INTRODUCTION

The Miami-Dade County Department of Public Housing and Community Development (PHCD) administers Miami-Dade County's Community Development Block Grant (CDBG) Program. In this FY 2023 Request for Applications (RFA), PHCD is soliciting applications to fund activities with CDBG funds. This RFA is seeking applications to address high priority needs as stated in the 2020-2024 Consolidated Plan, Eligible Block Groups within the North, Central and South regions of Miami-Dade County and areas most susceptible to sea level rising, as designated on the Vulnerability Map. (See Attachment 1).

- Funds awarded from the United States Department of Housing and Urban Development (HUD) are allocated to not-for-profit community-based development organizations, community development corporations, community-based organizations, municipalities, and County departments to support activities that meet HUD national objectives to benefit Low-and-Moderate-Income (LMI) persons. CDBG defines a low- and moderate-income person as a member of a household whose income would qualify as "very low-income" under the Section 8 Housing Assistance Program. Generally, these Section 8 limits are based on 50% of Area Median Income (AMI). The Area Median Income for Miami-Dade County is \$68,300. For CDBG purposes moderate-income is defined as 80% of the Area Median Income.
- If awarded funding, the entire CDBG award amount will not be available to access immediately, but will be distributed proportionately (i.e., on a reimbursement basis) in accordance with each entity's project needs and budget during the contract period based on incurred costs with valid supporting documentation.
- Public Facilities and Capital Improvements and Special Economic Development programs not operated by PHCD are not eligible for funding in this RFA.
- Ordinance 14-26 requires contractors on construction projects over \$1 million, for public buildings, public works or projects on County owned lands, to submit a Responsible Contractor Affidavit; to provide the Office of Occupational Safety and Health Administration (OSHA) ten (10) hour safety program training to all persons employed by the contractor; and achieve an aspirational goal of 51 percent of the local workforce.

The following paragraphs describe the objectives and requirements of the CDBG program, the categories of activities that will be funded, and funding in this RFA.

DEFINITIONS

1. **Activity Delivery Costs (ADC):** ADC are those allowable costs incurred for implementing and carrying out eligible CDBG activities. All ADC are allocable to a CDBG activity, including direct and indirect costs integral to the delivery of the final CDBG-assisted activity.
2. **Audit Report:** When the requirements of 2 CFR Part 200 Subpart F apply, an audit shall be conducted for each fiscal year for which federal awards attributable to this Agreement have been received by the Awardee. Each audit shall include a fiscal review, which includes a validation of all program generated income and its disposition, especially attributable to CDBG funds, an internal control review, and a compliance review as described in 2 CFR Part 200. A copy of the audit report in triplicate must be received by PHCD no later than six months following the end of the Awardee's fiscal year.
3. **Credit Underwriting (CU):** An analytical process that determines the amount of financing necessary for completion of the construction and development of a project as indicated in a report prepared by a credit underwriter under the direction and oversight of PHCD. Credit underwriting will assist PHCD to determine the terms of financing, whether the project is financially feasible as represented in the application, and whether the costs and risks associated with the project are reasonable. (Developer will be responsible for the cost of this analysis; however, this is a reimbursable expense).
4. **Commission District Fund Process** – The Board of County Commissioners (BCC) are allocated a percentage of Community Development Block Grant funds to award. District Commissioner award funds through a non-competitive process in the Public Service Category, Economic Development or Public Facilities/Capital Improvements. The members of the BCC are encouraged to award funds through the RFA process but are not required to do so.

However, an entity defined as a CBDO is eligible to carry out new construction activities. The federal government constructs buildings, builds dams, and funds housing projects. Davis-Bacon and Related Acts, apply to contractors and subcontractors performing on federally funded or assisted contracts in excess of \$2,000 for the construction, alteration, or repair (including painting and decorating) of public buildings or public works. The Davis-Bacon Act applies to contractors and subcontractors performing work on federal or District of Columbia contracts.

The Developer shall ensure that its contractors and their subcontractors are classifying workers properly for Davis-Bacon and Internal Revenue Code purposes and that they maintain proper documentation to support worker classification. In reviewing certified payrolls, the County will be alert to anomalies, and in such cases will consult with federal agencies such as the Internal Revenue Service, Department of Labor, and the Department of Housing and Urban Development.

- An applicant may be disqualified from consideration for funding in this RFA based on poor performance or non-compliance on any other projects with PHCD.
- If during the application process or during the development of a contract, an entity associated with the project has been convicted of a criminal act (in connection with any County program), PHCD has the discretion to rule the project as being ineligible and any funds awarded and/or expended shall be recaptured.

If a tiebreaker is needed during scoring to determine project ranking, the first tiebreaker will include reviewing the entire the general section, with the higher score ranking higher. A second tiebreaker will include reviewing the vulnerability ranking of eligible block groups part of the general section, with the higher score ranking higher. If a third tiebreaker is needed, those projects in all categories that can show more leveraging, i.e., projects that match with non-County funds and require less total County funding per unit/activity, will be ranked higher. (b) The following activities cannot be assisted with CDBG funds unless authorized under provisions of § 570.203 or as otherwise specifically noted herein or when carried out by an entity under the provisions of § 570.204.

