# Memorandum

**Date:** May 5, 2026

**To:** Honorable Chairman Anthony Rodriguez  
and Members, Board of County Commissioners

**From:** Daniella Levine Cava *Daniella Levine Cava*  
Mayor

**Subject:** Recommendation to Award Contract No. W-16135, Furnish and Install 8-Inch D.I.P. Water Mains Within Snapper Creek Townhouses at 11200 S.W. 71 Street, with Basile USA LLC

---

## **Executive Summary**

This item seeks approval from the Board of County Commissioners (the Board) to award Contract No. W-16135 (the Contract), *Furnish and Install 8-Inch D.I.P. Water Mains Within Snapper Creek Townhouses at 11200 S.W. 71 Street* (the Project), to the lowest responsive and responsible bidder, Basile USA LLC (Basile), for a total amount of \$7,873,349.18 and a total Contract period of 880 days, which consists of 740 calendar days to Substantial Completion, 800 calendar days to Final Completion, and an 80-day contingency time allowance.

The scope of the Contract includes the installation of approximately 26,000 linear feet of new 8-inch and 6-inch ductile iron pipe, fire hydrant assemblies, water services, tapping connections, air release valves, protective slabs and all associated restoration, traffic control, and permitting coordination. Work will take place within existing rights-of-way and easements, including areas under Florida Department of Transportation (FDOT) jurisdiction. The Project will address the deteriorated cast iron and asbestos cement water mains within the Snapper Creek Townhouses area in unincorporated Miami-Dade County. The existing infrastructure is over 40 years old and has experienced extensive failures affecting water mains, service lines, and fire hydrants. A total of ninety-five (95) documented incidents have been recorded.

As part of its \$8.6 billion Capital Improvement Program, the Miami-Dade Water and Sewer Department (WASD) is investing in large-scale infrastructure upgrades that increase system capacity, improve operational reliability, and ensure regulatory compliance. This Project is a key component of that effort. These upgrades reflect my Administration's commitment to operating as a future-ready utility by replacing aging infrastructure and ensuring reliable service for our County.

## **Recommendation**

It is recommended that the Board approve a competitive award of the Contract to Basile in the amount of \$7,873,349.18 and a total Contract period of 880 days.

## **Scope**

The Contract will be performed at 11200 S.W. 71 Street, in Commission District 10, which is represented by Chairman Anthony Rodriguez.

## **Delegated Authority**

Upon Board approval, the County Mayor or County Mayor's designee may exercise all provisions, including the termination provisions, within the Contract. In addition, the County Mayor or County Mayor's designee will manage this Contract pursuant to section 2-8.2.12 of Code of Miami-Dade County, Florida (WASD's Acceleration Ordinance), which delegates authority to the County Mayor or County

Mayor's designee to, among other things, negotiate and settle claims and execute change orders that do not exceed ten percent (10%) of the base contract amount, subject to ratification by the Board.

**Fiscal Impact/Funding Source**

The fiscal impact to the County is \$7,873,349.18, inclusive of the Inspector General (IG) Fee, which WASD has determined to be fair and reasonable.

The Project is in WASD's FY 2025-2026 Adopted Budget and Multi-Year Capital Plan.

- Funding will be provided from Capital Program #2000000072, Water Reset Program – Small Diameter Water Mains Replacement, Volume #3, Page #123.
- The funding sources are: WASD Revenue Bonds Sold, Future WASD Revenue Bonds, Fire Hydrant Fund.
- The funding sources do not include Building Better Communities - General Obligation Bond (BBC-GOB) funds or impact the General Fund.
- The life expectancy of the Project is 50 years.
- Annual Operations Cost Impact / Funding: \$30,000.00. The funding source for the operating impact is WASD Operating Revenues.
- Annual Maintenance Cost Impact / Funding: \$60,000.00. The funding source for the maintenance impact is WASD Operating Revenues.
- The Project does not include Art in Public Places.

**Vendor Selection & Track Record**

On January 13, 2026, WASD received and opened 13 bids in response to the October 30, 2025 advertisement for an open competitive solicitation for the Contract.

<b>Company Name</b>	<b>Base Bid</b>	<b>Total Bid*</b>
Basile USA LLC	\$6,730,750.57	\$7,873,349.18
R and G Engineering Inc.	\$7,161,517.00	\$8,360,114.21
Lee Construction Group Inc.	\$7,882,428.00	\$9,174,743.64
Marcdan Inc.	\$7,954,773.00	\$9,321,113.00
CMG Pipelines	\$8,365,232.50	\$9,720,312.73
The Stout Group LLC	\$8,378,559.00	\$9,735,371.67
Pabon Engineering Inc.	\$8,547,284.60	\$9,926,031.60
Ric Man International Inc.	\$8,962,395.95	\$10,593,995.95
Acosta Tractors Inc.	\$10,263,564.50	\$11,782,520.50
RPU General & Engineering Co.	\$11,415,543.14	\$13,167,163.74
Roadway Construction LLC	\$11,676,145.69	\$13,461,644.63
Lanzo Construction Co. Florida	\$11,902,990.00	\$13,717,978.70
Maestre Construction Inc.	\$12,830,191.87	\$14,765,716.82

\*Total bid includes contingency & dedicated allowances

The following due diligence was performed, and Basile was determined to be the lowest responsive and responsible bidder:

- There were no Small Business Development (SBD) contract measures assigned to the Contract. The Project Worksheet from SBD Compliance is attached to this memo as Exhibit A.
- Gustavo Eckardt, P.E. of Premiere Design Solutions Inc., the Engineer of Record (EOR), reviewed the bid submissions and, on January 23, 2026, determined that the lowest bid was acceptable as

submitted and that Basile satisfied the requirements of the solicitation. The EOR’s letter is attached hereto as Exhibit B.

