From: Daniella Levine Cava

Subject: Fiscal Impact and Social Equity Statement for the Amendment of the Ordinance No. 95-77 relating to the Enchanted Lake Security Guard Special Taxing District; in accordance with the provisions of Chapter 18 of the Code to allow the use of license plate readers or other updated visitor management technology to document visitor vehicles entering and exiting the special taxing district

This ordinance amends Ordinance 95-77, to modify the existing scope of services intended to enhance public safety, improve operational efficiency, and support accurate documentation of vehicles entering and exiting the Enchanted Lake Security Guard Special Taxing District. The ordinance recognizes the evolving security needs of residential communities and the importance of utilizing updated technology to assist in monitoring access, preserving district records, and supporting law enforcement when necessary.

The amended Ordinance authorizes the use of license plate recognition systems, surveillance technology, or other comparable means capable of documenting vehicle movements within guard districts. These tools are intended to ensure that all vehicles entering and exiting the district can be reliably recorded, thereby improving visitor management, enhancing accountability, and strengthening the overall security framework of the district.

Social Equity

The proposed Ordinance amends the Special Taxing District pursuant to Article 1, Section 1.01(A)(11) of the Miami-Dade County Home Rule Charter and Chapter 18 of the Code. If approved, property owners within the Special Taxing District will continue to pay special assessments based on the special benefit received from the district's services, regardless of demographics, and the total estimated amount of the assessments to be levied will not exceed the value of those special benefits.

Implementation of a license plate reader or other visitor management technology would only occur upon request by the resident property owners of the district and subsequent approval through a community survey. The survey is distributed to the community by mail, and the majority vote prevails.

Fiscal Impact

Amendment of this Special Taxing District will result in a fiscal impact only to the residents within the district. Funding for special taxing districts is derived from assessments levied on properties within the district and collected through the annual Combined Real Property Tax Bill. The proposed amendment will have no fiscal impact on the County's budget, will not increase or decrease County staffing, and will not generate additional operational expenses.

ECONOMIC/FISCAL IMPACT ANALYSIS

The economic impact on the County's budget will be from the advancement of funds by several County Departments. Advancement of funds will result from various departments' expenditure of labor and materials necessary to engineer and administrate the creation of the district. All district costs incurred will be reimbursed to each department after the Board's adoption of the preliminary assessment roll, ratification of the district by the registered voters within the district limits and collection of the assessments from the affected property owners November 1995 annual tax bill.

The economic impact on the private sector will be a perpetual annual special assessment for the cost of security guard service to all property owners within the district.

The creation of this and future security guard districts will require the addition of one guard supervisor. The cost will be borne by the districts serviced by this additional employee. The private sector may increase their staffing levels to provide the service requirements created by this special taxing district.

	<u>First Year</u>	<u>Second and Succeeding Years</u>
Estimated Total District Cost:	\$413,000	\$221,000
Method of Apportionment:	Unit	

Sample Assessments:

Cost Per Developed Lot Assessed as 1 Unit:	\$2,065.00	\$1,105.00
Cost Per Vacant / Underdeveloped Lot Assessed as .5 Unit:	\$1,032.50	\$552.50

The sample assessments selected and shown above are representative annual assessments of developed and vacant / underdeveloped lots within this district.

State or Federal grants are not applicable to this special taxing district.

Each security guard special taxing district is unique due to its geographical boundaries, affected property owners, and level of services to be provided. Therefore, a previously approved ordinance could not be used, and only a new ordinance will satisfy the requirements of Chapter 18 of the Code.

As required by the provisions of Chapter 18-3 of the Code, I have reviewed the facts submitted by the Public Works Director and concur with his recommendation that this district be created if approved by the referendum required subsequent to this public hearing.

2. DESCRIPTION AND LOCATION OF THE SERVICE TO BE PROVIDED

The service as specified by the petition will be a visible safety and sentinel security program, provided by either a private security guard company or off-duty police officers operating from two (2) guardhouses. The first guardhouse will be located on N.E. 192nd Street, east of N.E. 22nd Avenue and the second guardhouse will be located on N.E. 23rd Avenue, south of N.E. 199 Street.

The following roads will be permanently closed and will not allow vehicular access into the district: N.E. 197th Street at N.E. 22nd Avenue, and N.E. 24th Avenue at N.E. 199th Street. The reconstruction of N.E. 192nd Street and N.E. 23rd Avenue, construction of the two (2) guardhouses, installation of gates, and all barricades will be capital improvement items of this district. Service will be provided 24 hours per day, 365 days a year. The service level will be reviewed with the District's homeowners association Board prior to renewal or reletting of a service contract as it is an integral part of this district's budget process. In the absence of a bona fide homeowners association, notification will be sent informing the district property owners of Dade County selection of a service provider.

This service will be provided by a duly licensed and bonded State of Florida approved security service company. The service, as administered by the Dade County Public Works Department, will commence at the earliest practicable time following the creation and establishment of the district by the Dade County Board of County Commissioners and said creation ratified by the electorate at the required subsequent referendum.

