

Rebuild Florida CDBG - Mitigation Critical Facilities Hardening Program Application
Official Project Title
Miami-Dade Police Department Headquarters Hardening Project

Applicant Information			
Official Applicant Entity Name:	Miami-Dade County	FEIN #:	59-6000573
Primary Project Contact Name:	Daniel T. Wall	DUNS #:	131910254
Title:	Assistant Director	E-mail:	Daniel.Wall@miamidade.gov
Mailing Address:	111 NW 1st Street, 22nd Floor		Phone Number:
City:	Miami	State:	Florida
		Zip Code:	33128
Please list co-applicant entities if any:	Contact Person:	E-mail Address:	
N/A			

Project Description	
Write an overview/summary, not to exceed 2,500 words, of the project being proposed. 1) State the project purpose and include a description of the critical facility to be hardened. 2) Specify the risk(s) that will be mitigated by completion of this project. 3) Describe how the work will be completed and the team that will be responsible. 4) Explain the method used to determine project funding requirements. 5) Describe anticipated outcomes. 6) Describe how the facility will be maintained after it is hardened.	
Insert Attachment:	Please title doc: EntityNamePD_CFHP

Community Value	
Describe, in 1,500 words or less, the critical facility's value to the community in normal circumstances and in times of natural disasters. Which of the seven community lifelines will be served by completion of this project? How does this project enhance community resilience? Does the facility have any cultural or historical significance? Attach a maximum of ten photographs that provide both interior and exterior views.	
Insert Attachment:	Please title zip folder: EntityNameCV_CFHP

Capacity Plan		
Provide a strategic plan overview of 1,500 words or less that addresses goals, stakeholders, the work plan, (major tasks and deliverables), resources (staffing and budget) and monitoring/quality controls. Identify the staff members who will be responsible and/or positions that will be filled for CFHP project management and maintenance. Provide a short profile on each person on your current staff who perform project-related tasks and a position description for any new hires who will be assigned to project responsibilities. Have any project contractors been identified? If so, briefly describe your selection process.		
Insert Attachment:	<input type="text"/>	Please title doc: EntityNameCP_CFHP

Implementation Plan		
Prepare a chronological timeline for the entire life of the project that organizes work into logical, manageable tasks and deliverables. The Implementation Plan Template has been provided in Appendix D of the CFHP Guidelines.		
Insert Attachment:	<input type="text"/>	Please rename template: EntityNameIP_CFHP

Budget		
Include your project budget using the Budget Template found in Appendix E in the CFHP Guidelines. Ensure your budget is reasonable, appropriate and accurate. Are the budgeted items consistent with the project description and tasks? Does the amount requested fall within the CFHP applicant's allowable minimum (\$50,000) and maximum (\$15,000,000)? Ensure there is no duplication of benefits.		
Insert Attachment:	<input type="text"/>	Please rename template: EntityNameBudget_CFHP
Is there any duplication of benefits?	Yes: <input type="checkbox"/>	No: <input checked="" type="checkbox"/>
All funds identified for use on your project must be fully disclosed and detailed to ensure budget accuracy and no duplication of benefits.		
Do you anticipate receiving any funds for this project that will not be supplied by the CDBG-MIT program? If yes, detail the anticipated or committed funds in the Leveraged Dollars section.	Yes: <input type="checkbox"/>	No: <input checked="" type="checkbox"/>

Leveraged Dollars

If your project involves the qualified use of matching or leveraged funds or services in any capacity, (see Part 4.6 in the CFHP Guidelines) then describe the specifics of leveraged fund/service usage. Answer: 1) Are there local or other funds available to address the proposed project in whole or in part? If yes, report all sources of funding and the amount available. 2) Disclose sources and uses of non CDBG-MIT funds. 3) What other federal, state and/ or local entities have you contacted concerning funding for the proposed project and what were the results? Put "N/A" if this section is not applicable to your project.

N/A

County Selection

Select each county that your project benefits. DEO will use this information to assess MID, social vulnerability, rural and fiscally-constrained areas. Only counties eligible for CDBG-MIT funds are listed below.