- Pursuant to Resolution No. R-187-12, on January 13, 2026, WASD performed a review of the vendor information in BMWS and discovered no adverse information.
- According to the contract history downloaded from BMWS on January 13, 2026, Basile has not been awarded any contracts from the County.
- Basile has zero (0) evaluation in the ISD Capital Improvement Information System (CIIS).

Basile submitted a total bid amount of \$7,873,349.18, approximately 2.52% below EOR estimate of \$8,077,270.67. The EOR confirms in Exhibit B that the bid submitted by Basile is reasonable and recommends that WASD proceed with the Contract award

Therefore, it is recommended that Contract No. W-16135 be awarded to Basile for a total compensation amount of \$7,873,349.18 with a total Contract period of 880 days. The proposed Contract, signed by Basile, is attached hereto as Exhibit C. There are no protests to this award.

**WASD Contract Monitor**

WASD’s Deputy Director of Planning, Regulatory Compliance and Capital Infrastructure, Marisela Aranguiz-Cueto, P.E., will oversee the implementation of the Contract.

**Background**

The Project addresses aging and deteriorated water distribution infrastructure. The existing cast iron and asbestos cement water mains are more than 40 years old and have experienced frequent failures, including breaks to water mains, service lines, and fire hydrants. A total of 95 incidents have been documented, which demonstrates the need for comprehensive system upgrades. The Project includes installation of approximately 26,000 linear feet of new 6-inch and 8-inch ductile iron pipe, along with new fire hydrants, service connections, valves, and related components. Work will be performed within established rights-of-way and easements with coordination for traffic control, permitting, and restoration.

**REF: EOR Bid Recommendation Letter**  
**W-16135 - FURNISH AND INSTALL 8-INCH D.I.P. WATER MAINS WITHIN SNAPPER CREEK**  
**TOWNHOUSES AT 11200 SW 71ST ST**

Dear Ms. Chen:

This recommendation letter is in response to the e-builder process PAP-1 Received via email on Tuesday, January 13, 2026, and email request from the Miami-Dade Water and Sewer Department for the Engineer of Record's (EOR) review of the bids and qualifications received for this project, and publicly opened on Tuesday, January 13, 2026.

After reviewing the Bid Tally provided, and conducting an in-house analysis, we can summarize the overall bid responses as follows: A healthy pool of responses was received with thirteen (13) bids submitted. The Lowest bidder Base Bid Total was found to be 2.52% lower than the engineer's estimate. The second bidder's Base Bid Total was 3.5% above the engineer's estimate. All other bidder's Base Bid Totals were over the engineer's estimate for more than 10%.

After reviewing the qualifications required by the project specifications, as provided by the lowest bidder, Basile USA LLC, it was found to meet the minimum requirements for this project, including the following:

1. Has valid, current and active General Contractor's License.
2. Has more than 3 years of experience, with more than 3 similar projects completed in the past 5 years, including letters of recommendations from government agency clients.
3. Has stated that has full time personnel with relevant experience available for the project.
4. Has the capability to execute primary trade related work with own equipment, and workforce.

A thorough analysis of the lowest 3 bidders was performed, but more emphasis has been placed in the lowest bidders, and such analysis is summarized in this letter. The base bid price for the lowest bidder was found to have some items higher and others lower than the engineer's estimate on this project, with a total base bid 2.52% lower than the engineer's estimate. The bid items with the highest discrepancy (Bid item 25), where the contractor's price bid is the highest of the 13 bidders, and almost 7 times higher than the engineer's estimate, was discussed on a meeting held today, January 23, 2026.

The item is related to additional suitable backfill if needed, and is a contingent item, with a relatively low overall amount. Contractor understand that this is a contingent item, and due to the price bid, if used and if needed in the project, it may be required to be justified and adjusted, specially if there will be a quantity overrun.

During today's meeting with the lowest bidder, additional information was received from the Contractor, including resumes of key staff assigned to the project. The project experience presented was reviewed and found in compliance with the minimum requirements of the technical specifications.

it is our professional opinion that although the lowest bidder has items above and below the engineer's opinion of probable cost, the price bid is very close to the overall project estimate and should allow the contractor to fully execute this project in compliance with the permits, project plans and specifications. Also, even though the lowest bidder does not have previous experience working with Miami-Dade Water and Sewer Department, they have presented several similar type projects completed for other government agencies such as City of North Miami, Town of Miami Lakes, City of Hallandale, City of Aventura and City of Hollywood. References were provided and verified by the department and was found that previous work was completed satisfactorily.

