Miami-Dade County Housing and Community Development

Formerly known as Miami-Dade County Public Housing and Community Development

PHA Code: FL005

B. Strategy for Addressing Housing Needs

1. Need: Shortage of affordable housing for all eligible populations

- a) Strategy 1. Maximize the number of affordable units available to Miami-Dade County by and through its housing department Housing and Community Development Department (HCD) within its current resources by:
 - (1) Reducing turnover time for vacated public housing units through implementation of a vacancy reduction initiative to achieve an overall occupancy rate of 94 percent.
 - (2) Seeking replacement of public housing units lost to the inventory through mixed finance development, RAD conversions and other financing or funding strategies. This includes using leveraging reclaiming units available under the Restore-Rebuild initiativeFaircloth-cap, (formerly known as Faircloth-to-RAD) to reclaim available unit authority.
 - (3) Undertaking measures to ensure access to affordable housing among assisted families, regardless of unit size required.
 - (4) Participating in a Homeless Pilot Program to address homelessness by collaborating with the Homeless Trust for referrals of homeless persons transitioning out of a shelter, transitional housing program, rapid re-housing program, or permanent supportive housing.
 - (5) HCD has applied for available streamlined waivers to expedite admissions for persons experiencing homelessness for the Public Housing program (i.e., PIH Notice 2024-17). When granted, these waivers will remain in effect for a period of 12 months following approval and will provide alternative requirements that HCD must follow during the period the waiver is in effect.
 - (6) Participating in the Consolidated Plan development process to ensure coordination with broader community strategies.
 - (7) Participating in Miami-Dade County's General Obligation Bond (GOB) program to expand the amount of public housing available in Miami-Dade County.
 - (8) Utilizing County-owned Public Housing land for the purpose of developing affordable workforce housing for low-income families and homeownership opportunities.
- b) Strategy 2: Increase the number of affordable housing units that reflect HUD and local requirements by:
 - (1) Leveraging private or other public funds or generate revenue to create affordable housing resources opportunities such as the utilization of the RAD program including Section 18/RAD blending option, Section 18 direct replacement with Tenant Protection Vouchers, and Low- Income Housing Tax Credits (LIHTC) and any other available funding sources in the community through the creation of mixed-finance housing.
 - (2) Pursuing housing resources other than public housing assistance.
 - (3) Continuing to apply for funding or grant opportunities that may become available to create additional housing opportunities.

2. Need: Specific Family Types: Families at or below extremely low income (ELI) or very low income. Strategy: Target available assistance to ELI families.

3. Need: Specific Family Types: Families with Disabilities

Strategy: Target available assistance to applicants and residents with disabilities.

4. Need: Specific Family Types: Races or ethnicities with housing needs

Strategy: Increase awareness by complying with all HUD fair housing requirements.

5. Need: Reduce impediment to Fair Housing choice through education efforts

Strategy: Continue providing fair housing training to employees. Training is provided to staff on equal opportunities to applicants and participants regardless of their status as a victim of domestic violence, dating violence or stalking, actual or perceived sexual orientation, gender identity, gender expression, race, national origin, ethnic origin, color, sex, religion, or other protected characteristicsage, disability, familial status, marital status, ancestry, pregnancy or source of income.

II. Deconcentration and Other Policies that Govern Eligibility, Selection, and Admissions.

- A. Deconcentration may include, but is not limited to the following:
 1. Targeting modernization and capital improvements to developments with an average income below the Established Income Range (EIR), to encourage applicant families whose income is above the EIR to accept units in those developments.
 2. Providing incentives which encourage families with incomes below the EIR to accept units in developments with incomes above the EIR, or vice versa. Such incentives may include affirmative marketing plans or added amenities.
 3. Providing any other strategies allowed by statutes and determined in consultation with residents and the community via HCD's planning process. Current strategies include modernization of Public Housing developments through the Low-Income Housing Tax Credit (LIHTC) program and/or other available funding sources.
 4. Developing strategies for mixed-income and mixed-use of public housing developments.
- B. Other Policies that Govern Eligibility, Selection, and Admissions
 1. Eligibility

HCD is responsible for ensuring that every individual and family admitted to the Public Housing program meets all program eligibility requirements. This includes any individual approved to join the family after the family has been admitted to the program. Eligibility is established as delineated in the Admission and Continued Occupancy Policy (ACOP).
 2. Selection and Admission
 - a) Waiting List Organization
 - (1) HCD selects applicants for the Public Housing Program from a community-wide waiting list.
 - (2) Additionally, a separate site-based waiting list will be established for the Helen Sawyer Plaza Assisted Living Facility. Eligibility for this site must satisfy both Public Housing program requirements and specific Assisted Living Facility (ALF) admission criteria. This includes possessing valid Medicaid/Medicare eligibility and qualifying state-mandated health assessment. This site-based waiting list will remain perpetually open.
 - (3) HCD may choose from various options regarding when and how to open, administer, and populate the waiting list, subject to approval by the Miami-Dade County Board of County Commissioners (the Board).
 - (4) Some of these options may include an exclusive electronic open waiting list, where ranking is based on the date and time of application or any applicable factors that the agency may adopt, subject to approval by the Board.
 - (5) Based on the signed Memorandum of Understanding (MOU) between HCD and the designated Continuum of Care (CoC) Lead Agency, HCD will accept 50 direct referrals to be placed at the top of the waiting list.
 - (6) In accordance with 24 CFR § 960.206, HCD has established a system of admission preferences to address local housing needs. The waiting list for these preferences may remain perpetually open. HCD will use a weighted point system to rank applicants based on their admission preference status. Applicants will be placed on the waiting list based on the total number of preference points for which they qualify.
 - When there is insufficient funding or unit availability to assist all families with the same total points, HCD will select families based on date and time of application.

Initial Process

- (1) On September 17, 2024, the Miami-Dade County Board of County Commissioners adopted Resolution R-812-24 that authorized the dissolution of the public housing waiting list as of October 1, 2024, and the opening of a new public housing waiting list from October 15, 2024, to November 11, 2024.

•b) Admission Preferences

(1) Applicant families on the public housing waiting list may qualify for the admission preferences listed below. Admission preferences include:

(1) Change of Program Special Admission Preference: HCD may, at its sole discretion, for humanitarian reasons, including but not limited to, reasonable accommodation for a family member with disabilities in another HCD administered federally assisted housing program, provide another site based housing opportunity, such as the Public Housing program. This family may be placed on HCD's waiting list even if the waiting list is otherwise closed or may already be on HCD's waiting list. HCD will confirm that the tenant is in compliance with all assisted housing tenant and lease obligations. Approval of HCD's Director or designee is required.

(2) HCD may establish further admission preferences to assist vulnerable populations, subject to resource availability and at its discretion. Examples of such population include families under the witness protection program, ex offenders and felons that are part of a reentry program, and pregnant women or women with children where one or more members of the household have been diagnosed with the acquired immunodeficiency syndrome (AIDS).

•c) Factors Affecting Waiting List

(1) Applicants with mobility, vision and/or hearing impairment(s) will be offered Uniform Federal Accessibility Standards (UFAS) units or units with accessible features based on availability. Priority is provided to transferees.

(1) Families displaced for development renovation. Displacement due to governmental action.

DRAFT

2. Police actively participate in Public Housing eviction cases due to criminal activities.
3. As an anti-drug/crime prevention initiative, Public Housing may partner with local law enforcement and seek HUD approval for non-dwelling public housing units for this special use (PIH 2011-7 and 24 CFR 990.145(a)(2)).
4. Review Crime Prevention Through Environmental Design (CPTED) measures with police departments during the design phases of new development projects, to obtain input/recommendations.

