Memorandum

To: Honorable Chairman Anthony Rodriguez
and Members, Board of County Commissioners

From: Daniella Levine Cava *Daniella Levine Cava*
Mayor

Subject: FY 2024-25 Mid-Year Budget Supplement

This substitute differs from the original item in that it: 1) increases the additional appropriation for Miami-Dade Sheriff's Office (MDSO) from \$28.959 million to \$38 million; 2) reduces the additional appropriation for Miami-Dade County Supervisor of Elections (SOE)'s from \$3.7 million to \$2 million; 3) removes the proposed transfer of the Office of Elevator Safety from the Internal Services Department to the Regulatory Economic Resources Department; 4) adds an additional \$400,000 to the Cultural Affairs Department in grant funding from Jorge M. Pérez and The Related Group through The Miami Foundation for the FY 2024-2025 cultural grants and programs managed by the department and replaces Attachment 7 of Ordinance 24-102 with Attachment M included herein; and 5) revises language throughout Mayor's Memorandum.

Executive Summary

In compliance with the provisions of the Miami-Dade County Home Rule Charter Section 1.02(A) and Section 129.06 of the Florida Statutes, this ordinance approves and ratifies the Fiscal Year 2024-25 Mid-Year supplemental budget adjustments and amendments for various County departments and transfers to constitutional offices. It further details information concerning potential future end-of-year adjustments for certain departments.

As we adjust our budget at the mid-year and look ahead to next fiscal year's budget, our County faces enormous strains on our resources, including the financial impacts resulting from establishing new constitutional offices and the increasing demand for County services thanks to our unprecedented growth over the past several years. Our community faces growing financial challenges and uncertainties due to pressures at the federal and state level, and our budget pressures are compounded by the major restructuring of local government that created new expenses which now must be balanced.

That's why we are evaluating and taking all possible steps to find efficiencies that protect the core services residents need and deserve – especially vital public safety functions and essential neighborhood infrastructure like roads, transit and parks – while safeguarding our County's long-term fiscal health. It's more critical than ever that we look closely at all programming and ensure every single taxpayer dollar is spent to maximum impact, to deliver core services and make Miami-Dade more affordable, resilient, and secure. In January, I introduced my WISE305 agenda, a framework to continue seeking efficiencies, streamlining functions, leveraging technology, and reducing costs. This Mid-Year budget supplement details steps we are taking to consolidate and streamline County government through WISE305, such as the merger of the internal services and human resources functions into the new People and Internal Operations Department. Across departments, my administration is focused on continuing to provide essential services to our community in the most effective, efficient way possible and without increasing costs for residents.

Recommendation

It is recommended that the Board of County Commissioners (Board) approve the attached budget supplements and amendments in accordance with the Home Rule Charter and Section 129.06 of the Florida Statutes. These

amendments will align Miami-Dade County's (County) FY 2024-25 Adopted Budget with receipt of additional revenues with corresponding adjustments to appropriations. Furthermore, it is recommended that this Board approve a waiver of section 2-1796(g) of the Code of Miami-Dade County, Florida (County Code), which provides that no earlier than April 1 of every year, the County Mayor shall prepare and present a mid-year budget amendment.

Scope

The impact of this item is countywide.

Fiscal Impact/Funding Source

Detailed below.

Background

The Miami-Dade County Charter and State law govern how the County's budget is developed and amended. A budget supplement provides additional funding to cover unforeseen expenses. A budget amendment reallocates existing funds within the budget to reflect changes in expenditures. Budget supplements and amendments are required when expenditures are anticipated to exceed budgeted appropriations to ensure compliance with statutory requirements.

The total value of all operating and capital adjustments detailed below is \$149.417 million.

General Fund Adjustments

The General Fund (G1001) requires a budget supplement of \$14.444 million for General Fund supported activities described below.

Unallocated Countywide General Fund

As presented in the FY 2023-24 End of Year Budget Supplement item, an additional \$6.994 million of unallocated carryover was identified in the Countywide General Fund. Section 2-1799(g) of the County Code requires that at least 50 percent of the unallocated carryover (\$3.497 million) in the Countywide General Fund be transferred to the Public Housing and Community Development (PHCD), or successor department, to be used for public housing, affordable housing, and workforce housing capital projects. After the transfer to PHCD, the remaining balance will be allocated as described below in the Non-Departmental section.

