

MEMORANDUM

Agenda Item No. 7(F)

TO: Honorable Chairwoman Audrey M. Edmonson
and Members, Board of County Commissioners

DATE:

(Second Reading 3-5-19)
January 23, 2019

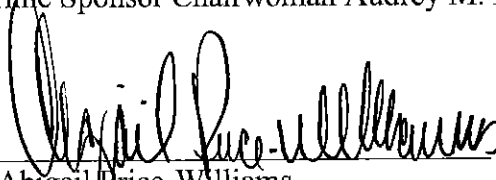

FROM: Abigail Price-Williams
County Attorney

SUBJECT:

Ordinance relating to special taxing districts; amending certain ordinances and resolutions establishing street lighting special taxing districts to delete requirements for specific lighting technology and to add language allowing the Mayor to adjust and update the quantity, type, style and luminosity of streetlights; establishing a procedure for converting outdated or obsolete lighting technology to modern equivalent lighting technology in certain existing street lighting special taxing districts; approving the form of future agreements with Florida Power and Light and Homestead Energy Services for the streetlight conversions; waiving provisions of Resolution No. R-130-06; authorizing the Mayor to execute these agreements and to provide for the conversion to modern lighting technology provided any increased cost does not exceed five percent; and providing for exclusion from the Code and an effective date

Ordinance No. 19-22

The accompanying ordinance was prepared by the Parks, Recreation and Open Spaces Department and placed on the agenda at the request of Prime Sponsor Chairwoman Audrey M. Edmonson.

Abigail Price-Williams
County Attorney

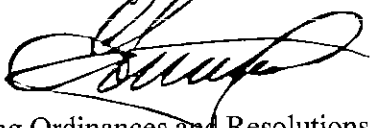

APW/uw

Memorandum

Date: March 5, 2019

To: Honorable Chairwoman Audrey M. Edmonson
and Members, Board of County Commissioners

From: Carlos A. Gimenez
Mayor 

Subject: Ordinance Amending Ordinances and Resolutions Establishing Certain Existing Street Lighting Special Taxing Districts to Remove References to Specific Lighting Technology; Establishing a Procedure for Converting Outdated or Obsolete Lighting Technology to Modern Equivalent Lighting Technology Streetlights; and Approving the Form of Future Agreements with Florida Power and Light and Homestead Energy Services

Recommendation

It is recommended that the Board of County Commissioners (Board) pursuant to Section 18-16(e) of the Code of Miami-Dade County, Florida (Code) approves the attached Ordinance setting a procedure for converting outdated or obsolete lighting technology in existing street lighting special taxing districts to modern equivalent lighting technology. Section 18-16(e) of the Code allows the Board to exercise jurisdiction, control and supervision over any project and to make and enforce such rules and regulations for the maintenance and operation of any such project as may, in the judgment of the Board, be necessary or desirable for the efficient operation of such project and for accomplishing the purposes of this article. This procedure will allow the County to reexamine existing Florida Power & Light Company (FPL) and Homestead Energy Services (HES) agreements and execute replacement agreements for the complete conversion of street lighting systems from High Pressure Sodium (HPS) and other obsolete technologies to the nearest equivalent Light-emitting Diode (LED) technology. Form agreements for FPL and HES are attached as Exhibit A. Since the majority of the creating ordinances and resolutions for the existing street lighting districts, as identified in the attached Exhibit B, were written very narrowly providing for the installation and maintenance of specific lighting technology that is now outdated or obsolete, these districts therefore need to be amended to allow for the lighting technology to be upgraded. This process if done separately for each district, will be over burdensome, as it will be very time consuming and costly to pursue. The proposed Ordinance will also allow the lighting within the Special Taxing Districts to be upgraded in the future should newer technology become available that would provide a greater special benefit to the properties within these districts. FPL is covering the capital costs for this conversion. Further, any non-capital costs associated with the conversion of existing street lighting as determined by FPL that will impact any individual Special Taxing District's special assessment by more than five percent of the 2018-2019 assessment roll approved by this Board, reflected in Exhibit C, may not be upgraded unless authorized by a resolution of this Board.

Scope

The scope of this item extends countywide.

