Review Memorandum dated August 2, 2023.

Office of the Commission Auditor (OCA) Background Checks: SPD submitted Committee members' completed Neutrality Affidavits and Resumes to OCA on August 15, 2023. A response was received on September 8, 2023. OCA submitted the results of the background checks to the Commission On Ethics and Public Trust (COE) for further review of findings. A response was received from COE regarding findings on September 21, 2023.

Office of the Inspector General (OIG) / Commission on Ethics and Public Trust (COE) Reports, Findings and/or Enforcement Documentation for Proposer and Subcontractor(s): SPD submitted a request to OIG on July 27, 2023. A response was received on August 4, 2023. The information was disseminated to the Competitive Selection Committee on September 21, 2023.

SPD submitted a request to COE on July 27, 2023. A response was received on August 8, 2023. The information was disseminated to the Competitive Selection Committee on September 21, 2023.

Selection Process: The Architectural and Engineering professional services solicitation process is a two-tiered selection process; First Tier is the Evaluation of Experience and Qualifications, and Second Tier is the Oral Presentations. The First Tier is the evaluation of the firms' current statements of experience, qualifications, and performance data. The Second Tier is the evaluation of the shortlisted firms' knowledge of project scope, qualifications of team members assigned to the project, and ability to provide the required services within schedule and budget, as demonstrated through an oral presentation from firms.

Note: The Competitive Selection Committee may waive the Second Tier selection process by a majority vote and base their selection on the results of the First Tier ranking only.

First Tier Results: The First Tier meeting was held on October 12, 2023. The Competitive Selection Committee was tasked with evaluating the experience and qualifications of the Proposers, and scoring and ranking the proposals in accordance with the evaluation criteria outlined in the solicitation. The Competitive Selection Committee scored all responsive proposals. During the evaluation process, all ties were broken using the standard tie-breaking procedure, as described in Section 3.3, Proposal Evaluation, of the Notice to Professional Consultants. Please refer to the attached First Tier Tabulation Sheet.

The Competitive Selection Committee elected, by majority vote, to invite the fourteen (14) highest ranked proposers to advance to the Second Tier phase.

Second Tier Results: In order to accommodate the number of firms presenting for Second Tier, presentations were held on two dates: October 23, 2023, and October 25, 2023. Tie breaking was performed by applying the standard tie-breaking procedure as described in Section 3.3 entitled Proposal Evaluations of the Notice to Professional Consultants. Please refer to the attached Second Tier Tabulation Sheet.

Special Circumstances: This project's original submittal deadline was extended by twenty-four (24) days upon request from proposers, and seven days to address an issue with INFORMS. Vetting the Competitive Selection Committee took longer than anticipated due to the recent retirement of one of the committee members which necessitated a substitution, and another member being on a planned vacation.

Administrative Leave Eligibility: The following County employees served as scoring members of the Committee and timely completed all committee-related duties, including submittal of the Neutrality Affidavit within three business days from Selection Committee Coordinator's notification dated July 31, 2023; initial scoring within 30 days of Selection Committee Coordinator's completion of required reviews; and final scoring at any additional meetings required within 15 days of initial scoring meeting, and are hereby entitled to one (1) day of paid administrative leave pursuant to Implementing Order No. 3-34:

Pursuant to the Cone of Silence legislation included in the Conflict of Interest and Code of Ethics Ordinance, and Section 2-11.1 of the County Code, the County Mayor or County Mayor's designee will report to the Board of County Commissioners any of the following instances:

- When negotiations do not commence, or other affirmative action is not taken, within 30 days of the Competitive Selection Committee's recommendation.

- When the County Mayor's or County Mayor's designee's recommendation to award or reject is not made within 90 days from the date of the Competitive Selection Committee's recommendation.

If approved, the Negotiation Committee will proceed with contract negotiations in accordance with Section 2-10.4(6) of the Code of Miami-Dade County and submit the signed contracts to be presented to the Board of County Commissioners for final approval, no later than 60 days from the date of this memorandum.

If satisfactory agreements cannot be reached within the 60-day period, a report is required to be prepared explaining all issues resulting from the negotiations. If negotiations are proceeding within a reasonable timeframe, then negotiations will continue, and the report will be submitted upon completion. The final contracts and report should be sent to the Strategic Procurement Department, Architectural and Engineering Unit.

Memorandum

MIAMI-DADE COUNTY

Date: May 29, 2024

To: Roy Coley, MBA, Director
Water and Sewer Department

From: Marisela Aranguiz-Cueto, P.E.,
Deputy Director of Planning, Regulatory Compliance, and Capital Infrastructure
Water and Sewer Department

Subject: Contract Award Recommendation for a Non-Exclusive Professional Services Agreement for Engineering Planning, Design and Related Services for the Water and Wastewater Infrastructure Projects (Water Mains, Force Mains, Gravity Sewers, and Water and Sewer Pump Stations and Facilities) to Kimley-Horn and Associates, Inc., Agreement No. 23KHAI005 – Project No. E23WS03

SUMMARY

The Miami-Dade Water and Sewer Department (WASD) is the primary provider of water and wastewater services to Miami-Dade County (the County) serving a population of over 2.7 million, making it among the largest water/wastewater utilities in the United States. WASD has developed a Multi-Year Capital Improvement Program (CIP) to upgrade its infrastructure systems throughout the County in order to renew and replace existing deteriorated systems, and to ensure an efficient, reliable water and wastewater system throughout the County in order to accommodate future growth and development or redevelopment. WASD recognizes the need for engineering planning, design and related services for the water and wastewater infrastructure (water mains, force mains, gravity sewers, and water and sewer pump stations and facilities), and other critical projects which are an integral part of the CIP. For this solicitation under Project No. E23WS03, the County intends to retain ten (10) qualified firms under ten (10) separate Non-Exclusive Professional Services Agreements, including Agreement No. 23KHAI005 (Agreement). This contract award recommendation is for one of the ten prepared by WASD.

WASD is requesting approval of the Agreement between the County and Kimley-Horn and Associates, Inc. (Kimley) to provide WASD with engineering planning, design and related services for the water and wastewater infrastructure (water mains, force mains, gravity sewers, and water and sewer pump stations and facilities), which is essential to the entire County.

A review of the County's Capital Improvements Information System (CIIS) showed the recommended vendor has 37 evaluations with an average evaluation score of 3.7 out of a possible maximum score of 4.0. *(See Attachment A: Contractor Evaluation Report)*

A review of CIIS, managed by the Office of Small Business Development, showed that Kimley has not been awarded a contract with the County within the last three (3) years from the proposal submittal date. *(See Attachment B: Firm History Report)*

RECOMMENDATION

Pursuant to the WASD Consent Decree and Capital Improvement Programs Acceleration Ordinance Section 2-8.2.12 of the County Code, it is recommended that the County Mayor or County Mayor's designee approve the attached Agreement to Kimley to provide engineering planning, design and related services for the water and wastewater infrastructure projects, Agreement No. 23KHAI005; Project No. E23WS03. The total compensation amount under the Agreement will not exceed $6,000,000, with a contract term of five (5) years, with one (1) two (2) year option-to-renew. The Agreement does not include a contingency account.