Therefore, we have no objections to proceed with the award of the project to the lowest bidder, if determined to be the best interest of the Department. If you have any questions please call us at (954)-237-7850 or my Cell phone (305)-962-9036.

Sincerely,  
**PREMIERE DESIGN SOLUTIONS, Inc.**

Gustavo Eckardt, P.E.  
Consultant Project Manager

## Letter of Transmittal

We are pleased to submit this letter in response to your Request for price quotation PROJECT No. 16135 Furnish and Install 8-Inch DIP Water Mains Within Snapper Creek Townhouses at 11200 SW 71 Street. We have reviewed your requirements thoroughly and are confident in our understanding of the project's objectives and scope. With our experience in Miami Dade and Broward, we possess both the expertise and resources necessary to ensure the successful completion of your project.

At Basile USA, we are committed to delivering high-quality results that meet and exceed your expectations. Our team includes skilled professionals with proven experience in similar projects, and we have established systems in place to manage each phase effectively. We are fully prepared to allocate all required resources to achieve your goals and ensure that the project is completed on time and within budget.

The following individual is authorized to make representations on behalf of BASILE USA for this project:

Luigi Basile, President, Ph. 305.491.2100

Please do not hesitate to reach out if you have any questions or need further details.

Sincerely,

Luigi Basile

### Project Approach

Our approach to fulfilling the requirements outlined in the scope of services will be guided by the standards and directives provided in the RPQ's documents. We understand the importance of aligning with the specifications and expectations set forth, and our extensive experience with similar projects helps us to deliver quality results efficiently and effectively.

If awarded the contract, we will prepare a comprehensive schedule detailing each phase of the project, including milestones and key deliverables. This schedule will serve as a framework for managing project timelines, resources, and quality controls. We will work closely with the assigned Engineer and the City Project Manager to review this plan in depth, ensuring mutual understanding and making any necessary adjustments to best meet project objectives.

## Experience and Qualifications

### **Licensed, Bonded, and Insured**

Basile USA, LLC is fully licensed, bonded, and insured to operate within the State of Florida, ensuring compliance with all state and local regulations. Our licenses cover all relevant activities, including excavation, roadwork, water, sewer and drainage installation. Our bonding and insurance provide the Miami Dade County with additional security and peace of mind, guaranteeing that all work will be completed in accordance with the contract and industry standards.

### **Personnel and Expertise**

We have a highly qualified team of professionals experienced in executing large-scale public works projects.

Our team includes:

- **Project Managers:** Experienced in overseeing complex public projects, ensuring adherence to timelines and budgets.
- **Skilled Laborers and Technicians:** Certified in operating heavy machinery and performing specialized tasks such as paving, drainage system installation, and sidewalk repair.

We have the flexibility to adjust our workforce size to meet project demands, ensuring sufficient manpower is available throughout the project's lifecycle.

### Equipment and Machinery

Our company owns and operates a diverse fleet of modern, well-maintained equipment necessary to complete all project tasks efficiently, including:

- Excavators and Backhoes for earthmoving and site preparation.
- Loaders for material handling, loading, and site cleanup.
- Paving Machines for roadway resurfacing and paving.
- Concrete Mixers for gutter, curb, and sidewalk construction.
- Grading and Compaction Equipment to ensure a stable foundation for all roadway work.
- Dump Trucks for transporting materials to and from the job site.

All equipment undergoes regular maintenance to minimize downtime and ensure optimal performance throughout the project.

### Materials and Inventory

Basile USA, LLC has established partnerships with reliable suppliers to ensure the continuous availability of high-quality materials, including:

- Asphalt and Concrete for roadway paving and sidewalk repairs.
- Water Pipes and Components for stormwater management systems.
- Curb and Gutter Materials for roadway improvement projects.

Additionally, we maintain a robust inventory of essential materials to prevent any delays caused by supply shortages.

### **Project Management and Execution**

We have a strong track record of managing similar public infrastructure projects with a focus on:

- **Timely Completion:** Our team is skilled at meeting tight deadlines without compromising quality.
- **Safety:** All personnel are trained in safety protocols to ensure a safe working environment.
- **Quality Assurance:** We implement strict quality control measures to ensure that all work meets the City of Hialeah's standards and specifications.

### **Previous Experience**

Basile USA, LLC has successfully completed similar projects for municipalities

throughout Florida, including:

- **Drainage Improvement Projects** for City of Aventura and Town of Miami Lakes
- **Water Improvement Projects** for City of Hallandale and City of North Miami
- **Paving, Curb, and Sidewalk Repairs** for City of Hollywood, which improved pedestrian and vehicle access while meeting ADA compliance.

### Conclusion

Basile USA, LLC is fully prepared to allocate the necessary personnel, equipment, and materials to complete the work outlined under the Miami Dade County agreement.

As a licensed, bonded, and insured contractor, we ensure that our work will meet the highest industry standards, providing the County with confidence in the successful execution of this project.

We appreciate the opportunity to partner with Miami Dade County and look forward to delivering a successful project.

