Subject: Resolution Ratifying Vendors Added to Prequalification Pools During the Period Covering
July 1, 2025 through December 31, 2025

Agenda Item No. 8(P)(8)

Resolution No. R-395-26

Summary

This item is a bi-annual report presented for ratification pursuant to Resolution No. R-395-12, which was adopted on May 12, 2012, by the Board of County Commissioners (Board). The report captures the addition of 129 vendors to the prequalification pools between July 1, 2025, and December 31, 2025, including 58 vendors with local offices, of which 29 are certified Small Business Enterprise (SBE) firms.

Open prequalification pools are established to allow qualified vendors to participate in future spot market competitions for specified goods and services, as needs are identified by County departments. Open pools are advantageous in that additional vendors meeting the minimum qualification requirements, as specified in a solicitation, can be added at any time during the pool term. This provides ongoing opportunities to vendors interested in participating in the County's competitive procurement process. It is also an efficient and cost-effective means of contracting that reduces administrative work for staff and vendors wishing to participate in County contracts. Prequalification pools can provide enhanced competition and improved pricing for the County, as well as reduce the time needed for the procurement of goods and services, allowing the County to operate at the speed of business. To encourage participation, outreach events are held on an ongoing basis to inform vendors about pool opportunities and the benefits of becoming prequalified.

Recommendation

It is recommended that the Board ratify the actions of the County Mayor or County Mayor's designee in the addition of vendors to various active open prequalification pools. This item is being presented to the Board in accordance with Resolution No. R-395-12, which requires that a report of vendors added to open pools be provided to the Board for bi-annual ratification.

The attachment to this item shows that 129 vendors were added to various prequalification pools during the referenced timeframe. Additionally, as was requested by various Board members, the attachment includes contract number and title, the SBE Program certification designation where applicable, vendor name, local office validation where applicable, and date the vendor was added to the pool during the reporting period. The purchase orders issued to pool vendors can be viewed on the [Pools Dashboard](#).

Scope

The scope of this item is countywide.
