# **BUILDING VERIFICATION FORM**

#### **INSTRUCTIONS**

Two sets of construction documents listed below must be included with the permit application. The construction documents shall include a site plan showing all property lines, together with dimensions of same; all street(s) or avenue(s) on which the property is located; the location, setback, dimensions and description of all existing buildings, light standards, driveways, customer parking area and the size, location and setbacks of all temporary structure(s); occupancy load of all facilities; the location and number of restroom facilities (existing or proposed). Temporary structures include but are not limited to tents, stages, bleachers, platforms, frames or towers for stage lighting or sound systems. Plans detailing the structures must comply with the Florida Building Code and NFPA102.

Once a permit is secured, deviations from these documents during construction shall result in inspection rejection by the registered person. Any required changes must be filed with the Building Official as revisions to the permit prior to inspection approval. Revisions to the permit shall be signed and sealed by the design professional and must be submitted with a signed Affidavit and Verification Form prepared by the same registered person who issued the original Affidavit and Verification Form.
