B. Purpose of the program:

- To meet the housing needs of the very low, low and moderate-income households;
- To expand production of and preserve affordable housing; and
- To further the housing element of the local government comprehensive plan specific to affordable housing.

C. Fiscal years covered by the Plan: 2025-2026, 2026-2027, 2027-2028

D. Governance: The SHIP Program is established in accordance with Section 420.907-9079, Florida Statutes and Chapter 67-37, Florida Administrative Code. Cities and Counties must be in compliance with these applicable statutes, rules and any additional requirements as established through the Legislative process.

E. Local Housing Partnership: The SHIP Program encourages building active partnerships between government, lending institutions, builders and developers, not-for-profit and community-based housing providers and service organizations, providers of professional services related to affordable housing, advocates for low-income persons, real estate professionals, persons or entities that can provide housing or support services and lead agencies of the local continuums of care.

Through the administration of the SHIP, Federal and local Documentary Surtax programs, Miami-Dade County (the County) partners with affordable housing developers to increase affordable housing stock. Special consideration is made for developers who incorporate sustainable, green initiatives within the design. The County has developed partnerships with area lenders to encourage lending to very-low, low-income and moderate-income homebuyers.

The County has contracted with several homebuyer counseling entities that provide pre-homebuyer counseling, budgeting, and money management services. The County encourages first-time homebuyers to complete an eight-hour certification counseling program through its funded homebuyer education and counseling agencies. Additionally, the County offers foreclosure prevention education that provides post-homebuyer counseling for new homeowners, through its contract with homebuyer counseling agencies. These programs can work in conjunction with lenders to purchase the loan in the event of default or in the alternative, bring homebuyers current in their outstanding debt. In that way, the County can protect its investment in the property, and perhaps restructure the loan to fit the homeowner's financial situation.

- F. Leveraging:** This Plan is intended to increase the availability of affordable residential units by combining local resources and cost saving measures into a local housing partnership and using public and private funds to reduce the cost of housing. SHIP funds may be leveraged with or used to supplement other Florida Housing Finance Corporation programs and to provide local matches to obtain federal housing grants or resources.

The County has developed partnerships with local lenders to leverage SHIP funds successfully. The County provides subordinate mortgage financing on behalf of the homebuyer that makes up the difference between what the banks lend and the property's purchase price. Participating lenders have also agreed to limit the cost of the loan to the homebuyer. The County meets regularly with lenders and their staff to keep them abreast of program guidelines and loan processes. In specific cases, the County will provide additional mortgages to supplement the loan as needed on a case-by-case basis.

Through extensive coordination with other community resources, local SHIP funds are highly leveraged to reduce the cost of housing. For example, first mortgage funding is provided by participating lenders, while SHIP funds are being utilized for subordinate mortgages or additional supplements with lower interest rates. This results in lower monthly payments with a combined lower interest rate. Also, local SHIP funds have been used in addition to local, state, and federal housing dollars for multi-family developments and for providing housing to persons with special needs and experiencing homelessness. Miami-Dade County may provide construction loans to CDC's and private developers with the goal of developing the affordable housing stock across Miami-Dade County. Moreover, SHIP loans are used to fund private developers with the goal of preserving and maintaining our existing affordable housing stock. These Loans are available for homeownership and rental projects, for the rehabilitation of the existing housing stock as well as new construction. The rate and term of each loan will vary in accordance with the funding source availability and the respective program restrictions.

- G. Public Input:** Public input is solicited through meetings with housing providers, social service providers, local lenders, and neighborhood associations. Public input is solicited through the local newspaper in the advertising of the Local Housing Assistance Plan and the Notice of Funding Availability.

Housing and Community Development solicits input for the development of the Local Housing Assistance Plan (LHAP) primarily through meetings with Private Developers, Community Development Corporation (CDC's), For Profit, Non-Profit Developers, realtors and participating lenders in ascertaining housing needs within the community. These agencies provide comments and make recommendations to Miami-Dade County on both programmatic and implementation issues and or improvements to develop an effective LHAP.

