

DANIELLA LEVINE CAVA  
MAYOR  
MIAMI-DADE COUNTY

April 7, 2021

Dear Miami-Dade County Adult Daycare/Senior Center Provider:

On Monday, April 5, 2021, I signed [Emergency Order 33-20](#) and published the [Miami-Dade County COVID Safety Guidelines](#), a guidebook for residents and commercial establishments that provides health and safety recommendations and replaces the New Normal Guidelines.

It is important to note that Emergency Order 33-20 cancels prior emergency orders tied to adult daycare/senior center operations and eliminates the up-to-50-percent capacity restriction for these facilities that was established in September 2020. You may therefore increase the number of adults served, provided that your establishment complies with facial covering requirements, provides hand sanitizer or facilities for hand-washing, uses reasonable efforts to ensure that everyone onsite maintains appropriate social distancing, as recommended by [current CDC guidance](#), and ensures that sick employees do not report to work. I also encourage you to read the complete guidebook because it provides best-practices information to keep you and the residents you serve as safe as possible during this pandemic.

Any questions about the County's guidelines may be directed to:  
[covidsafetyguidelines@miamidade.gov](mailto:covidsafetyguidelines@miamidade.gov).

Thank you for all you are doing to keep our residents safe.

Sincerely,

A handwritten signature in blue ink that reads "Daniella Levine Cava".