Fiscal Impact/Funding Source

The proposed amendment will result in no economic impact on the Miami-Dade County (County) budget.

Social Equity Statement

If approved, property owners within impacted street lighting districts will continue to pay the special assessments appropriately apportioned according to the special benefit they receive from the street lighting

district's services, regardless of their demographics, and that the total estimated amount of the special assessment to be levied would not be in excess of such special benefit. The conversion of outdated or obsolete lighting technology in existing street lighting special taxing districts to modern equivalent lighting technology is necessary and desirable for the efficient operation of said districts and that such conversion will be a special benefit to all properties within said districts. As such, the total amount of special assessments to be levied, even if increased five percent, will not be in excess of the special benefit.

Track Record/Monitor

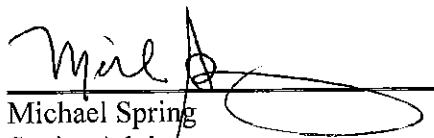

The Street Lighting District's Street Lighting agreements are managed by the Parks, Recreation and Open Spaces Department (PROS) and overseen by Chief of the Special Assessment Districts Division (Division), Lorena Guerra-Macias.

Background

Street lighting districts provide street lights in residential communities and commercial areas. These districts allow for illumination during evening hours, increase visibility and provide a safety feature in communities. Currently, street lighting districts service approximately 234,311 properties, accounting for 41,000 lights distributed over 33,000 poles which are maintained by FPL and HES. Many of these districts were created using now outdated or obsolete lighting technology. As a result of new technology, better street lighting services are now available via LED streetlights, which provide for increased illumination and reduced energy consumption, thereby enhancing the benefit to, and the safety and security of, properties served by such street lighting services.

In recent years, the County has received an increasing number of requests for the conversion of HPS street lighting to new LED technologies that allow benefits in security, safety, dark sky and reduced energy consumption that leads to the reduction in greenhouse gas emissions and a smaller carbon footprint. This Ordinance allows the Board to delegate to PROS the authority to reexamine existing HPS agreements with FPL and HES within the street lighting districts and to execute new LED agreements to convert existing street lighting in the 918 street lighting districts identified in the attached Exhibit B. Each conversion project will not require a petition from each street lighting district, however notification of the project enhancements will be circulated prior to implementation. Further, PROS will seek individual authorization from the Board, with notification to residents, to convert street lights in all districts increasing more than five percent of the current special assessment.

Moreover, in recent years, street lighting districts have been created with the option to upgrade street lights according to current standards, and most recently districts have been created implementing LED lighting from their inception. In order to continue with lighting continuity and intensity throughout all street lighting districts, we are seeking the support of a procedure that would allow FPL/HES to complete a countywide conversion. As such, it is recommended that the Board approve the attached Ordinance to allow for the upgrade of obsolete, outdated lights to current energy efficient standards.

Exhibit A

(b) Modification to existing facilities other than described above (explain fully): _____

That, for and in consideration of the covenants set forth herein, the parties hereto covenant and agree as follows:

FPL AGREES:

1. To install or modify the lighting facilities described and identified above (hereinafter called the Lighting System), furnish to the Customer the electric energy necessary for the operation of the Lighting System, and furnish such other services as are specified in this Agreement, all in accordance with the terms of FPL's currently effective lighting rate schedule on file at the Florida Public Service Commission (FPSC) or any successive lighting rate schedule approved by the FPSC.

THE CUSTOMER AGREES:

2. To pay a contribution in the amount of \$_____ prior to FPL's initiating the requested installation or modification.
3. To purchase from FPL all of the electric energy used for the operation of the Lighting System.
4. To be responsible for paying, when due, all bills rendered by FPL pursuant to FPL's currently effective lighting rate schedule on file at the FPSC or any successive lighting rate schedule approved by the FPSC, for facilities and service provided in accordance with this agreement.
5. To provide access, final grading and, when requested, good and sufficient easements, suitable construction drawings showing the location of existing and proposed structures, identification of all non-FPL underground facilities within or near pole or trench locations, and appropriate plats necessary for planning the design and completing the construction of FPL facilities associated with the Lighting System.
6. To perform any clearing, compacting, removal of stumps or other obstructions that conflict with construction, and drainage of rights-of-way or easements required by FPL to accommodate the lighting facilities.

