

CORONAVIRUS (COVID-19)

BENEFITS & COVERAGE UPDATES

The personal health of our members and their families is a top priority in our ongoing response to this evolving situation. Here is how AvMed is providing healthcare services and resources to our members to help address the spread and impact of the coronavirus.

TESTING

If it is determined that coronavirus testing is needed, AvMed will cover the test under the member's no cost-sharing preventive health benefit. Testing can also be obtained at your local Public Health Agency.

PRESCRIPTIONS

AvMed, in partnership with **CVS Health**, will also be waiving early refill limits on 30-day prescriptions for maintenance medications and providing home delivery of all prescription medications free of charge. A 90-day supply can be requested as part of your benefit any time of the year.

TELEHEALTH

Additionally, AvMed is reminding members to take advantage of their Virtual Visits benefit to access board-certified physicians conveniently from your computer or smartphone - - anytime, anywhere. Copays for all telehealth visits **will be waived**. **AvMed's Virtual Visits**, powered by MDLIVE, can be accessed 24/7/365 and help reduce the opportunities for disease transmission.

BEHAVIORAL HEALTH

During this time of heightened concern, AvMed is also encouraging members who need help managing their stress and anxiety about the COVID-19 outbreak to tap into your plan's behavioral health benefit through **Magellan Health** by calling 800-424-4810 or visiting magellanhealthcare.com/covid-19 for more information.

Should you have any questions or concerns, please reach out to the Member Engagement Center at the number listed on your AvMed Member ID Card.

Embrace better health.®
