Subject: Resolution Approving the Second Amendment to Interlocal Agreement Among Broward, Miami-Dade, Monroe, and Palm Beach Counties for Services Related to the Southeast Florida Regional Climate Change Compact by the Institute for Sustainable Communities

Executive Summary

The attached Second Amendment to the Interlocal Agreement (ILA) (Exhibit A) was developed through the partnership of Miami-Dade, Palm Beach, Broward and Monroe Counties comprising the Southeast Florida Regional Climate Compact (the Compact). The Compact's activities and success have attracted additional resources and funding to the region and earned significant national and international attention, contributing significantly to the tangible progress each county and the region have made towards a coordinated and visionary action to address the impacts of a changing climate and provide for economic and environmental resilience in Southeast Florida. The ILA was adopted in its initial form by this Board in 2020 by way of Resolution No. R-1248-20 and amended in 2023 by way of Resolution R-755-23. The Second Amended ILA decreases the amount of funds for each of the Counties and amends the term of the Agreement to now end on September 30, 2026. This amendment will result in cost savings of \$20,000 to the County.

Broward County contracts services related to the Compact, which are provided by the Institute for Sustainable Communities. Under the terms of the Interlocal Agreement, Broward County will retain and supervise the Institute for Sustainable Communities (ISC) on behalf of the four counties. The Second Amended ILA provides for Palm Beach, Miami-Dade and Broward Counties to contribute \$80,000 per year and Monroe County to contribute \$5,000, which will total \$245,000 for Fiscal Year 2026. The total one-year cost of the Broward-ISC agreement will therefore be \$245,000.

Recommendation

It is recommended that the Board of County Commissioners (Board) authorize the County Mayor or County Mayor's designee to execute the amendment to the ILA among Broward County, Miami-Dade County, Monroe County, and Palm Beach County to reduce the amount for services related to the Compact. The second amended ILA will result in \$20,000 savings for the County. The amendment also serves to align the term of the ILA with the related services contract administered through Broward County. The ILA and first amendment to the

ILA as approved by Resolutions R-1248-20 and R-755-23 obligated the County to contribute \$100,000 annually. The second amended ILA reduces the amount obligated by the County to \$80,000 for the FY 2025-2026, thereby saving the County \$20,000. The second amended ILA provides for Palm Beach, Miami-Dade and Broward Counties to contribute \$80,000 per year and Monroe County to contribute \$5,000, which will total \$245,000 for fiscal year 2026. The total one-year cost of the Broward-ISC agreement will therefore be \$245,000.

Scope

The Compact's work encompasses and benefits the entire Southeast Florida region, and as a result, has a countywide impact.

Delegation of Authority

This resolution authorizes the County Mayor or the County Mayor's designee to execute the Second Amendment to the ILA, exercise the termination provisions contained therein, and execute extensions of time, after approval by the County Attorney's Office as to form and legal sufficiency, provided that the expenditure of any additional County funds beyond those authorized by this resolution has been specifically approved by separate action of this Board.

Fiscal Impact/Funding Source

The Second Amendment to the ILA provides for Miami-Dade County to contribute \$80,000 for Fiscal Year 2025-2026. This is a decrease of \$20,000 from the previous contract.

The FY 2025-26 Adopted Budget for Department of Environmental Resources Management Operating Budget for contractual services accounted for this fiscal year's contribution to the ILA services. Miami-Dade County FY 2025-26 Proposed Budget, Vol.3, pg.34, Operating Expenditures, Contractual Services, Proposed 2025-2026: \$3,941,000.

Track Record/Monitor

The Director of the Department of Environmental Resources Management, Loren Parra, will be responsible for monitoring the Interlocal Agreement and its associated activities.

Background

In early 2010 through joint actions by the Broward, Palm Beach and Miami-Dade and Monroe County Commissions, the counties entered into the Southeast Florida Climate Change Compact, an interlocal agreement which is a voluntary collaboration focused on addressing shared climate challenges. In the first years of the Compact, the partner counties were able to secure program administration support via the ISC with funding provided under a grant with the Kresge Foundation, secured by ISC.

As grant dollars were incrementally reduced, the counties each committed to provide cost share funding to maintain the programmatic support of ISC. Broward County agreed to manage the contract services Agreement with ISC and the Interlocal Agreements with each of the Partner Counties, to include annual invoicing for each partner's respective cost share.

The original Interlocal Agreement was approved by Resolution No. R-520-18 on May 15, 2018, and did the following: (1) committed Miami-Dade, along with Broward, Monroe, and Palm Beach counties to contribute \$50,000.00 each year, for a total of \$150,000.00 each over the three-year period of 2018 through 2020, to pay the Institute for Sustainable Communities for coordination and facilitation services, as referenced in the prior scope of services; and (2) designated Broward County to officially contract with and supervise the ISC. An amendment to the 2018 Interlocal Agreement increased the payment to \$75,000.00 for the final year of that agreement and was approved by the Board with Resolution No. R-398-20 on May 5, 2020. Subsequently, another ILA was approved by Resolution No. R-1248-20 on December 15, 2020, which provided that the County would commit to a payment of \$275,000.00 over the three-year period of January 1, 2021 – January 1, 2024. Resolution No. R-755-23 approved an amendment to the ILA, extending its term to January 31, 2027, and authorizing the County to pay up to a total of an additional \$300,000 for services related to the Compact.

