Phone: _____

Phone: _____

Requirements:

- 1. Engineering drawings must be submitted to Miami-Dade RER-Environmental Plan Review Division for review for any underground storage tank to be abandoned in place. Approval will only be granted if the abandonment in place is necessary to protect human health, the environment or the structural integrity of adjacent buildings as stipulated in Section 24-45(6)(c) of the Code of Miami-Dade County.
2. Abandonment shall consist of:
a. Installation and sampling of the monitoring wells and soil borings required for the TCAR and,
b. Emptying, inerting, and cleaning the interior of the storage tank(s)
c. Filling the underground storage tank with a non-shrinking inert, solid material
3. All abandonment in place requires the submission of a full Tank Closure Assessment Report (TCAR) to DERM within 60 days of the abandonment.
4. The DERM inspection coordinator 305-372-6600 must be notified two working days in advance to schedule the required inspection. The inspection will be scheduled after the tank has been cleaned and made inert, and while the fill material is being placed inside the tank.
