DRAFT FY 2026 CDBG, HOME, and ESG RFA

Issuance Date: February 11, 2026

## QUESTIONS AND RESPONSES

<b>Question 1:</b>	<p>We participated in the HCD meeting regarding the 2026 Community Development Block Grant (CDBG), HOME Investment Partnerships Program (HOME), and Emergency Solutions Grant (ESG) funds. We have two quick questions regarding the RFA:</p> <ol style="list-style-type: none"><li>1. During the Zoom presentation, there was a question about whether the map of eligible block groups has been updated. Upon reviewing the map on HCD Website, it appears that the boundary of District 2 adjacent to 112 State Road and 19th Avenue has not yet been updated. Could you please confirm whether an updated map is available?</li><li>2. We would like clarification on the CDBG Housing category for water and sewer connections. Typically, this category applies to laterals; however, during the presentation, Mr. Vega mentioned that other types of water and sewer connections may also be eligible. Could you please specify what those other types of connections are? Could this include water and sewer extensions, given that Capital Improvements and Public Facilities funding is limited to participating municipalities?</li></ol>
<b>Response 1:</b>	<ol style="list-style-type: none"><li>1. The current map can be found here: <a href="https://experience.arcgis.com/experience/e62508d307a9419f8fda8c0690c061bd">https://experience.arcgis.com/experience/e62508d307a9419f8fda8c0690c061bd</a></li><li>2. No, water and sewer extensions/mains are not eligible under the CDBG Housing – Water and Sewer Connections category. This category is limited to connecting single family homes to existing water and sewer infrastructure.</li></ol>
<b>Question 2:</b>	<p>I was hoping you could tell me if the Miami-Dade County 2025-2029 Consolidated Plan is available and how I could get a copy? Online I found information about it but not the plan itself. Many thanks!</p>