Pursuant to Ordinance 07-122, the Miami-Dade County Affordable Housing Advisory Board (AHAB) consists of fifteen (15) members. The composition of the voting members is required to be ethnically, racially, geographically, and gender balanced and is composed of the following members:

1. The Board of County Commissioners appoints thirteen (13) members.
 - a. One citizen actively engaged in the residential home building in connection with affordable housing, one citizen in the banking or mortgage banking industry in connection with affordable housing, one citizen in areas of labor actively engaged in home building in connection with affordable housing, one citizen who is actively engaged as an advocate for low-income persons in connection with affordable housing, one citizen who is actively engaged as a for-profit provider of affordable housing, one citizen who is actively engaged as a not-for-profit provider of affordable housing, one citizen who is actively engaged as a real estate professional in

connection with affordable housing, one citizen who actively serves on the local planning agency, one citizen who resides within the jurisdiction of the local governing body making the appointments, one citizen who represents employers within the jurisdiction, and one citizen who represents essential service personnel as defined in this LHAP.

- b. For the remaining two (2) member positions, the Board of County Commissioners may consider the appointment of a member from the construction industry, a local community development corporation, attorney, architect, engineer or planning professional.
2. The Mayor appoints one member who is a member of the construction industry, local community development corporation, attorney, architect, engineer, or planning professional.
3. The Overall Tenant Advisory Council (OTAC) appoints one of its members.

The AHAB is required to meet at least six (6) times during the county's fiscal year to provide developers and the public have an opportunity to address the Board with their concerns. The proposed LHAP was reviewed with the AHAB on January 27, 2025. In addition, the Housing Committee will hold a public hearing on the proposed LHAP where the public, as well as stakeholders, are encouraged to attend and will have the opportunity to speak. Thereafter, the Board of County Commissioners (BCC) will hold a public meeting for final action.

- H. Advertising and Outreach:** SHIP funding availability shall be advertised in a newspaper of general circulation and periodicals serving ethnic and diverse neighborhoods, at least 30 days before the beginning of the application period. If no funding is available due to a waiting list, no notice of funding availability is required.

Miami-Dade County will advertise fund(s) availability in area newspapers with general circulation, participate in public information programs and housing fairs, make information available on the County's website, and issue public service announcements to the print and broadcast media. To further announce the program's availability, the County distributes informational brochures to the public and through local community-based groups, lenders, and neighborhood organizations.

Public notice of the County's funding allocation for individuals and entities to participate in SHIP-funded programs is advertised in three (3) local newspapers, in multiple languages, and on the County's website thirty (30) days prior to the beginning of the application period.

- I. Waiting List/Priorities:** Once funding for an activity is exhausted, a waiting list will be established when there are eligible applicants for strategies that no longer have funding available. Those households on the waiting list will be notified of their status. Applicants will be maintained in an order that is consistent with the date and time completed applications were submitted, as well as any established funding priorities as described in this plan.

All owner-occupied rehabilitation applications are submitted by homeowners to the Community Action and Human Services Department (CAHSD) and placed on a waiting list on a first-qualified, first-served basis. When funds become available applicants are selected from the top of the waiting list. The waiting list is maintained by the date of the application submission. Each time a group of applications are selected from the waiting list, processing priority will be given to first Special Needs and then Elderly (age 62 or over) applicants, in accordance with F.S.420.907.

- J. Discrimination:** In accordance with the provisions of ss.760.20-760.37, it is unlawful to discriminate on the basis of race, color, religion, sex, national origin, age, handicap, or marital status in the award application

process for eligible housing.

- K. Support Services and Counseling:** Support services are available from various sources. Available support services may include but are not limited to: Homeownership Counseling (Pre and Post), Credit Counseling, Tenant Counseling, Foreclosure Counseling, and Transportation.

The County has contracted with several homebuyer counseling entities that provide pre and post homebuyer counseling, budgeting, and money management services. The County encourages homebuyers and distressed homeowners to attend these workshops.

- L. Purchase Price Limits:** The sales price or value of new or existing eligible housing may not exceed 90% of the average area purchase price in the statistical area in which the eligible housing is located. Such an average area purchase price may be calculated for any 12-month period beginning not earlier than the fourth calendar year prior to the year in which the award occurs. The sales price of new and existing units, which can be lower but may not exceed 90% of the average area purchase price established by the U.S. Treasury Department or as described above.