- | | | | |
|------------------------------------|---------------------------------------|-------------------------------------|------------------------------------|
| <input type="checkbox"/> Alachua | <input type="checkbox"/> Flagler | <input type="checkbox"/> Levy | <input type="checkbox"/> Polk |
| <input type="checkbox"/> Baker | <input type="checkbox"/> Gilchrist | <input type="checkbox"/> Manatee | <input type="checkbox"/> Putnam |
| <input type="checkbox"/> Bradford | <input type="checkbox"/> Glades | <input type="checkbox"/> Marion | <input type="checkbox"/> Sarasota |

| <input type="checkbox"/> Duval | <input type="checkbox"/> Leon | <input type="checkbox"/> Pinellas | |

Overall LMI Benefit
Identify and list the Census Tract number followed by all LMI Block Groups your project benefits. Example: Tract: 200, Block group: 2, 3; Tract: 2902, Block group: 1, 3, 4, 5, etc.
See Attachment 1 for Overall LMI Benefit, with a list of the Census Tract numbers followed by all LMI Block Groups the Miami-Dade Police Department Headquarters Hardening Project will benefit, with the Project located in “Miami-Dade County Unincorporated Municipal Service Area (UMSA).”

Special Designations		
Does your project benefit an Area of Critical State Concern according to Florida Statutes 380.05?	Yes: <input type="checkbox"/>	No: <input checked="" type="checkbox"/>
What is the area of critical state concern?	Not Applicable	

Compliance		
According to 84 FR 45838 August 30, 2019 Section V.A.(18), “The State shall make reviews and audits, including on-site reviews of any subrecipients, designated public agencies, and local governments, as may be necessary or appropriate to meet the requirements of section 104(e)(2) of the HCDA, as amended, as modified by this notice. In the case of noncompliance with these requirements, the State shall take such actions as may be appropriate to prevent a continuance of the deficiency, mitigate any adverse effects or consequences, and prevent a recurrence. The State shall establish remedies for noncompliance by any designated subrecipients, public agencies, or local governments.”		
Can you certify to comply with state and federal register regulations as outlined in 84 FR 45838?	Yes: <input checked="" type="checkbox"/>	No: <input type="checkbox"/>

Maintenance Agreement

According to 84 FR 45838 August 30, 2019 Section V.A.2.a(10), "Each grantee must plan for the long-term operation and maintenance of infrastructure and public facility projects funded with CDBG-MIT funds. The grantee must describe in its action plan how it will fund long-term operation and maintenance for CDBG-MIT projects. Additionally, the grantee must describe any State or local resources that have been identified for the operation and maintenance costs of projects assisted with CDBG-MIT funds." As such, Federal Register expectations on maintenance for CDBG-MIT projects are expected to be maintained by each entity who proposes a CFHP project.

Can you certify that your entity will comply with state and subrecipient monitoring and maintenance requirements as outlined by 84 FR 45838?

Yes:

No:

**Sign and Date**

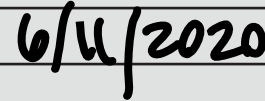

As the primary entity contact for this project, I certify that staff, contractors, vendors and community partners of our mitigation initiative:

- A. Will comply with all HUD and Florida requirements in the administration of the proposed CDBG-MIT funded activities;
- B. Will work in a cooperative manner to execute the Subrecipient Agreement that provides the pathway for successful CDBG-MIT program(s) and/or project(s) and;
- C. Certify that all information submitted in this Application is true and accurate

Miami-Dade Police Department Headquarters Hardening Project

Miami-Dade Police Fred Taylor Headquarters Building

Project Description

Overview

The Miami-Dade Police Department (MDPD) is the largest local law enforcement department in the southeastern United States and one of the ten largest in the nation, serving an ethnically and racially diverse community of an estimated 2.8 million residents.

The Fred Taylor Police Headquarters complex is the central hub of operations for the department. It was built in 1989 and currently has the original installed fenestration with many in need of replacement. The three-story building's exterior is comprised mostly of glass windows on all sides. This project is for the hardening and replacement of all the existing fenestration to provide storm protection to this vulnerable high-risk facility.

Purpose

The Fred Taylor Police Headquarters Building houses MDPD's Director, Assistant Directors, Division Chiefs, and most investigative and support services Majors, Bureau Commanders, and other Command Staff and professional/support staff. The Headquarters Building is also the primary operations center for the Central Records Bureau (including the public counter), Forensic Services Bureau Crime Laboratory, Crime Scene Investigations, Communications and Information Technology Services Bureau, Real-Time Crime Center, and various investigative and support entities. Many of the services provided by Headquarters provide services to, and are utilized by, MDPD and other local, state, and federal law enforcement partners, as well as the general public.