IT IS MUTUALLY AGREED THAT:

7. Modifications to the facilities provided by FPL under this agreement, other than for maintenance, may only be made through the execution of an additional lighting agreement delineating the modifications to be accomplished. Modification of FPL lighting facilities is defined as the following:
 - a. the addition of lighting facilities;
 - b. the removal of lighting facilities; and
 - c. the removal of lighting facilities and the replacement of such facilities with new facilities and/or additional facilities.

Modifications will be subject to the costs identified in FPL's currently effective lighting rate schedule on file at the FPSC, or any successive schedule approved by the FPSC.

8. Lighting facilities will only be installed in locations that meet all applicable clear zone right-of-way setback requirements.
9. FPL will, at the request of the Customer, relocate the lighting facilities covered by this agreement, if provided sufficient right-of-ways or easements to do so and locations requested are consistent with clear zone right-of-way setback requirements. The Customer shall be responsible for the payment of all costs associated with any such Customer-requested relocation of FPL lighting facilities. Payment shall be made by the Customer in advance of any relocation.
10. FPL may, at any time, substitute for any luminaire installed hereunder another luminaire which shall be of at least equal illuminating capacity and efficiency.
11. This Agreement shall be for a term of ten (10) years from the date of initiation of service, and, except as provided below, shall extend thereafter for further successive periods of five (5) years from the expiration of the initial ten (10) year term or from the expiration of any extension thereof. The date of initiation of service shall be defined as the date the first lights are energized and billing begins, not the date of this Agreement. This Agreement shall be extended automatically beyond the initial ten (10) year term or any extension thereof, unless either party shall have given written notice to the other of its desire to terminate this Agreement. The written notice shall be by

Exhibit A

certified mail and shall be given not less than ninety (90) days before the expiration of the initial ten (10) year term, or any extension thereof.

12. In the event lighting facilities covered by this agreement are removed, either at the request of the Customer or through termination or breach of this Agreement, the Customer shall be responsible for paying to FPL an amount equal to the fixture, pole, and conductor charges for the period remaining on the currently active term of service plus the cost to remove the facilities.
13. Should the Customer fail to pay any bills due and rendered pursuant to this agreement or otherwise fail to perform the obligations contained in this Agreement, said obligations being material and going to the essence of this Agreement, FPL may cease to supply electric energy or service until the Customer has paid the bills due and rendered or has fully cured such other breach of this Agreement. Any failure of FPL to exercise its rights hereunder shall not be a waiver of its rights. It is understood, however, that such discontinuance of the supplying of electric energy or service shall not constitute a breach of this Agreement by FPL, nor shall it relieve the Customer of the obligation to perform any of the terms and conditions of this Agreement.
14. The obligation to furnish or purchase service shall be excused at any time that either party is prevented from complying with this Agreement by strikes, lockouts, fires, riots, acts of God, the public enemy, or by cause or causes not under the control of the party thus prevented from compliance, and FPL shall not have the obligation to furnish service if it is prevented from complying with this Agreement by reason of any partial, temporary or entire shut-down of service which, in the sole opinion of FPL, is reasonably necessary for the purpose of repairing or making more efficient all or any part of its generating or other electrical equipment.
15. **This Agreement supersedes all previous Agreements** or representations, either written, oral, or otherwise between the Customer and FPL, with respect to the facilities referenced herein and constitutes the entire Agreement between the parties. This Agreement does not create any rights or provide any remedies to third parties or create any additional duty, obligation or undertakings by FPL to third parties.
16. In the event of the sale of the real property upon which the facilities are installed, upon the written consent of FPL, this Agreement may be assigned by the Customer to the Purchaser. No assignment shall relieve the Customer from its obligations hereunder until such obligations have been assumed by the assignee and agreed to by FPL.
17. This Agreement shall inure to the benefit of, and be binding upon the successors and assigns of the Customer and FPL.
18. The lighting facilities shall remain the property of FPL in perpetuity.
19. This Agreement is subject to FPL's Electric Tariff, including, but not limited to, the General Rules and Regulations for Electric Service and the Rules of the FPSC, as they are now written, or as they may be hereafter revised, amended or supplemented. In the event of any conflict between the terms of this Agreement and the provisions of the FPL Electric Tariff or the FPSC Rules, the provisions of the Electric Tariff and FPSC Rules shall control, as they are now written, or as they may be hereafter revised, amended or supplemented.

