

Grant  
Selection Committee Criteria

Selection Panelist Name:

Applicant Name:

Title of Project:

	Preferences	Project Enhancements	Resiliency/Impact	Community Outreach
	Is the proposed planting location 10% or below tree canopy average?	Does the project include shading a bus/transit stop?	Does this project support biodiversity (1 new species for every 10 trees planted)?	Is there a defined plan to engage the public?
	Is the proposed planting location between 11-20% tree canopy average?	Does the project include shading a playground?	Will trees be planted in a reported FEMA flood zone (AE, AH, VE, A, D)?	Is there a social media plan?
	Is the proposed planting location within 4th or 5th quintile distribution of Median Household Income (\$48,100)?	Does the project include shading a gateway, corridor, and/or connection to a school and/or park?	Is the project planting Florida native tree species?	Does this planting fulfill elements of an established community plan?
	Does the Applicant have a tree trust fund?	Does the project include planting in a school, park, library, public housing site, and/or other?	How many trees will be planted?	
		Are the trees being planted replacing trees lost due to a natural disaster?	Is the Applicant applying for the GREEN MDC Matching Grant for first time?	
			Is the planting the next phase of a previous GREEN MDC/STMG planting?	
Possible Total	Up to 50 points	Up to 20 points	Up to 20 points	Up to 10 points