Non-Departmental

It is proposed that \$1,865,900 of the unallocated carryover remaining balance be allocated in accordance with the motion approved by the Board at its November 6, 2024 meeting, with the additional revisions set forth herein, to fund: (1) Citizen's Crime Watch of Miami-Dade County, Inc.: \$389,400 to develop educational crime prevention programs; (2) The Alternative Programs, Inc.: \$724,100 to provide reliable and viable jail alternatives for qualified non-violent offenders and rehabilitative social services to reduce recidivism; (3) Trauma Resolution Center, Inc.: \$459,400 to provide individual and group Traumatic Incident Reduction (TIR) counseling and therapeutic services to reduce or eliminate trauma symptoms among victims of crime and other traumatic events, advocacy and referrals to essential support services, and TIR training for volunteers and university interns to increase the community's capacity to provide TIR services; (4) University of Miami Child Protection Team: \$175,000 to perform evaluations, including medical examinations, for children referred and suspected victims of child maltreatment, abuse, or neglect; and (5) Redlands Christian Migrant Association, Inc.: \$118,000 to provide the local match required by the School Readiness Program to serve 625 farm workers' children.

It is further proposed that the remaining unallocated countywide carryover balance of \$1.631 million be transferred to the Future Services Reserve Fund (G1003). Additionally, the unallocated Unincorporated Municipal Service Area (UMSA) General Fund carryover of \$7.45 million is proposed to be transferred to the Future Services Reserve Fund. Following these transfers, the balance of the Future Services Reserve Fund will increase from \$32.707 million to \$41.788 million.

At the request of this item's Commission sponsor, provisions of Resolution No. R-454-24 would be amended to provide funding support to the Greater Miami Sports Commission, Inc. for the World Cup 2026 preparations in the amount of an additional \$10.5 million in cash during fiscal year 2024-25.

On March 7, 2025, President Trump created the White House Task Force on the FIFA World Cup 2026 in order to support preparations through a coordinated government effort with the World Cup host cities throughout the United States.

Strategically investing now will help ensure the greatest possible impact of this global event to our economy and residents. According to FIFA's estimates, the World Cup is expected to bring between 600,000 and one million visitors to Miami-Dade, more than any other event in our history. This influx of tourism will generate significant revenue for the community as visitors spend in hotels, restaurants, shops, and other businesses. It has been estimated that the total economic output could range from \$920 million to \$1.3 billion to include supply chain and household income effects. There will also be a significant increase in sales tax revenue associated directly with World Cup activities.

In support of the President's national efforts to ensure a well-coordinated and safe event in 2026, this budget amendment allocates an additional \$10.5 million for World Cup hosting activities via an amendment to the General Fund (G1001) for a total of \$21 million in cash support for FY 2024-25 all to be provided to the Greater Miami Sports Commission, Inc.

This \$10.5 million will be funded from a reserve fund in this year's budget as reflected in the attached appropriations schedule, which will be replenished by the increase in revenue receipts from next year. Revenue projections for FY 25-26 show that the increase in tourism and sales tax dollars will offset this investment and result in increased revenue for the county and overall community. This allocation is consistent with the host city bid proposal submitted for Miami Dade County in 2017.

It is important to note that events and initiatives funded by county dollars should reflect our community's values, especially with regards to creating a safe and positive environment for workers. We look forward to continuing to collaborate with the Host Committee, FIFA, and other stakeholders to ensure that workers at major events such as a fanfest are treated with dignity, and that their health and wellbeing is a priority especially given the numerous risks they face, such as exposure to heat. By ensuring the safety and wellbeing of workers we will create a safe, successful World Cup experience for all our visitors and residents.

Internal Compliance

The Adopted Budget established a new Internal Compliance Department (ICD) which consolidates the Office of Enterprise Strategies (OES), Credit and Collections activities, which were not transferred to the Clerk of Court and Comptroller, and overall Process and Control Management. After finalizing organizational analysis, ICD requires a budget amendment of \$549,000 in G1001 for seven additional positions to manage the human resources and administration consistent with the increase in size and complexity of the new department (\$298,000), three additional positions to bolster and properly manage the County's credit card issuance and

administration in the P-Card Compliance unit (\$210,000), and additional resources for Information Technology Department (ITD) (\$41,000). These adjustments will be funded from anticipated operational savings within the general fund. Attachment A reflects the adjustments made to the ICD table of organization.