IN WITNESS WHEREOF, the parties hereby caused this Agreement to be executed in triplicate by their duly authorized representatives to be effective as of the day and year first written above.

Modification to existing facilities other that described above:

Exhibit A

NOW THEREFORE, in consideration of the mutual covenants, terms and conditions herein set forth, the parties hereto covenant and agree as follows:

CITY AGREES TO:

1. Install or modify the roadway lighting facilities described and identified above (hereinafter called the Roadway Lighting System).
2. Furnish to the Customer the electric energy necessary for the operation of the Roadway Lighting System, and furnish such other services specified in this Agreement, all in accordance with the terms of the currently effective Roadway Lighting rate schedule or any successive Roadway Lighting rate schedule approved by the appropriate regulatory authority.

CUSTOMER AGREES TO:

3. Purchase from the City all electric energy consumed for the operation of the Roadway Lighting System.
4. Be responsible for the payment, when due, of all bills issued by the City pursuant to the City's currently effective Roadway Lighting rate schedule or any successive Roadway Lighting rate schedule approved by the appropriate regulatory authority, for the electric energy, facilities and service furnished by the City in accordance with this Agreement.
5. Provide access, final grading and when requested, good and sufficient easements, suitable construction drawings showing the location of existing and proposed structures, identification of all underground facilities within or near pole or trench locations, and appropriate plats necessary for planning and completing the construction of City facilities associated with the Roadway Lighting System.
6. Perform any clearing, compacting, removal of stumps or other obstructions that conflict with construction, and drainage of rights-of-way or easements required by the City to accommodate the roadway lighting facilities.
7. Pay a contribution in the amount of \$ _____ prior to the commencement of the requested installation or modification.

IT IS MUTALLY AGREED THAT:

8. This Agreement shall be for a term of ten (10) years from the date of initiation of service, and except as provided below, shall extend thereafter for further successive periods of five (5) years from the expiration of the initial ten (10) year term or from the expiration of any extension thereof. The date of initiation of service shall be defined as the date the first lights are energized and billing begins, not the date of this Agreement. This Agreement shall be extended automatically beyond the initial ten (10) year term or any extension thereof, unless either party shall have given written notice to the other of its desire to terminate this Agreement. Such written notice shall be by certified mail and shall be given not less than ninety (90) days before the date of expiration of the initial ten(10) year term, or any extension thereof.

Exhibit A

9. Modifications to the facilities provided by the City under this Agreement, other than for maintenance, may only be made through the execution of an additional Roadway Lighting Agreement delineating the modifications to be accomplished. Modification of City roadway lighting facilities is defined as the addition of roadway lighting facilities; the removal of roadway lighting facilities and the replacement of such facilities and /or additional facilities.

Modifications will be subject to the costs identified in the currently effective Roadway Lighting rate schedule or any successive Roadway Lighting rate schedule approved by the appropriate regulatory authority.

