PROJECT INFORMATION

Miami-Dade County Parks, Recreation and Open Spaces is performing a Project Development and Environment (PD&E) Study for the 5.6-mile-long Ludlam Trail Corridor from SW 80th Street to 400 feet north of NW 7th Street, generally following the north-south alignment of what would be NW / SW 69th Avenue, within the former Florida East Coast (FEC) Railway right-of-way. The project is located in unincorporated Miami-Dade County and the City of Miami, Florida. The purpose of the Ludlam Trail is to provide a new shared-use trail in Miami-Dade County that will include safe, dedicated, direct pathways for walking, running, and cycling; to encourage active lifestyles and the use of green, non-motorized modes of transportation; and to enhance overall connectivity and accessibility between schools, parks, transit stops and residences, workplaces, and shopping.

Public participation is solicited without regard to race, color, national origin, age, sex, religion, disability, or family status. Persons who require special accommodations under the Americans with Disabilities Act (ADA) or persons who require translation services (free of charge) should contact Gisel Prado at least seven (7) days prior to the virtual public meeting by telephone at 305-755-7848 or by email at Gisel.Prado@miamidade.gov. TTY users may also call 711 (Florida Relay Service).