Miami-Dade Sheriff's Office (MDSO)

Public safety remains a critical priority for the County as we have worked to implement a seamless transition to the new Constitutional offices, including an elected Sheriff. I am proud to have invested in public safety every year of my administration, and the FY 2024-25 budget approved by this Board maintained the level of public safety services our community expects and deserves while also providing a Future Services Reserve Fund so that additional funding is available should any of the constitutional officers, including the new Sheriff, need it.

To meet the Sheriff's funding needs as communicated to the BCC in January of 2025, it is recommended that \$14.279 million from the Countywide General Fund (G1001) non-departmental budget be transferred, appropriated and budgeted to the MDSO. This includes a transfer of \$6.935 million to cover the costs of information technology services and other operational expenses, including IT software contracts, radio maintenance, and audio-visual services, which were previously budgeted under the County's non-departmental budget in support of the constitutional offices. Additionally, a further \$7.344 million in savings within G1001 will be redirected to fulfill the Sheriff's funding request. This includes savings from the non-departmental constitutional office budget (\$5.355 million) and credit amount due to the County in the third quarter invoice from the Property Appraiser's Office (\$1.989 million) due to a reconciliation for the first quarter expenses. These adjustments are consistent with my administration's commitment to public safety and will ensure the MDSO has the resources needed to operate efficiently and effectively.

Future Services Reserve Fund Amendments

It is recommended that the Future Services Reserve Fund (G1003) be amended to supplement the Constitutional Offices budgets. The Future Services Reserve includes the unallocated carryover identified as part of the FY 2023-24 end of year budget supplement approved to support the needs of the newly established Constitutional Offices as noted below. We are committed to working closely with each of the Constitutional Offices to continue providing essential services to our community without increasing the cost burden on residents.

- Miami-Dade County Sheriff's Office (MDSO) – Per the MDSO's Proposed Budget Amendment request, the MDSO's budget will be amended to appropriate and budget an additional \$30.656 million to the MDSO Operations Fund (G1008) to partially address the MDSO's request for additional funding including, among other things, two basic law enforcement classes for March and July (\$3.371 million), funding for an existing 911 Manager (\$200,000), and additional non-budgeted collective bargaining concessions and overtime \$27.085 million. Attachment B reflects the adjustments made to the MDSO table of organization.
- Property Appraiser of Miami-Dade County (Property Appraiser) – After the approval of the FY 2024-25 budget, the Property Appraiser informed County staff that certain revenues included in the Property Appraiser's budget should have been included as transfers from the County, not as transfers from other Taxing Jurisdictions. After conversations with the Property Appraiser and the Florida Department of Revenue (DOR), it was determined that the Property Appraiser's budget will be amended to appropriate and budget \$1.323 million to the Property Appraiser Operations Fund (G3048). This transfer is required to supplement revenues as noted above.
- Miami-Dade County Tax Collector (Tax Collector) – On December 23, 2024, December 31, 2024 and February 12, 2025, the Tax Collector's Office requested that the County provide funding for the functions of the driver license and identification card issuances for the locations of the Miami Central Office (3721 NW 7th Street), the North Dade Justice Center Office (15555 Biscayne Boulevard) and the Mall of the

Americas (7795 West Flagler Street, Suite 82C). After meeting with Tax Collector staff and taking into consideration revenues generated by these offices, it is proposed that the Tax Collector's budget be amended to appropriate and budget \$6.3 million to the Office of the Tax Collector Fund (G3060) to support the office's statutory requirement to perform all driver license and identification card issuances in Miami-Dade County for the offices listed above, currently handled by the Florida Department of Highway Safety and Motor Vehicles (FLHSMV), as required by State Statute.

- Miami-Dade County Supervisor of Elections (SOE) – On November 26, 2024, the County received a request from the SOE to fund 16 additional positions to perform centralized functions formerly provided by the County, such as providing legal counsel and advice, policy development and legislative collaboration, procurement and human resources services, building maintenance, voter education and outreach, election security and technology management, and expanding its procurement functions to ensure the timely and efficient acquisition of goods and services necessary (\$1.0 million). Additionally, the SOE will require approximately \$1 million for rebranding efforts, including new voter registration cards. The SOE's budget will be amended to appropriate and budget \$2 million to the SOE Operations Fund (G1009) for the 16 additional positions (\$1 million) and rebranding efforts (\$1 million). After reevaluating and identifying several cost saving measures, the SOE reduced its original request to the amounts set forth herein. Attachment C reflects the adjustments made to the SOE table of organization.
- Outside Legal Services - \$750,000 to allocate funding not to exceed \$150,000 per officer-elect to retain outside legal counsel, for the purpose of the transitioning into established offices as directed in Resolution No. R-1004-24.