Risks

The proposed project will harden the building envelope by making all fenestration hurricane-resistant, mitigating any future hurricane damage. The proposed project will also harden the fenestration to Level II protection, mitigating any exterior damage to the law enforcement facility. The proposed project will ensure public safety during times of natural disasters.

Team

The design phase will be performed by a local design professional licensed in the State of Florida. The construction administration phase will be managed by in-house licensed construction professionals (curriculum vitae available upon request). Vendor/contractor selection and award will comply with established Miami-Dade County competitively-bid processes.

Funding

A site visit was conducted by a contracted architect, who subsequently provided a preliminary project cost estimate based on the scope of work requested. Actual final costs will be determined at the time bids are returned by vendors for evaluation.

Outcomes

The replacement of the existing fenestration will provide a structure that will offer storm protection for the occupants, law enforcement partners, guests, and the general public that work in and visit the facility daily.

Maintenance

Upon completion of the project, the Headquarters building will continue to undergo routine inspection and maintained by MDPD's Facilities Maintenance Section staff. The maintenance team assigned to the Headquarters Complex is comprised of nine maintenance technicians, repairers, laborers, and tradesmen who operate under the supervision of the Building Management Supervisor.

Miami-Dade Police Department Headquarters Hardening Project

Miami-Dade Police Fred Taylor Headquarters Building

Community Value

Miami-Dade County Police Department's Headquarters is a critical facility essential for the functionality of the community and houses operations that, if interrupted, will cause a negative impact. All MDPD Command Staff function out of Headquarters. During normal circumstances, and more so in the event of natural disasters, continuity of operations is essential for public safety. As the County Sheriff responsible for the needs of 2.8 million residents and 14 million annual visitors, disruption to Headquarters' services is tantamount to disastrous consequences. All of the critical data, documents, and resources contained in the building cannot be inaccessible for any amount of time. Headquarters hardening must be completed to mitigate risks attributable to natural disasters.

This project addresses FEMA's objectives-based response that prioritizes the rapid stabilization of Community Lifelines after a disaster. Specifically, MDPD serves as the Safety and Security and Communications lifelines, which must be stabilized immediately to drive and impact other community lifelines for improved community disaster response.

This project enhances community resilience through a proactive preparedness activity, mitigating risks to Headquarters and MDPD response capacity, prior to another disaster. This will directly improve continuity of operations plans for Miami-Dade County and the EOC and compiling and distributing disaster kits and resources. Knowing that First Responders are ready and equipped with the resources they need to save lives in a disaster will be invaluable to all members of the community in a time of urgent need.

Miami-Dade Police Department Headquarters Hardening Project

Miami-Dade Police Fred Taylor Headquarters Building

Capacity Plan

The Miami-Dade Police Department (MDPD) is the largest local law enforcement department in the southeastern United States and one of the ten largest in the nation, serving a diverse community of an estimated 2.8 million residents.

The proposed project will harden MDPD's Fred Taylor Headquarters Building, its central hub of operations, by making all fenestration hurricane-resistant, mitigating any future hurricane damage. The proposed project will also harden the fenestration to Level II protection, mitigating any exterior damage to the law enforcement facility. The project will involve the removal, replacement, and weatherproofing of vulnerable fenestration on all sides of the three-story building.

Major tasks to be completed include architecture and engineering design, vendor solicitation and contract award, and construction (to include removal, replacement, and weatherproofing of fenestration). This request is for project completion with \$12,500,000.00 of Florida Department of Economic Opportunity "Rebuild Florida Critical Facility Hardening Program" funds.

The Project Manager will coordinate and oversee all phases of project implementation, in coordination with the MDPD's Grant Manager and Capital Coordinator.

Under the oversight of the Project Manager, local contractors, consultants, and inspectors will work to ensure proper construction and replacement of the building's fenestration. The Grant Manager will ensure procurement follows Federal Register and grantor requirements, ensures schedules and budget requirements are maintained, assists with procurement, closeout, and reporting the grant.

- Capital Coordinator: manages capital improvement projects
- Project Manager & MDPD Construction Team: evaluate existing condition of current area to determine best construction solution
- Manufacturer: provides customized engineering and manufacturing.
- Engineering Consultant(s): provides engineering services for each project(s)
- General Contractor(s): installers and provides construction services
- Miami-Dade Regulatory and Economic Resources Department (Building Department): ensures construction adheres to Miami-Dade County building codes and requirements
- Grant Manager: ensures procurement is in compliance with Federal Register and grantor requirements; ensures schedules and budget requirements are maintained; and assists with procurement, closeout, and reporting of contracts and grants.