DELEGATED AUTHORITY
Pursuant to the provisions of Section 2-8.2.12 of the County Code, the County Mayor or County Mayor's designee has the authority to execute, amend and terminate the Agreement, and to resolve disputes. Additionally, pursuant to the provisions of Sections 2-8.2.12 (4)(d) and (e) of the Code, the County Mayor or County Mayor's designee has the authority to amend and/or extend the Agreement to complete any unfinished work, waive liquidated damages, negotiate and settle claims, and execute change orders that do not exceed ten percent (10%) of the base/alternate Agreement amount. Pursuant to Section 2-8.2.12 (7), all actions taken pursuant to Section 2-8.2.12 are subject to ratification by the Board of County Commissioners.

SCOPE
Kimley will assist with the implementation of the Capital Improvement Program and its timely execution. The projects will include all collection, distribution and transmission system assets within WASD's water and wastewater systems and service areas. This includes water mains, force mains, gravity sewers, water pump stations, sewer pump stations, trenchless pipelines, rehabilitation technologies and any related facilities. This shall also include regional assets outside of the treatment plants (i.e., wastewater master pump stations and water booster stations); maintenance facilities, maintenance yards, warehouses, and other buildings essential to WASD operations and maintaining 24-hour operation and service. The scope of services may also include work within the treatment plants if the scope of work includes piping or pumps that are connected to the distribution or collection systems. Lastly, the scope of services will also encompass ancillary engineering services including, but not limited to, coordination and evaluation of volume sewer and water customer service areas, roadway and pavement design, and maintenance of traffic.

The scope of services may include assisting WASD with the rehabilitation, replacement, and upgrade of water and sewer assets and related facilities that are part of the Multi-Year Capital Improvement Program. The scope of services may also include assisting WASD with planning, design, permitting and construction of new water and sewer assets and related facilities that are part of the Multi-Year Capital Improvement Program.

Kimley shall provide the following services: preliminary site investigations; environmental and geotechnical services; surveying; hydraulic modeling and analysis; coordinating with other utilities; preparing basis of design reports; evaluation of existing equipment condition; capacity analysis, evaluation of useful life expectancy; design services for improvement/upgrade/renovations; preparation of design drawings and engineering reports; preparation of contract specifications; structural engineering; mechanical engineering; electrical engineering; and instrumentation and control engineering.

The scope of services may also include obtaining necessary permits (dry-run, right of way, environmental, building, etc.); coordination with WASD forces; engineering evaluations (such as cost benefit analyses, Envision, and evaluation of sustainable building applications); planning services, existing utility location, procurement services, public outreach, engineering services during construction, landscape architecture services, architecture services, and inspections.

PRIMARY COMMISSION DISTRICT/PROJECT LOCATION
Various Commission Districts. This project has Countywide significance.

All firms were evaluated in accordance with Section 2-10.4 of the County Code, Implementing Order 3-34 and Administrative Order 3-39.

PROCUREMENT HISTORY

On May 10, 2023, a Notice to Professional Consultant (NTPC) was issued under full and open competition. A total of twenty (20) proposals were received by the submittal deadline of July 6, 2023. *(See Attachment F: List of Respondents)*

Pursuant to County Resolution No. R-62-22, which amended Implementing Order 3-34, and became effective on July 11, 2022, the Competitive Selection Committee (CSC) was provided with all reports and findings of the Office of the Inspector General and the Commission on Ethics and Public Trust produced on September 21, 2023, regarding any Proposer and their proposed subconsultants for consideration while scoring in accordance with the applicable criteria identified in the solicitation.

SBD completed its review of the SBE contract measures on August 2, 2023, and confirmed that all twenty (20) firms were in compliance with the submittal requirements. *(See Attachment H SBD Compliance Review)*

On July 31, 2023, the Strategic Procurement Department (SPD) sent a letter to CPH Consulting, LLC indicating that their team did not meet the prequalification/technical certification requirements pursuant to the NTPC and were found non-compliant. Consequently, the proposal from CPH Consulting, LLC was not evaluated by the CSC. *(See Attachment G: SPD Letter to CPH Consulting, LLC)*

At the First Tier "Evaluation of Qualifications" meeting held on October 12, 2023, the CSC reviewed and ranked the remaining nineteen (19) proposals in accordance with evaluation criteria outlined in the solicitation. The CSC elected by majority of vote, to invite the fourteen (14) highest ranked proposers to advance to the Second-Tier meeting (Oral Presentations). *(See Attachment I: First Tier Tabulation Report)*

Project Worksheet

Project/Contract Title:	**Engineering Planning, Design, and Related Services for Water and Wastewater Infrastructure (Water Mains, Force Mains, Gravity Sewers, and Water and Sewer Pump Stations and Facilities)**	**Received Date:**	**3/21/2023**
Project/Contract No:	**E23WS03**	**Funding Source:**	**Other**
Department:	**Water & Sewer**		
Estimated Cost of Project/Bid:	**$6,000,000.00**		
Description of Project/Bid:	**WASD seeks the services of multiple consultants to assist with the implementation of the Capital Improvements Program and its timely execution. The projects will include all collection, distribution and transmission system assets within WASD's water and wastewater systems and service areas. This includes water mains, force mains, gravity sewers, water pump stations, sewer pump stations, trenchless pipelines, rehabilitation technologies and any related facilities. This shall also include regional assets outside of the treatment plants; maintenance facilities, maintenance yards, warehouses, and other buildings essential to WASD operations and maintaining 24-hour operation and service. The scope of services may also include work within the treatment plants if the scope of work includes piping or pumps that are connected to the distribution or collection systems. Lastly, it will also encompass ancillary engineering services including, but not limited to, coordination and evaluation of volume sewer and water customer services areas, roadway and pavement design, and maintenance of traffic.**

Reasons for Recommendation

SMALL BUSINESS ENTERPRISE - ARCHITECTURAL & ENGINEERING (SBE-A&E).
SBD reviewed this project pursuant to Implementing Order 3-32 for an SBE-A&E measure. Project information analyzed included the project's scope of services, estimated project cost, minimum requirements/qualifications and funding source. An attempt was made to assign this project a Set-Aside measure; however, three or more firms did not respond to the Verification of Availability to Propose as being able to meet the project's requirements. An analysis of the factors contained in the project package, as well as the factors contained in Section V. B. 2. C. of Implementing Order 3-32 indicates a 14.00% SBE-A&E Sub-Consultant Goal is appropriate for this contract in the following Technical Categories: TC 6.01 (Water and Sanitary Sewer Systems - Water Distribution and Sanitary Sewage Collection and Transmission Systems) - 4.00%, TC 6.02 (Water and Sanitary Sewer Systems - Major Water and Sanitary Sewage Pumping Facilities) - 4.00%, TC 16.00 (General Civil Engineering) - 2.00%, TC 13.00 (General Electrical Engineering) - 2.00% and TC 20.00 (Landscape Architecture) - 2.00%.

WASD is seeking ten (10) A&E consultants with a maximum compensation for each Non-Exclusive Professional Services Agreement (PSA) of $6,000,000.00 with no contingency allowance. The term for each PSA is five (5) years with one (1) two (2) year option-to-renew with no minimum amount of work or compensation guaranteed to the retained consultant.

SMALL BUSINESS ENTERPRISE - GOODS & SERVICES (SBE-Goods & SBE-Services).
An analysis of Implementing Order 3-41 & Ordinance 16-109, as well as the project package indicates a No Measure is appropriate.