X. Pet Policy.

- A. Public Housing's Pet Policy is contained in the Community Policies:

 2. Assistance animals are not considered pets. They are to be used to give assistance to persons with disabilities (a physical or mental impairment that substantially limits one or more major life activities, a record of such impairment, or being regarded as having such impairment) and are necessary as a reasonable accommodation.
 3. The only animals allowed as pets are common household pets. The definition of a common household pet is "A domesticated animal, such as a dog, cat, bird, rodent (including a rabbit), fish or certain types of turtles, which is traditionally kept in the home for pleasure rather than for commercial purposes." This definition does not include any reptiles (other than certain turtles) or other protected animals or reptiles that are prohibited by the Florida Fish and Wildlife Conservation Commission or similar state, federal or local agency from private ownership. This does not pertain to assistance animals.
 4. All owners of a dog or cat must pay an additional \$100 pet deposit to cover possible damages that the pet might cause in the development. Owners of assistance animals are not required to pay a pet deposit. This does not exclude the assistance animal owner from liability for any damages caused by such assistance animal.
 5. Only one four-legged, warm-blooded or cold-blooded pet per dwelling unit. This does not apply to assistance animals.
 6. The weight of any pet is not to exceed twenty (20) pounds at the age of maturity. This does not apply to assistance animals.

- A. Conduct monthly reviews of each property as it relates to occupancy, rent collection, re-examinations, emergency and routine work orders, and unit turnaround time.
- B. Monitor the financial, physical and management performance of each public housing Asset Management Project (AMP), by providing measurable performance information that will assist in planning future viability of Public Housing portfolio.
- C. Targeting modernization and capital improvements based on Public Housing Assessment System (PHAS) score with emphasis on the Physical Assessment Subsystem (PASS) sub-indicator.

XII. Substantial Deviation.

- A. The following will be considered a Substantial Deviation from the Five-Year Plan:
 - A substantial change in the direction pertaining to its goals and objectives.
 - The undertaking of new programs that do not further the stated mission or goals as set forth in the current Five-Year Plan.
- B. An exception to this definition will be made for program activities required or adopted to reflect changes in HUD regulations or as a result of a declared national or local emergency. In such cases, the administrative/programmatic changes will not be considered a Substantial Deviation from the Five-Year Plan.
- C. As part of the Rental Assistance Demonstration (RAD), HCD is redefining the definition of a substantial deviation from the PHA Plan to exclude the following RAD-specific items:
 - The decision to convert to either Project Based Rental Assistance (PBRA) or Site Based Voucher Assistance (PBV) under RAD;
 - Changes to the Capital Fund Budget produced as a result of each approved RAD Conversion, regardless of whether the proposed conversion will include use of additional Capital Funds;
 - Changes to the construction and rehabilitation plan for each approved RAD conversion; and

DRAFT

- Changes to the financing structure for each approved RAD conversion.
- Changes to the unit distribution, total unit counts, or both in an approved RAD or RAD Blended conversion, or other RAD linked programs. Note that HCD remains fully committed to complying with the RAD requirement to provide one-for-one replacement of all public housing units in all RAD conversion projects. The changes referenced in this statement pertain to unit distribution between buildings and sites and total unit counts as those may change based on the amount of residential units included in addition to the RAD units.
- Changes to development programs as indicated between RAD, RAD Blended projects, HUD Mixed Finance, and LIHTC only projects and all within the definition of affordable housing.

XIII. Significant Amendment/Modification.

A. The following actions will be considered a Significant Amendment or Modification to the Five-Year Plan and Annual Plan:

- A change which would significantly affect rent or admission policies or organization of HCD's waiting list.
- Significant addition of non-emergency work items not included in the Capital Fund Program Annual Statement(s).
- An exception to this definition will be made for any new activities that are adopted to reflect changes in HUD regulatory requirements or as a result of a declared emergency (such changes will not be considered significant amendments or modification by HCD).
- Any proposed demolition, disposition, homeownership, Capital Fund financing, development, or mixed-finance projects not identified in the plan.

B. Strategy for Addressing Housing Needs

1. Need: Shortage of affordable housing for all eligible populations
 - a) Strategy 1. Maximize the number of affordable units available to Miami-Dade County by and through HCD within its current resources by:
 - (1) Applying for additional vouchers if made available by HUD.
 - (2) Seeking replacement of moderate rehabilitation units lost to the inventory through Section 8 Tenant Protection Vouchers.
 - (3) Undertaking measures to ensure access to affordable housing among assisted families, regardless of unit size required.
 - (4) Housing homeless persons through the Project-Based Voucher program, per PIH Notice 2013-15, subject to need and funding availability. HCD has applied for available streamlined waivers to expedite admissions for persons experiencing homelessness for HCV and PBV programs (i.e., Notice PIH 2024-17). When granted, these waivers will remain in effect for a period of 12 months following approval and will provide alternative requirements that HCD must follow during the period the waiver is in effect.
 - (5) Participating in the Consolidated Plan development process to ensure coordination with broader community strategies.
 - b) Strategy 2: Increase the number of affordable housing units that reflect HUD and local requirements by:
 - (1) Pursuing housing resources other than Section 8 tenant-based assistance.
 - (2) Continuing the implementation of the Section 8 Homeownership and Project-based Voucher Programs, contingent on the availability of vouchers
2. Need: Specific Family Types: Families at or below extremely low income (ELI) or very low income. Strategy: Target available assistance to ELI families.
3. Need: Specific Family Types: Families with Disabilities
Strategy: Target available assistance to applicants and residents with disabilities.
4. Need: Specific Family Types: Races or ethnicities with housing needs
Strategy: Increase awareness by complying with all HUD fair housing requirements.
5. Need: Reduce impediment to Fair Housing choice through education efforts
Strategy: Continue providing Fair Housing training to employees. Training is provided to staff on equal opportunities to applicants and participants regardless of their status as a victim of domestic violence, dating violence or stalking, actual or perceived sexual orientation, gender identity, gender expression, race, national origin, ethnic origin, color, sex, religion, or other protected characteristics age, disability, familial status, marital status, ancestry, pregnancy, or source of income.

II. Deconcentration and Other Policies that Govern Eligibility, Selection, and Admissions.

- A. Deconcentration may include, but is not limited to, the following: Not Applicable to HCV
- B. Other Policies that Govern Eligibility, Selection, and Admissions
 1. Eligibility
 - a) Eligibility is established as delineated in the Section 8 Administrative Plan.
 2. Selection and Admission
 - a) Waiting List Organization
 - (1) HCD selects applicants for the Housing Choice Voucher, Project-Based Voucher, and Moderate Rehabilitation Programs from separate community-wide waiting lists. For the Section 8 Project-Based Voucher (PBV) Program, HCD has established site-based waiting list.

(1)(2) HCD, subject to the Board of County Commissioners' approval, may elect to dissolve the waiting list as needed. Once the waiting list is dissolved, applicants who are on the waiting list at the time the waiting list dissolved shall keep their ranking and shall not be required to submit new applications during the open registration period. Notwithstanding the dissolution of the waiting list, applicants who are being processed

DRAFT

prior to dissolution of the waiting list will continue to be processed by HCD.

(2)(3)HCD, subject to the Board of County Commissioners' approval, may elect to open the waiting list if there are insufficient applicants for a particular bedroom size, type (e.g., general occupancy, elderly designated buildings, accessible or non-accessible) or for one or more of the local-admission preferences.

(3)(4)The opening and closing of registration periods will be advertised on social media platforms, newspaper publications and the radio for the purpose of reaching all segments of the community and providing advanced notice.

(4)(5)HCD may choose from various options regarding when and how to open, administer, and populate the waiting, subject to approval by the Board.

(6) Some of these options may include an exclusive electronic open waiting list, where ranking is based on the date and time of application or any applicable factors that the agency may adopt, subject to approval by the Board.

(5)(b) Placement on the Waiting List

(1) Based on available budget authority and historical turnover rates, HCD shall determine the quantity of applications selected for the Housing Choice Voucher and Moderate Rehabilitation Programs waiting lists. The total number of applications selected must be sufficient to process applications within a reasonable timeframe, ensuring an adequate pool of applicants to maximize lease-up utilization. Separately, the site-based waiting list for the Project-Based Voucher program may utilize this same process.

~~HCD will determine the number of applications to be selected for placement on the waiting list based on historical and empirical data. The waiting list number represents the number of applications that need to be reviewed in order to result in the issuing of enough vouchers to absorb all underlying funding within a 12 to 18 month period. After that, subject to the Board of County Commissioners' approval, the list will be reopened.~~

(2) Based on the signed Memorandum of Understanding between HCD and the designated Continuum of Care (CoC) Lead Agency, HCD will accept 50 direct referrals to be placed at the top of the waiting list.