(1) *Purchase of equipment.* The purchase of equipment with CDBG funds is ineligible.

(i) *Construction equipment.* The purchase of construction equipment is ineligible, but compensation for the use of such equipment through leasing, depreciation, or use allowances pursuant to OMB Circulars A-21, A-87 or A-122 as applicable for an otherwise eligible activity is an eligible use of CDBG funds. However, the purchase of construction equipment for use as part of a solid waste disposal facility is eligible under § 570.201(c).

(ii) *Furnishings and personal property.* The purchase of equipment, fixtures, motor vehicles, furnishings, or other personal property that is not an integral structural fixture is ineligible.

(2) *Operating and maintenance expenses.* Any expense associated with repairing, operating or maintaining public facilities, improvements and services is ineligible. Specific exceptions to this rule are operating and maintenance expenses associated with public service activities, interim assistance, and office space for program staff employed in carrying out the CDBG program. For example, the use of CDBG funds to pay the allocable costs of operating and maintaining a facility used in providing a public service would be eligible under § 570.201(e), even if no other costs of providing such a service are assisted with such funds.

(3) *Income payments.* The general rule is that CDBG funds may not be used for income payments. For purposes of the CDBG program, "income payments" means a series of subsistence-type grant payments made to an individual or family for items such as food, clothing, housing (rent or mortgage), or utilities, but excludes emergency grant payments made over a period of up to three consecutive months to the provider of such items or services on behalf of an individual or family.

The eligibility of activities is governed by the CDBG regulations found at 24 CFR Part 570, including but not limited to, 24 CFR 570.201 – 207.

In addition to the above activities, Miami-Dade County will not accept RFA applications from third party consultants, Project Management, the Neighborhood Stabilization Program (NSP), Private Schools, and Special Economic Development Program aka PHCD administered loan program.

NATIONAL OBJECTIVES FOR CDBG APPLICATIONS

The primary objective of the CDBG program is to benefit low- and moderate-income (LMI) persons who earn at or below 80% of the AMI and/or reside in census block groups where at least 51% of the population is at low- and moderate-income levels, defined in Title 24, Code of Federal Regulations (CFR) 570.208(a). Without exception, federal regulations require that all CDBG program activities meet one of the national objectives listed below:

Low/Moderate Income Area Benefit (LMA) - An activity that benefits all residents in a particular residential area, where at least 51% of the residents are LMI persons.

Low/Moderate Limited Clientele (LMC) – Activities in this category provide benefits to a specific group of persons in an area, where at least 51% of the beneficiaries of an activity are LMI. HUD presumes that certain populations such as: elderly, severely disabled adults, homeless persons, illiterate adults, migrant farm workers, abused children, persons living with HIV/AIDS, or victims of domestic violence are low-income. However, this does not preclude other LMI populations from being deemed LMC that are not included in the list provided.

CDBG-funded activities for Public Service and Public Facilities and Capital Improvements categories must meet a CDBG national objective as either LMA or LMC activities. The distinguishing factor between the two objectives is whether the service will be offered to all residents of a particular LMI area or to a particular group of LMI residents in the entire community. The LMA National Objective allows the activity to be offered to all the residents of the service area provided the activity's defined area is populated by 51% or more low- to moderate-income residents. For example: utilizing CDBG funds for a local park. However, a LMC activity must serve a specific group which HUD presumes are LMI and at least 51% of the beneficiaries are LMI. (See LMC definition above).

- **Low/Moderate Income Job Creation or Retention (LMJ)** – Activities designed to create or retain jobs for LMI persons, at least 51% of which will be made available to or held by LMI persons. The jobs created must be retained for a minimum of one year. One full-time or two – part-time jobs must be created or retained for every \$35,000 awarded. The CDBG National Objective for Economic Development (ED) projects is Low-Mod Job creation or retention (LMJ). Without exception, federal regulations require all ED activities meet the National Objective of Job Creation/Retention.

Subsection 24 CFR 570.208 of the federal regulations provides a detailed description of the criteria to determine whether a CDBG-assisted activity complies with the national objectives stated above.

- **Low/Mod Income Housing (LMH)** - Activities that assist in the acquisition, construction or improvement of permanent residential structures may qualify as benefitting LMI persons only to the extent that the housing is occupied by a LMI household. This also includes activities directed towards homeownership and home beautification.

Subsection 24 CFR 570.208 of the federal regulations provides a detailed description of the criteria to determine whether a CDBG-assisted activity complies with the national objectives stated above.

MEETING A HUD NATIONAL OBJECTIVE IS A MINIMUM THRESHOLD, AND IF THE THRESHOLD IS NOT MET, THE APPLICATION WILL NOT BE SCORED. If an entity fails to meet a National Objective after they have been awarded funds, they must return the awarded funds to PHCD.