RE: SPD Project No. E23WS03: Engineering Planning, Design and Related Services for the Water and Wastewater Infrastructure Projects (Water Mains, Force Mains, Gravity Sewers, and Water and Sewer Pump Stations, and Facilities)

SENT VIA E-MAIL: info@cphcorp.com

Dear Mr. Hendrix,

Miami-Dade County is in receipt of your proposal in response to the above referenced solicitation. Please note the following findings as of the submittal due date of July 6, 2023. *CPH Consulting, LLC.* d/b/a *CPH LLC* (CPH) (FEIN 59-2068806) assigned to perform the Technical Categories (TCs) listed below as submitted on the Letter of Qualifications (LOQ), was not pre-qualified/technically certified to render those services:

- 6.01 – Water and Sanitary Sewer Systems – Water Distribution and Sanitary Sewage Collection and Transmission
- 6.02 – Water and Sanitary Sewer Systems – Water and Sanitary Sewage Pumping Facilities
- 16.00 – General Civil Engineering
- 11.00 – General Structural Engineering
- 12.00 – General Mechanical Engineering
- 13.00 – General Electrical Engineering
- 14.00 – Architecture
- 15.01 – Surveying and Mapping – Land Surveying
- 20.00 – Landscape Architecture

Additionally, Sub-Consultant firm, *Robayna and Associates, Inc.* (59-119073) assigned to perform services in Technical Category 10.09 Environmental Engineering – Wellfield, Groundwater and Surface Water Protection and Management, is not technically certified in this assigned category as submitted on the Letter of Qualifications (LOQ). Finally, no sub-consultant on your team is pre-qualified nor technically certified in the aforementioned category, as required by the Notice to Professional Consultants (NTPC).

Pursuant to Section 1.5, Pre-Qualification Requirements, of the NTPC, *"In accordance with Chapter 2, Section 2-10.4 and Administrative Order 3-39 of Miami-Dade County, all firms and/or individual consultants properly licensed to provide A/E, landscape architectural, land surveying and mapping services, regardless of their individual assignments in connection with this project, and responding to this solicitation must have filed a pre-qualification package with and have an approved pre-qualification status from ISD by the response deadline of this solicitation…Proposer's (prime and/or sub-consultants) failure to be pre-qualified, and hold a current technical certification in the required category(ies), at the time of proposal submittal deadline, shall render the proposal non-compliant";* and Section 1.7, A/E Technical Certification Requirements, of the NTPC, *"To satisfy the technical certification requirements for the requested services, valid technical certification in all of the above-specified area(s) of work must be held by a firm responding as a sole respondent, or a team of firms…A/E Technical Certification Requirements, Proposers (prime*

and/or sub-consultants) failure to be technically certified at the time of proposal submittal, as applicable, shall cause the proposal to be deemed non-compliant".

As a result, your team is non-compliant with the requirements of the NTPC and is hereby eliminated from further consideration for this solicitation.

Miami-Dade County thanks you for your interest in providing professional services and encourages you to submit for future projects.

Should you have any questions and/or concerns, you may contact me via email at justin.espagnol@miamidade.gov, with a copy to the Clerk of the Board at clerk.board@miamidade.gov. Please be advised that this project remains under the Cone of Silence.

Sincerely,

Justin Espagnol

SUBJECT: Compliance Review
Project No. E23WS03
Engineering Planning, Design, and Related Services for Water and Wastewater Infrastructure (Water Mains, Force Mains, Gravity Sewers, and Water and Sewer Pump Stations)

Small Business Development (SBD), a Division of the Internal Services Department, has completed its review of the subject project for compliance with the Small Business Enterprise-Architectural and Engineering (SBE-A&E) Program. The contract measure established for this project is a 14.00% SBE-A&E sub-consultant goal.

The Strategic Procurement Department has submitted contract documents that included the Certificate of Assurance for the firms listed below acknowledging the project's SBE-A&E measure. Each firm also submitted their Utilization Plan (UP) identifying the SBE sub-consultants to fulfill the goal via the Business Management Workforce System (BMWS) and the following is their pre-award compliance status and summary.

Subject: Report of Competitive Selection Committee
Miami-Dade Water and Sewer Department (WASD)
Engineering Planning, Design and Related Services for the Water and Wastewater Project Title: Infrastructure Projects (Water Mains, Force Mains, Gravity Sewers, Water and Sewer Pump Stations and Facilities)
SPD Project No. E23WS03

The Competitive Selection Committee has completed the evaluation of the proposal(s) submitted in response to the referenced Strategic Procurement Department (SPD) solicitation and consistent with the guidelines published in the Notice to Professional Consultants (NTPC).

Scope of Services Summary: The scope includes the assistance of WASD's Capital Improvement Program, as well as new water and sewer assets and related facilities that are part of the Multi-Year Capital Improvement Program. The project includes all collection, distribution and transmission system assets within WASD's water and wastewater systems and service areas. The consultants will be responsible for preliminary site investigations; environmental and geotechnical services; surveying; hydraulic modeling and analysis; coordinating with other utilities; preparing basis of design reports; evaluation of useful life expectancy; design services for improvement/upgrade/renovations; preparation of design drawings and engineering reports; preparation of contract specifications, structural engineering; mechanical engineering; electrical engineering; and instrumentation and control engineering. Additional services may include obtaining permits; engineering evaluations; planning services; procurement services; public outreach; engineering services during construction; landscape architecture; architecture services; and inspections.

Preferred Experience and Qualifications: The prime consultant should be experienced in the planning, design, permitting, and construction management of pipelines, pump stations for water and sewer and facilities. The prime consultant should also have experience with the planning, design and construction of water distribution mains, force mains, gravity sewers, and pump stations of various sizes. The prime consultant should provide descriptions of three (3) successfully designed, constructed and operating distribution and collection system projects. The information shall include detailed descriptions of one (1) project of a water main or force main larger than 24-inches in diameter completed within the past seven (7) years and two (2) projects of regional sanitary sewer or water booster stations completed within the past seven (7) years.

Contract Term: The County intends to retain ten (10) qualified consultants/teams for ten (10) non-exclusive Professional Services Agreements each with an effective term of five (5) years, with one

(1) two-year option to extend, for a total of 7 years or, until the money is depleted, whichever comes first.

Small Business Enterprise Goal: On March 31, 2023, the Office of Small Business Development established a 14.00% Small Business Enterprise – Architectural and Engineering Goal for this project.

Advertisement Date: May 10, 2023.

Number of Proposal(s) Received: Twenty (20) proposals were received by the submittal deadline of July 6, 2023.

Name of Proposer(s): Please refer to the attached List of Respondents.

Strategic Procurement Department Compliance Review: The proposal submitted by CPH Consulting, LLC did not meet the prequalification/technical certification requirements pursuant to the NTPC and was deemed non-compliant. Consequently, the proposal from CPH Consulting, LLC was not evaluated by the Competitive Selection Committee.

Small Business Enterprise Compliance Review: All proposals were submitted for review on July 13, 2023, and were deemed in compliance. Please refer to the attached Compliance Review Memorandum dated August 2, 2023.

Office of the Commission Auditor (OCA) Background Checks: SPD submitted Committee members' completed Neutrality Affidavits and Resumes to OCA on August 15, 2023. A response was received on September 8, 2023. OCA submitted the results of the background checks to the Commission On Ethics and Public Trust (COE) for further review of findings. A response was received from COE regarding findings on September 21, 2023.