(3) In accordance with 24 CFR § 982.207, HCD has established a system of admission preferences to address local housing needs. The waiting list for these preferences may remain perpetually open. HCD will use a weighted point system to rank applicants based on their admission preference status. Applicants will be placed on the waiting list based on the total number of preference points for which they qualify.

• When there is insufficient funding or unit availability to assist all families with the same total points, HCD will select families based on date and time.

~~HCD will select applicants to be placed on the waiting list via an electronic drawing and random selection process. The applicants will be placed on the waiting list in order of the assigned numbers and according to HCD admission preference(s) described in this chapter.~~

(4) HCD reserves the right to set aside a specific number of project-based vouchers or a percentage of its budget for targeted populations in accordance with HUD regulations and Notice of Funding Availability (NOFA) requirements.

(5) Those families not selected from the pool for placement on the waiting list will be sent a notice that they were not selected, informing them that they may apply the next time HCD's waiting list is open.

(6) HCD may establish site-based waiting lists for its Section 8 Project-Based Voucher Program beginning in 2025 and pursuant to the following policies:

• Interested families will apply with HCD.

DRAFT

- ~~Adopted admission preferences will be available for applicants to request during open registration.~~
- ~~The site based waiting list may remain perpetually open.~~

~~Note that under the site based waiting list approach, families apply for the properties that best meets their needs, such as access to employment, family support, school, public transportation, hospital, medical facility, etc. Implementing a site-based waiting list will expedite leasing process as families are only referred to properties, they expressed interest in residing.~~

b) Search Time

- The initial term of the Section 8 voucher and subsequent extensions will not exceed 180 days from the date of voucher issuance.
- The voucher term may be extended beyond 180-day as a reasonable accommodation.

~~An admission preference for applicants with a demonstrated need for specialized services offered by the particular project will be available for PBV site-based waiting lists. Any individual who is qualified for the services must be able to receive the preference, including qualified individuals with disabilities.~~

• ~~Examples include, but are not limited to, preferences that may be only for persons who qualify for employment assistance, or for transportation services, or a preference that may be for persons who qualify for either housekeeping assistance, case management, outpatient health services, personal assistance, education services, services designed to help the recipient live in the community as independently as possible, disability specific services such as mental health services, and the provision of medication, which are provided to support a person with a disability.~~

If using Project-Based Vouchers (PBVs), provide the projected number of project-based units and general locations, and describe how project basing would be consistent with the PHA Plan.

I. HOPE VI or Choice Neighborhoods Grants.

A. Review and apply for opportunities under the Choice Neighborhoods Initiative for any eligible sites
Miami-Dade County is currently administering three grants funded by the Choice Neighborhoods Initiative (CNI) program. CNI is a highly competitive grant program whose main goal is to redevelop severely distressed public- and assisted-housing sites into mixed income communities.

1. GOULDS (IMPLEMENTATION GRANT)

Miami-Dade County was awarded a \$40 million FY2022 CNI implementation grant in July 2023 for the redevelopment of the Cutler Manor assisted housing site in the Goulds community in southern Miami-Dade County. The redeveloped site will include over 400 new units of replacement, affordable, workforce and unrestricted market rate units and amenities. Grant funds will be used to provide case management services to residents and to preserve the history of the Goulds community while enhancing its economic vitality.

2. OVERTOWN (IMPLEMENTATION GRANT)

Miami-Dade County and the City of Miami were awarded approximately \$40 million in FY 2023/24 CNI implementation grant funding in July 2024 for the redevelopment of the Culmer Place and Culmer Gardens public housing developments in the Overtown neighborhood in the City of Miami. The redeveloped site will include over 1,000 new units of replacement, affordable, workforce and unrestricted market rate units and amenities. Grant funds will be used to provide case management services to residents and to preserve the history of the Overtown community while enhancing its economic vitality.

3. MLK STATION (PLANNING GRANT)

Miami-Dade County was awarded a \$500,000 FY2024 CNI planning grant for the Annie Coleman 16 public housing site and surrounding Dr. Martin Luther King Jr. Station area in September 2024.

This two-year, community-driven grant focuses on revitalizing the neighborhood surrounding the Dr. Martin Luther King Jr. Metrorail Station in County Commission Districts 2 and 3. The goal is to create a comprehensive plan that modernizes and expands affordable and workforce housing, while improving resources for local residents.

HCD is collaborating with multiple county departments, public housing and neighborhood residents, as well as community and non-profit organizations, to develop an actionable plan that truly reflects the needs and aspirations of the community.

II. Mixed Finance Modernization or Development

A. HCD will continue an ambitious development and preservation initiative to revitalize and/or preserve affordability of the existing portfolio and to expand the availability of affordable housing units throughout Miami-Dade County. In these efforts, HCD will utilize all available and appropriate funding/financing tools and strategies including Low Income Housing Tax Credits (LIHTC), may apply for new-mMixed-Finance Developments, Rental Assistance Demonstration (RAD) conversions, Choice Neighborhood Grants, HUD Section 18 Disposition/Demolition mixed-income and/or other grants and funding sources, subject to approval by the Miami-Dade Board of County Commissioners (Board) and HUD in the coming fiscal year as it may deem appropriate for providing additional housing and/or upgrading of existing housing and ancillary facilities which may include all Public Housing sites.

Using the RAD program, HCD may convert existing Public Housing developments to Site-Based Vouchers (PBV) under RAD, to upgrade its existing developments. Once a public housing development has been selected for the RAD program, the public housing units in the selected development must be replaced one-for-one.

B. HCD may request extension of grant obligation and expenditure deadlines, upon approval from the Board, including but not limited to Replacement Housing Factor (RHF) funding. HCD may submit appropriate demolition and/or disposition applications and also execute all other documentation as required by HUD and others having jurisdiction for rehabilitation, development, acquisition and implementation of projects and corresponding funding, as indicated herein and/or any Public Housing sites.

C. HCD intends to use all present and future RAD tools for rehabilitation and development, including blending RAD conversion with HUD Section 18 disposition approval with RAD conversion at qualified development projects—in accordance with Notices PIH 2024-40 and PIH 2025-03 (HA), Rental Assistance Demonstration – Supplemental Notice 4C, which further amends Notice PIH 2019-23 and its prior amendments (collectively, the 'RAD Notice'). Further, HCD may use RAD/Section 18 Blends for public housing properties previously developed pursuant to a mixed finance method.

D. If HCD has received Section 18 approval under normal processing, the Section 18 approvals may be subject to the provisions governing RAD/Section 18 Blends provided at least 10% of the total units in the Converting Project will be Converting Public Housing Assistance.

E. Section 18/RAD Blends allow for Section 18 disposition of a percentage of converting units and subsequent assignment of Tenant Protection Vouchers, which may be project-based under HCD's PBV program with rent limits at the lower of 110% of the applicable FMR (or approved exception payment standard) minus any Utility Allowance or the Reasonable Rent. HCD's payment standard. The percentage of eligible units is based on three factors:

1. Whether the project will be demolished and redeveloped.
2. Whether the assistance will be transferred to a new site under RAD.
3. The hard construction costs proposed for a rehabilitation of the Covered Project as compared to the Housing Construction Costs (HCC) as published by HUD for the given market area.

G.F. HCD reserves the right to review on an on-going basis its mixed-finance modernization, rehabilitation and development planned under the RAD program or any other programs and make changes as HCD may determine to be beneficial due to changes in RAD and HUD Regulations, financial and operational considerations, facility conditions and life/safety concerns, municipal and neighborhood considerations, funding availability, zoning and building code requirements, etc. Changes may also be made if transfer of assistance is an option.

D.G. HCD may convert Mixed Finance or other affordable developments to RAD if beneficial to the development or HCD. This may include the development of new public housing units under the Mixed Finance program and their subsequent conversion to RAD under HUD's ~~Faircloth~~/Restore-Rebuild-to-RAD program (formerly known as Faircloth to RAD units).