10. At the request of the Customer, the City will relocate the roadway lighting facilities covered by this agreement, if provided sufficient right-of-ways or easements to do so. The Customer shall be responsible for the payment of all costs associated with any such requested relocation of City roadway lighting facilities. Payment shall be made by the Customer in advance of any relocation.
11. The City may, at anytime, substitute for any luminaire/lamp installed hereunder another luminaire/lamp which shall be of at least equal illuminating capacity and efficiency.
12. In the event roadway lighting facilities covered by this Agreement are removed, either at the request of the Customer or through termination or breach of this Agreement, the Customer shall be responsible for the payments to the City of an amount equal to the original installed cost of the facilities provided by the City under this Agreement less any salvage value and any depreciation (based on current depreciation rates as approved by the City Finance Director) plus removal cost.
13. Should the Customer fail to pay any bills rendered and due pursuant to this Agreement or otherwise fail to perform the obligations contained in this Agreement, such obligations being material and going to the essence of this Agreement, the City, at any time thereafter, may cease to supply electric energy or service until the Customer has paid the bills due or has fully cured such other breach of this Agreement. Any failure of the City to exercise its rights hereunder shall not be a waiver of its rights. It is understood, however, that such discontinuance of the supplying of electric energy or service shall not constitute a breach of this Agreement by the City, nor shall it relieve the Customer of the obligation to perform any of the terms and conditions of this Agreement.
14. The obligation to furnish or purchase service shall be excused at any time that either party is prevented from complying with this Agreement by strikes, lockouts, fires, riots, acts of God, the public enemy or by causes not under the control of the party thus prevented from complying with this Agreement by reason of any partial, temporary or entire shut-down of service which, in the sole opinion of the City, is reasonably necessary for the purpose of repairing or making more efficient all or any part of its generating or other electrical equipment.
15. This Agreement shall inure to the benefit of, and be binding upon the successors and assigns of the parties.
16. Failure to enforce or insist upon compliance with any of the terms or conditions of this Agreement shall not constitute a general waiver, or relinquishment of any such terms or conditions, but the same shall be and remain at all times in full force and effect, nor shall either party be stopped to enforce or to seek relief from prior breach.

Exhibit A

17. This Agreement constitutes the entire Agreement between the parties with respect to the facilities referenced herein and supersedes all prior Agreements or representations, either oral, written or otherwise between the parties. This Agreement does not create any rights or provide any remedies to third parties or create any additional duty, obligation or undertakings by the City to any third parties.
18. This Agreement is subject to the General Rules and Regulations for Electric Service and the Ordinances of the City of Homestead, as they are now written, or as they may be hereafter revised, amended or supplemented. In the event of any conflict between the terms of this Agreement and the provisions of the General Rules and Regulations for Electric Services and the Ordinances of the City of Homestead, the provisions of the General Rules and Regulations shall control, as they are now written, or as they may be hereafter revised, amended or supplemented. If any term or provision of the Agreement shall be held invalid or unenforceable, the remaining terms and provisions of the Agreement shall remain in full force and effect and such invalid, illegal or unenforceable term or provision shall be deemed not to be a part of this Agreement.

IN WITNESS WHEREOF, the parties hereto have caused this Agreement to be executed in triplicate by their duly authorized representatives to be effective on the day and year first written above.

ORDINANCE NO. 19-22

ORDINANCE RELATING TO SPECIAL TAXING DISTRICTS; AMENDING CERTAIN ORDINANCES AND RESOLUTIONS ESTABLISHING STREET LIGHTING SPECIAL TAXING DISTRICTS TO DELETE REQUIREMENTS FOR SPECIFIC LIGHTING TECHNOLOGY AND TO ADD LANGUAGE ALLOWING THE MAYOR OR DESIGNEE TO ADJUST AND UPDATE THE QUANTITY, TYPE, STYLE AND LUMINOSITY OF STREETLIGHTS; ESTABLISHING A PROCEDURE FOR CONVERTING OUTDATED OR OBSOLETE LIGHTING TECHNOLOGY TO MODERN EQUIVALENT LIGHTING TECHNOLOGY IN CERTAIN EXISTING STREET LIGHTING SPECIAL TAXING DISTRICTS; APPROVING THE FORM OF FUTURE AGREEMENTS WITH FLORIDA POWER AND LIGHT AND HOMESTEAD ENERGY SERVICES FOR THE STREETLIGHT CONVERSIONS; WAIVING PROVISIONS OF RESOLUTION NO. R-130-06; AUTHORIZING THE MAYOR OR DESIGNEE TO EXECUTE THESE AGREEMENTS AND TO PROVIDE FOR THE CONVERSION TO MODERN LIGHTING TECHNOLOGY PROVIDED ANY INCREASED COST DOES NOT EXCEED FIVE PERCENT; AND PROVIDING FOR EXCLUSION FROM THE CODE AND AN EFFECTIVE DATE

WHEREAS, this Board desires to accomplish the purposes set forth in the County Mayor’s memorandum, a copy of which is incorporated herein by reference,

BE IT ORDAINED BY THE BOARD OF COUNTY COMMISSIONERS OF MIAMI-DADE COUNTY, FLORIDA:

Section 1. The Board desires to accomplish the purposes outlined in the Mayor’s memorandum, which is incorporated herein by reference, and declares that converting outdated or obsolete lighting technology in existing street lighting special taxing districts to modern equivalent lighting technology is necessary and desirable for the efficient operation

of said districts and that such conversion will be a special benefit to all properties within said districts.

