Compliance with annual FAA Report - By the month of May	2019 FY	11	6	-5	Craven, Lonny; Cruz, Raul
Date	VR Comment	Author			
3/1/2019	From January 28 to February 1, 2019, the Federal Aviation Administration inspected the MIA airports organization, systems, facilities, and procedures for compliance with 14 CFR part 139. This inspection is conducted yearly to ensure the airfield is in complete compliance with the standards of the Federal Aviation Administration for the safety of the traveling public. I the past few years the FAA has increased their scrutiny of all airports, where in the past, most airports would receive zero to 2 discrepancies, now the norm is an average of 10 to 15. At the end of this years inspection, we were advised of 11 discrepancies. Airport Certification Manual: General Requirements not current. Copies of the Wildlife depredation permits must be included in the Wildlife Hazard Management Plan.	Cruz, Raul			

Business Plan Report - Miami-Dade Aviation Department (MDAD Primary)

Paved Areas: Loose Aggregate, Foreign Object Debris, Ponding of water on paved areas, Ruts, Humps Depressions and other variation were found including a large drainage pipe in the safety area.

Wind cone found located in the runway safety area.
Grounding rods for a lighted sign were found above grade.

An above ground sign for ILS area was not installed corresponding with the surface painted marking.
Several signs not properly maintained.
Airport fueling agents were not operation in compliance with standards.
Personnel responsible for the airport safety-self inspection program retraining requirements.
