

Safer People, Safer Streets

Miami-Dade Police Department

INTRODUCTION

The MDPD Pedestrian Educational Unit was instituted to provide educational safety presentations and instructions for citizen of all ages. The purpose of this program is to save lives, prevent injury and eliminate suffering through traffic safety training. The program consists of Pedestrian, Traffic, Bicycle, Buckle Up, and Alcohol-related safety presentations. Currently, safety presentations are presented to Unincorporated Miami-Dade Public Elementary Schools, Private Schools, Day Cares, Senior Centers, and various community based safety events.

INTRODUCTION Con't

- * The Pedestrian Safety Presentation goals are to increase the safety of pedestrians in Dade County by utilizing educational components. This presentation was designed specifically to target the mid-block dart-out type of accident, usually involving children ages 14 and younger. As well as, teaches children how to cross the street safely.
- * The Bicycle Safety Presentation focuses on the importance of wearing a helmet and following the traffic rules of the roads, and how life threatening it can be when the rules of the road are not followed.

Miami-Dade Police Department

Public Information & Education Bureau

Pedestrian Safety Educational Unit Serves over 104 schools in unincorporated Dade County every year.
