

## **MIAMI-DADE COUNTY EMERGENCY ORDER 30-20**

WHEREAS, section 252.38(3)(a), Florida Statutes, gives authority to political subdivisions to declare and enact a State of Local Emergency for a period of up to seven days, thereby waiving the procedures and formalities otherwise required of the political subdivision by law; and

WHEREAS, on March 1, 2020, the Governor of Florida issued Executive Order Number 20-51, directing the State Health Officer and Surgeon General to declare a Public Health Emergency due to the discovery of coronavirus disease 2019 (COVID-19) in Florida; and

WHEREAS, on March 9, 2020, the Governor of Florida issued Executive Order Number 20-52, declaring a State of Emergency for the State of Florida related to COVID-19; and

WHEREAS, on March 12, 2020, the County Mayor declared a State of Local Emergency for all of Miami-Dade County; and

WHEREAS, on May 15, 2020, the County Mayor issued Emergency Order 23-20, which ordered the opening of certain retail and commercial establishments in accordance with the "The New Normal" Handbook; and

WHEREAS, in order to mitigate a surge in COVID-19 cases in Miami-Dade County, on July 2, 2020, the County Mayor issued Emergency Order 26-20 in order to close certain indoor spaces and outdoor spaces where groups of people congregated without physical distancing, with additional amendments on July 3, 2020, July 9, 2020, and August 5, 2020; and

WHEREAS, actions taken at the beginning of July to close certain establishments, impose a curfew, and expand the application of physical distancing and facial covering requirements served to mitigate the spread of COVID-19 and reduce the daily positivity rate and the number of people in hospitals, in ICU beds, and on ventilators; and

WHEREAS, on September 25, 2020, the Governor of Florida issued Executive Order Number 20-244, stating that economic harms resulting from COVID-19 closures have exacerbated the State of Emergency; and

WHEREAS, Executive Order Number 20-244 moves the State of Florida into Phase 3 of its reopening plan, requiring local governments to provide economic impact analysis on the restaurant industry and explanation of why limits are necessary for public health if the local government

intends to reduce capacity below 100 percent and requiring all other businesses to open as part of Phase 3; and

WHEREAS, the restaurant industry has experienced a 15 percent reduction in sales in March 2020, a 48 percent reduction in sales in April 2020, a 65 percent reduction in May 2020 and a 54 percent reduction in June 2020, as compared to January 2020 sales; and

WHEREAS, these losses are industry averages; and

WHEREAS, these losses reflect both government restrictions on restaurants and also customers who chose not patronize restaurants due to concerns about COVID-19; and

WHEREAS, the continuing restrictions in this Emergency Order with respect to distances between tables may prohibit some restaurants from operating at 100 percent capacity; and

WHEREAS, the limitations on group size at tables in this Emergency Order may prohibit some restaurants from operating at 100 percent capacity; and

WHEREAS, the impact of such restrictions, individually and collectively, could result in a continued loss of sales for such restaurants of 54 percent as compared to prior years, based on data through June of 2020; and

WHEREAS, transmission of COVID-19 happens when an infected person coughs, sneezes, or talks, and droplets from their mouth or nose are launched into the air and land in the mouths or noses of people nearby and then inhaled into the lungs; and

WHEREAS, recent studies, and the advice of the medical doctors consulted by the County, indicate that people who are infected with COVID-19, but do not have symptoms, likely also play a role in the spread of COVID-19, since people can spread the virus before they know they are sick; and

WHEREAS, persons sitting in a restaurant eating may be expelling virus, and it is necessary to take steps to ensure that restaurant customers do not inadvertently spread the virus; and

WHEREAS, the restriction below that tables must be six feet apart is necessary to ensure that restaurant customers do not inadvertently infect each other as they sit and eat; and

WHEREAS, the restriction below that limit six individuals per table is necessary to ensure that if an asymptomatic person is at a restaurant, that that individual can only potentially infect a limited number of people, as each person infected by COVID-19 may become a new source for the spread of the virus; and

WHEREAS, section 8B-7(2)(f) of the Code of Miami-Dade County ("Code") authorizes the County Mayor to order the closure of any commercial establishment; and

WHEREAS, sections 8B-7(2)(e) and (o) of the Code authorize the County Mayor to limit the movement of persons inside Miami-Dade County in order to safeguard life and health; and

WHEREAS, Executive Order Number 20-52 authorizes the County to respond to the still-existent COVID-19 emergency; and

WHEREAS, Section 252.46, Florida Statutes, authorizes the County to issue such orders and rules as are necessary for emergency management purposes;

WHEREAS, the safety and welfare of all the citizens of Miami-Dade County is paramount,