Sincerely,

---

**RE: CERTIFICATE OF QUALIFICATION**

The Department of Transportation has qualified your company for the type of work indicated below.

**FDOT APPROVED WORK CLASSES:**

DRAINAGE, Underground Utilities (Water & Sewer)

Unless notified otherwise, this Certificate of Qualification will expire **6/30/2026**.

In accordance with Section 337.14(1), Florida Statutes, an application for qualification must be filed within (4) months of the ending date of the applicant's audited annual financial statements.

If the company's maximum capacity has been revised, it may be accessed by logging into the Contractor Prequalification Application System via the following link:

**[HTTPS://fdotwpl.dot.state.fl.us/ContractorPreQualification](https://fdotwpl.dot.state.fl.us/ContractorPreQualification)**

Once logged in, select "View" for the most recently approved application, and then click the "Manage" and "Application Summary" tabs.

The company may apply for a Revised Certificate of Qualification at any time prior to the expiration date of this certificate according to Section 14-22.0041(3), Florida Administrative Code (F.A.C.), by accessing the most recently approved application as shown above and choosing "Update" instead of "View." If certification in additional classes of work is desired, documentation is needed to show that the company has performed such work.

All prequalified contractors are required by Section 14-22.006(3), F.A.C., to certify their work underway monthly in order to adjust maximum bidding capacity to available bidding capacity. You can find the link to this report at the website shown above.

Sincerely,

A handwritten signature in black ink that reads "James E. Taylor II". The signature is written in a cursive style.

James E. Taylor II, Prequalification Supervisor

To Whom It May Concern,

It is with great enthusiasm that I recommend Basile USA, LLC for any future drainage improvement or construction projects. Their exceptional performance on the Royal Lakes First Addition Drainage Improvement Project (ITB No. 2023-19) showcased their expertise, professionalism, and commitment to excellence.

### **Project Overview**

\*Project Name:\* Royal Lakes First Addition Drainage Improvement Project

\*Project Number:\* ITB No. 2023-19

\*Location:\* Miami Lakes

\*Owner:\* Town of Miami Lakes

\*Contract Value:\* \$1,791,121.93

### **Scope of Work**

Basile USA, LLC successfully executed the following tasks under a skilled workforce and state-of-the-art equipment:

- Installation of 2,898 linear feet of French Drain with 18" diameter pipe
- Installation of 2,178 linear feet of 18" solid pipe
- Asphalt and Milling work totaling 745 tons of SP 9.5 Superpave Asphalt
- Construction of 16 catch basins and 29 manholes
- Additional concrete work as required

### **Timely Execution**

One of the most impressive aspects of Basile USA, LLC's performance was their unwavering commitment to meeting deadlines. The project was completed on schedule, thanks to their exceptional time management and organizational skills. Their reliability and punctuality were truly remarkable, ensuring a smooth and efficient project delivery.

6601 Main Street Miami Lakes, FL. 33014

### **Cooperation and Adaptability**

Throughout the project, Basile USA, LLC demonstrated exceptional cooperation and flexibility. They seamlessly facilitated changes whenever required, showcasing their responsiveness and willingness to accommodate new requirements. Their proactive communication and collaborative approach significantly contributed to the project's success, fostering a positive working relationship with all stakeholders.

### **Quality Workmanship**

Basile USA, LLC's attention to detail and commitment to quality were evident in every aspect of their work. Their skilled workforce and adherence to industry best practices resulted in a drainage system that exceeded expectations. The project was completed with the highest standards of workmanship, ensuring long-lasting durability and functionality.

In conclusion, I wholeheartedly recommend Basile USA, LLC for any future drainage improvement or construction projects. Their expertise, professionalism, and dedication to excellence make them an outstanding choice. Should you require any further information or have additional questions, please do not hesitate to contact me.

Sincerely,

Anaily Padron, P.E.

Subject: Recommendation for Basile USA, LLC.  
IFB No. 27-21-22  
Proposed Water Main Improvement along NW 141<sup>st</sup> Street

Project Manager: Yadly St Fort  
Size of project: \$672,862.98

I am pleased to recommend Basile USA, LLC. an underground utilities company that has provided outstanding service to the City of North Miami. Basile USA furnished and installed a new eight inch water main along NW 141 Street, from NW 7<sup>th</sup> Avenue to NW 8<sup>th</sup> Avenue and in the alleyway from NW 138<sup>th</sup> Street to NW 141 Street.

Their consistent delivery of high-quality work, adherence to schedules, and commitment to excellence have made them a valuable partner in our infrastructure project. Although there were delays in the project, they were due to outside factors and Basile worked with the City and the Consultant to minimize the length of the delays. They were prompt to respond to any request by the City, and if a situation came up that needed extra accommodation from the crew, Basile did so without complaints or constraints.

Basile USA, LLC. has demonstrated exceptional professionalism and expertise. Their team approached the project with meticulous attention to detail, ensuring all tasks are completed to the highest standards. Basile USA, LLC. has shown the ability to work within budgetary constraints without compromising on quality.

I highly recommend Basile USA, LLC. for any underground utility work.