Miami-Dade County hosts the location of the MDPD Fred Taylor Headquarters Building and therefore executes the grant award.

- Execute grant award (Miami-Dade County)
- Solicit competitive quotes/bids (Project Manager and Grants Manager)
- Select a contractor (Project Manager)
- Award the contract for the construction (Project Manager)
- Monitor compliance with the Florida Department of Economic Opportunity "Rebuild Florida Critical Facility Hardening Program" requirements (Grants Manager)

MDPD's Project Manager is a Construction Manager 3 with over 30 years of experience with Miami-Dade County, and has successfully overseen the construction of numerous multi-million dollar projects for the County and MDPD, including Disaster Recovery CDBG and FEMA projects. Current staff will manage the implementation of the project tasks and compliance with grant requirements. Upon grant award and execution, the Project Manager and Grants Manager will follow established County procurement competitive bid process to engage a contractor to undertake the construction of the project. This process will include all required federal and state requirements for construction contracts.

Proposal # Estimate

Miami Dade Police Station
9105 NW 25th Street
Doral, FL 33172
Miami Dade County-Owner
Insight Design - Architect
TBD- General Contractor

We are pleased to offer the following proposal for the supply and installation of our **Slimpact®** Frameless Impact Ballistics Window Wall and Glass Entry Door System for the above noted project. We have provided an itemized breakdown of the scopes by area below for your review and approval, based on drawings provided, dated and emailed 3/19/20.

PROJECT TOTAL:	32,000	SF	Total Estimated Openings		
	=22,000	SF	Store Front		
	= 5,000	SF	Punched Casement		
	= 5,000	SF	Glass Block Protection		
				Value Sub Total:	\$10,900,000
= Unknown Contingencies				Value Sub Total:	\$900,000
= Demolition Allowance by Others				Value Sub Total:	\$600,000
= Lifts / Finishes/ Miscellaneous				Value Sub Total:	<u>\$100,000</u>
				GRAND TOTAL:	<u>\$ 12,500,000</u>

SUMMARY BY ELEVATION:

SOUTH SIDE GLASS ONLY BY AREA: \$3,700,000
 =\$1,800,000 Store Front
 = \$700,000 Punched Casement
 = \$1,200,000 Glass Block Protection

NORTH SIDE GLASS ONLY BY AREA: \$3,800,000
 =\$3,400,000 Store Front
 = \$200,000 Punched Casement
 = \$200,000 Glass Block Protection

EAST SIDE GLASS ONLY BY AREA: \$1,800,000
 =\$1,400,000 Store Front
 = \$300,000 Punched Casement
 = \$100,000 Glass Block Protection

WEST SIDE GLASS ONLY BY AREA: \$1,900,000
 =\$500,000 Store Front
 = \$800,000 Punched Casement
 = \$600,000 Glass Block Protection

SUMMARY BY TYPE:

= \$7,100,000 STORE FRONT
= \$2,000,000 PUNCHED CASEMENT
= \$2,100,000 GLASS BLOCK PROTECTION

SUMMARY BY FLOOR*:

- = \$6,500,000 **GROUND FLOOR**
- = \$2,300,000 **SECOND FLOOR**
- = \$2,400,000 **THIRD FLOOR**

**Estimates for budget discussions only / not exact*

Price Includes:

- Design
- Engineering
- Materials
- Weather proofing of openings as per FGT submittal drawings
- Labor to install
- Applicable sales tax
- 1-year warranty

Price Excludes:

- Demolition or removal of existing systems
- Required structure for system attachment and opening preparation
- General contractor type scopes
- Electrical services or devices required for magnetic locks or automated operators
- Panic or egress hardware
- Permit or inspection fees
- Lifts or cranes
- Scopes, designs, and materials not listed

Payment Terms: (Terms to be structured as per Sales person directives)

- 20% Deposit
- 30% At drawing submittal
- 20% At stored materials
- 30% Balance due upon percentage of completed installation

Delivery:

- Please allow 14 weeks from field verification of dimensions or agreed upon opening sizes, and submittal drawings approval for installation.