Office of the Inspector General (OIG) / Commission on Ethics and Public Trust (COE) Reports, Findings and/or Enforcement Documentation for Proposer and Subcontractor(s): SPD submitted a request to OIG on July 27, 2023. A response was received on August 4, 2023. The information was disseminated to the Competitive Selection Committee on September 21, 2023.

SPD submitted a request to COE on July 27, 2023. A response was received on August 8, 2023. The information was disseminated to the Competitive Selection Committee on September 21, 2023.

Selection Process: The Architectural and Engineering professional services solicitation process is a two-tiered selection process; First Tier is the Evaluation of Experience and Qualifications, and Second Tier is the Oral Presentations. The First Tier is the evaluation of the firms' current statements of experience, qualifications, and performance data. The Second Tier is the evaluation of the shortlisted firms' knowledge of project scope, qualifications of team members assigned to the project, and ability to provide the required services within schedule and budget, as demonstrated through an oral presentation from firms.

Note: The Competitive Selection Committee may waive the Second Tier selection process by a majority vote and base their selection on the results of the First Tier ranking only.

First Tier Results: The First Tier meeting was held on October 12, 2023. The Competitive Selection Committee was tasked with evaluating the experience and qualifications of the Proposers, and scoring and ranking the proposals in accordance with the evaluation criteria outlined in the solicitation. The Competitive Selection Committee scored all responsive proposals. During the evaluation process, all ties were broken using the standard tie-breaking procedure, as described in Section 3.3, Proposal Evaluation, of the Notice to Professional Consultants. Please refer to the attached First Tier Tabulation Sheet.

The Competitive Selection Committee elected, by majority vote, to invite the fourteen (14) highest ranked proposers to advance to the Second Tier phase.

Second Tier Results: In order to accommodate the number of firms presenting for Second Tier, presentations were held on two dates: October 23, 2023, and October 25, 2023. Tie breaking was performed by applying the standard tie-breaking procedure as described in Section 3.3 entitled Proposal Evaluations of the Notice to Professional Consultants. Please refer to the attached Second Tier Tabulation Sheet.

Special Circumstances: This project's original submittal deadline was extended by twenty-four (24) days upon request from proposers, and seven days to address an issue with INFORMS. Vetting the Competitive Selection Committee took longer than anticipated due to the recent retirement of one of the committee members which necessitated a substitution, and another member being on a planned vacation.

Administrative Leave Eligibility: The following County employees served as scoring members of the Committee and timely completed all committee-related duties, including submittal of the Neutrality Affidavit within three business days from Selection Committee Coordinator's notification dated July 31, 2023; initial scoring within 30 days of Selection Committee Coordinator's completion of required reviews; and final scoring at any additional meetings required within 15 days of initial scoring meeting, and are hereby entitled to one (1) day of paid administrative leave pursuant to Implementing Order No. 3-34:

Pursuant to the Cone of Silence legislation included in the Conflict of Interest and Code of Ethics Ordinance, and Section 2-11.1 of the County Code, the County Mayor or County Mayor's designee will report to the Board of County Commissioners any of the following instances:

- When negotiations do not commence, or other affirmative action is not taken, within 30 days of the Competitive Selection Committee's recommendation.

- When the County Mayor's or County Mayor's designee's recommendation to award or reject is not made within 90 days from the date of the Competitive Selection Committee's recommendation.

If approved, the Negotiation Committee will proceed with contract negotiations in accordance with Section 2-10.4(6) of the Code of Miami-Dade County and submit the signed contracts to be presented to the Board of County Commissioners for final approval, no later than 60 days from the date of this memorandum.

If satisfactory agreements cannot be reached within the 60-day period, a report is required to be prepared explaining all issues resulting from the negotiations. If negotiations are proceeding within a reasonable timeframe, then negotiations will continue, and the report will be submitted upon completion. The final contracts and report should be sent to the Strategic Procurement Department, Architectural and Engineering Unit.

Memorandum

MIAMI-DADE COUNTY

Date: May 22, 2024

To: Roy Coley, MBA, Director
Water and Sewer Department

From: Marisela Aranguiz-Cueto, P.E.,
Deputy Director of Planning, Regulatory Compliance, and Capital Infrastructure
Water and Sewer Department

Subject: Contract Award Recommendation for a Non-Exclusive Professional Services Agreement for Engineering Planning, Design and Related Services for the Water and Wastewater Infrastructure Projects (Water Mains, Force Mains, Gravity Sewers, and Water and Sewer Pump Stations and Facilities) to Nova Consulting, Inc., Agreement No. 23NCI003 – Project No. E23WS03

SUMMARY

The Miami-Dade Water and Sewer Department (WASD) is the primary provider of water and wastewater services to Miami-Dade County (the County) serving a population of over 2.7 million, making it among the largest water/wastewater utilities in the United States. WASD has developed a Multi-Year Capital Improvement Program (CIP) to upgrade its infrastructure systems throughout the County in order to renew and replace existing deteriorated systems, and to ensure an efficient, reliable water and wastewater system throughout the County in order to accommodate future growth and development or redevelopment. WASD recognizes the need for engineering planning, design and related services for the water and wastewater infrastructure (water mains, force mains, gravity sewers, and water and sewer pump stations and facilities), and other critical projects which are an integral part of the CIP. For this solicitation under Project No. E23WS03, the County intends to retain ten (10) qualified firms under ten (10) separate Non-Exclusive Professional Services Agreements, including Agreement No. 23NCI003 (Agreement). This contract award recommendation is for one of the ten prepared by WASD.

WASD is requesting approval of the Agreement between the County and Nova Consulting, Inc. (Nova) to provide WASD with engineering planning, design and related services for the water and wastewater infrastructure (water mains, force mains, gravity sewers, and water and sewer pump stations and facilities), which is essential to the entire County.

A review of the County's Capital Improvements Information System (CIIS) showed the recommended vendor has 36 evaluations with an average evaluation score of 3.9 out of a possible maximum score of 4.0. *(See Attachment A: Contractor Evaluation Report)*

A review of CIIS, managed by the Office of Small Business Development, showed that Nova has not been awarded a contract with the County within the last three (3) years from the proposal submittal date. *(See Attachment B: Firm History Report)*

RECOMMENDATION

Pursuant to the WASD Consent Decree and Capital Improvement Programs Acceleration Ordinance Section 2-8.2.12 of the County Code, it is recommended that the County Mayor or County Mayor's designee approve the attached Agreement to Nova to provide engineering planning, design and related services for the water and wastewater infrastructure projects, Agreement No. 23NCI003; Project No. E23WS03. The total compensation amount under the Agreement will not exceed $6,000,000, with a

contract term of five (5) years, with one (1) two (2) year option-to-renew. The Agreement does not include a contingency account.

DELEGATED AUTHORITY
Pursuant to the provisions of Section 2-8.2.12 of the County Code, the County Mayor or County Mayor's designee has the authority to execute, amend and terminate the Agreement, and to resolve disputes. Additionally, pursuant to the provisions of Sections 2-8.2.12 (4)(d) and (e) of the Code, the County Mayor or County Mayor's designee has the authority to amend and/or extend the Agreement to complete any unfinished work, waive liquidated damages, negotiate and settle claims, and execute change orders that do not exceed ten percent (10%) of the base/alternate Agreement amount. Pursuant to Section 2-8.2.12 (7), all actions taken pursuant to Section 2-8.2.12 are subject to ratification by the Board of County Commissioners.