Other Operating and Organizational Adjustments

Board of County Commissioners

As a result of the adjustments recommended through the FY 2023-24 end-of-year budget supplement, a budget adjustment to the Board of County Commissioners' reserves (General Fund G3027 to General Fund G3044, General Fund G3075 to General Fund G3077 and General Fund G3090-91, as detailed in the ordinance schedule) is required to reflect a net addition of \$5.563 million to both revenues and expenditures. Additionally, due to a budget overage for one position, the Office of Protocol (Fund G3043) requires a transfer of \$275,000 from the Office of Commission Auditor (Fund G3029). Attachment D reflects the adjustment made to the BCC Table of Organization.

Board of County Commissioners - Discretionary Reserve Funds

The BCC Discretionary Reserve funds, General Fund G3092 to General Fund G3104 (detailed in the ordinance schedule), require a budget supplement of \$3.512 million funded from prior year unspent CBO Discretionary Reserve funds.

Community Action and Human Services and Juvenile Services

The Community Action and Human Services Department (CAHSD) requires a budget supplement of \$6.736 million to the CAHSD Operating Grant Funds (SC001 – SC002) and the addition of 13 grant funded positions to support additional grant monies from the Office of Head Start. This grant will provide ongoing quality assurance, training, and professional development opportunities for participants.

Separately, to better align the job, education, and industry training services for the young adults administered by CAHSD through the Youth Services Section, it is recommended that the functions and activities currently managed through CAHSD be transferred to the Juvenile Services Department (JSD), which provides services

that focus on protecting, empowering, and building resiliency in children and family. To enable this transfer, an adjustment of \$3.049 million is required to JSD (Fund G1001) from CAHSD (Fund SC001) along with the allocation of nine positions. Attachment E and F reflects the adjustment to the table of organization for CAHSD and JSD, respectively.

Internal Services Department and Human Resources Department

In accordance with the County Mayor's memorandum dated November 20, 2024 (Attachment G), the Internal Services Department (ISD) is being merged with the Human Resources Department (HRD) to form the People and Internal Operations Department (PIOD), as part of our efforts to continue finding efficiencies, streamlining functions, and reducing costs. Furthermore, it is recommended that the Small Business Development (SBD) Division be transferred from ISD to the Strategic Procurement Department (SPD). This reorganization will enable both areas to improve the service provided to our internal and external stakeholders seeking to advance the County's small business goals while making our service delivery more efficient and effective.

The appropriation schedules and tables of organization for PIOD, and SPD (Attachments H and I, respectively) will be amended and adjusted to reflect the mergers and transfers described above.

Public Housing and Community Development

In accordance with the County Mayor's memorandum dated November 20, 2024 (Attachment G), it is proposed that the Public Housing and Community Development Department be renamed to the Housing and Community Development Department. The table of organization (Attachment J) and appropriate schedules will be adjusted to reflect this change.

Transportation and Public Works

The Department of Transportation and Public Works requires a mid-year supplement of \$27.3 million to reflect adding eligible reimbursements (\$10.4 million) for the Better Bus Network (BBN) in accordance with Exhibit 1 of the People's Transportation Plan (PTP), and funding for Metrorail service (\$16.9 million) as demand grows for increased frequency on the Orange Line. This funding will ensure we can continue providing essential transportation services that serve the needs of our growing community and meet increased demand for transit services.

Traditionally, DTPW calculated eligible bus related PTP reimbursements using individual routes and total revenue miles compared to the bus service that was in place prior to the passage of the PTP in 2002. This existing methodology for calculating PTP reimbursements has not been updated in some time, and required a new procedure that is in greater alignment with the County's new BBN model. A revised PTP reimbursement methodology is being proposed that incorporates individual routes and revenue miles but also adds the gains in efficiency on rush-hour and expanded weekend service (DTPW added 14 high frequency routes in FY2024-25 bringing the total to 19). These are tangible improvements directly associated with the public's demand for better, more frequent, and reliable service, as demonstrated by ridership increases of 8 percent on weekdays, 14 percent on Saturdays, and 6 percent on Sundays.

Since the adoption of the FY 2024-25 budget, Metrorail service has doubled in frequency between Dadeland South and Earlington Heights stations traveling northbound to the Miami International Airport Station, operating every 15 minutes. To accommodate the significant increase in demand, this service requires an additional transfer from the PTP of \$16.9 million.