Sincerely,

*Yadly St Fort*

### Javier Molero

(645) 200-8009 | Weston, FL | [p2@basileusa.com](mailto:p2@basileusa.com) | <https://www.linkedin.com/in/jmolero/>

#### PROFESSIONAL SUMMARY

**Florida Licensed General Contractor (CGC) and Project Manager** with 20+ years of experience leading complex civil, underground utility, commercial, residential, and industrial construction projects. Proven track record delivering \$5M+ projects on time, within budget, and with strict compliance to safety and regulatory standards. Strong background in oil & gas EPC projects, concrete and structural work, drainage systems, heavy civil operations, and full project lifecycle management.

**Founder and President of ORBEK Construction**, integrating strategic planning, business development, cost control, and subcontractor management to drive sustainable growth. Highly skilled in project scheduling, estimating, contract administration, data-driven decision-making, and stakeholder coordination with municipal authorities, engineers, clients, and field teams.

Recognized for analytical strength, operational discipline, and leadership that builds high-performance teams. Bilingual (English – Spanish).

**Areas of Expertise:** *Underground Utility Construction | Drainage & HDPE Systems | Residential and Commercial Construction | Oil & Gas Plants | Business | Leader | Data Analytics | Analytical Skills | Qualitative & Quantitative Data Analysis | Strong Influential Skills | Business Growth | Curiosity | Self-motivated | Google Docs Sheets | Work Independently | Supervise Personnel | Innovation | Sales and Marketing | Strategy Development | Business and Technology Strategy | Multitask | MultiProjects | Planning Projects | Project Schedule | Budgeting | Billing | Insulation | Scaffold | Fireproofing | Waterproofing*

#### WORK HISTORY

**Basile USA** | Miami, FL

**Jul 2025 – Present**

##### Project Manager

*Project Manager for a leading General Contractor specializing in underground utilities, drainage systems, sewer/water infrastructure, and civil works throughout Miami-Dade, Broward, and Palm Beach counties.*

*Responsible for coordinating and delivering complex heavy civil projects under strict municipal, environmental, and safety standards.*

##### **Key Responsibilities & Achievements:**

- Managed municipal stormwater and drainage projects for the City of Dania Beach and the Village of Pinecrest, overseeing construction activities within public right-of-way (ROW), including RFIs, change orders, utility conflict resolution, schedule control, and cost tracking.
- Led a water and sewer underground utility infrastructure project in Miami, FL, coordinating the installation of water mains, sanitary sewer lines, valves, hydrants, manholes, and associated appurtenances, while resolving clearance and field conflicts with owners, inspectors, Engineers of Record (EORs), and utility companies.
- Managed the full project lifecycle, including planning, permitting coordination, field supervision, quality control, inspections, and project closeout for drainage, HDPE installations, water/sewer repairs, and roadway utility upgrades.
- Served as the primary point of contact between Public Works Departments, municipal engineers and inspectors, EORs, clients, subcontractors, utility providers, and internal field teams.

- Prepared and maintained comprehensive project documentation, including RFIs, daily logs, 2-week look-ahead schedules, Sunshine 811 / Exactix tickets, test reports, progress reports, as-built drawings, and pay applications.
- Led field coordination for deep excavations, storm drainage systems, HDPE installations, sanitary sewer lines, lateral repairs, manhole tie-ins, catch basin replacements, French drains, and complex underground utility conflicts.
- Coordinated utility locates, material procurement, inspections, and crew operations, supervising up to 10+ field personnel across multiple simultaneous work zones.
- Resolved complex utility conflicts and unforeseen site conditions while maintaining schedule continuity, budget control, and uninterrupted site operations.
- Conducted risk assessments, site walk-throughs, safety monitoring, and emergency response planning to ensure full OSHA compliance and zero jobsite incidents.
- Tracked KPIs, quantities, production rates, and cost performance, providing regular executive-level reporting.
- Implemented digital workflow and reporting improvements using tools such as Contractor Foreman, increasing documentation accuracy, operational visibility, and reducing administrative delays.

### **Representative Projects**

- Municipal Drainage Project – SW 34th Terrace. Dania Beach, FL
- Municipal Drainage Project – C-100DN-1W PH 1. Pinecrest, FL
- Water & Sewer and Utilities Infrastructure Project – 244 NW 34th Terrace. Miami, FL.

### **Core Competencies:**

- ✓ Underground Utility Construction
- ✓ Drainage & HDPE Systems
- ✓ Project Scheduling (2-Week Look Ahead)
- ✓ Sunshine 811 / Exactix
- ✓ Budget Management & Cost Control
- ✓ OSHA Safety Compliance
- ✓ Heavy Civil Field Coordination
- ✓ Municipal Regulations (Miami-Dade, Broward, Palm Beach)

*Lead a Florida-based General Contracting firm specializing in Divisions 03 (Concrete), 05 (Metals), 09 (Finishes), and 10 (Specialties), integrating over 25 years of field experience with modern project management practices to deliver high-quality commercial and residential construction projects.*

