Agenda Item No. 8(P)(9)

Resolution No. R-492-26

Subject: Request to Waive Competitive Bidding Procedures for Additional Expenditure
Authority to Multiple Contracts for Golf Products

Executive Summary

This item requests waiving of competitive bidding procedures to provide additional expenditure authority for Parks, Recreation, and Open Spaces Department (PROS) to continue purchasing golf equipment and apparel for resale that meet customer demands for golf-related merchandise and apparel at various County golf courses. This action will allow for continued direct purchases from manufacturers, resulting in reduced fulfillment time to replenish product inventory, lower prices for patrons, and greater opportunities for revenue generation in golf pro shops. PROS has generated \$755,620 in revenue through the sale of products like golf balls, hats, gloves and golf shoes, from these contracts. Additional allocation is needed due to a substantial surge in golfing merchandise demand. Sales from previous fiscal years have shown annual growth of 30%, and the current fiscal year is already 18% ahead of projections as patrons are specifically seeking out name-brand gear. Pursuant to my WISE305 initiative, staff explored options for securing the best pricing and the ability to replenish inventory quickly to meet customer demands. It was determined that continuing to purchase these items directly from the manufacturers streamlines the procurement process, ensures efficiency, and reduces costs.

Recommendation

It is recommended that the Board of County Commissioners (Board) waive competitive bidding procedures pursuant to Section 5.03(D) of the Home Rule Charter and Section 2-8.1(b)(1) of the Miami-Dade County Code (Code), by a two-thirds vote of the Board members present, and authorize additional expenditure authority for the following contracts:

- *Contract No. BW-10425, Wilson Sports Goods Golf Products*, established under delegated authority on November 1, 2024, for a three-year term in the amount of \$180,000. PROS is requesting \$240,000 in additional expenditure authority.
- *Contract No. BW-10440, Cleveland Golf Products*, established under delegated authority on August 15, 2024, for a three-year term in the amount of \$180,000. PROS is requesting \$140,000 in additional expenditure authority.
- *Contract No. BW-10443, Acushnet Golf Products*, established under delegated authority on December 1, 2024, for a three-year term in the amount of \$240,000. PROS is requesting \$460,000 in additional expenditure authority.

Background

These bid waiver contracts were established in 2024 under delegated authority to provide PROS with options to purchase high demand golf products, such as balls, hats, men's and women's apparel, gloves, and shoes, directly from the manufacturers. Prior to the establishment of these contracts, golf merchandise was procured via spot market competitions under Prequalification Pool RTQ-00892, Parks Items for Resale. While this process encouraged competition, prices were typically higher than the manufacturer's suggested retail price and order fulfillment took an extended period of time. These higher prices discouraged patrons from making purchases in PROS shops. The lengthy fulfillment time

impacted replenishment of inventory and created gaps in product availability, limiting PROS' ability to consistently meet demand.

The direct purchases from the manufacturers with greater availability and for lower prices have resulted in better inventory management at a lower cost and greater opportunities for revenue generation in the golf pro shops. To date, PROS has generated \$755,620 in revenue through the sale of products like golf balls, hats, gloves and golf shoes, from these contracts. Additional allocation is being requested to support the department's need to keep up with a substantial surge in golfing merchandise demand. Sales from previous fiscal years have shown 30% annual growth and the current fiscal year is already 18% ahead of projection as patrons are specifically requesting the name-brand gear.

Approval of bid waivers in lieu of a competitive process is requested as purchasing directly from the manufacturers has resulted in savings, greater revenue, and better inventory management. Market research conducted revealed that although various retail operations sell golf merchandise, many companies that purchase these products are only permitted to resell them within their own retail locations and are prohibited from selling them to other entities for retail purposes. Accordingly, it is in the County's best interest to modify these bid waiver contracts pursuant to Section 5.03(D) of the Home Rule Charter and Section 2-8.1(b)(1) of the Code and to continue providing golf products for resale.

Scope

The impact of this item is countywide in nature.

Delegated Authority

The County Mayor or the County Mayor's designee will have the authority to exercise all provisions of the contracts, including any cancellation and extensions, pursuant to Section 2-8.1 of the County Code and Implementing Order 3-38.

Fiscal Impact/Funding Source

Contract No. BW-10425 expires on October 31, 2027, and has a current allocation of \$180,000. If this request is approved, the contract will have a modified cumulative allocation of \$420,000. *Contract No. BW-10440* expires on August 31, 2027, and has a current allocation of \$180,000. If this request is approved, the contract will have a modified cumulative allocation of \$320,000. *Contract No. BW-10443* expires on November 30, 2027, and has a current allocation of \$240,000. If this request is approved, the contract will have a modified cumulative allocation of \$700,000.

The requested increase in expenditure authority is based on actual year-to-date sales results, historical purchasing patterns, current inventory turnover, and projected demand for the remainder of the contracts. The amounts were derived from a review of purchase orders, an analysis of revenue growth compared to initial forecasts, and an estimate of the funding required to maintain inventory levels and meet seasonal and event-driven demand through the contract terms. As the products purchased from these contracts will be sold at County golf courses, it is anticipated that there will a net positive fiscal impact to the County.
