From: Daniella Levine Cava

Subject: Fiscal Impact and Social Equity Statement for the Amendment of the Ordinance No. 94-151 relating to the Oak Forest Stationary Security Guard Special Taxing District; in accordance with the provisions of Chapter 18 of the Code to allow the use of license plate readers or other updated visitor management technology to document visitor vehicles entering and exiting the special taxing district

This ordinance amends Ordinance 94-151, to modify the existing scope of services intended to enhance public safety, improve operational efficiency, and support accurate documentation of vehicles entering and exiting the Oak Forest Stationary Security Guard Special Taxing District. The ordinance recognizes the evolving security needs of residential communities and the importance of utilizing updated technology to assist in monitoring access, preserving district records, and supporting law enforcement when necessary.

The amended Ordinance authorizes the use of license plate recognition systems, surveillance technology, or other comparable means capable of documenting vehicle movements within guard districts. These tools are intended to ensure that all vehicles entering and exiting the district can be reliably recorded, thereby improving visitor management, enhancing accountability, and strengthening the overall security framework of the district.

Social Equity

The proposed Ordinance amends the Special Taxing District pursuant to Article 1, Section 1.01(A)(11) of the Miami-Dade County Home Rule Charter and Chapter 18 of the Code. If approved, property owners within the Special Taxing District will continue to pay special assessments based on the special benefit received from the district's services, regardless of demographics, and the total estimated amount of the assessments to be levied will not exceed the value of those special benefits.

Implementation of a license plate reader or other visitor management technology would only occur upon request by the resident property owners of the district and subsequent approval through a community survey. The survey is distributed to the community by mail, and the majority vote prevails.

Fiscal Impact

Amendment of this Special Taxing District will result in a fiscal impact only to the residents within the district. Funding for special taxing districts is derived from assessments levied on properties within the district and collected through the annual Combined Real Property Tax Bill. The proposed amendment will have no fiscal impact on the County's budget, will not increase or decrease County staffing, and will not generate additional operational expenses.

The boundaries are shown on the attached plan entitled "Oak Forest Stationary Security Guard Special Taxing District" and hereinafter referred to as Exhibit "A."

2. DESCRIPTION OF THE SERVICE TO BE PROVIDED

The service as specified by the petition will be a visible safety and sentinel security program, initially to consist of unarmed uniformed guards continuously operating from two guardhouses; one located on N.E. 21st Avenue approximately 100 feet north of N.E. 199th Street and one on N.E. 201st Street approximately 300 feet west of N.E. 24th Avenue. The following entrances to the community will be closed to vehicular traffic by barricades at: N.E. 20th Court, 21st Court, 22nd Avenue, 23rd Avenue, north of 199th Street; and 202nd Street east of Highland Lakes Boulevard. The guardhouses, gates, and barricades will be capital improvement items of this district.

The guard service will be provided 24 hours per day, 365 days a year. The service level will be reviewed with the district's homeowners association prior to renewal or reletting of a service contract as an integral part of this district's budget process. This service will be provided by a duly licensed and bonded State of Florida approved security service company or off-duty police officers. The service, as

administered by the Dade County Public Works Department, will commence at the earliest practicable time following the creation and establishment of the district by the Dade County Board of County Commissioners and said creation ratified by the electorate at the required subsequent referendum.

3. ESTIMATED COST FOR THIS SERVICE

The request made by the petitioners is for a continual unarmed security service as indicated in Section 2 of this report.

The cost estimates are based upon bids recently received from security service companies by the Dade County Public Works Department. For this report, an estimated hourly rate of \$11.00 was used for the stationary guards multiplied by the annual number of hours of service for a total of \$193,000. In addition to the cost for the security service, a capital improvement outlay of \$277,000 is required for the construction of two guardhouses, gates, road reconstruction, and installation of barricades as shown on the Exhibit "A." The capital improvement costs also include the cost to extend water mains and install fire hydrants as requested by the Metro-Dade Fire and Rescue Department.

The cost to provide utility and gate maintenance is estimated to be \$7,400 annually. It will also be necessary for the County to recover the engineering and contract administration costs incurred to establish and maintain the district as provided by Chapter 18 of the Code. This is estimated to be \$20,000 the first year and \$10,000 annually thereafter. Also, it will be necessary for the County to charge the district a fee for handling the billing, advertising, collecting, and processing the monthly invoices to the security service company. This cost, including contingencies, is estimated to be \$54,600 the first year and \$11,600 annually thereafter. Therefore, the first year total cost is estimated to be \$552,000 and the second year total cost is estimated to be \$222,000. The succeeding year's costs will be determined on an annual basis.

4. PROCEDURE

Prior to commencement of service, the County Manager on behalf of Dade County will enter into a contractual agreement with the security service company, wherein it is agreed that Dade County will pay

to the security service company, in equal monthly payments, one twelfth of the annual cost now estimated to be \$193,000 or approximately \$16,100 per month.