G.H. HCD also reserves the right to demolish and/or dispose, or convert through RAD (after approval by the Board of County Commissioners and HUD), transfer of assistance, or any other tool or program available for developments under the following reasons:

1. Building is identified with defects or conditions that are hazardous to the life, health, and safety of residents.
2. Heavy gun violence or criminal activity that poses a substantial threat to the life, health, and safety of the resident.

III. Demolition and/or Disposition.

A. HCD plans to conduct the following demolition or disposition activities (pursuant to section 18 of the U.S. Housing Act of 1937 (42 U.S.C. §1437p)) in the plan Fiscal Year.

1. HCD may apply a de minimis exception to demolition requirements for any long-term vacant, beyond repair, unit, subject to HUD requirements and limitations. (24 CR §970.27).

4.2. HCD may identify RAD developments eligible for Section 18/RAD Blends/RAD/Section 18 Blends, pursuant to Notices PIH-20241-407 and PIH-2025-03, Rental Assistance Demonstration – Supplemental Notice 4C, which further amends Notice PIH-2019-23 and its prior amendments (collectively, the 'RAD Notice') to implement the comprehensive framework for RAD/Section 18 BlendsPIH-2019-23, RAD Final Implementation, REV-4, as amended by Notice PIH-2023-19, RAD Supplemental Notice 4B. See Section II-ED above.

2.3. HCD reserves the right to review on an on-going basis its planned RAD portfolio and make changes as it may determine to be beneficial due to changes in RAD and HUD Regulations, financial and operational considerations, facility conditions and life/safety concerns, municipal and neighborhood considerations, funding availability, zoning and building code requirements, etc. Changes may also be made if transfer of assistance is an option.

- Approximate number of units start dates and end dates indicated on Demolition and/or Disposition Planned applications and activities summarized above are approximate and depend on funding and providing replacement housing for current residents and relocation timelines.
- HCD reserves the right to submit additional demolition and/or disposition applications for any development subject to the Board and HUD's approval, including but not limited to emergency projects, such as demolition of unsafe structures, minor scope projects or other redevelopments projects, as may become necessary and/or for which there are funding opportunities.
- Some of the demolition actions indicated above may be further evaluated to determine if a demolition or rehabilitation would be more advantageous.

V. Conversion of Public Housing to Tenant-Based Assistance.

A. Voluntary Conversion Initial Assessments

a) The Required Initial Assessment indicated that the Voluntary Conversion of public housing to tenant- based assistance is inappropriate for the following reasons:

- (1) Conversion would be more expensive than continuing to operate the developments as public housing;
- (2) Removal of developments would not principally benefit the residents of the public housing developments included; and
- (3) It would adversely affect the availability of affordable housing in the community.

VI. Conversion of Public Housing to PBRA or Project-Based Assistance under RAD.

A. Using the RAD program, mixed finance options, and Capital funds, among others, HCD will embark on the conversion of public housing developments to Site-Based Project-Based Vouchers (PBV) or Project-Based Rental Assistance (PBRA) under RAD, to upgrade its existing developments, many of which are at or near the end of their life cycle, and other important upgrades inherently required with an aging housing stock. The RAD program offers an opportunity to HCD to transition from its current public housing funding platform to a more stable funding source, the PBV under the guidelines of PIH Notice 2019- 23, RAD Final Implementation, REV-4, (as amended by Supplemental Notice 4B and 4C) and any successor Notices.

B. Upon conversion to PBV under RAD, HCD will adopt the resident rights, participation, waiting list and grievance procedures in accordance with Section 1.6 of PIH Notice 2019-23, RAD Final Implementation, REV-4, (as amended by Supplemental Notice 4B and 4C) as amended by PIH Notice 2023-19, and any successor Notices.

C. HCD will use all existing and new RAD opportunities available to the HUD RAD program for rehabilitation and development including the supplementing of RAD units with Section 18 TPVs based on the level of Housing Construction Costs (HCCs) proposed for rehabilitation and new construction.

D. HCD reserves the right to review on an on-going basis its planned RAD portfolio and make changes as it may determine to be beneficial due to changes in RAD and HUD Regulations, financial and operational considerations, facility conditions and life/safety concerns, municipal and neighborhood considerations, funding availability, zoning and building code requirements, etc. Changes may also be made if transfer of assistance is an option.

E. Pursuant to Supplemental Notice 4B PIH Notice 2019-23, RAD Final Implementation, REV 4, as amended by PIH Notice 2023-19, and any successor Notices, HUD requires that all the tenant protections provided to RAD PBV units will also be provided to non-RAD PBV units in a RAD

converted development to facilitate the uniform treatment of residents. The required tenant protections are described in Paragraph F.H and G.I of this section, see below.

F. HCD may reprioritize public housing developments proposed for RAD conversions for the following reasons:

- a) Building identified with defects or conditions that are hazardous to the life, health, and safety of the resident.
- b) Heavy gun violence or criminal activity that poses a substantial threat to the life, health, and safety of the resident.

F.G. RAD PBV Resident Rights and Participation.

Note that all the resident rights and participation (tenant protections) provided to RAD PBV units will also be provided to non-RAD PBV units in a RAD converted development to facilitate the uniform treatment of residents.

G.H. PBV Resident Rights and Participation

[Notice PIH Notice 2019-23, RAD Final Implementation, REV-4, (as amended by Supplemental Notice 4B and 4C), and any successor Notices.]

1. **No Rescreening of Tenants upon Conversion.** Pursuant to the Consolidated and Further Continuing Appropriations Act of 2012 (Pub. L. No. 112-55, approved November 18, 2011), as amended by the Consolidated Appropriations Act, 2014 (Pub. L. No. 113-76, approved January 17, 2014), the Consolidated and Further Continuing Appropriations Act, 2015 (Pub. L. No. 113- 235, approved December 6, 2014), and Division L, Title II, Section 237 of the Consolidated Appropriations Act (Pub. L. No. 114-113, enacted December 18, 2015) (collectively, the “RAD Statute.”), pursuant to the RAD Statute, conversion, current households cannot be excluded from occupancy at the Covered Project^{38 37} based on any rescreening, income eligibility, or income targeting. With respect to occupancy in the Covered Project, current households in the Converting Project will be grandfathered for application of any eligibility criteria to conditions that occurred prior to conversion but will be subject to any ongoing eligibility requirements for actions that occur after conversion.³⁹ Post-conversion, the tenure of all residents of the Covered Project is protected pursuant to ~~RAD~~-PBV requirements regarding continued occupancy unless explicitly modified in this Notice (e.g., rent phase-in provisions). For example, a unit with a public housing program participant household that was over-income at time of conversion would continue to be treated as an assisted unit. Thus, Section 8(o)(4) of the 1937 Act and 24 CFR § 982.201, 24 CFR § 983.251(a)(2) and 24 CFR § 983.255(a)(1), concerning eligibility and targeting of tenants for initial occupancy, will not apply for current households. Once the grandfathered household moves out, the unit must be leased to an eligible family. Moving to Work (MTW) agencies may not alter this requirement. Further, so as to facilitate the right to return to the assisted property, HUD waives Section 8(o)(4) and 24 CFR § 982.201 to the extent necessary for this provision to apply to current public housing residents of the Converting Project that will reside in Legacy Non-RAD PBV~~non-RAD PBV~~ units or non-RAD PBRA units placed in a project that contain RAD PBV units or RAD PBRA units. Such families and such contract units will otherwise be subject to all requirements of the applicable program, specifically 24 CFR § 983 for Legacy Non-RAD PBV~~non-RAD PBV~~ units and the PBRA requirements governing the applicable contract for non-RAD PBRA units.
2. **Right to Return.** See section 1.4.A.5.b and the RAD Fair Housing, Civil Rights, and Relocation Notice regarding a resident’s right to return. To facilitate the uniform treatment of residents and units at a Covered Project, any Legacy Non-RAD PBV~~non-RAD PBV~~ units located in the same Covered Project shall be subject to the terms of this provision.
3. **HCD Policy on Tenant Rent Increases.**
HCD will not increase the tenant monthly rents as a result of conversion to PBV under RAD. Likewise, the flat rent payment will not change as a result of conversion to PBV under RAD. Tenants will not see an increase on their monthly rent payment unless their income changes.