Customer Provided Items:

- Architectural CAD files for elevation, plan view, and cross section window and door scopes being provided in this proposal.

I/WE understand and agree that any credit granted shall be paid promptly in accordance with the Payment Terms outlined herein, and in accordance with the attached Terms and Conditions.

I/WE understand that the credit grantor may add one and one half percent (1.5%) per month to any balance owed, and in default, to pay reasonable collection charges and/or attorney fees.

Payments made by credit cards will be subject to a 3.5% administrative fee. Please contact your sales representative for more information.

We appreciate the opportunity to bid on your project, and invite your early acceptance of this proposal.

Respectfully submitted,

By: **Jason T. Quimby**

Faour's Mirror Corp. dba Faour Glass Technologies
Florida Certified Specialty Contractor
Glass & Glazing Specialty
License # SCC131149769

Customer Signature: _____ Date: _____

Please Print Name: _____

Note: This proposal may be withdrawn by Faour Glass Technologies if not accepted within 30 days.

TERMS AND CONDITIONS

1. **Contract Documents.** The Contract Documents consist of this Proposal, Terms and Conditions, which shall supersede and govern over the terms and conditions of any other documents or agreements.
2. **Changes to the Work and Delay.** No alterations shall be made in the Work except by written Change Order signed by Faour Glass and Customer. No claim for damages or any claim other than for an extension of time shall be made or asserted against Faour Glass by reason of any delays.
3. **Inspection and Acceptance of the Work.** Customer agrees that after notice by Faour Glass of substantial completion of the work, the Customer shall generate a single and final punch list, which shall include any and all items requiring additional work or correction. After Faour Glass has completed the punch list, then the work shall be deemed completed and final payment shall be immediately due and payable.
4. **Taxes, Fines, Permits and Fees.** Unless otherwise noted on the face of this proposal, all taxes, fees, fines and permits shall be paid by Customer.
5. **Warranty and Limitation of Remedy.** Faour Glass warrants that all materials and equipment furnished under this Agreement will be new unless otherwise specified in writing and that all work will be of good quality, free from faults and defects and in conformance with the description of the Work and this Proposal. This warranty is given in lieu of all warranties whether implied or express Faour Glass shall not in any event be liable for any incidental, special, or consequential damages for breach of any express or implied warranty.
6. **Shop Drawings.** Faour Glass's Work is based on the drawings and dimensions furnished by Customer and any changes due to errors, omissions or changes in these drawings or dimensions shall be charged to Customer's account.
7. **Assignment.** Customer shall not subcontract, assign or transfer this Agreement or any part thereof, or any interest therein, without the prior written consent of Faour Glass.
8. **Dispute Resolution.** Should either party to this Agreement suffer injury or damage to personal property because of any act or omission of the other party or any of its employees, agents or others for whose acts it is legally liable, claims shall be made in writing to such other party within forty-eight (48) hours after the first observance of such injury or damage. Any dispute between the parties to this agreement shall be first resolved by negotiation. If not resolved by negotiation, then parties shall submit to mediation under the rules of the American Arbitration Association. If the dispute is not successfully mediated, then the dispute shall be resolved by final binding arbitration under the Construction Industry Rules of the American Arbitration Association. This Proposal shall be construed and interpreted under the laws of the State of Florida. Venue for any arbitration legal proceeding shall be in Hillsborough County, Florida.
9. **Amendment.** This Proposal may be amended only by written instrument signed by both Customer and Faour Glass.
10. **Force Majeure.** The time periods set forth in this Proposal are subject to force majeure, including but not limited to Faour Glass's performance being extended due to delays caused by acts outside Faour Glass's control, including without limitation, acts of God, inability to obtain or shortages of labor or materials for reasons outside Faour Glass's control, inclement weather, hurricanes, strikes or other delays in permitting or construction caused by matters over which the Faour Glass has no control. Further, if the delay is caused by catastrophic disaster, and the general shortage of materials causes an increase in prices beyond the control of Faour Glass or due to any delay by Customer, then Contractor shall have the right to increase the contract price by an amount equal to the actual increase in such costs.
11. **Severability.** If any provision contained in this Agreement is held by a court of competent jurisdiction to be unenforceable or invalid, such holding shall not affect any other provision of this Agreement, and the remainder of this Agreement shall remain in full force and effect.
12. **Effective Date.** The Proposal shall have an effective date of the date first written above.