The methodology used is:

U.S. Treasury Department	X
Local HFA Numbers	

- M. Income Limits, Rent Limits and Affordability:** The Income and Rent Limits used in the SHIP Program are updated annually by the Department of Housing and Urban Development and posted at www.floridahousing.org.

"Affordable" means that monthly rents or mortgage payments including taxes and insurance do not exceed 30 percent of that amount which represents the percentage of the median annual gross income for the households as indicated in Sections 420.9071, F.S. However, it is not the intent to limit an individual household's ability to devote more than 30% of its income for housing, and housing for which a household devotes more than 30% of its income shall be deemed Affordable if the first institutional mortgage lender is satisfied that the household can afford mortgage payments in excess of the 30% benchmark and in the case of rental housing does not exceed those rental limits adjusted for bedroom size.

- N. Welfare Transition Program:** Should an eligible sponsor be used, a qualification system and selection criteria for applications for Awards to eligible sponsors shall be developed, which includes a description that demonstrates how eligible sponsors that employ personnel from the Welfare Transition Program will be given preference in the selection process.
- O. Monitoring and First Right of Refusal:** In the case of rental housing, the staff and any entity that has administrative authority for implementing the local housing assistance plan assisting rental developments shall annually monitor and determine tenant eligibility or, to the extent another governmental entity provides periodic monitoring and determination, a municipality, county or local housing financing authority may rely on such monitoring and determination of tenant eligibility. However, any loan or grant in the original amount of \$10,000 or less shall not be subject to these annual monitoring and determination of tenant eligibility requirements. Tenant eligibility will be monitored annually for no less than 15 years or the term of assistance whichever is longer unless as specified above. Eligible sponsors that offer rental housing for sale before 15 years or that have remaining mortgages funded under this program must give a first right of refusal to eligible

nonprofit organizations for purchase at the current market value for continued occupancy by eligible persons.

Miami-Dade County monitors Developers/Owners for both programmatic and project-related compliance. A Field Officer conducts an annual on-site visit to ensure that proper procedures, tenant files, and forms are in accordance with program requirements. In addition, a Housing Inspector will conduct an annual on-site inspection of the assisted units to ensure that they meet Housing Quality Standards (HQS) requirements.

During the monitoring visit, the Field Officer will verify that the maximum monthly rents and the utility allowances charges are consistent with the rental regulatory agreement and revisions thereof. In addition, during the affordability period, the Field Officer will monitor the tenant annual income for compliance with the number of units set aside for the very-low-, low- and moderate-income families as stated in the rental regulatory agreement.

Developers/Owners must conduct an annual on-site inspection for compliance with Federal HQS. Failure to maintain the property as per Federal HQS during the affordability period may result in the County declaring the Developer/Owner in default and calling the Note due and payable.

- P. Administrative Budget:** A line-item budget is attached as Exhibit A. Miami-Dade County finds that the monies deposited in the Local Housing Assistance Trust Fund are necessary to administer and implement the LHAP.

Section 420.9075 Florida Statute and Chapter 67-37, Florida Administrative Code, states: “A county or an eligible municipality may not exceed the 5 percent limitation on administrative costs, unless its governing body finds, by resolution, that 5 percent of the local housing distribution plus 5 percent of program income is insufficient to adequately pay the necessary costs of administering the local housing assistance plan.”

Section 420.9075 Florida Statute and Chapter 67-37, Florida Administrative Code, further states: “The cost of administering the program may not exceed 10 percent of the local housing distribution plus 5 percent of program income deposited into the trust fund, except that small counties, as defined in s. 120.52(19), and eligible municipalities receiving a local housing distribution of up to \$350,000 may use up to 10 percent of program income for administrative costs.” The applicable local jurisdiction has adopted the above findings in the resolution attached as Exhibit E.