Each property owner in the district will pay the County, by special assessment on a unit basis, a proportionate share of the total annual cost. The cost will be shown as an itemized portion of the annual ad valorem tax bill.

5. CONFORMITY TO THE MASTER PLAN OF DADE COUNTY

The proposed improvement conforms to and in no way conflicts with the Comprehensive Development Master Plan of Dade County. (Memorandum from Planning Department is attached.)

6. RECOMMENDATION CONCERNING THE DESIRABILITY OF THIS IMPROVEMENT

The proposed security program is desirable as evidenced by the property owners' petition. The 1993 net property valuation of \$26,354,000 based on the 1993 Dade County Real Estate Property Cards, is a good indication that the affected property is able to support such assessments as may be required. In my opinion, the proposed improvement will provide special benefits to properties within the district exceeding the amount of special assessments to be levied.

7. ESTIMATE OF ASSESSMENT AGAINST BENEFITTED PROPERTY

The combined estimated annual cost for the security service and other expenses as estimated and indicated in Section 3 is \$552,000 the first year and \$222,000 the second year, with succeeding years' costs determined annually. The cost is to be paid for by special assessment against benefitted properties and is to be apportioned to individual properties within the boundaries of the district on a unit basis. The cost per unit to be assessed for this service is estimated as follows:

UNIT FACTORS

<u>Item</u>	<u>First Year</u>	<u>Second Year</u>
Number of developed lots or parcels assessed as 1 unit x 147	147	147
Vacant/underdeveloped lots or parcels assessed as 1/2 unit x 2	<u>1</u>	<u>1*</u>
Unit Total	148	148

*To be reviewed annually.

Advertising, Billing, Collecting, Processing & Election Cost	4,600	1,600
Utilities & Maintenance Expenses	7,400	7,400
Contingencies	<u>50,000</u>	<u>10,000</u>

These costs are based on a preliminary estimate of 148 units and will be adjusted from actual experience.

8. RECOMMENDATION

It is my recommendation that the referendum required by Chapter 18 of the Code be conducted by the Dade County Elections Department using a mailed ballot. Upon approval by the Board of County Commissioners, the Elections Department will send a summary of the report on this district, a copy of which is attached, to each registered voter living within the district. Upon adoption of the ordinance creating this special taxing district, and the Board of County Commissioners approval of the resolution requiring a referendum to ratify the Board's decision, it is also recommended that the Board adopt as the next agenda item, the district's Preliminary Special Assessment Roll Resolution. Adoption of this resolution will enable Dade County to reimburse its departments for funds advanced as well as providing funds for payment to the security service provider. In the event actual costs are lower than the costs estimated in the ordinance, the Director of the Public Works Department or his designee shall adjust and decrease the unit rate of assessment necessary to provide adequate revenue to cover these expenses. In the event actual costs are higher than the costs estimated in the ordinance, the County Manager shall cause to be prepared a revised preliminary assessment roll and file the same with the Clerk of the Board for a scheduled public hearing to adopt the revised assessment roll. The provisions of the ordinance shall take effect subsequent to confirmation after the public hearing as provided by Chapter 18, Section 3 of the Code of Metropolitan Dade County, Florida and thirty-one (31) days following the filing of the ordinance with the Clerk of the Circuit Court. My office will also be available to answer any questions from the public or from your office in regard to the financial and/or engineering facts of this district. We further recommend that the County Manager sign the attached report to the Board of County Commissioners after you have reviewed this report and concur with our findings.

MEMORANDUM

TO: Armando Vidal, P.E.
Acting Director
Public Works Department

FROM: Guillermo Olmedillo, Director
Planning Department

DATE: June 28, 1994

SUBJECT: Oak Forest Stationary
Security Guard Special
Taxing District

SECTION: 33-51-42

DISTRICT: No. 4

Staff has reviewed the request for establishing a stationary security guard special taxing district in the Oak Forest area, and found the proposal to be consistent with the goals and objectives of the Adopted Comprehensive Development Master Plan. However, staff has concerns with the restriction of a stationary security guard house located within the public right-of-way.

The life-safety concerns regarding neighborhood accessibility and potential increased travel time by the Police and Fire Departments responding to emergency calls has been addressed by the Intracostal District Commander-Metro-Dade Police Department in a letter dated December 10, 1993; and Metro-Dade Fire Department memorandum dated June 14, 1994, (copies attached) have been found to be acceptable.

By agreement, upon creation of the Security District, both the School District and Solid Waste Department will be notified whereby respective routes of each may be changed or modified. Further, it is the recommendation of staff to review the location of the proposed guard house and barricade locations to minimize their impact on the surrounding residences.