³⁸ For purposes of this Appendix D, the term “Covered Project” shall mean the post-conversion property with assistance converted from one form of rental assistance to another under the RAD program.

³⁹ These protections (as well as all protections in this Notice for current households) also apply when a household is relocated to facilitate new construction or repairs following conversion and subsequently returns to the Covered Project.

4. **Family Self Sufficiency (FSS) and Residents Opportunities and Self Sufficiency Coordinator (ROSS-SC) programs.** Not applicable.
5. **Resident Participation and Funding.** Residents of Covered Projects, any Legacy Non-RAD PBV~~non-RAD-PBV~~ units located in the same Covered Projects with assistance converted to PBV will have the right to establish and operate a resident organization for the purpose of addressing issues related to their living environment and be eligible for resident participation funding. To facilitate the uniform treatment of residents and units at a Covered Project, any Legacy Non-RAD PBV units located in the same project shall be subject to the terms of this provision.~~will have the right to establish and operate a resident organization for the purpose of addressing issues related to their living environment and be eligible for resident participation funding.~~
6. **Resident Procedural Rights.** The following items must be incorporated into both the Section 8 Administrative Plan and the Project Owner's lease, which includes the required tenancy addendum (HUD Form 52530-c), as appropriate. Evidence of such incorporation may be requested by HUD for purposes of monitoring the program.
 - a. **Termination Notification.** HUD is incorporating additional termination notification requirements to comply with section 6 of the Act for public housing projects that convert assistance under RAD and to Legacy n~~Non~~-RAD PBV units located at the Covered Project. In addition to the regulations at 24 CFR § 983.257 related to Project Owner termination of tenancy and eviction (which MTW agencies may not alter) the termination procedure for RAD conversions to PBV will require that PHAs provide adequate written notice of termination of the lease which shall be:
 - i. A reasonable period of time, but not to exceed 30 days:
 1. If the health or safety of other tenants, Project Owner employees, or persons residing in the immediate vicinity of the premises is threatened; or
 2. In the event of any drug-related or violent criminal activity or any felony conviction;
 - ii. Not less than 30 days in the case of nonpayment of rent and in conformance with the terms of the Tenancy Addendum (HUD Form 52530c or replacement form); and
 - iii. Not less than 30 days in any other case, except that if a State or local law provides for a shorter period of time, such shorter period shall apply.
 - b. **Grievance Process.** Pursuant to requirements in the RAD Statute, HUD is establishing additional resident procedural rights to comply with section 6 of the Act.

For the termination of assistance and several other PHA determinations, PBV program rules require the PHA to provide an opportunity for an informal hearing, as outlined in 24 CFR § 982.555. RAD will specify alternative requirements for 24 CFR § 982.555(b) in part, which outlines when informal hearings are not required, to require that:

- i. In addition to reasons that require an opportunity for an informal hearing given in 24 CFR § 982.555(a)(1)(i)-(v),⁴⁰⁴⁰ an opportunity for an informal hearing must be given to residents for any dispute that a resident may have with respect to a Project Owner action in accordance with the individual's lease or the contract administrator in accordance with RAD PBV requirements that adversely affect the resident's rights, obligations, welfare, or status.
 1. For any hearing required under 24 CFR § 982.555(a)(1)(i)-(v), the contract administrator will perform the hearing, as is the current standard in the program. The hearing officer must be selected in accordance with 24 CFR § 982.555(e)(4)(i).
 2. For any additional hearings required under RAD, the Project Owner will perform the hearing.
- ii. There is no right to an informal hearing for class grievances or to disputes between residents not involving the Project Owner or Contract Administrator.
- iii. The Project Owner gives residents notice of their ability to request an informal hearing as outlined in 24 CFR § 982.555(c)(1) for informal hearings that will address circumstances that fall outside of the scope of 24 CFR § 982.555(a)(1)(i)-(vi).

⁴⁰ § 982.555(a)(1)(iv) is not relevant to RAD as the tenant-based certificate program has been repealed.

iv. The Project Owner provides opportunity for an informal hearing before an eviction.

Current PBV program rules require that hearing procedures must be outlined in HCD's Section 8 Administrative Plan.

To facilitate the uniform treatment of residents and units at a Covered Project, any Legacy ~~Non-RAD~~ PBV units located in the same Covered Project shall be subject to the terms of this provision.

7. **Earned Income Disregard (EID).** Tenants who are employed and are currently receiving the EID exclusion at the time of conversion will continue to receive the EID after conversion, in accordance with regulations at 24 CFR § 5.617. Upon the expiration of the EID for such families, the rent adjustment shall not be subject to rent phase-in, as described in Section 1.6.C.4; instead, the rent will automatically rise to the appropriate rent level based upon tenant income at that time.

Under the Housing Choice Voucher program, the EID exclusion is limited only to persons with disabilities (24 CFR § 5.617(b)). In order to allow all tenants (including non-disabled persons) who are employed and currently receiving the EID at the time of conversion to continue to benefit from this exclusion in the RAD PBV project, the provision in 24 CFR § 5.617(b) limiting EID to disabled persons is waived. The waiver, and resulting alternative requirement, apply only to tenants receiving the EID at the time of conversion. No other tenant (e.g., tenants that move into the property following conversion or tenants who at one time received the EID but are not receiving the EID exclusion at the time of conversion due to loss of employment) is covered by this waiver. To facilitate the uniform treatment of residents and units at a Covered Project, any Legacy ~~Non-RAD~~ PBV units located in the same Covered Project shall be subject to the terms of this provision.

8. **Job Plus.** Not applicable.

8.9. When Total Tenant Payment (TTP) Exceeds Gross Rent. Under normal PBV rules, HCD may select an occupied unit to be included under the PBV HAP Contract only if the unit's occupants are eligible for housing assistance payments (24 CFR §§ 983.523(c) and 983.251(a)(2)). Also, a PHA must remove a unit from the HAP Contract when no assistance has been paid for 180 days because the family's TTP has risen to a level that is equal to or greater than the Gross Rent. (24 CFR § 983.258 and § 983.211).

Pre-Conversion Residents. Since the rent limitation under this Section of the Notice may result in current residents having TTPs that exceed the Gross Rent, 24 CFR §§ 983.523(c) and 983.251(a)(2) does not apply in order to provide RAD PBV assistance to residents who were living in the Converting Project prior to conversion. As necessary to further implement the alternative requirements described below, HUD is waiving 24 CFR § 983.258 and § 983.211, as well as the provisions of Section 8(o)(13)(H) of the Act and the implementing regulations at 24 CFR § 983.301 and 24 CFR 983.353(b)(1) as modified by Section 1.6.B.5 of this Notice.

HUD is establishing an alternative requirement that the unit for a family with a TTP that equals or exceeds Gross Rent must be placed on the PBV HAP Contract and the family shall be admitted to the PBV program. In such cases the resident is considered a participant under the PBV program and all the family obligations and protections under RAD and PBV apply to the resident.

During any period when the family's TTP is equal to or above the Gross Rent, the zero-HAP family will pay an alternate rent to owner that is the lower of:

- a) the family's TTP less the Utility Allowance, subject to any required phase-in pursuant to Section 1.6.C.3 of this Notice; or
- b) the Zero-HAP Rent Cap, which is the lower of either:
 - i. 110% of the applicable FMR less the Utility Allowance; or
 - ii. In the event the units are subject to more restrictive rent setting requirements under the LIHTC or HOME programs, or other programs approved by HUD on a project-specific basis, the rent to owner set to comply with such requirements.

During any period that the family's TTP falls below the Gross Rent, the normal PBV requirements apply, and the family would pay 30% of adjusted income, less utility allowance.