3. ESTIMATED COST FOR THIS SERVICE

The request made by the petitioners is for a continual unarmed security service as indicated in Section 2 of this report.

The cost estimates are based upon bids recently received from security service companies by the Dade County Public Works Department. For this report, an estimated hourly rate of \$11.00 was used for the 2 stationary guards multiplied by the annual number of hours of guard service for an estimated total of \$193,000.

In addition to the cost for the security service, a capital outlay of \$142,000 is required for the reconstruction of N.E. 192nd Street, and N.E. 23rd Avenue, construction of two (2) guardhouses, installation of electronic gates, and barricading N.E. 197th Street at N.E. 22th Avenue and N.E. 24th Avenue at N.E. 199th Street. The cost to provide utilities and maintenance for the guardhouses is estimated to be \$6,500 the first year and \$6,500 annually thereafter.

It will also be necessary for the County to recover the engineering and contract administrative costs incurred to establish and maintain the district as provided by Chapter 18 of the Code. This is estimated to be \$14,500 the first year and \$10,000 annually thereafter. Also, it will be necessary for the County to charge the district a fee for handling the billing, advertising, first year election cost, collecting the assessments, and processing the monthly invoices to the security service company. This cost is estimated to be \$3,400 the first year and \$1,000 annually thereafter. Additionally, contingency funds in the amount of \$53,600 the first year and \$10,500 each year thereafter are provided. Therefore, the first year total cost is estimated to be \$413,000 and the second year total cost is estimated to be \$221,000. The succeeding years costs will be determined on an annual basis.

4. PROCEDURE

Prior to commencement of service, the County Manager on behalf of Dade County will enter into a contractual agreement with the security service company, wherein it is agreed that Dade County will pay to the security service company, in monthly payments, approximately one twelfth of the

annual cost now estimated to be \$193,000 or approximately \$16,000 per month.

Each property owner in the district will pay the County, by special assessment on a unit basis, a proportionate share of the total annual cost. This cost will be shown as an itemized portion of the annual ad valorem tax bill.

5. CONFORMITY TO THE MASTER PLAN OF DADE COUNTY

The proposed improvement conforms to and in no way conflicts with the Comprehensive Development Master Plan for Dade County. (Memorandum from Planning Department is attached.)

6. RECOMMENDATION CONCERNING THE DESIRABILITY OF THIS IMPROVEMENT

The proposed security program is desirable as evidenced by the property owners' petition. The 1994 net property valuation within the district (\$26,623,531), is a good indication that the affected property is able to pay such assessments as may be required and, in my opinion, the proposed improvement will provide special benefits to properties within the district exceeding the amount of special assessments to be levied.

7. ESTIMATE OF ASSESSMENT AGAINST BENEFITTED PROPERTY

The combined estimated annual cost for the security service and other expenses as estimated and indicated in Section 3 is \$413,000 the first year and \$221,000 the second year, with succeeding years' costs determined annually. The cost is to be paid for by special assessment against benefitted properties and is to be apportioned to individual properties within the boundaries of the district on a unit basis. The cost per unit and fraction thereof to be assessed for this service is estimated as follows:

UNITS FACTORS

<u>Item</u>	<u>First Year</u>	<u>Second Year</u>

8. RECOMMENDATION

It is my recommendation that the referendum required by Chapter 18 of the Code be conducted by the Dade County Elections Department using a mailed ballot. Upon approval by the County Commissioners, the Elections Department will send a summary of the report on this district, a copy of which is attached, to each registered voter living within the district. Upon adoption of the ordinance creating this special taxing district, and the Board of County Commissioners approval of the resolution requiring a referendum to ratify the Board's decision, it is also recommended that the

Board adopt as the next agenda item, the Enchanted Lake Security Guard Special Taxing District Preliminary Assessment Roll Resolution. Adoption of this resolution will enable Dade County to reimburse its departments the funds advanced for engineering and/or administration to create this district. My office will also be available to answer any questions from the public or from your office in regard to the financial and/or engineering facts of this district. We further recommend that the County Manager sign the attached report to the Board of County Commissioners after he has reviewed this report and concur with our findings.

FROM:  Guillermo Olmedillo, Director

SECTION: 4-52-42
DISTRICT: No. 4

Staff has reviewed the request for establishing a stationary security guard special taxing district for Enchanted Lake, and found the proposal to be consistent with the goals and objectives of the Adopted Comprehensive Development Master Plan. However, staff has concerns with the restriction of a stationary security guard structure located within the public right-of-way.

The life safety concerns regarding neighborhood accessibility and potential increased travel time by the Police and Fire Departments for emergency calls has been addressed by the respective departments and have been found to be acceptable (memorandums attached).

Creation of the Security District will require that School and Solid Waste Departments be notified where by respective routes of each may be changed or modified. Further, it is the recommendation of staff to review the location of the proposed guard houses and barricades to minimize their impact on the surrounding residences.
