Date: (Public Hearing 7-6-16)

To: Honorable Chairman Jean Monestime
and Members, Board of County Commissioners

From: Carlos A. Gimenez
Mayor 

Subject: Ordinance Approving, Adopting and Ratifying Special Assessment District Rates Decreasing or Remaining Flat for Street Lighting, Security Guard, Multipurpose Maintenance, and Capital Improvement/Road Maintenance Special Taxing Districts

Agenda Item No. 5(G)

Ordinance No. 16-69

Recommendation

It is recommended that the Board of County Commissioners (Board) approve the attached Ordinance pertaining to the proposed FY 2016-17 assessment rates for the Street Lighting, Security Guard, Multipurpose Maintenance, and Capital Improvement/Road Maintenance Districts listed in Exhibit A. All lots and parcels within the districts are unique due to their geographical boundaries, affected property owners, and level of service. Approval of this Ordinance is required to continue providing services for all lots and parcels. Of the total 1,091 active special taxing districts, rates for 614 districts decrease or remain flat (Exhibit A), and rates for 477 increase. The Parks, Recreation and Open Spaces Department (PROS) has determined, and I concur, that the services provided by these Special Taxing Districts will provide special benefits to properties within each district, exceeding the amount of special assessments to be levied. Therefore, it is hereby recommended that the proposed rates being assessed in Exhibit A, which either decrease or remain at the same levels as in FY 2015-16, be approved and adopted.

In addition to this ordinance, there is a companion proposed ordinance related to Special Taxing Districts that approves, adopts, and ratifies Special Assessment District Rates increasing for Street Lighting, Multipurpose Maintenance, Security Guard, and Capital Improvements/Road Maintenance Special Taxing Districts.

Scope

The scope of this item extends countywide.

Fiscal Impact/Funding Source

The fiscal impact of this ordinance is countywide, but only for those residing within the boundaries of one or more special taxing districts. In the companion ordinance, the assessment in the ordinance for districts with proposed rate increases is \$13,009,018.40. The assessment for districts with rates decreasing or remaining flat is \$13,783,817.61 (Exhibit A). The total combined assessment proposed is \$26,792,836.01. The source of these funds are not from the General Fund, but from assessments to the Special Taxing District homeowners.

Social Equity Statement

If approved, property owners within the affected Special Taxing Districts may have a decreased or flat rate in special assessments appropriately apportioned according to the special benefit they receive from the Special Taxing District services regardless of their demographics or income levels.

Track Record / Monitor

The implementation and operation of the Special Taxing Districts are monitored by Michael R. Bauman, Chief of the Causeways and Special Taxing Districts Division (Division) with PROS, and the financials are overseen by Michael W. Ruiz, Assistant Director, PROS.

Background

The Special Taxing Districts have been created throughout Miami-Dade County (County) to provide public improvements and special services at the request of the residents or developers. Chapter 18 of the County Code (Code) provides for the legal framework of Special Taxing Districts. Improvements and services that are currently provided through Special Taxing Districts include:

1. Street Lighting - created in existing communities at their request and mandated by Code in new subdivisions;
2. Security Guard - provides either stationary and/or roving patrol manned by off-duty police officers or commercial guards;
3. Multipurpose Maintenance - includes, but is not limited to, landscape and lake maintenance; maintenance of swales, walls, and graffiti abatement for walls within or abutting the public right-of-way line; and
4. Capital Improvements/Road Maintenance - provides for one-time upgrades or improvements within public right-of-way; examples include water/sewer, drainage, utilities and other roadway improvements.

The table above summarizes the average impact of the proposed FY 2016-17 rates for special taxing districts. Residents of districts with proposed rate increases will receive a required notice in the mail, along with a written explanation of the primary reason for the increase. These include, but are not limited to, anticipated rate increases from Florida Power and Light, local police departments, private guard companies, as well as costs for approved projects such as wall painting, landscape improvements, and guard house repairs. In addition, per County Code, staff will post physical notices in all impacted districts and advertise the public hearing for impacted districts in the newspaper. Finally, staff from the Special Tax Division will reach out to impacted districts to arrange for meetings with concerned residents, ahead of the public hearing.

Special Taxing Districts are petitioned for by the property owners within the district boundaries, approved by the Board, and ratified by the qualified electorate within those boundaries. The improvements are paid for by the property owners through special assessments collected through the annual combined real

property tax bill, pursuant to Florida Statute 197.3632. All improvements or services must be public, usually provided within public right-of-way or public property, and therefore, no person will be prohibited access to a Special Taxing District.

In FY 2014-15, in part as a response to a report from the Audit and Management Services Department on Special Taxing Districts, the then Public Works and Waste Management Department used the recommendations of a Management Team to update the accounting, forecasting, budgeting, and rate assessment process for the districts. Improvements included verifying street light rate costs, updating security guard rate assumptions, assessing for revenue discount rates, building of operating contingencies, assessing for negative fund balances, refunding unnecessary fund balances, completing the accounting distribution of various revenues and expenses, and reorganizing the Special Taxing District Division. These recommendations were adopted by the Board in the approval of the FY 2015-16 rates and implementation continues in FY 2016-17. As a result, 45.6 percent (125,122) of folios in active districts have decreasing or flat rates for FY 2016-17. Of the active districts with proposed increases, only 2.4 percent (6,530) of folios have increases averaging over \$50.00 per folio.

The County is currently responsible for the management and operation of 1,091 active Special Taxing Districts. Of these, 922 are Street Lighting Districts, 44 are Security Guard Districts, 122 are Multipurpose Maintenance Districts, and three (3) are Capital Improvements/Road Maintenance Districts.

Pursuant to Florida Statute 197.3632 and Section 18-14(5) of the Code, the County is required to publicly notice the non-ad valorem assessment rolls in Special Taxing Districts. In the event of a rate increase, the Board is required to adopt non-ad valorem assessment rolls at a public hearing held between January and September 25.