After a family has paid the Zero-HAP Rent Cap as set by this Section for a period of 180 days, HCD shall remove the unit from the HAP Contract and the family's participation in the PBV program ends.⁴¹ If the Covered Project is fully assisted and the family subsequently leaves the property, HCD must reinstate the unit back onto the HAP Contract and admit an eligible family. If the Covered Project is partially assisted and the family subsequently leaves the property, the unit must be reinstated back onto the HAP Contract unless HCD previously substituted a different unit on the HAP Contract in accordance with 24 CFR § 983.207 or, where "floating units" have been permitted, Section 1.6.B.10 of the Notice.

Additionally, if the family continues to reside in the project after the family's unit was removed from the HAP Contract, the family may request to return to the PBV program if the family's income subsequently decreases to the extent that the family's TTP is less than the Zero-HAP Rent Cap set by this section and the family is otherwise eligible for PBV assistance. The HCD shall, at the earliest opportunity⁴², reinstate the family's unit back onto the HAP Contract to provide rental assistance to the family. All PBV requirements with respect to the unit, such as compliance with HQS, apply while the unit is under the HAP Contract or added back to the HAP Contract.

New Admission Families. Unless a PHA requests and receives the waiver described below, any new admission to the Covered Project must meet the eligibility requirements at 24 CFR § 982.201 and require a subsidy payment at admission to the PBV program, which means the family's TTP may not equal or exceed the Gross Rent for the unit at that time. Furthermore, a PHA must remove a new admission family's unit from the PBV HAP Contract when no assistance has been paid for 180 days because a new admission family's TTP subsequently increased to equal or exceed the Gross Rent. However, HUD is imposing an alternative requirement in such cases. If the project is fully assisted and the family subsequently leaves the property, HCD must reinstate the unit on the HAP Contract and admit an eligible family. If the project is partially assisted, HCD may substitute a different unit for the unit on the HAP Contract in accordance with 24 CFR § 983.207 or, where "floating units" have been permitted, Section 1.6.B.10 of the Notice.

In circumstances where low RAD PBV rents may prohibit a significant number of otherwise eligible families on the waiting list from being admitted to the project because they do not require subsidy, and which could consequently create an undue concentration of poverty at the project compared to non-RAD PBV projects, a PHA may request a waiver of 24 CFR §§983.53(c), 983.2598, 983.211, and 983.301 from HUD for the Covered Project. The waiver will apply the alternative requirements applicable to the pre-conversion residents in this Section to new admission families.

⁴¹ For example, a public housing family residing in a property converting under RAD has a TTP of \$600. The property has an initial Contract Rent of \$500, with a \$50 Utility Allowance (Gross Rent = \$550). The FMR for the unit size in the area in which the project is located is \$800. Following conversion, the family is responsible for paying \$550 in tenant rent. If the resident's income rises or is subject to a rent increase phase-in and all other conditions remain the same, the family would pay TTP until the tenant rent reached the Zero-HAP Rent Cap of \$830 (\$880, which is 110% of the \$800 FMR, minus the \$50 utility allowance), at which point the family would continue paying \$830, and unless the family's income and TTP subsequently decreases, the unit would be removed from the contract after 180 days. Families paying less than TTP because of the phased in Tenant Rent Increase alternative requirement are not paying the Zero-HAP Rent Cap and are not subject to this 180-day requirement. However, if the family's Calculated PBV TTP under section 1.6.C.3 is more than the Gross Rent, the family is a zero-HAP family and the applicability of the phased in Tenant Rent increase would end when the amount the family would pay under that alternative requirement meets or exceeds the Zero-HAP Rent Cap. At that point in time the family would pay the Zero-HAP Rent Cap and would be subject to all zero-HAP family requirements of this section, including the 180-day requirement.

⁴² If the project was partially assisted and HCD previously substituted a different unit on the HAP Contract, HCD shall substitute the family's unit for a vacant unit on the HAP Contract if there is a vacant unit at the time of the request, or by doing so as soon as a unit on the HAP Contract becomes vacant if there are no vacant units on the HAP Contract at the time of the family request.

HCD may request the waiver during the RAD conversion process or may subsequently request the waiver any time after the effective date of the HAP Contract. In order for the waiver to be approved, HCD must demonstrate that based on the RAD rent calculated in accordance with Attachment 1C, the monthly two-bedroom RAD Gross Rent is less than: 30% of the monthly income of a family of four at the midpoint between the Very Low Income (VLI) HUD Income Limit and Extremely Low Income (ELI) HUD Income Limit for the area in which the Covered Project is located.

For waivers submitted during the conversion process, the Office of Recapitalization may grant the waiver after review of the Financing Plan and confirmation that the RAD rents meet the waiver rent threshold described above.⁴³ The Office of Recapitalization shall document the waiver by adding an additional provision to the RCC before closing. For waivers submitted after the effective date of the HAP Contract, the waiver is submitted through the normal waiver process outlined in Notice PIH 2018-16 (or any successor notice). In both cases, the approved waiver will be for the initial term of the PBV HAP Contract.

If the waiver is approved, the new admission families covered under the waiver are participants under the PBV program, all the family obligations and protections under RAD and PBV apply to the family, the RAD PBV families shall be subject to the same alternative requirements applicable to the pre-conversion residents under this Section, and the unit is subject to all PBV program requirements, as modified by this Notice.

Further, Covered Projects that receive the waiver shall be subject to an alternative income targeting requirement that at least 75% of new admissions to the PBV units (both RAD and non- RAD PBV units) in the Covered Project in any PHA fiscal year are ELI families.⁴⁴ If there are less than four new admissions to the Covered Project in a PHA fiscal year, the income targeting is determined by combining the new admissions for that fiscal year with the new admissions for the subsequent fiscal year (or years) until the combined total of new admissions equals or exceeds four for those consecutive fiscal years.⁴⁵

10. Under-Occupied Unit. If a family is in an under-occupied unit under 24 CFR § 983.260 at the time of conversion, the family may remain in this unit until an appropriate-sized unit becomes available in the Covered Project. When an appropriate sized unit becomes available in the Covered Project, the family living in the under-occupied unit must move to the appropriate-sized unit within a reasonable period of time, as determined by the administering Voucher Agency. In order to allow the family to remain in the under-occupied unit until an appropriate-sized unit becomes available in the Covered Project, 24 CFR § 983.260 is waived for current residents remaining or returning to the Covered Project. MTW agencies may not modify this requirement. To facilitate the uniform treatment of residents and units at a Covered Project, any Legacy Non-RAD PBV units located in the same Covered Project shall be subject to the terms of this provision

⁴³ An example of the waiver rent threshold calculation is as follows. Assume the applicable VLI limit is \$46,850 and the ELI limit is \$28,100. The midpoint income is \$37,475 (\$46,850 + \$28,100 = \$74,950; \$74,950/2 = \$37,475). To calculate the affordable monthly rent, the midpoint income is divided by 12 and multiplied by 0.30 (\$37,475/12 = \$3,123; \$3,123*0.30 = \$937). If the RAD Rent is less than \$937, the Covered Project is eligible for the waiver.

⁴⁴ This alternative requirement for the Covered Project is in addition to HCD's HCV/PBV program income targeting requirements at 24 CFR 982.201(b)(2). Admissions to the Covered Project continue to be taken into account when determining income targeting in accordance with 24 CFR 982.201(b)(2).

⁴⁵ For example, assume in fiscal year in which the waiver was granted the Covered Project had one new admission and in following fiscal year had three new admissions. Compliance with the Covered Project income targeting requirement would be determined based on the combined total of the 4 new admissions over the two fiscal years (3 of the 4 new admissions to PBV units the Covered Project must have been ELI families).

H.I. RAD PBV: Other Miscellaneous Provisions

[Notice PIH Notice 2019-23, RAD Final Implementation, REV-4, (as amended by Supplemental Notice 4B and 4C), and any successor Notices.]

1.2. Access to Records, Including Requests for Information Related to Evaluation of Demonstration.

PHAs and the Project Owner must cooperate with any reasonable HUD request for data to support program evaluation, including but not limited to project financial statements, operating data, Choice-Mobility utilization, and rehabilitation work. Please see Appendix IV for reporting units in Form HUD-50058.