SCOPE
Nova will assist with the implementation of the Capital Improvement Program and its timely execution. The projects will include all collection, distribution and transmission system assets within WASD's water and wastewater systems and service areas. This includes water mains, force mains, gravity sewers, water pump stations, sewer pump stations, trenchless pipelines, rehabilitation technologies and any related facilities. This shall also include regional assets outside of the treatment plants (i.e., wastewater master pump stations and water booster stations); maintenance facilities, maintenance yards, warehouses, and other buildings essential to WASD operations and maintaining 24-hour operation and service. The scope of services may also include work within the treatment plants if the scope of work includes piping or pumps that are connected to the distribution or collection systems. Lastly, the scope of services will also encompass ancillary engineering services including, but not limited to, coordination and evaluation of volume sewer and water customer service areas, roadway and pavement design, and maintenance of traffic.

The scope of services may include assisting WASD with the rehabilitation, replacement, and upgrade of water and sewer assets and related facilities that are part of the Multi-Year Capital Improvement Program. The scope of services may also include assisting WASD with planning, design, permitting and construction of new water and sewer assets and related facilities that are part of the Multi-Year Capital Improvement Program.

Nova shall provide the following services: preliminary site investigations; environmental and geotechnical services; surveying; hydraulic modeling and analysis; coordinating with other utilities; preparing basis of design reports; evaluation of existing equipment condition; capacity analysis, evaluation of useful life expectancy; design services for improvement/upgrade/renovations; preparation of design drawings and engineering reports; preparation of contract specifications; structural engineering; mechanical engineering; electrical engineering; and instrumentation and control engineering.

The scope of services may also include obtaining necessary permits (dry-run, right of way, environmental, building, etc.); coordination with WASD forces; engineering evaluations (such as cost benefit analyses, Envision, and evaluation of sustainable building applications); planning services, existing utility location, procurement services, public outreach, engineering services during construction, landscape architecture services, architecture services, and inspections.

PRIMARY COMMISSION DISTRICT/PROJECT LOCATION
Various Commission Districts. This project has Countywide significance.

All firms were evaluated in accordance with Section 2-10.4 of the County Code, Implementing Order 3-34 and Administrative Order 3-39.

PROCUREMENT HISTORY
On May 10, 2023, a Notice to Professional Consultant (NTPC) was issued under full and open competition. A total of twenty (20) proposals were received by the submittal deadline of July 6, 2023. *(See Attachment F: List of Respondents)*

Pursuant to County Resolution No. R-62-22, which amended Implementing Order 3-34, and became effective on July 11, 2022, the Competitive Selection Committee (CSC) was provided with all reports and findings of the Office of the Inspector General and the Commission on Ethics and Public Trust, produced on September 21, 2023, regarding any Proposer and their proposed subconsultants for consideration while scoring in accordance with the applicable criteria identified in the solicitation.

SBD completed its review of the SBE contract measures on August 2, 2023, and confirmed that all twenty (20) firms were in compliance with the submittal requirements. *(See Attachment H; SBD Compliance Review)*

On July 31, 2023, the Strategic Procurement Department (SPD) sent a letter to CPH Consulting, LLC indicating that their team did not meet the prequalification/technical certification requirements pursuant to the NTPC and were found non-compliant. Consequently, the proposal from CPH Consulting, LLC was not evaluated by the CSC. *(See Attachment G; SPD Letter to CPH Consulting, LLC)*

At the First Tier "Evaluation of Qualifications" meeting held on October 12, 2023, the CSC reviewed and ranked the remaining nineteen (19) proposals in accordance with evaluation criteria outlined in the solicitation. The CSC elected by majority of vote, to invite the fourteen (14) highest ranked proposers to advance to the Second-Tier meeting (Oral Presentations). *(See Attachment I: First Tier Tabulation*

Project Worksheet

Project/Contract Title:	**Engineering Planning, Design, and Related Services for Water and Wastewater Infrastructure (Water Mains, Force Mains, Gravity Sewers, and Water and Sewer Pump Stations and Facilities)**	**Received Date:**	**3/21/2023**
Project/Contract No:	**E23WS03**	**Funding Source:**	**Other**
Department:	**Water & Sewer**		
Estimated Cost of Project/Bid:	**$6,000,000.00**		
Description of Project/Bid:	**WASD seeks the services of multiple consultants to assist with the implementation of the Capital Improvements Program and its timely execution. The projects will include all collection, distribution and transmission system assets within WASD's water and wastewater systems and service areas. This includes water mains, force mains, gravity sewers, water pump stations, sewer pump stations, trenchless pipelines, rehabilitation technologies and any related facilities. This shall also include regional assets outside of the treatment plants; maintenance facilities, maintenance yards, warehouses, and other buildings essential to WASD operations and maintaining 24-hour operation and service. The scope of services may also include work within the treatment plants if the scope of work includes piping or pumps that are connected to the distribution or collection systems. Lastly, it will also encompass ancillary engineering services including, but not limited to, coordination and evaluation of volume sewer and water customer services areas, roadway and pavement design, and maintenance of traffic.**

Reasons for Recommendation

SMALL BUSINESS ENTERPRISE - ARCHITECTURAL & ENGINEERING (SBE-A&E).
SBD reviewed this project pursuant to Implementing Order 3-32 for an SBE-A&E measure. Project information analyzed included the project's scope of services, estimated project cost, minimum requirements/qualifications and funding source. An attempt was made to assign this project a Set-Aside measure; however, three or more firms did not respond to the Verification of Availability to Propose as being able to meet the project's requirements. An analysis of the factors contained in the project package, as well as the factors contained in Section V. B. 2. C. of Implementing Order 3-32 indicates a 14.00% SBE-A&E Sub-Consultant Goal is appropriate for this contract in the following Technical Categories: TC 6.01 (Water and Sanitary Sewer Systems - Water Distribution and Sanitary Sewage Collection and Transmission Systems) - 4.00%, TC 6.02 (Water and Sanitary Sewer Systems - Major Water and Sanitary Sewage Pumping Facilities) - 4.00%, TC 16.00 (General Civil Engineering) - 2.00%, TC 13.00 (General Electrical Engineering) - 2.00% and TC 20.00 (Landscape Architecture) - 2.00%.

WASD is seeking ten (10) A&E consultants with a maximum compensation for each Non-Exclusive Professional Services Agreement (PSA) of $6,000,000.00 with no contingency allowance. The term for each PSA is five (5) years with one (1) two (2) year option-to-renew with no minimum amount of work or compensation guaranteed to the retained consultant.

SMALL BUSINESS ENTERPRISE - GOODS & SERVICES (SBE-Goods & SBE-Services).
An analysis of Implementing Order 3-41 & Ordinance 16-109, as well as the project package indicates a No Measure is appropriate.

SMALL BUSINESS PARTICIPATION ON COUNTY A&E AND DESIGN/BUILD PROJECTS

This completed form must be submitted with proposal documents by all proposers on a Miami-Dade County project with Small Business Enterprise ("SBE") program measure(s).