Section 2. All prior ordinances and resolutions creating and establishing street lighting special taxing districts, including, but not limited to, the districts listed in Exhibit “B” to the Mayor’s memorandum, are hereby amended to delete language requiring specific lighting technology to be installed within the special taxing district, including, for example, but not limited to:

9,500 lumen sodium vapor bracket-arm street lights mounted on concrete poles,

16,000 lumen sodium vapor traditional post-top streetlights mounted on fiber glass poles.

Any such or similar language is hereby replaced with the following language in all such ordinances and resolutions:

The Mayor or designee may adjust the quantity, type, style, and luminosity of the street lighting facilities, for reasons including, but not limited to, changes in technology, changes in field conditions, to address safety concerns, to provide for lighting continuity between contiguous street lighting special taxing districts on connecting roadways, to allow higher intensity spotlighting at specific locations, and to accommodate future County lighting standards.

Section 3. In accordance with the provisions of section 18-16(e) of the Code of Miami-Dade County, Florida, this Board desires to set a procedure for converting outdated or obsolete lighting technology in existing street lighting special taxing districts to modern equivalent lighting technology.

Section 4. The Mayor or designee is directed to examine existing street lighting systems and lighting agreements in the existing street lighting special taxing districts administered by Miami-Dade County to determine how a conversion to a modern equivalent lighting technology would impact the cost assessed to each district.

Section 5. The conversion of such streetlights shall be accomplished pursuant to agreements with Florida Power and Light and Homestead Energy Services. The form of the proposed street lighting agreement between Miami-Dade County and Florida Power and Light, as well as the form of the proposed street lighting agreement between Miami-Dade County and Homestead Energy Services, both attached as Exhibit “A” to the Mayor’s memorandum, are hereby approved and made a part hereof by reference. The provisions of Resolution No. R-130-06 are hereby waived because adoption of this Ordinance is a precursor to the future execution of said agreements, which will not occur until cost impact is determined and installation is certain.

Section 6. If the anticipated cost of the conversion will impact any individual special taxing district’s special assessment by five percent or less of the 2018-2019 assessment roll approved by this Board for that district, as reflected in Exhibit “C” to the Mayor’s memorandum, the Mayor or designee is hereby authorized and directed to execute at the appropriate time the incorporated street lighting agreement, in substantially the form attached as Exhibit “A” to the Mayor’s memorandum, for and on behalf of Miami-Dade County, and the Mayor or designee is authorized and directed to cause the installation of said streetlights in accordance with the provisions of said agreement and the terms of this Ordinance.

Section 7. If the anticipated cost of the conversion will impact any individual special taxing district’s special assessment by more than five percent of the 2018-2019 assessment roll approved by this Board for that district, as reflected in Exhibit “C” to the Mayor’s memorandum, the streetlights in that special taxing district may not be upgraded unless authorized by a resolution of this Board.

Section 8. The entire cost of the special taxing districts' improvements and services, if any, shall continue to be specially assessed in accordance with the ordinances creating the districts, and their assessment rolls. It is hereby declared that the total amount of special assessments to be levied, even if increased five percent, as reflected in Exhibit "C" to the Mayor's memorandum, will not be in excess of the special benefit.

Section 9. A duly certified copy of this Ordinance shall be filed in the Office of the Clerk of the Circuit Court of Miami-Dade County, Florida, and recorded in the appropriate book of records.

Section 10. It is the intention of this Board and it is hereby ordained that the provisions of this Ordinance shall be excluded from the Code.

Section 11. The provisions of this ordinance shall become effective ten (10) days after the date of enactment unless vetoed by the Mayor, and if vetoed, upon an override by this Board.

PASSED AND ADOPTED: March 5, 2019

Approved by County Attorney as
to form and legal sufficiency:
