Agenda Item No. 8(P)(2)

Resolution No. R-1076-25

Subject: Recommendation for Additional Expenditure Authority for Flight Explorer Software
Support Services

Summary

This item is for additional expenditure authority to continue purchasing Flight Explorer software licenses and support services for Miami-Dade Aviation Department (MDAD). The additional expenditure authority is needed to cover the costs during the second five-year option to renew term under this agreement, which includes thirteen software licenses for the Flight Explorer Professional Edition and related support services. This software is used by MDAD airside operations as a tool to monitor all incoming and outgoing flights in real-time and to coordinate daily flight activities. The software also provides for global aircraft trafficking with multiple data feeds, airport-specific alerts, dynamic weather overlays, and custom reporting. This tool is critical during inclement weather and other emergencies which require the immediate grounding of aircrafts.

Flightscape, Inc. (Flightscape) is the proprietary owner of this software and the sole authorized provider of the requested software, maintenance and technical support. MDAD staff has been conducting market research on an ongoing basis to determine if other vendors are available in the marketplace. There are other companies that provide flight tracking solutions; however, they cannot provide the required maintenance and support services for the existing system.

Recommendation

It is recommended that the Board of County Commissioners (Board) authorize additional expenditure authority in the amount of \$253,500 for *Contract No. L9810-2/30, Flight Explorer Software Support Services*, for MDAD. The contract is currently in the first option to renew (OTR) term, and the Board has pre-approved the exercise of the second OTR term. The additional expenditure authority will provide funding for the second OTR term.

Background

This legacy contract was established on June 30, 2015, under the Mayor's delegated authority in the amount of \$214,500 for a five-year term with two, five-year OTR terms. The contract was subsequently modified by the Board via Resolution No. R-1245-20, authorizing the County Mayor or County Mayor's designee to exercise the first OTR and approving additional allocation associated with the first OTR term. The resolution also delegated authority to exercise all provisions of the contract, including any renewals; however, it did not provide allocation for the second OTR term. On June 10, 2025, the County approved the assignment of this contract from Sabre GLBL, Inc. to Flightscape, the new owner of their AirCentre airline operations portfolio and related assets, including Flight Explorer.

Staff has evaluated and purchased several comparable software products, such as FlightView and Aerobahn; however, these products lack specific features which are needed to support Miami International Airport's (MIA) airside operations. Specifically, Flight Explorer tracks both cargo and passenger flights and uses a combination of airborne and ground-based sensors to provide precise tracking and flight status. Without this software, the performance and operation of MIA gates and movement areas would be limited to reactive management, rather than proactive management, of

routine, incident-oriented events concerning arriving air traffic. Specialty flight activity such as VIP flights for high-profile commercial airline travelers or flights with cold storage cargo could lack precision coordination, resulting in unnecessary friction or spoilage.

Additional allocation is being requested to continue purchasing software licenses and related maintenance and support services during the second five-year OTR term. Flightscape is the proprietary owner of the Flight Explorer software, and no other vendors are authorized to provide the required software, maintenance and technical support. There have been no changes in the industry to warrant not utilizing the available OTR term.

Scope

Miami International Airport is located within District 6, which is represented by Commissioner Natalie Milian Orbis; however, the impact of this item is countywide in nature.

Delegated Authority

The County Mayor or the County Mayor's designee will have the authority to execute Supplemental Agreement No. 3 and exercise all provisions of the contract, including any cancellation, renewals, or extensions, pursuant to Section 2-8.1 of the County Code and Implementing Order 3-38.

Fiscal Impact/Funding Source

The current contract term expires on December 31, 2025, and has an existing cumulative allocation of \$441,675. If this request is approved, the contract will have a modified cumulative allocation of \$695,175. Once exercised, the second OTR will extend the contract through December 31, 2030. The requested increase in expenditure authority is based on monthly software license fees and support service costs quoted for the second OTR term.

Due Diligence

Pursuant to Resolution No. R-187-12, due diligence was conducted in accordance with SPD's Procurement Guidelines to determine vendor responsibility, including verifying corporate status and that there are no performance and compliance issues through various vendor responsibility lists and a keyword internet search. The lists that were referenced included convicted vendors, debarred vendors,

delinquent contractors, suspended vendors, and federal excluded parties. There were no adverse findings relating to vendor responsibility.

Pricing for renewal terms under this contract is negotiated at the time of renewal. Flightscape was unable to provide lower pricing than the prior term due to increased costs to support and enhance the system. The proposed pricing for this second OTR represents an approximately 18% increase in total contract fees from when the contract was first established over 10 years ago. Pricing will remain fixed for the entire 5-year OTR term and is deemed fair and reasonable for this OTR term.

Applicability of Ordinances and Contract Measures

- The two percent User Access Program does not apply.
- The Small Business Enterprise measures and Local Preference do not apply.
- The Living Wage Ordinance does not apply.