The Revenue Fund of the PTP (Funds SP001-SP002) will reflect a \$27.3 million increase in the transfer to DTPW for Eligible PTP Expenses (ET001) from \$79.1 million to \$106.4 million and will be funded out of the \$85 million reserve. The DTPW Transit Operations Fund (ET001) will reflect an increase of \$27.3 million in revenues, with a corresponding increase of \$27.3 million in operating expenses.

Cultural Affairs

At the February 19, 2025, Board of County Commission meeting, Commissioner Cohen Higgins directed the administration to allocate \$250,000 in funding to the Cultural Affairs Department (CUA) for the development and establishment of the Florida Black History Museum in Miami-Dade County. The museum will serve as a vital institution to this community in persevering, celebrating, and educating the public about the contributions of black Floridians while supporting substantial economic opportunities, increased tourism, cultural enrichment, civic engagement, and community goodwill. As a result, the funding for the \$250,000 will come from the General Government Improvement Fund (GGIF) Fund CO003.

A private sector initiative led by Jorge M. Pérez, The Related Group, and The Miami Foundation raised \$400,000 in private contributions as an emergency one-time fund for the Cultural Affairs Department for the provision of grants. As such, CUA requires a budget supplement of \$400,000 to the Cultural Affairs Council Fund (S1031) to support the department's cultural grants and programs. The revised FY 2024-2025 cultural grants and programs list (Attachment K) was approved by the Miami-Dade County Cultural Affairs Council at their January 15, 2025, meeting for recommendation to the Board. This attachment replaces the initial cultural grants and programs list in Ordinance 24-102, Attachment 7 and replaces the FY 2024-25 cultural grants and programs managed by CUA. It is also recommended that such \$400,000 grant be accepted and approved, and the County Mayor or Mayor's designee be authorized to execute all necessary grant and funding agreements with Jorge M. Perez, The Related Group or the Miami Foundation. We are grateful to our nonprofit and private sector partners for their continued support of our arts and culture community.

Capital

Non-Departmental

Lastly, we are recommending a budget supplement of \$55 million as a result of inadvertently omitting capital program #2000005055 – Schenley Park Septic-to-Sewer Expansion (“capital program”) in the FY 2024-25 Adopted Budget and Multi-Year Capital Plan and to amend the Multi-Year Capital Plan to include the capital program. The capital program is projected to extend sewer service to approximately 1,700 properties in the Schenley Park neighborhood. The capital program will be funded with Building Better Communities General Obligation Bond (BBC-GOB) proceeds (\$27.5 million) and Future Financing proceeds (\$27.5 million). This capital program will be added to the non-departmental section of the FY 2024-25 Multi-Year Capital Plan (Attachment L)

End of Year Adjustments

At this time, we would like to inform the Board that although we anticipate closing the current fiscal year balanced in all accounts and/or funds, the Corrections and Rehabilitation Department (MDCR) may require an end-of-year general fund budget amendment and/or supplemental budget associated with additional operating expenditures, including additional overtime costs resulting from an increase in the inmate population, additional inmate medical and mental health needs, and enhanced efforts to ensure compliance with the mandates from the Department of Justice. (*Projected \$10.089 million*)

Honorable Chairman Anthony Rodriguez
and Members, Board of County Commissioners
Page 8

Current budget forecasts indicate the potential utilization of reserves through the end of year if additional savings or revenues do not materialize. To minimize the use of reserves, we continue to work with departments to identify all possible operational savings and prioritize the use of existing revenues to maximize operational efficiency and reduce costs.

Memorandum

Date: November 20, 2024

To: Honorable Chairman Anthony Rodriguez
and Members, Board of County Commissioners

From: Daniella Levine Cava *Daniella Levine Cava*
Mayor

Subject: Changes in County Leadership

Since I was elected Mayor in November 2020, I have worked hard every day alongside the Board to create a County government that is efficient, responsive, and compassionate – one that cares for our residents by providing critical services and infrastructure while keeping costs low. As I embark on my second term, I am implementing important changes to my administration to respond to our growing community's needs as well as the impending transition to constitutional offices. These changes will ensure that our administration is poised to deliver on the priorities most important to our residents – including expanding housing and transportation, updating our infrastructure, protecting our environment, and more – while continuing to streamline County government and seek efficiencies to better serve our community.

Below please find the new leadership organization for our administration to align with our core priorities.