Project No.: E23WS03 Project Title: Engineering Planning, Design & Related Services for the Water & Wastewater Infrastructure

Name of Proposer: Nova Consulting, Inc. FEIN 65-0577672

Address: 10486 NW 31st Terrace City Doral State FL ZIP 33172

Telephone Number: (305) 436-9200 Email address: marketing@nova-consulting.com

The proposer is committed to meeting the established SBE measure(s) assigned to this project:

14 **% SBE-A/E,** _____ **% SBE-Con,** _____ **% SBE-G, and/or** _____ **% SBE-S.**

(For Goals, write in the percentage. For Set-aside, put a check mark or x.)

To satisfy the requirements for Step 1 –Proposal Submittal and Compliance with Small Business Enterprise Program Measure(s), the following is required:

1. Acknowledge the SBE program measure(s) (i.e., *SBE-Architecture & Engineering, SBE-Construction, SBE-Goods and/or SBE-Services*) established for this project via this Certificate of Assurance.
2. Acknowledge and confirm that there is an established relationship with the certified Miami-Dade County Small Business Enterprise firm(s) to be subcontracted to achieve the established SBE program measure(s) as indicated in the Project Documents.
3. Acknowledge that all SBE-A/E firms are properly listed on the Letter of Qualifications or Form 8DB submitted, as applicable, as part of the proposal documents and will be utilized, if selected to provide services based on their approved technical certification(s) required for the project.

To satisfy the requirements for Step 2 – Proposal Evaluation and Recommendation for Award, please attest that:

I understand that my company will be deemed non-compliant and not eligible to be considered for an award if I fail to (1) submit this Certificate of Assurance with my proposal documents, or (2) complete the Utilization Plan listing all certified Miami-Dade County SBEs to be subcontracted to satisfy the project's established SBE measure(s) via the County's Business Management Workforce System ("BMWS"), within the specified time frame, upon email notification from Small Business Development ("SBD") or BMWS. Each SBE-A/E sub-consultant listed on the Letter of Qualifications or Form 8DB, as applicable, must confirm their sub-contractual relationship (i.e., work to be performed, and the value or percentage of said work) in the Utilization Plan via BMWS, for approval by SBD.

RE: SPD Project No. E23WS03: Engineering Planning, Design and Related Services for the Water and Wastewater Infrastructure Projects (Water Mains, Force Mains, Gravity Sewers, and Water and Sewer Pump Stations, and Facilities)

SENT VIA E-MAIL: info@cphcorp.com

Dear Mr. Hendrix,

Miami-Dade County is in receipt of your proposal in response to the above referenced solicitation. Please note the following findings as of the submittal due date of July 6, 2023. *CPH Consulting, LLC.* d/b/a *CPH LLC* (CPH) (FEIN 59-2068806) assigned to perform the Technical Categories (TCs) listed below as submitted on the Letter of Qualifications (LOQ), was not pre-qualified/technically certified to render those services:

- 6.01 – Water and Sanitary Sewer Systems – Water Distribution and Sanitary Sewage Collection and Transmission
- 6.02 – Water and Sanitary Sewer Systems – Water and Sanitary Sewage Pumping Facilities
- 16.00 – General Civil Engineering
- 11.00 – General Structural Engineering
- 12.00 – General Mechanical Engineering
- 13.00 – General Electrical Engineering
- 14.00 – Architecture
- 15.01 – Surveying and Mapping – Land Surveying
- 20.00 – Landscape Architecture

Additionally, Sub-Consultant firm, *Robayna and Associates, Inc.* (59-119073) assigned to perform services in Technical Category 10.09 Environmental Engineering – Wellfield, Groundwater and Surface Water Protection and Management, is not technically certified in this assigned category as submitted on the Letter of Qualifications (LOQ). Finally, no sub-consultant on your team is pre-qualified nor technically certified in the aforementioned category, as required by the Notice to Professional Consultants (NTPC).

Pursuant to Section 1.5, Pre-Qualification Requirements, of the NTPC, *"In accordance with Chapter 2, Section 2-10.4 and Administrative Order 3-39 of Miami-Dade County, all firms and/or individual consultants properly licensed to provide A/E, landscape architectural, land surveying and mapping services, regardless of their individual assignments in connection with this project, and responding to this solicitation must have filed a pre-qualification package with and have an approved pre-qualification status from ISD by the response deadline of this solicitation…Proposer's (prime and/or sub-consultants) failure to be pre-qualified, and hold a current technical certification in the required category(ies), at the time of proposal submittal deadline, shall render the proposal non-compliant";* and Section 1.7, A/E Technical Certification Requirements, of the NTPC, *"To satisfy the technical certification requirements for the requested services, valid technical certification in all of the above-specified area(s) of work must be held by a firm responding as a sole respondent, or a team of firms…A/E Technical Certification Requirements, Proposers (prime*

and/or sub-consultants) failure to be technically certified at the time of proposal submittal, as applicable, shall cause the proposal to be deemed non-compliant".

As a result, your team is non-compliant with the requirements of the NTPC and is hereby eliminated from further consideration for this solicitation.

Miami-Dade County thanks you for your interest in providing professional services and encourages you to submit for future projects.

Should you have any questions and/or concerns, you may contact me via email at justin.espagnol@miamidade.gov, with a copy to the Clerk of the Board at clerk.board@miamidade.gov. Please be advised that this project remains under the Cone of Silence.

Sincerely,

Justin Espagnol

SUBJECT: Compliance Review
Project No. E23WS03
Engineering Planning, Design, and Related Services for Water and Wastewater Infrastructure (Water Mains, Force Mains, Gravity Sewers, and Water and Sewer Pump Stations)

Small Business Development (SBD), a Division of the Internal Services Department, has completed its review of the subject project for compliance with the Small Business Enterprise-Architectural and Engineering (SBE-A&E) Program. The contract measure established for this project is a 14.00% SBE-A&E sub-consultant goal.

The Strategic Procurement Department has submitted contract documents that included the Certificate of Assurance for the firms listed below acknowledging the project's SBE-A&E measure. Each firm also submitted their Utilization Plan (UP) identifying the SBE sub-consultants to fulfill the goal via the Business Management Workforce System (BMWS) and the following is their pre-award compliance status and summary.

SUMMARY:

A.D.A Engineering, Inc. (#1), a certified SBE-A&E firm committed to self-perform Technical Categories (TCs) 6.01 (Water Distribution and Sanitary Sewage Collection and Transmission), 6.02 (Water and Sanitary Sewage Pumping Facilities), 12.00 (General Mechanical Engineering), 13.00 (General Electrical Engineering) and 16.00 (General Civil Engineering) at 14.00%. A.D.A. Engineering, Inc. confirmed its participation via the BMWS in agreement with the measure.

A.D.A Engineering, Inc. has satisfied the contract's 14.00% SBE-A&E sub-consultant goal and is in compliance with the overall Small Business measures established for this contract.