SECOND AMENDMENT TO THE INTERLOCAL AGREEMENT AMONG BROWARD COUNTY, MIAMI-DADE COUNTY, MONROE COUNTY, AND PALM BEACH COUNTY FOR COST SHARE SUPPORT OF SERVICES FOR THE SOUTHEAST FLORIDA REGIONAL CLIMATE CHANGE COMPACT

This Second Amendment ("Second Amendment") is entered into by and between Broward County, a political subdivision of the State of Florida ("Broward"), Miami-Dade County, a political subdivision of the State of Florida ("Miami-Dade"), Monroe County, a political subdivision of the State of Florida ("Monroe"), and Palm Beach County, a political subdivision of the State of Florida ("Palm Beach") (collectively referred to as the "Parties" and when excluding Broward, the "Contributing Counties").

RECITALS

A. The Parties entered into the Interlocal Agreement among Broward County, Miami-Dade County, Monroe County, and Palm Beach County for Cost Share Support of Services for the Southeast Florida Regional Climate Change Compact, effective as of January 1, 2021, as amended by the First Amendment to the Interlocal Agreement among Broward County, Miami-Dade County, Monroe County, and Palm Beach County for Cost Share Support of Services for the Southeast Florida Regional Climate Change Compact, effective as of January 2, 2024 (collectively, the "Agreement"), to provide cost sharing support for the Institute for Sustainable Communities, a Vermont not-for-profit corporation, registered to do business in the State of Florida ("ISC"), that has provided coordination and facilitation services to the Parties since 2011 to advance the aims of the Southeast Florida Regional Climate Change Compact ("Compact").

B. Southeast Florida is one of the most vulnerable areas in the country to the impacts of climate change.

C. The Parties adopted the Compact in 2009. Since adopting the Compact, the Parties, in recognition of the benefits of regional coordination, have worked with one another and numerous other stakeholders to address climate change at the regional level.

D. Broward is further obligated to remit to ISC a maximum amount not to exceed Three Hundred Thousand dollars (\$300,000) for its share of the costs incurred pursuant to the ISC Agreement.

E. The Parties have experienced budgeting challenges and will no longer be able to contribute the amounts specified in the Agreement. In response to such budgeting challenges, the Parties have coordinated with ISC to adjust the services rendered by ISC through the ISC Agreement and the amount to be paid by the Parties.

F. The Agreement is scheduled to terminate at 11:59 p.m. on January 1, 2027 (“Term”). The Parties are desirous of amending the Term of the Agreement to terminate on September 30, 2026.

G. The Parties, agreeing that it is in their best interest to continue working with one another to continue to address climate change at the regional level, now desire to amend the Agreement (i) to revise the services to be rendered by Broward and the ISC, respectively; (ii) to amend the Term to terminate at 11:59 P.M. on September 30, 2026; (iii) to revise the amount that the Contributing Counties will pay Broward during the Term; and (iv) to make other necessary housekeeping amendments to the Agreement.

Now, therefore, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the Parties agree as follows:

1. The above Recitals are true and correct and are incorporated herein by reference. All capitalized terms not expressly defined within this Second Amendment shall retain the meaning ascribed to such terms in the Agreement.

ISC Scope of Services

Support for the Southeast Florida Regional Climate Change Compact Statement of Work for FY2026

In 2009, government leaders from Broward, Miami-Dade, Monroe, and Palm Beach counties came together to form the Southeast Florida Regional Climate Change Compact (“Compact”). For more than 15 years, the Compact counties have demonstrated national leadership through regional collaboration and resilience planning, building the capacity and catalyzing support for coordinated action that safeguards regional assets and economic health. In response to shared vulnerabilities, the Compact has forged partnerships with critical stakeholders, positioned the region for investment and innovation, and enabled the development of a regional voice and vision for future prosperity in Southeast Florida.

Since the inception of the Compact, the Institute for Sustainable Communities (“ISC”) has supported the Compact’s goals and deliverables through specialized technical expertise, strategic guidance, and contextual knowledge rooted in the region’s unique environmental and social landscape. Drawing on its deep background in climate resilience and its longstanding engagement in Southeast Florida, ISC will support the Compact in developing and implementing resilience strategies, enhancing regional coordination, and strengthening the capacity of local governments to respond effectively to climate risks and vulnerabilities.

The details of the services ISC must perform are articulated in the tasks and deliverables set forth below:

During the contracted period, the Institute for Sustainable Communities (“ISC”) must provide a level of effort and time per year that will not be less than the equivalent of one and a half (1.5) full-time employees. This level of effort will combine the time and expertise of ISC staff to provide services to the South Florida Regional Climate Change Compact (“Compact”), including governance process facilitation and support, strategic and technical assistance, communications delivery and support, and assistance in identifying additional financial resources from federal, state, and private philanthropic sources to support the growth and expansion of Compact service delivery. With respect to the Compact Leadership Committee (“CLC”), as well as subject matter expert teams and advisory groups, ISC must conduct all tasks in accordance with the Sunshine Law, the Public Records Act, and all other applicable law.

Task 1: Provide Secretariat Services for the Compact

Task 1.1: Compact Leadership Committee Meeting Support

Representative tasks include: Coordinating a minimum of monthly meetings of the Compact Leadership Committee and providing meeting support, identifying key strategic and management issues for the ongoing success of the Compact; developing meeting agendas in partnership with the CLC and/or chairperson, as appropriate; facilitating communications by Compact partners; assembling requests for Compact support and engagement; and conducting

tasks in accordance with all applicable laws.

Task 1.2: Biannual (2x annually) Compact Strategic Planning Meetings

Representative tasks include: Identifying key strategic and management issues for the ongoing success of the Compact; facilitating refinements to the Compact's Annual Work Plan; providing strategic advice to the CLC and associated staff from the Parties; developing the meeting agenda with input by CLC and resilience staff from the Parties; conducting the meeting in accordance with all applicable laws, and paying for various meeting-related expenses for all attendees, including venue and audiovisual equipment costs, if applicable, ISC staff travel costs, breakfast and lunch, printing, and other miscellaneous costs.

Task 1.3: General Compact Support – Priority Tasks