PROJECT RELATED COSTS

- Per Miami-Dade County regulations signs are required to be placed on all construction sites funded by PHCD. The applicant must include the cost of the signage as part of their development budget.
- Awardees are required to set aside 2-5% of the grant for the Davis-Bacon Compliance Review. Pursuant to the 1931 Davis Bacon Act contractors and sub-contractors performing on federally funded or assisted contracts, in excess of \$2,000, for the construction, alteration, or repair of public buildings or public works must have a Davis-Bacon wage determinations to certify that employees' wages are consistent, at the very least, with local prevailing wages and fringe benefits for corresponding work on similar projects in the area. The applicant will be required to incur the cost associated with Davis Bacon compliance.
- Pursuant to CFR Part 58 for certain construction projects the awardee will be responsible for advertisements in certain local newspapers to inform the public of the impending activity and other related costs which may include Part 58 mandates such as DERM and RER reviews.

This includes the lease of a facility, equipment, and other property needed for the Public Service. The CDBG regulations allow the use of grant funds for a wide range of Public Service activities. TECHNICAL ASSISTANCE TO SMALL BUSINESSES (ECONOMIC DEVELOPMENT)

The eligible activities, activity requirements, and evaluation/scoring criteria for Technical Assistance to Small Businesses under the Economic Development category are the same as those for Technical Assistance to Small Businesses under the Public Service category.

HOUSING – WATER AND SEWER CONNECTIONS ONLY

PHCD has made available up to \$250,000 in CDBG funds through this RFA for housing for Miami-Dade County departments, developers, owners, for-profit and non-profit entities, Community Land Trusts or participating jurisdictions. Funding under this category shall be limited to:

- Water and sewer connections for new construction and rehabilitation of single-family homes

The purpose for this category is to support activities which provide or improve permanent residential structures which, upon completion, will be occupied by low and moderate-income (LMI) households in Miami-Dade County. Eligible applicants, developers/owners constructing and or rehabilitating up to 4 affordable units for families whose income does not exceed 80% AMI, the sewer line must be accessible (i.e., within a reasonable distance of approximately 250 feet, and thus is not cost prohibitive).

Eligible applicants include Miami-Dade County departments and non-profit entities.

Nonprofit entities willing to recruit homeowners whose household income does not exceed 80% AMI, verify income eligibility and provide project management services to connect the homeowner to the sewer line.

National Objective

CDBG-funded Housing activities are typically categorized under the Low-Mod Housing. If a grantee wishes to qualify for housing rehabilitation, acquisition or construction activity under the Low-Mod Income (LMI) objective, the **housing national objective must be met**.

- Rehabilitation - Activities that provide or improve permanent residential structures can only qualify as benefitting LMI households under the **Housing** criteria of the LMI benefit national objective, which deals with the occupancy of units by LMI persons.
- In order to meet the housing LMI national objective, the income of the homeowner cannot exceed 80% of the area median income. When rental housing activities are carried out by a Community Development Financial Institution (CDFI) or as part of an approved Neighborhood Revitalization Strategy, multiple units may be aggregated for the purposes of meeting the LMI Benefit National Objective. If the structure contains two units, at least one unit must be LMI occupied. Rental buildings under common ownership and management that are located on the same or contiguous properties may be considered as a single structure.
- PHCD will fund developers engaged in the construction of single-family homes for water and sewer connections. The funds are to be utilized solely for water/sewer connections for low-moderate income families. The connections can be used for rehabilitated, or newly constructed units. However, the units must be owned and occupied by low- and moderate-income households.
- PHCD will fund not-for-profit organizations for the purpose of assisting homeowners with connecting to water and sewer. Neighborhoods experiencing vulnerability to regular septic tank failure will be prioritized for funding. The not-for-profit must market the program within the neighborhood and will be required to verify the income eligibility of the homeowners and provide project management services to connect the homeowner to the sewer line. The applicant should ensure that water and sewer connection fees, costs to vacate the septic tank (where applicable), and costs to hire a plumber/contractor are included in the activity budget.
- Applicants who make water/sewer connections in areas that are identified as most vulnerable per the Sea Level Rise/Flooding Vulnerability Map) will receive the maximum points allowed.

- All Contractors and subcontractors are required to register for the Elations Systems as part of the monitoring requirements for compliance with the Davis-Bacon Wage Rates, which includes submittals of Certified Payrolls. Elation Systems registration will also serve to monitor requirements for Section 3 compliance.

The purpose for this category is to support activities which provide or improve permanent residential structures which, upon completion, will be occupied by low and moderate-income (LMI) seniors in Miami-Dade County. The use of CDBG funds is generally prohibited for new construction. Except as indicated below.

Evaluation Criteria

Only applications meeting the minimum threshold requirements will be scored. Applicants that do not meet minimum threshold criteria **WILL NOT** be recommended to the BCC for funding.
