Resolution No. R-699-25

Subject: Setting of Proposed FY 2025-26 Unincorporated Municipal Service Area (UMSA)
Operating Millage Rate

Executive Summary

This item seeks approval of the Unincorporated Municipal Service Area (UMSA) operating millage rate of 1.9090 mills. This flat UMSA operating rate is recommended in the FY 2025-26 Proposed Budget for the Board of County Commissioners (Board) approval.

For two budget cycles in a row, I recommended and the Board approved a reduction to the Countywide millage rate to provide essential relief to our residents struggling with the rising costs of living. These combined two years of tax rate cuts were the first property tax cuts in over a decade, bringing the Countywide millage to a historic low – the lowest since 1982.

As we look to the budget for the 2025-26 Fiscal Year, our County faces enormous strains on our resources, including the financial impacts resulting from establishing new constitutional offices – a major restructuring of local government that created unfunded state mandates which now must be balanced – combined with federal and state cuts impacting our funding and revenue, a shifting national economic outlook, and increasing demand for County services thanks to our unprecedented growth over the past several years.

This year we must take an even more conservative approach than ever to planning our budget and setting the millage, as we work to balance these pressures and minimize impacts to our residents as much as possible. The administration has developed a proposed budget that prioritizes core services and safeguards our County's long-term fiscal health, while protecting taxpayers and maintaining a flat tax rate. We have streamlined government, maximized efficiencies, and identified cost savings across departments to ensure every single taxpayer dollar is spent to maximum impact, in order to provide essential services in the most effective, efficient way possible without increasing costs for residents.

Making any millage cuts now, in the midst of a budget year when we have done everything possible to propose a fair, balanced budget despite unprecedented financial constraints, would not be fiscally responsible and would ensure that more drastic service adjustments will be required in order to close the funding gap.

Recommendation

It is recommended that the Board of County Commissioners (Board) approve the UMSA operating millage rate of 1.9090 mills, as proposed in the FY 2025-26 Proposed Budget, for use in preparing the "Notice of Proposed Property Taxes" to be mailed to all property owners in August.

Scope

State law requires that all property owners be advised of proposed property taxes along with notification of public budget hearings. The Property Appraiser will mail required notices to all

property owners in August using proposed tax rates adopted by all taxing authorities in Miami-Dade County.

Delegated Authority

This item contains no delegations of authority to the County Mayor or Mayor's designee.

Fiscal Impact/Funding Source

The millage rate recommended will generate \$245.633 million in ad valorem revenue for UMSA.

Track Record/Monitor

Not applicable.

Background

The recommended UMSA operating millage rate of 1.9090 mills provides revenue to support UMSA operations as provided for in the FY 2025-26 Proposed Budget.