**Key Responsibilities & Achievements:**

- Direct the full lifecycle of multiple construction projects—from preconstruction to closeout—ensuring compliance with Florida Building Code, client specifications, and OSHA safety standards.
- Oversee estimating, cost analysis, scheduling, and procurement, maintaining on-time and on-budget project delivery.
- Manage subcontractor procurement, W-9/1099 compliance, contract negotiations, and performance tracking for all trade partners.
- Lead quality control inspections, safety coordination, and site supervision to ensure consistent craftsmanship and zero lost-time incidents.
- Develop proposals, RFIs, pay applications, change orders, and all client-facing documentation for Div. 03, 05, 09, and 10 scopes.
- Strengthen client relationships through transparency, responsiveness, and high reliability—supporting repeat business and strategic growth.
- Administer all operational and administrative aspects of the company, including corporate compliance, insurance, licensing, branding, and financial controls.

**Divisional Expertise:**

- Division 03 – Concrete: Structural/architectural concrete, foundations, slabs, beams, columns, masonry, stucco, plaster, epoxy floors.
- Division 05 – Metals: Metal fabrications, stairs, handrails, decking, louvers, ornamental metals.
- Division 09 – Finishes: Drywall, painting, ceilings, tile, flooring, waterproofing, wall systems.
- Division 10 – Specialties: Toilet partitions, accessories, signage, lockers, visual display boards, fire cabinets, access flooring.

**CAB Constructions | Hialeah, FL**

**March 2023 – June 2025**

Project Manager

*CAB Constructions is a leader in residential and commercial construction, specializing in apartment and house projects with full-scope MEP (mechanical, electrical, plumbing) management—from planning to final inspections by city building authorities. We ensure compliance, efficiency, and high-quality execution at every stage.*

*Additionally, we provide premium high-end bathroom accessories and toilet partitions, offering clients a concierge-level experience for luxury renovations.*

*Vision: Transforming client needs into durable, high-standard structures through precision and expertise.*

As the Project Manager at CAB, I drive construction excellence in South Florida, consistently delivering tangible results:

- Successfully managed \$5 million in construction projects, ensuring they were completed on time and within budget.
- Led a team of 5+ professionals and 5+ subcontractors, optimizing resource allocation and project efficiency.
- Achieved a 50% improvement in project timelines by implementing streamlined scheduling and effective resource management.
- Reduced project costs by 20% through meticulous budget oversight, cost control, and strategic procurement.
- Ensured top-tier safety standards, resulting in zero lost-time incidents and full compliance with state and federal regulations.
- Spearheaded quality control measures, achieving a 50% increase in client satisfaction scores.
- Effectively managed project scope changes, resulting in \$1.5 million in additional revenue and satisfied clients.
- Orchestrated the successful closure of 10 projects, securing warranty documentation and ensuring client satisfaction.

**Party U Rentals | Miami, FL**

**2022 – February 2023**

Operations Manager

*The company offers consulting services to manage your private event, including all equipment necessary for Wedding, Corporate, and Holiday events.*

- Engaged with potential clients weekly to propose solutions for their private events, generate quotes, and close new businesses, including more than 25 orders weekly. The average event cost is between \$500 and \$10,000.
- Led the preparation and distribution of all orders leading a team of five direct employees and between 25 and 40 indirect employees.
- Designed and implemented reports to analyze necessary data on product features and client trends to improve team efficiency, profit and reduce errors.

Operations Manager (On site and Remote)

A company dedicated to designing custom-made websites related to the sports industry, including monetary transactions related to their business.

- Supervised and monitored all employees' activities, including engineers, computer technicians, and customer service representatives. More than 30 full-time employees.
- Increased the customer book of business by acquiring new customers like "LoMaximoenDeportes.com" and "Superjugadas.me" "Megajudas.net" by building solid relationships with key industry leaders.
- Increased sales by more than 30% yearly. I started with seven direct and 50 indirect clients, ending with 45 and 750 indirect clients.
- Analyzed financial and operational data to generate visually pleasing and stand-alone presentations and confidently present to senior and executive leaders. \$2 million in yearly revenue.
- Designed and Implemented programs to evaluate and report on product feature impact to improve customers' experience.
- Partnered with product managers, product analysts, engineers, and business verticals across the company to gather insights and help make decisions on what products, services, and features we build.

**EMPRESAS NORTE SUR C.A. | Venezuela**

**2005 – 2008**

Construction Projects Manager

EPC company focus on construction projects for refinery complex for PDVSA.

- Participated in the reconstruction and commissioning of Module C of the Compressor Plant TJ4, including quantitative and qualitative research, primary engineer process, procurement, and construction. Increasing the production by 80% after completing the project in 18 months.
- Completed the Fire Fighting System of the TJ3 Compressor Plant, installing heavy equipment and new protocol techniques that allow zero labor incidents.
- Participated in the completion of a lot of industrial projects. The main ones are the following:

1. Automation of 10 Natural Flow Wells
2. Modification of the Fire Fighting System of the TJ3 Compressor Plant
3. Reconditioning and Adaptation of Multiple Crude Oil EF 1-9
4. Adequacy of la Flow Station LL-83
5. Operational Maintenance of Production Facilities. Tia Juana. PDVSA West

6. Operational Maintenance of Steam Plants. Tia Juana. PDVSA West
7. Bgripper for PLC HPW84RR19.
8. Automation of Splicing Platform P-15-1 U.E.
9. Optimization of the gas control system of the collection and distribution systems of UEPE Phase II Package IV
10. Adaptation of the Fire Fighting System PDT H7-Cabimas

- Performed in these areas in each one of the projects: estimating, scheduling, budgeting/cost control, field safety/insurance.