- Q. Program Administration:** Administration of the LHAP will be performed by:

Entity	Duties	Admin. Fee Percentage
Miami-Dade County	All administrative duties	10%

- R. First-time Homebuyer Definition:** For any strategies designed for first-time homebuyers, the following definition will apply: An individual who has had no ownership in a principal residence during the 3-year period ending on the date of purchase of the property. This includes a spouse (if meets the above test, they are considered first-time homebuyers). A single parent who has only owned a home with a former spouse while married. An individual who is a displaced homemaker and has only owned with a spouse. An individual who has only owned a principal residence not permanently affixed to a permanent foundation in accordance with applicable regulations. An individual who has only owned a property that was not in compliance with state, local or model building codes and which cannot be brought into compliance for less than the cost of constructing a permanent structure.

- S. Project Delivery Costs:** In addition to the administrative costs listed above, the county will charge a reasonable delivery cost to cover inspections performed by non-county employees for rehabilitation projects. The fee will not exceed 2% of the contracted SHIP award and will be included in the amount of the recorded mortgage and note.
- T. Essential Service Personnel Definition (ESP):** Essential Service Personnel means teachers and educators, other school districts, community college, and university employees, police and fire personnel, health care personnel, and skilled building trades personnel.
- U. Describe efforts to incorporate Green Building and Energy Saving products and processes:** For proposed developments involving new construction units, regardless of the development category of the application, the applicant must commit that (i) each new construction unit in the proposed development is eligible for the energy star new homes (Florida standard) and will achieve a home energy rating system (HERS) index of 75 or below, and (ii) each new construction unit in the proposed development not eligible for the Energy Star new homes will include, at a minimum, the energy features outlined in Miami Dade County Green Code through Ordinance No. 07-65. The applicant will also adhere to all the requirements of said ordinance.
- V. Describe efforts to meet the 20% Special Needs set-aside:** The special needs category is a priority for Housing and Community Development (HCD). The Department may consult with the Community Action and Human Services Department (CAHSD) and the Homeless Trust for referrals for special needs, should the pool of applicants from HCD list fall short of the requirement. CAHSD provides an outreach program using referrals from supportive services agencies for elders and people with disabilities who may have difficulties finding housing that is safe, affordable, and permanent. HCD will continue to provide funding with rehabilitation and help homeowners to remain living independently in their own homes. The Homeownership Unit identifies disabled and special need applicants through its homeownership application process.
- W. Describe efforts to reduce homelessness:** The Miami-Dade County Homeless Trust is the designated Homeless Continuum of Care (CoC) lead agency and was created by the Miami-Dade Board of County Commissioners to oversee the use of their portion of the Food and Beverage Tax for Homeless activities and to establish and then implement policies based on the Miami-Dade County Community Homelessness Plan. The Plan implements a comprehensive CoC system to serve homeless people in Miami-Dade County and calls for the development of the following two stages of housing interventions:

A competitive process will be utilized to select builders/developers for participation in the program. Funds specified as set aside for Rental Housing Development for Homeless Persons can be applied toward either: 1) the development of a homeless-only housing development; or 2) the development of units set-aside to serve homeless persons within a mixed-use development, SHIP funds may also be utilized for rental subsidies using a Rapid Re-Housing Program model. Funds may be awarded to subrecipient to administer the Rapid Re-Housing Program utilizing SHIP funding. This may include utility deposits, security deposits, and rental assistance payments equal to no more than 24 months' rent. The proposed project must target the CoC's priority sub-populations for Rapid Re-Housing and adhere to the CoC's Coordinated Outreach, Assessment, and Placement (COAP) guidelines.

| <p>a. Summary: The demolition/reconstruction strategy is designed to assist owner-occupied residential properties where the cost to repair or reconstruct the home exceeds 75% of existing structure's assessed value and meets the Florida Building Code definition of an unsafe structure.</p> |

 - c. Income Categories to be served: Very low, low, and moderate
 - d. Maximum award: \$300,000

Default: Full repayment of the loan is required if title is transferred or conveyed for any reason, or the property ceases to be the primary residence of the applicant during the required occupancy period. In the event of default, which is defined as not meeting the occupancy, eligibility and/or ownership requirements, the County may foreclose to recover funds made available for assistance which is secured by a mortgage and note on the property. The loan becomes due at time of sale or refinance. In cases where the qualifying homeowner(s) die(s) during the loan term, the loan may be assumed by a SHIP eligible heir who will occupy the home as a primary residence. If the legal heir is not SHIP eligible or chooses not to occupy the home, the outstanding balance of the loan will be due and payable to the County.  - h. Additional Information: If the County has an inventory of existing homes for sale, the homeowner will be given the option to purchase one of the existing homes for the appraised value and sell the current

homestead property to the County as surplus property for the appraised value. The value of the current home will be a credit towards the purchase of the new home. The value of the existing home cannot exceed the value of the home to be purchased under the program. With this option, the County may provide temporary relocation from its inventory of existing housing, at no cost to the applicant, if available, while the home is being built. The owner who is moved to an existing housing unit will not be eligible for any additional relocation benefits and will be required to pay all utilities and moving expenses associated with the temporary relocation. If temporary relocation is deemed necessary, while the home is being repaired or rebuilt, the County will pay relocation costs in accordance with the County's Relocation Policy. Costs associated with the relocation will be included in the loan amount and are subject to the maximum award under this strategy.

E. Disaster Assistance	Code: 5
-------------------------------	----------------

<p>a. Summary: This strategy is to be utilized in the event of a declaration by Executive Order by the President of the United States or Governor of the State of Florida of a disaster. In an effort to maximize the effect of funds utilized for disaster recovery and mitigation, funds not contractually committed for rehabilitation, construction, design, homeownership purchase or other activity will be redirected to the post-disaster recovery and mitigation effort. This assistance is provided for owner-occupied properties that have homestead exemption, as gap assistance for any damage that insurance or FEMA does not cover.</p>
--

These funds will be used for the following activities:

 2. Interim repairs to avoid further damage, such as tree and debris removal required to make individual housing units habitable.
 3. Payment of insurance deductibles for rehabilitation of homes covered under homeowners' insurance policies.
 4. Removal of incipient hazards that may damage a structure.
 5. Relocation costs for displaced households.
 6. Jumpstart Assistance consists of:
 - a. Rehabilitation funds in absence of insurance for very low-income households or as gap funds are necessary.

6. Repayment: Loan is fully amortized over 30 years.

7. **Default/Recapture:** Default is defined as the failure to make required payments on a loan secured by a first mortgage which leads to foreclosure and/or loss of property ownership. In the event of default on the first mortgage, the Community Land Trust must notify Miami-Dade County whether it intends to exercise its right of repurchase. Default shall also occur if the buyer fails to occupy the home as a primary residence or if all owners have died.
- f. **Recipient Selection Criteria:** First qualified, first served after completion of HUD approved first-time homebuyer class that contains a community land trust component. The recipient must be able to show and attest to a clear understanding of the difference between fee simple homeownership and community land trust homeownership. Miami-Dade County will provide a certification for the client (applicant) to complete attesting to their understanding of the appropriate program.
- g. **Sponsor/Developer Selection Criteria:** Funds are awarded through the annual RFA process or other competitive process. The selection will be based on the following criteria: proof of developer experience in providing affordable rental housing, proof of financial capacity, evidence of site control, and proof of ability to proceed once all funding is closed.
- h. **Additional Information:** The Community Land Trust transfers title to the homebuyer but retains ownership of the land beneath the improvements. The CLT provides a 99-year ground lease for the use of the land to the homebuyer. The terms of the ground lease restrict the resale of the property to an income eligible household.

The CLT has a stewardship role that continues in perpetuity to ensure that the CLT home remains in the County's affordable housing stock. The monies provided to the community land trust homebuyer are used to write down the purchase price of the home. By taking the cost of the land out of the purchase price and by further writing down the purchase price in an amount equal to the SHIP funds provided by the County, the cost of the home is significantly reduced, creating an affordable opportunity for homeownership for the first family who purchases and for each family that purchases thereafter.

Vulnerable areas are areas where 51% or more of the population is considered low to moderate income households. Non-vulnerable areas are areas where 50% or less of the population is considered low to moderate income households.