2.3. Review of Financial Documents

The Project Owner must submit to the administering PHA's Board the operating budget for the Covered Project annually. When timely requested by the Contract Administrator, the Project Owner must also submit property-specific audited year-end financial statements within a reasonable time established by the Contract Administrator. The Contract Administrator must confirm that the Project Owner is making deposits into the Reserve for Replacement account in accordance with the RCC as well as assess the financial health of the Covered Project.⁴⁶

The Board must confirm that the Project Owner is making deposits into the Reserve for Replacement account in accordance with the RCC as well as assess the financial health of the Covered Project.⁴⁶

3.4. Davis-Bacon Act and Section 3 of the Housing and Urban Development Act of 1968 (Section 3).

This section has been moved to 1.4.A.13 and 1.4.A.14.

5. Establishment of Waiting List.

24 CFR § 983.251 sets out PBV program requirements related to establishing and maintaining a voucher-wide, PBV program-wide, or site-based waiting list from which residents for the Covered Project will be admitted. These provisions shall apply unless the project is covered by a remedial order or agreement that specifies the type of waiting list and other waiting list policies. The PHA shall consider the best means to transition applicants from the current public housing waiting list, including: a waiting list from which residents for the Covered Project will be admitted⁴⁷.

- a. Transferring an existing site-based waiting list to a new site-based waiting list.
- b. Transferring an existing site-based waiting list to a PBV program-wide or HCV program-wide waiting list.
- c. Transferring an existing community-wide public housing waiting list to a PBV program-wide or HCV program-wide waiting list, an option particularly relevant for PHAs converting their entire portfolio under RAD.
- d. Informing applicants on a community-wide public housing waiting list how to transfer their application to one or more newly created site-based waiting lists.

For any applicants on the public housing waiting list that are likely to be ineligible for admission to a Covered Project converting to PBV because the household's TTP is likely to exceed the RAD gross rent, the PHA shall consider transferring such household, consistent with program requirements for administration of waiting lists, to the PHA's remaining public housing waiting list(s) or to another voucher waiting list, in addition to transferring such household to the waiting list for the Covered Project.

To the extent any wait list relies on the date and time of application, the applicants shall have priority on the wait list(s) to which their application was transferred in accordance with the date and time of their application to the original waiting list.

If the PHA is transferring assistance to another neighborhood and, as a result of the transfer of the waiting list, the applicant would only be eligible for a unit in a location which is materially different from the location to which the applicant applied, the PHA must notify applicants on the waiting list of the transfer of assistance, and on how they can apply for residency at other sites.

If using a site-based waiting list, PHAs shall establish a waiting list in accordance with 24 CFR § 903.7(b)(2)(ii)-(iv) to ensure that applicants on the PHA's public housing community-wide waiting list

⁴⁶ For PBV conversions that are not FHA-insured, a future HUD notice will describe project financial data that may be required to be submitted by a PBV owner for purposes of monitoring and evaluation, given that PBV projects do not submit annual financial statements to HUD/REAC.

have been offered placement on the Covered Project's initial waiting list. In all cases, PHAs have the discretion to determine the most appropriate means of informing applicants on the public housing community-wide waiting list given the number of applicants, PHA resources, and admissions requirements of the projects being converted under RAD. A PHA may consider contacting every applicant on the public housing waiting list via direct mailing; advertising the availability of housing to the population that is less likely to apply, both minority and non-minority groups, through various forms of media (e.g., radio stations, posters, newspapers) within the marketing area; informing local non-profit entities and advocacy groups (e.g., disability rights groups); and conducting other outreach as appropriate. Any activities to contact applicants on the public housing waiting list must be conducted in accordance with the requirements for effective communication with persons with disabilities at 24 CFR § 8.6 and with the obligation to provide meaningful access for persons with limited English proficiency (LEP).⁴⁷

When using a site-based waiting list, PHAs should consider waiting list and transfer policies that expand opportunities for tenants seeking an emergency transfer under, or consistent with, the PHA's Emergency Transfer Plan. This includes allowing for easier moves between assisted properties.

To implement this provision, HUD is specifying alternative requirements for 24 CFR § 983.251(c)(2)(iii). However, after the initial waiting list has been established, the PHA shall administer its waiting list for the Covered Project in accordance with 24 CFR § 983.251(c). To facilitate the uniform treatment of residents and units at a Covered Project, any Legacy Non-RAD PBV units located in the same Covered Project shall be subject to the terms of this provision.

A PHA must maintain any site-based waiting list in accordance with all applicable civil rights and fair housing laws and regulations

4.6. Mandatory Insurance Coverage. The Covered Project shall maintain at all times commercially available property and liability insurance to protect the project from financial loss and, to the extent insurance proceeds permit, promptly restore, reconstruct, and/or repair any damaged or destroyed project property.

5.7. Future Refinancing. Project Owners must receive HUD approval for any refinancing or restructuring of secured debt during the HAP Contract term to ensure the financing is consistent with long-term preservation of the Covered Project. With respect to any financing contemplated at the time of conversion (including any permanent financing which is a conversion or take-out of construction financing), such consent may be evidenced through the RAD Conversion Commitment (RCC)⁴⁸ but HUD review of liens must be performed prior to execution.

6.8. Administrative Fees for Public Housing Conversions During the Year of Conversion. For the remainder of the Calendar Year in which the HAP Contract becomes effective (i.e., the "year of conversion"), RAD PBV projects will be funded with public housing funds. For example, if the project's assistance converts effective July 1, 2015, the public housing ACC between HCD and HUD will be amended to reflect the number of units under HAP Contract, but will be for zero dollars, and the RAD PBV HAP Contract will be funded with public housing money for July through December 2015. Since TBRA is not the source of funds, PHAs should not report leasing and expenses into VMS during this period, and PHAs will not receive section 8 administrative fee funding for converted units during this time.

PHAs operating HCV program typically receive administrative fees for units under a HAP Contract, consistent with recent appropriation act references to "section 8(q) of the [United States Housing Act of 1937] and related appropriations act provisions in effect immediately before the Quality Housing and Work Responsibility Act of 1998" and 24 CFR § 982.152(b). During the year of conversion mentioned in

⁴⁷ For more information on serving persons with LEP, please see HUD's Final guidance to Federal Financial Assistance Recipients Regarding Title VI Prohibition Against National Origin Discrimination Affecting Limited English Proficient Persons (72 FR 2732), published on January 22, 2007.

⁴⁸ For purposes of this Appendix AAppendix D the term "RAD Conversion Component" or "RCC" shall mean the contract executed by HUD, the PHA and, as applicable, the post-conversion Project Owner. The RCC follows HUD approval of the Financing Plan and describes the terms and conditions of the conversion.

the preceding paragraph, these provisions are waived. PHAs will not receive Section 8 administrative fees for PBV RAD units during the year of conversion.

After the year of conversion, the Section 8 ACC will be amended to include Section 8 funding that corresponds to the units covered by the Section 8 ACC. At that time, the regular Section 8 administrative fee funding provisions will apply.

7.9. Choice-Mobility. One of the key features of the PBV program is the mobility component, which provides that if the family has elected to terminate the assisted lease at any time after the first year of occupancy in accordance with program requirements, HCD must offer the family the opportunity for continued tenant-based rental assistance, in the form of either assistance under the voucher program or other comparable tenant-based rental assistance.

If as a result of participation in RAD a significant percentage of HCD's HCV program becomes PBV assistance, it is possible for most or all of a PHA's turnover vouchers to be used to assist those RAD PBV families who wish to exercise mobility. While HUD is committed to ensuring mobility remains a cornerstone of RAD policy, HUD recognizes that it remains important for HCD to still be able to use tenant-based vouchers to address the specific housing needs and priorities of the community. Therefore, HUD is establishing an alternative requirement for PHAs where, as a result of RAD, the total number of PBV units (including RAD PBV units) under HAP Contract administered by HCD exceeds 20 percent of HCD's authorized units under its HCV ACC with HUD.

The alternative mobility policy provides that an eligible voucher agency would not be required to provide more than three-quarters of its turnover vouchers in any single year to the residents of Covered Projects. While a voucher agency is not required to establish a voucher inventory turnover cap, if such a cap is implemented, the voucher agency must create and maintain a waiting list in the order in which the requests from eligible households were received. In order to adopt this provision, this alternative mobility policy must be included in an eligible PHA's administrative plan.