**PANTERSA.** | Venezuela

**1997 – 2005**

Project Engineer

*EPC company focus on construction projects for refinery complex for PDVSA.*

- Completed the First Fertilizer Project, including painting, scaffolding, fireproofing, heat and acoustic insulation of equipment and pipes of the Fertinitro Plant located in the eastern region of Venezuela. More than 500 employees produce more than 1.5 tons of Urea every year.
- Participated in the Hamaca Downstream Insulation and Scaffolding Offsite areas 05, 40, and 90 projects. More than 800 people were involved in this significant project, allowing the construction of the most important extra heavy crude upgrade refinery plant in Venezuela.
- Participated in the construction and commissioning of the improvements to the oxychlorination process at the MVC II plant in Zulia, Venezuela.
- Managed constructions progress Schedule, Master Cost Breakdown, Purchase order agreements, insurance certificates in all these projects giving always green numbers to the company.

**CONTRACT**

THIS CONTRACT, made and entered into on the \_\_\_ day of \_\_\_\_\_, 20\_\_\_, by and between Miami-Dade County, Florida, acting by and through the Office of the Mayor, party of the first part (hereinafter sometimes called the "County"), and Basile USA LLC, party of the second part (hereinafter sometimes called "Contractor");

## W I T N E S S E T H

That the parties hereto, for and in consideration of the covenants and agreements hereinafter set forth, mutually agree as follows, to wit:

1. That the Contractor shall furnish all labor, materials and equipment and perform all work in the manner and form provided by the Contract Documents covering the Project of the County known and identified as

**Furnish and Install 8-Inch D.I.P. Water Mains Within Snapper Creek Townhouses at 11200 SW 71 Street, Contract No. W-16135**

for the aggregate amount reflected by the Proposal, said aggregate amount being of **Seven Million Eight Hundred Seventy-Three Thousand Three Hundred Forty-Nine Dollars and Eighteen Cents (U.S. Dollars) \$7,873,349.18.**

2. That the Contractor shall begin the work to be performed under this Contract on a day to be specified in a written order issued by the Engineer and shall fully complete all work hereunder within the time or times stated in the Proposal.

3. That the County shall pay to the Contractor for the faithful performance of this Contract, in lawful money of the United States, and subject to additions and deductions as provided in the Contract Documents, the total amount of the Proposal as set forth above at the times and in a manner stated in the General Contract Conditions of the Contract Documents.

4. It is further mutually agreed that if at any time after the execution of this Contract, Surety Performance and Payment Bond, the County shall deem the surety upon such bonds to be unsatisfactory, or if for any reason such bond shall become inadequate to cover the performance of the work, the Contractor shall at its own expense, within five (5) days after the receipt of notice from the County to do so, furnish an additional bond or bonds in such form and amount and with such surety or sureties as shall be satisfactory to the County. In such event, no further payment to the Contractor shall be deemed to be due under this Contract until such new or additional security shall have been furnished in a manner and form satisfactory to the County.

5. The "Contract Documents" are hereby defined as the Advertisement for Bids, Questionnaire, Instruction to Bidders, Proposal, Certified Resolution for Proposal and Bid Form, Bid Bond, all forms submitted pre and post award, including, without limitation, Miami-Dade County Vendor Affidavits Form, Sworn Statement – Public Entity Crimes, Clearinghouse Affidavit, Job Order Request form, and the Small Business Enterprise Programs Participation Provisions and Forms (if applicable), this Contract, Certified Resolution for Contract and Performance and Payment Bond, Performance and Payment Bond, Standard Construction General Contract Conditions, revised August 1, 2023, the Technical Specifications, Plans and Drawings designated in the specifications, all Technical Appendices, all Addenda, Water & Sewer Department Special

## CONTRACT

Provisions, Change Orders to the Contract, Notice to Proceed, Referenced Codes and Standards, Warranties and Guarantees, all related correspondence, field notes, logs, and other documents.

The Standard Construction General Contract Conditions of said Contract Documents are incorporated herein by reference and made a part hereof as though fully set forth herein. The Contract Documents are complementary, so that a recital in one is tantamount to a recital in all, and the Contractor specifically acknowledges that it has read and understands all of said Contract Documents.

6. The various indemnities of the Contractor contained in the Contract Documents indemnifying the County from liability for damages to persons or property caused by acts, omissions, or defaults in the performance of the Contract Documents shall have a monetary limitation of the larger of the following: \$1,000,000.00, or the entire amount of the Contract.

