Professional Services Certification

111 NW 1st Street, 13th Floor
Miami, Florida 33128-1835

Phone Number: (305) 375-5637

All firms providing architectural, engineering, landscape architecture, and/or land surveying and mapping services (professional services) to Miami-Dade County are required to complete a Technical Certification (TC) application as a requirement of Pre-Qualification Certification (PQC). A firm's Technical Certification must be approved at the time of submittal to a Notice to Professional Consultants (NTPC), throughout the selection process, at time of award, and throughout the duration of the contract term without any lapses. A firm's Technical Certification is valid for two (2) years. Firms requesting recertification must complete a full application in its entirety 30 days prior to the indicated expiration date and may be requested up to sixty (60) days prior. The Technical Certification Committee meeting and submittal deadline dates are available at <http://www.miamidade.gov/internalservices/technical-certification.asp>. In addition, firms are required to complete and submit a Pre-Qualification Certification Affidavit : <http://www.miamidade.gov/internalservices/pre-qualification-certification.asp> on an annually basis. New and renewal firms are required to follow instruction 1, as indicated below. Firms requesting additional categories be added to their current status are required to follow instruction 2, as indicated below. It is the sole responsibility of a firm to observe its certification expiration date and adhere to the certification application submission deadlines.

The County no longer issues renewal notices. Please note that a lapse in, or loss of, Technical Certification will result in a lapse of Pre-Qualification Certification.

It is the firm's responsibility to keep information current, complete and accurate, by submitting any modifications to ISD. Failure to report said changes to the County may result in the immediate suspension or termination of your firm's PQC certification.

Instructions #1 - New/Renewal: Initial certification and recertification applications **must** include the following:

1. A cover letter on the organization's letterhead requesting certification or recertification specifically stating which category or categories of professional work are being requested.
2. A completed TC Application Form 1, signed and sealed by a Florida registered professional engineer, architect, or landscape architect, or surveyor and mapper employed full time by the firm, utilizing his or her personal professional registration seal, if applicable.
3. A completed signed and notarized PQC Affidavit
<http://www.miamidade.gov/internalservices/pre-qualification-certification.asp>
4. Provide a **current** copy of the following;

MIAMI-DADE COUNTY
TECHNICAL CERTIFICATION

- a. The firm's current Certificate of Status (CR2EO22) issued by State of Florida - (as required);
 - b. The firm's professional license issued by the Florida Department of Business and Professional Regulation (e.g. PE, PG, RA or RLA); if applicable
 - c. For each of the certifying and qualifying agents provide a copy of their professional license issued by the Florida Department of Business and Professional Regulation* (e.g. PE, PG, RA, or RLA), college degree (e.g. chemist or biologist), and their certificates (e.g. AICP, ASQ or divers) if applicable; and
 - * Florida Statutes, a certificate of authorization shall be required for a corporation, limited liability company, partnership, or person practicing under a fictitious name, offering professional services to the public jointly or separately. Questions pertaining to corporate registration should be directed to (850) 487-1395.
 - d. A resume for each of the qualifying agents listed on TC Category Form 2.
5. Completed signed and sealed TC Category Form 2 for each category of work being requested. Refer to the technical category descriptions <http://www.miamidade.gov/internalservices/technical-certification.asp> for the areas of work covered by each category and their individual requirements. You must provide a **minimum of three (3) and maximum of six (6) completed** project references, including the professional's responsibilities in connection with each project, the services provided, and enough information to evaluate the project's scope and complexity. All projects listed **must** include the start and completion dates. The project references **may not** be more than ten (10) years old from the date of completion. Ongoing projects will not be considered. Project references should not be duplicated within the **same** category. **You must utilize the provided TC Category Form 2. Failure to use the proper format may result in your application being rejected for consideration by the Committee.** *The form is available at:* <http://www.miamidade.gov/internalservices/technical-certification.asp>.
6. Only the experience of the full-time employed professionals will be considered by the Certification Committee in its evaluation of the firm's capabilities. Miami-Dade County defines "full-time" employee as an individual employed by a firm and regularly scheduled to work at least 35 hours per week.

An individual **may not** be a qualifying and/or certifying agent for more than one firm at a time. Each form must be signed and sealed by a Florida registered professional engineer, architect, landscape architect, or surveyor and mapper employed full time by the firm, utilizing his or her personal professional registration seal or signed by the individual whose degree is referenced for restricted professional certification. Any change (e.g. termination, resignation, etc.) in a qualifying/certifying agent **must** be immediately reported in writing to the Technical Certification Committee, through OCI. **Failure to notify the Committee will result in a termination of your current certification and a possible denial of any future certification requests.**

MIAMI-DADE COUNTY
TECHNICAL CERTIFICATION

7. Certification in a given work category will be granted based upon the information submitted for review; however, the number of Florida registered professionals and other technical support personnel required for particular projects will be determined during the consultant selection process on a project-by-project basis against the Selection Committee's estimate of the consultant personnel required to adequately and competently perform the work in the desired timeframe.
8. **All applications must be bound using a 3 ring binder.** Separate all sections with dividers or tabs. All information shall be typed in arial font 10 or higher. You must clearly identify any supporting documentation.
9. ***Non bound applications will be returned without processing.***

Instructions #2 – Request for Additional Categories: For firms requesting additional categories. The applications **MUST** include the following:

1. A cover letter on the organization's letterhead requesting certification or recertification specifically stating which category or categories of professional work are being requested.
2. Provide a **current** copy of the following;
 - a. For each of the certifying and qualifying agents provide a copy of their professional license issued by the Florida Department of Business and Professional Regulation (e.g. PE, PG, RA, or RLA), college degree (e.g. chemist or biologist), and their certificates (e.g. AICP, ASQ or divers) if applicable;
 - b. A detailed education and experience resume for each of the qualifying agents listed on TC Category Form 2.
3. Completed signed and sealed TC Category Form 2 for each category of work being requested.
4. **All applications must be bound using a 3 ring binder.** Separate all sections with dividers or tabs. You must clearly identify any supporting documentation.
5. ***Non bound applications will be returned without processing.***

If you have general questions or need additional information regarding the Technical Certification process, please contact Professional Services Certification, at (305) 375-5637.

Please mail your Technical Certification application to:

MIAMI-DADE COUNTY
TECHNICAL CERTIFICATION

DEFINITIONS:

A&E means professional architectural, engineering, landscape architecture, land surveying and mapping services.

Certifier means the full-time employee who signed and sealed TC Application Form 1 and/or TC Category Form 2 for the firm.

Firm means any individual, firm, partnership, corporation, or other legal entity permitted by law to practice architecture, engineering, landscape architecture, design-build, land surveying and mapping services and may be used synonymously with the term team.

Full-Time Employee an individual employed by a firm and regularly scheduled to work at least 35 hours per week.

Pre-Qualification Certification or PQC means the annual certification process that includes, but may not be limited to, technical certification, affirmative action plan verification, vendor registration, and supplemental forms. All prime consultant or sub consultant firms are required to hold a County Pre-Qualification Certificate at the time of proposal submission deadline date and throughout the contract term if selected, without any lapses.

Professional Services means those services within the scope of the practice of architecture, engineering, landscape architecture, land surveying and mapping, as defined by the laws of the State of Florida; or those performed by an architect, professional engineer, landscape architect, or registered surveyor and mapper in connection with his or her professional employment or practice.

Qualifier means the full-time employee whose project references are indicated on TC Category Form 2 for the firms' category approval and may not qualify more than one firm at a time.

Technical Certification or TC means a comprehensive review by the County Technical Certification Committee affirming a firm's eligibility to provide professional services to the County in various technical categories.
