Subject: Fiscal Impact Statement for Ordinance Relating to Amending Sec 5-18 Code Extending Confinement Period

The implementation of this ordinance will require the Department of Animal Services to confine an animal for 14 days should the owner be unable to care for the animal due to injury, illness, incarceration, or other involuntary absence. Based on the department's historical intake data of roughly 650 animals per year, extending the current holding period to 14 days is estimated to result in a yearly fiscal impact of approximately \$300,000 to Miami-Dade County. The average cost per day per animal is \$35, which includes all costs related to onboarding, care, treatment, and staffing. In the event some of these animals require medical attention, an additional \$40,000.00 could be expended to treat these animals through private vet care.

Subject: Social Equity Statement for Ordinance Relating to Amending Sec 5-18 Code Extending Confinement Period

This ordinance, if approved, would require the Department of Animal Services to hold an animal for 14 days if the owner is unable to care for the animal due to injury, illness, incarceration, or other involuntary absence. It is anticipated that the implementation of this ordinance will significantly increase the chances of pet owners in Miami-Dade County being reunited with their animal companions. This extension from 3 days to 14 days would provide a social benefit to impacted residents by giving pet owners additional time to make arrangements for their pet's care, contact the shelter, and reclaim their animal thus decreasing the likelihood of a pet being adopted out while its owner is incapacitated and unable to claim it.