AECOM Technical Services, Inc. (#2), a non-certified SBE-A&E firm committed to utilize the following certified SBE-A&E firms: Bello and Bello Land Surveying Corporation to perform TCs 15.01 (Surveying and Mapping – Land Surveying) and 15.03 (Underground Utility Location) at 1.50%, Geosol, Inc. to perform TC 9.02 (Geotechnical and Materials Engineering Services) at 1.00%, HBC Engineering Company to perform TCs 6.01 (Water Distribution and Sanitary Sewage Collection and Transmission), 6.02 (Water and Sanitary Sewage Pumping Facilities), 11.00 (General Structural Engineering), 13.00 (General Electrical Engineering) and 16.00 (General Civil Engineering) at 10.00%, SRS Engineering, Inc. to perform TCs 6.01 (Water Distribution and Sanitary Sewage Collection and Transmission), 6.02 (Water and Sanitary Sewage Pumping Facilities) and 16.00 (General Civil Engineering) at 20.00%, and The Engineering Company, LLC. to perform TCs 6.01 (Water Distribution and Sanitary Sewage Collection and Transmission), 6.02 (Water and Sanitary Sewage Pumping Facilities), 11.00 (General Structural Engineering), 12.00 (General Mechanical Engineering) and 16.00 (General Civil Engineering) at 1.50% for a total of 34.00%. Each SBE–A&E certified sub-consultant confirmed their participation via the BMWS in agreement with the measure.

AECOM Technical Services, Inc. has satisfied the contract's 14.00% SBE-A&E sub-consultant goal and is in compliance with the overall Small Business measures established for this contract.

Ardurra Group, Inc. (#3), a non-certified SBE-A&E firm committed to utilize the following certified SBE-A&E firms: A.M.I. Engineering, LLC. to perform TCs 6.01 (Water Distribution and Sanitary Sewage Collection and Transmission), 6.02 (Water and Sanitary Sewage Pumping Facilities) and 16.00 (General Civil Engineering) at 0.50%, Aluces Corporation to perform TC 10.09 (Wellfield, Groundwater, and Surface Water Protection and Management) at 2.00%, Bello and Bello Land Surveying Corporation to perform TCs 15.01 (Surveying and Mapping – Land Surveying) and 15.03 (Underground Utility Location) at 2.00%, BND Engineers, Inc. to perform TCs 6.01 (Water Distribution and Sanitary Sewage Collection and Transmission), 6.02 (Water and Sanitary Sewage Pumping Facilities), 10.05 (Contamination Assessment and Monitoring) and 16.00 (General Civil Engineering) at 7.00%, Geosol, Inc. to perform TC 9.02 (Geotechnical and Materials Engineering Services) at 1.00%, Green Dade, Inc. to perform TC 13.00 (General Electrical Engineering) at 1.00%, and Relight, LLC. to perform TCs 6.01 (Water Distribution and Sanitary Sewage Collection and Transmission), 6.02 (Water and Sanitary Sewage Pumping Facilities) and 16.00 (General Civil Engineering) at 0.50% for a total of 14.00%. Each SBE–A&E certified sub-consultant confirmed their participation via the BMWS in agreement with the measure.

Ardurra Group, Inc. has satisfied the contract's 14.00% SBE-A&E sub-consultant goal and is in compliance with the overall Small Business measures established for this contract.

Atkins North America, Inc. (#4), a non-certified SBE-A&E firm committed to utilize the following SBE-A&E firms: Ambro, Inc. to perform TCs 6.01 (Water Distribution and Sanitary Sewage Collection and Transmission), 6.02 (Water and Sanitary Sewage Pumping Facilities), 12.00 (General Mechanical Engineering), 13.00 (General Electrical Engineering) and 16.00 (General Civil Engineering) at 3.00%, F.R. Aleman & Associates, Inc. to perform TCs 6.01 (Water Distribution and Sanitary Sewer Collection and Transmission), 6.02 (Water and Sanitary Sewage Pumping Facilities), 13.00 (General Electrical Engineering), 15.01 (Surveying and Mapping – Land Surveying),

15.03 (Underground Utility Location) and 16.00 (General Civil Engineering) at 5.00%, Geosol, Inc. to perform TC 9.02 (Geotechnical and Materials Engineering Services) at 2.00%, Metco Services Southeast, LLC. to perform TCs 12.00 (General Mechanical Engineering) and 13.00 (General Electrical Engineering) at 2.00%, Premiere Design Solutions, Inc. to perform TCs 6.01 (Water Distribution and Sanitary Sewer Collection and Transmission), 6.02 (Water and Sanitary Sewage Pumping Facilities), 15.01 (Surveying and Mapping – Land Surveying), 15.03 (Underground Utility Location) and 16.00 (General Civil Engineering) at 5.00%, and Relight, LLC. to perform TCs 6.01 (Water Distribution and Sanitary Sewage Collection and Transmission) and 16.00 (General Civil Engineering) at 2.00% for a total of 19.00%. Each SBE–A&E certified sub-consultant confirmed their participation via the BMWS in agreement with the measure.

Atkins North America, Inc. has satisfied the contract's 14.00% SBE-A&E sub-consultant goal and is in compliance with the overall Small Business measures established for this contract.

BCC Engineering, LLC. (#5), a non-certified SBE-A&E firm committed to utilize the following SBE-A&E firms: A.M.I. Engineering, LLC. to perform TCs 6.01 (Water Distribution and Sanitary Sewage Collection and Transmission), 6.02 (Water and Sanitary Sewage Pumping Facilities) and 16.00 (General Civil Engineering) at 3.00%, Blascom Engineering to perform TC 9.02 (Geotechnical and Materials Engineering Services) at 1.00%, Design2Form, LLC. to perform TC 14.00 (Architecture) at 1.00%, Landscape, DE, LLC. to perform TC 20.00 (Landscape Architecture) at 1.00%, Milian, Swain & Associates, Inc. to perform TCs 6.02 (Water and Sanitary Sewage Pumping Facilities) and 10.05 (Contamination Assessment and Monitoring) at 5.00%, Premiere Design Solutions, Inc. to perform TCs 6.02 (Water and Sanitary Sewage Pumping Facilities), 15.01 (Surveying and Mapping – Land Surveying) and 15.03 (Underground Utility Location) at 4.00%, and SSN Engineering, LLC. to perform TCs 6.01 (Water Distribution and Sanitary Sewage Collection and Transmission), 6.02 (Water and Sanitary Sewage Pumping Facilities), 10.09 (Wellfield, Groundwater, and Surface Water Protection and Management), 11.00 (General Structural Engineering) and 16.00 (General Civil Engineering) at 1.00% for a total of 16.00%. Each SBE–A&E certified sub-consultant confirmed their participation via the BMWS in agreement with the measure.

BCC Engineering, Inc. has satisfied the contract's 14.00% SBE-A&E sub-consultant goal and is in compliance with the overall Small Business measures established for this contract.

CDM Smith, Inc. (#6), a non-certified SBE-A&E firm committed to utilize the following SBE-A&E firms: Bello and Bello Land Surveying Corporation to perform TCs 15.01 (Surveying and Mapping – Land Surveying) and 15.03 (Underground Utility Location) at 1.00%, Curtis & Rogers Design Studio, Inc. to perform TC 20.00 (Land Architecture) at 1.00%, HBC Engineering Company to perform TCs 6.01 (Water Distribution and Sanitary Sewage Collection and Transmission), 6.02 (Water and Sanitary Sewage Pumping Facilities), 11:00 (General Structural Engineering), 13.00 (General Electrical Engineering) and 16.00 (General Civil Engineering) at 10.00%, HP Consultants, Inc. to perform TC 9.02 (Geotechnical and Materials Engineering Services) at 1.00%, and Metco Services Southeast, LLC. to perform TCs 6.01 (Water Distribution and Sanitary Sewage Collection and Transmission), 6.02 (Water and Sanitary Sewage Pumping Facilities), 12:00 (General Mechanical Engineering), 13.00 (General Electrical Engineering) and 16.00 (General Civil Engineering) at 1.00% for a total of 14.00%. Subject: Report of Competitive Selection Committee
Miami-Dade Water and Sewer Department (WASD)
Engineering Planning, Design and Related Services for the Water and Wastewater Project Title: Infrastructure Projects (Water Mains, Force Mains, Gravity Sewers, Water and Sewer Pump Stations and Facilities)
SPD Project No. E23WS03

The Competitive Selection Committee has completed the evaluation of the proposal(s) submitted in response to the referenced Strategic Procurement Department (SPD) solicitation and consistent with the guidelines published in the Notice to Professional Consultants (NTPC).