Infrastructure and Utilities

The County continues to make major strides to modernize critical infrastructure and to make up for lost time after years of disinvestment. Since I took office, we have invested billions of dollars to upgrade, repair and enhance our infrastructure, and Chief Operating Officer Jimmy Morales has spearheaded significant projects and progress at our two ports and across our transportation system.

Chief Morales will continue to shepherd the improvement of critical infrastructure, overseeing the **Aviation Department** and **Seaport Department** as well as the newly formed **Department of Transit and Mobility** and the **Department of Public Works** (formerly the Department of Transportation and Public Works or DTPW). Our residents have made it clear that expanding and enhancing transit is a key priority, and this new structure underscores our commitment to meeting our community's transportation needs. Interim DTPW Director Josiel Ferrer-Diaz will continue to serve in that capacity, and we plan to bring a legislative item before the Board by early next year to divide DTPW into two departments.

Chief Morales will continue to lead on union negotiations for the Mayor's office as well as coordination of capital projects across departments. The Elections Department, currently in Chief Morales's portfolio, will transition to a Constitutional Office effective January 7, 2025.

Utilities are among the most important services Miami-Dade provides to our residents. Roy Coley, now the Director of the Water and Sewer Department (WASD), will become the Chief Utilities and Regulatory Services Officer overseeing a portfolio that includes many of these critical functions. Under his leadership, WASD has successfully completed billions of dollars in infrastructure improvements necessary to protect our water system. In his new role he will oversee **WASD**, the **Department of Solid Waste Management**, and the **Parks, Recreation and Open Spaces Department**. In addition, Chief

Coley will oversee the **Regulatory and Economic Resources Department**, with a special focus on cutting red tape and eliminating inefficiencies, to ensure our government can work at the speed of business.

Chief Coley will assume his new position effective January 6, 2025, and Amanda Kinnick, Chief Coley's chief of staff, will become Interim WASD Director.

Housing

Housing remains one of the biggest challenges facing our community. In my first term, we took swift action to address this crisis in partnership with the Board, declaring a housing crisis and investing hundreds of millions to build new housing, improve existing units, prevent evictions, and more. Under the leadership of housing director Alex Ballina we launched the HOMES Program to accelerate our work expanding the supply of housing and provided relief to thousands of families. Director Ballina, now the director of the renamed **Department of Housing and Community Development**, will report directly to me effective immediately, as we build on our progress and implement new initiatives to ensure that every resident can afford to live in safe, dignified housing.

Administration

Thanks in large part to the leadership of Carladenise Edwards, our Chief Administrative Officer, we have made important headway to streamline and seek new opportunities for collaboration across the departments that provide essential administrative functions. Chief Edwards will continue to oversee the **Office of Management and Budget, Internal Compliance Department, Information Technology Department**, and **Strategic Procurement Department**, as well as the new **Department of People and Internal Operations** which will bring Human Resources and Internal Services together under one roof. Our newly-appointed director Raymond Hall will oversee this department, and Interim Director of Human Resources Melanie McLean will serve as a Deputy Director overseeing Human Resources and Business Services; those changes will be effective January 6, 2025.

The Finance Department and the Tax Collector will transition to new Constitutional Offices effective January 7, 2025.

Public Safety

As we prepare for the transition to the new Sheriff's office, we will streamline essential County functions related to public safety. James Reyes, Chief Public Safety Officer, has proved an essential addition to our team as we have implemented programs to reduce violence and made significant progress on critical reforms at our corrections facilities. Chief Reyes will oversee the **Miami-Dade Fire Rescue Department**, the **Miami-Dade Corrections and Rehabilitation Department**, the **Office of Emergency Management**, and the **Medical Examiner**. The Miami-Dade Police Department will transfer to a Constitutional Office effective January 7, 2025. JD Patterson, Chief of Preparedness and Forensics, has announced he will retire effective January 5, 2025. We are deeply grateful to Chief Patterson for his service over the past four years and his long history of service to our community.

Human Services

Cathy Burgos, Chief Community Services Officer, has brought effective leadership to the human services portfolio that provides essential programs and services particularly to our most vulnerable. She will oversee the **Animal Services Department**, the **Community Action and Human Services**

Department, the Juvenile Services Department, the Department of Cultural Affairs, and the Library System.

I am confident that these leadership changes will form the structure needed to create meaningful impact during my second term and continue meeting the essential needs of our community. During my second term we will build on the collective success achieved in partnership with this Board, to continue making Miami-Dade County the best place in the country to live, work, and play.

More details will be released as additional personnel decisions are made. Should you have any questions, please contact me directly.
