As a reminder, Ryan White Program Oral Health Care services are available to eligible HIV+ clients who have a gross household income that does not exceed 400% of the Federal Poverty Level Guidelines, and who permanently reside in Miami-Dade County. The Ryan White Program must be the payer of last resort.

Ryan White Program Part A-Program funded Oral Health Care services continue to be limited to \$6,500 per client per Ryan White Part A Program Fiscal Year (e.g., March 2019 through February 29, 2020). However, very limited exceptions to the annual cap may be approved by the County, with consultation from the Miami-Dade HIV/ADIS Partnership's Oral Health Care Subcommittee as needed, on a case-by-case basis for the provision of preventative Oral Health Care services only.

Reimbursement rates for Ryan White Part A Program-allowable dental procedures are as indicated on the attached formulary. These rates are flat fee, no multiplier.

This version of the Ryan White Program Oral Health Care Formulary for Miami-Dade County will not be posted on the Ryan White Program website. A new version for FY 2020 will be distributed and issued in March 2020 to reflect rate changes following a recent rate review and analysis.