Scope of Services Summary: The scope includes the assistance of WASD's Capital Improvement Program, as well as new water and sewer assets and related facilities that are part of the Multi-Year Capital Improvement Program. The project includes all collection, distribution and transmission system assets within WASD's water and wastewater systems and service areas. The consultants will be responsible for preliminary site investigations; environmental and geotechnical services; surveying; hydraulic modeling and analysis; coordinating with other utilities; preparing basis of design reports; evaluation of useful life expectancy; design services for improvement/upgrade/renovations; preparation of design drawings and engineering reports; preparation of contract specifications, structural engineering; mechanical engineering; electrical engineering; and instrumentation and control engineering. Additional services may include obtaining permits; engineering evaluations; planning services; procurement services; public outreach; engineering services during construction; landscape architecture; architecture services; and inspections.

Preferred Experience and Qualifications: The prime consultant should be experienced in the planning, design, permitting, and construction management of pipelines, pump stations for water and sewer and facilities. The prime consultant should also have experience with the planning, design and construction of water distribution mains, force mains, gravity sewers, and pump stations of various sizes. The prime consultant should provide descriptions of three (3) successfully designed, constructed and operating distribution and collection system projects. The information shall include detailed descriptions of one (1) project of a water main or force main larger than 24-inches in diameter completed within the past seven (7) years and two (2) projects of regional sanitary sewer or water booster stations completed within the past seven (7) years.

Contract Term: The County intends to retain ten (10) qualified consultants/teams for ten (10) non-exclusive Professional Services Agreements each with an effective term of five (5) years, with one

CLERK OF THE BOARD

(1) two-year option to extend, for a total of 7 years or, until the money is depleted, whichever comes first.

Small Business Enterprise Goal: On March 31, 2023, the Office of Small Business Development established a 14.00% Small Business Enterprise – Architectural and Engineering Goal for this project.

Advertisement Date: May 10, 2023.

Number of Proposal(s) Received: Twenty (20) proposals were received by the submittal deadline of July 6, 2023.

Name of Proposer(s): Please refer to the attached List of Respondents.

Strategic Procurement Department Compliance Review: The proposal submitted by CPH Consulting, LLC did not meet the prequalification/technical certification requirements pursuant to the NTPC and was deemed non-compliant. Consequently, the proposal from CPH Consulting, LLC was not evaluated by the Competitive Selection Committee.

Small Business Enterprise Compliance Review: All proposals were submitted for review on July 13, 2023, and were deemed in compliance. Please refer to the attached Compliance Review Memorandum dated August 2, 2023.

Office of the Commission Auditor (OCA) Background Checks: SPD submitted Committee members' completed Neutrality Affidavits and Resumes to OCA on August 15, 2023. A response was received on September 8, 2023. OCA submitted the results of the background checks to the Commission On Ethics and Public Trust (COE) for further review of findings. A response was received from COE regarding findings on September 21, 2023.

Office of the Inspector General (OIG) / Commission on Ethics and Public Trust (COE) Reports, Findings and/or Enforcement Documentation for Proposer and Subcontractor(s): SPD submitted a request to OIG on July 27, 2023. A response was received on August 4, 2023. The information was disseminated to the Competitive Selection Committee on September 21, 2023.

SPD submitted a request to COE on July 27, 2023. A response was received on August 8, 2023. The information was disseminated to the Competitive Selection Committee on September 21, 2023.

Selection Process: The Architectural and Engineering professional services solicitation process is a two-tiered selection process; First Tier is the Evaluation of Experience and Qualifications, and Second Tier is the Oral Presentations. The First Tier is the evaluation of the firms' current statements of experience, qualifications, and performance data. The Second Tier is the evaluation of the shortlisted firms' knowledge of project scope, qualifications of team members assigned to the project, and ability to provide the required services within schedule and budget, as demonstrated through an oral presentation from firms.

Note: The Competitive Selection Committee may waive the Second Tier selection process by a majority vote and base their selection on the results of the First Tier ranking only.

First Tier Results: The First Tier meeting was held on October 12, 2023. The Competitive Selection Committee was tasked with evaluating the experience and qualifications of the Proposers, and scoring and ranking the proposals in accordance with the evaluation criteria outlined in the solicitation. The Competitive Selection Committee scored all responsive proposals. During the evaluation process, all ties were broken using the standard tie-breaking procedure, as described in Section 3.3, Proposal Evaluation, of the Notice to Professional Consultants. Please refer to the attached First Tier Tabulation Sheet.

The Competitive Selection Committee elected, by majority vote, to invite the fourteen (14) highest ranked proposers to advance to the Second Tier phase.

Second Tier Results: In order to accommodate the number of firms presenting for Second Tier, presentations were held on two dates: October 23, 2023, and October 25, 2023. Tie breaking was performed by applying the standard tie-breaking procedure as described in Section 3.3 entitled Proposal Evaluations of the Notice to Professional Consultants. Please refer to the attached Second Tier Tabulation Sheet.

Special Circumstances: This project's original submittal deadline was extended by twenty-four (24) days upon request from proposers, and seven days to address an issue with INFORMS. Vetting the Competitive Selection Committee took longer than anticipated due to the recent retirement of one of the committee members which necessitated a substitution, and another member being on a planned vacation.

Administrative Leave Eligibility: The following County employees served as scoring members of the Committee and timely completed all committee-related duties, including submittal of the Neutrality Affidavit within three business days from Selection Committee Coordinator's notification dated July 31, 2023; initial scoring within 30 days of Selection Committee Coordinator's completion of required reviews; and final scoring at any additional meetings required within 15 days of initial scoring meeting, and are hereby entitled to one (1) day of paid administrative leave pursuant to Implementing Order No. 3-34:

Pursuant to the Cone of Silence legislation included in the Conflict of Interest and Code of Ethics Ordinance, and Section 2-11.1 of the County Code, the County Mayor or County Mayor's designee will report to the Board of County Commissioners any of the following instances:

- When negotiations do not commence, or other affirmative action is not taken, within 30 days of the Competitive Selection Committee's recommendation.

- When the County Mayor's or County Mayor's designee's recommendation to award or reject is not made within 90 days from the date of the Competitive Selection Committee's recommendation.

If approved, the Negotiation Committee will proceed with contract negotiations in accordance with Section 2-10.4(6) of the Code of Miami-Dade County and submit the signed contracts to be presented to the Board of County Commissioners for final approval, no later than 60 days from the date of this memorandum.

If satisfactory agreements cannot be reached within the 60-day period, a report is required to be prepared explaining all issues resulting from the negotiations. If negotiations are proceeding within a reasonable timeframe, then negotiations will continue, and the report will be submitted upon completion. The final contracts and report should be sent to the Strategic Procurement Department, Architectural and Engineering Unit.