7. The County retains the right to audit any and all information regarding this Contract as described in the Standard Construction General Contract Conditions, Article 12 G (Miscellaneous Provisions – Audit Rights)

8. Notwithstanding and prevailing over any other provision of the Contract Documents to the contrary, the County Mayor or his designee, may exercise the provisions of Section 2-8.2.12 (4)(d) and (e) of the Code of Miami-Dade County. Any change orders or amendments shall not exceed 10 percent of the base contract price in cumulative percentage amount; provided however, that the foregoing limitation shall not apply to any change order or amendment related to emergency actions impacting remediation, public safety, health requirements or recovery from natural disaster and the foregoing change orders and amendments shall require ratification by the Board; provided further that the County Mayor or his designee may reduce in any amount the scope and compensation payable under this Contract and grant compensable and non-compensable time extensions thereunder. Pursuant to Section 2-8.2.12 (5), the Mayor or the Mayor's designee's award and execution of this Contract is subject to ratification by the Board of County Commissioners. If the Mayor or the Mayor's designee's action is not ratified, and such legislative action becomes final, this Contract shall be deemed terminated without further notice. In such event, the Contractor shall not be entitled to recovery of any lost profits or other consequential or indirect damages. However, the Contractor is eligible for payment for any work done prior to failure of the ratification, in accordance with General Contract Conditions Article on Termination for Convenience.

9. "Contract Execution Date" means the date of the last signature on this contract.

The balance of this page is intentionally left blank

**CONTRACT**

IN WITNESS WHEREOF, the parties hereto have executed this Contract in four (4) counterparts, each of which shall be deemed an original Contract, all as of the day and year first hereinbefore written.

RESOLUTION NO.                      R-386-26

RESOLUTION AWARDING CONTRACT NO. W-16135, FURNISH AND INSTALL 8-INCH D.I.P. WATER MAINS WITHIN SNAPPER CREEK TOWNHOUSES AT 11200 SW 71 STREET, TO BASILE USA LLC FOR A TOTAL CONTRACT AMOUNT OF \$7,873,349.18 AND A CONTRACT TERM OF 800 CALENDAR DAYS; AUTHORIZING THE COUNTY MAYOR OR COUNTY MAYOR'S DESIGNEE TO UTILIZE THE MIAMI-DADE WATER AND SEWER DEPARTMENT'S CONSENT DECREE AND CAPITAL IMPROVEMENT PROGRAMS ACCELERATION ORDINANCE, SECTION 2-8.2.12 OF THE CODE OF MIAMI-DADE COUNTY, FLORIDA, TO MANAGE CONTRACT NO. W-16135; AND AUTHORIZING THE COUNTY MAYOR OR COUNTY MAYOR'S DESIGNEE TO EXECUTE THE CONTRACT AND TO EXERCISE THE TERMINATION AND OTHER PROVISIONS CONTAINED THEREIN

**WHEREAS**, this Board desires to accomplish the purpose outlined in the accompanying memorandum, a copy of which is incorporated herein by reference,

**NOW, THEREFORE, BE IT RESOLVED BY THE BOARD OF COUNTY COMMISSIONERS OF MIAMI-DADE COUNTY, FLORIDA**, that this Board hereby awards Contract No. W-16135, Furnish and Install 8-inch D.I.P. Water Mains within Snapper Creek Townhouses at 11200 SW 71 Street, in substantially the form attached to the accompanying memorandum as Exhibit C, to Basile USA LLC for a total contract amount of \$7,873,349.18 and a total contract period of 800 calendar days. The Board also authorizes the County Mayor or County Mayor's designee: (1) to use the Miami-Dade Water and Sewer Department's Consent Decree and Capital Improvement Programs Acceleration Ordinance, section 2-8.2.12 of the Code

of Miami-Dade County, Florida, to manage the Contract; (2) to execute the Contract for and on behalf of the County; and (3) to exercise the termination and other provisions contained within the Contract.

The Prime Sponsor of the foregoing resolution is Commissioner **Anthony Rodriguez** . It was offered by Commissioner **Marleine Bastien** , who moved its adoption. The motion was seconded by Commissioner **Vicki L. Lopez** and upon being put to a vote, the vote was as follows:

	Anthony Rodriguez, Chairman	<b>aye</b>	
	Kionne L. McGhee, Vice Chairman	<b>aye</b>	
Marleine Bastien	<b>aye</b>	Juan Carlos Bermudez	<b>aye</b>
Sen. René García	<b>aye</b>	Oliver G. Gilbert, III	<b>aye</b>
Roberto J. Gonzalez	<b>absent</b>	Keon Hardemon	<b>aye</b>
Danielle Cohen Higgins	<b>aye</b>	Vicki L. Lopez	<b>aye</b>
Natalie Milian Orbis	<b>aye</b>	Raquel A. Regalado	<b>aye</b>
Micky Steinberg	<b>aye</b>		

The Chairperson thereupon declared this resolution duly passed and adopted this 5<sup>th</sup> day of May, 2026. This resolution shall become effective upon the earlier of (1) 10 days after the date of its adoption unless vetoed by the County Mayor, and if vetoed, shall become effective only upon an override by this Board, or (2) approval by the County Mayor of this resolution and the filing of this approval with the Clerk of the Board.