To effectuate this provision, HUD is providing an alternative requirement to Section 8(o)(13)(E) of the Act and 24 CFR § 983.261(c). Please note that this alternative requirement does not apply to PBVs entered into outside of the context of RAD. MTW agencies may not alter this requirement.

8.10. Reserve for Replacement. The Project Owner shall establish and maintain a replacement reserve in an interest-bearing account to aid in funding extraordinary maintenance and repair and replacement of capital items in accordance with applicable regulations. The reserve must be built up to and maintained at a level determined by HUD to be sufficient to meet projected requirements. For Federal Housing Administration (FHA) transactions, Replacement Reserves shall be maintained in accordance with the FHA Regulatory Agreement. For all other transactions, Replacement Reserves shall be maintained in a bank account or similar instrument, as approved by HUD, where funds will be held by the Project Owner or mortgagee and may be drawn from the reserve account and used subject to HUD guidelines.

Initial Certifications and Tenant Rent Calculations. The Contract Administrator uses the family's public housing tenant rent (reflected on line 10f of the family's most recent HUD Form 50058) at the date of the conversion to calculate the PBV HAP and tenant rent until the effective date of the earlier of the family's first regular or interim recertification following the date of conversion. At the earlier of the family's first regular or interim recertification, the Contract Administrator will use the family's TTP based on the recertification and the HCV utility allowance (or the PBV site- specific utility allowance, if applicable) to determine the PBV HAP and tenant rent. This means that the family pays the same tenant rent as the family was paying under the public housing program until the earlier of first regular or interim reexamination following conversion, at which point the normally applicable PBV calculation for the tenant rent becomes effective. (Under the PBV program, the monthly HAP is the rent to owner minus the tenant rent, and the tenant rent is the family TTP minus the utility allowance.) To facilitate the uniform treatment of residents and units at a Covered Project, any Legacy ~~Non-RAD~~ PBV units located in the same property as the Covered Project shall be subject to the terms of this provision. To effectuate this provision, HUD is waiving 24 CFR 5.601 and 24 CFR § 983.2(c)(7)(iii) and 24 CFR § 983.301(f)(4)983.3(c)(6)(iii).

I.J. HCD complies with and will continue to comply with the RAD Fair Housing, Civil Rights, and Relocation Notice (Joint Housing/PIH Notice H-2016-17/PIH-2016-17). Additionally, HCD will comply with all requirements set forth in Miami-Dade Board of County Commissioners' Resolution Nos. R-1329-19 and R-1181-19, which require (i) that prior to the closure of a public housing site due to health and safety reasons, the RAD Program or for any other reason, the Miami-Dade Board of County Commissioners must approve such closure, and (ii) the County to execute Tenant Relocation Agreements with each of the tenants impacted by the closure of a public housing site or relocated because of the RAD Program, respectively.

Note that the Joint Housing/PIH Notice was issued on November 10, 2016 and includes requirements on Affirmatively Furthering Fair Housing (AFFH). However, this notice has been amended through the Notice titled AFFH: Responsibility to Conduct Analysis of Impediments published on May 23, 2018, in the Federal Register.

J.K. HCD certifies that the RAD conversions will comply with all applicable site selection and neighborhood reviews and follow all appropriate procedures as required in the RAD Fair Housing, Civil Rights, and Relocation Notice (Notice H 2016-17/PIH 2016-17 (HA)).

Note: 1) Projects above are subject to funding availability and priorities, project costs, HUD requirements, environmental and other factors. 2) RAD was designed by HUD to assist in addressing the capital needs of public housing by providing HCD with access to private sources of capital to redevelop its affordable housing assets. Upon conversion, HCD's Capital Fund Budget will be reduced by the pro rata share of Public Housing Units converted as part of the RAD.

L.M. Development Information: Potential Faircloth/Restore-Rebuild-to-RAD Conversions

In July 2023, HUD issued Supplemental Notice 4B to its RAD Notice (H-2023-08 PIH-2023-19) which, among other things, provided guidance on utilization of a PHA's capacity under its "Faircloth Limit"⁴⁹ to acquire and/or construct new public housing units, receive new federal Capital and Operating funds for those units, and subsequently convert the units and funding to the RAD Section 8 platform in a streamlined process known as "Faircloth/Restore-Rebuild-to-RAD" conversion.

HCD may pursue Faircloth/Restore-Rebuild-to-RAD conversions at the developments listed below. HCD would submit Mixed-Finance Development Proposals to HUD for approval of new construction or acquisition (with or

⁴⁹ The Faircloth Limit refers to an amendment to Section 9(g)(3) of the Housing Act of 1937 ("Faircloth Amendment") which limits the construction of new public housing units. The Faircloth Amendment stipulates that HUD cannot fund the construction or operation of new public housing units with Capital or Operating Funds if the construction of those units would result in a new increase in the number of units the public housing agency owned, assisted or operated as of October 1, 1999.

without rehabilitation) of new federal public housing units. With HUD approval, the newly constructed or acquired units would convert to RAD Site-Based Voucher units immediately or shortly after acceptance as federal public housing.

HCD is currently in the planning stage for all ~~Faircloth~~/Restore-Rebuild-to-RAD developments described in this section. Decisions to proceed with conversions will be informed by HUD guidance, due diligence and feasibility studies, and continued engagement with residents of developments for which conversion is proposed.

As of December 31, 2023, HCD may add to its public housing portfolio as many as 2,310 units (its "Faircloth capacity") before HCD's Faircloth Limit is reached. HCD has substantial room under its Faircloth Limit to add new public housing units described in this section.

VII. Homeownership Program under Section 32, 9 or 8(Y)

While HCD has not submitted a plan to implement the Section 32 homeownership program, homeownership opportunities may be created as a component of the redevelopment of certain public housing sites, including Kline Nunn, Little River Plaza, Little River Terrace, Annie Coleman #14 & #16, Naranja, Modello, Pine Island I & II and Arthur Mays Village. These would be pursued through alternative financing and development structures.

- C. HCD may request approval for additional units to be placed under modernization.

XII.XIII. Other Capital Grant Programs (i.e., Capital Fund Community Facilities Grants or Emergency Safety and Security Grants).

II. Mixed Finance Modernization or Development.

HCD may engage in Rental Assistance Demonstration (RAD).

III. Demolition and/or Disposition.

HCD may convert existing Public Housing developments to Site-Based Project-Based Voucher (PBV) under RAD including through HUD's Faircloth/Restore-Rebuild-to-RAD program in which HCD may convert all or a portion of units in mixed-finance developments to Site-Based Voucher (PBV) under RAD.

IV. Designated Housing for Elderly and/or Disabled Families.

V. Conversion of Public Housing to Tenant-Based Assistance.

Not applicable to HCV.

VI. Conversion of Public Housing to PBRA or Project-Based Assistance under RAD.

Using the RAD program, mixed finance options, and Capital funds, among others, HCD will embark on the conversion of public housing developments to Site-Based Project-Based Vouchers (PBV) under RAD, to upgrade its existing developments, many of which are at or near the end of their life cycle, and other important upgrades inherently required with an aging housing stock.

Upon conversion to PBV under RAD, HCD will adopt the resident rights, participation, waiting list and grievance procedures in accordance with Section 1.6 of under the guidelines of PIH Notice 2019-23, RAD Final Implementation, REV-4, (as amended by Supplemental Notice 4B and 4C) and any successor Notices PIH Notice 2019-23, RAD Final Implementation, REV-4, and future supplemental instructions or amendments.

HCD complies with and will continue to comply with the RAD Fair Housing, Civil Rights, and Relocation Notice (Joint Housing/PIH Notice H-2016-17/PIH-2016-17). Additionally, HCD will comply with all requirements set forth in Miami-Dade Board of County Commissioners' Resolution Nos. R-1329-19 and R-1181-19, which require (i) that prior to the closure of a public housing site due to health and safety reasons, the RAD Program or for any other reason, the Miami-Dade Board of County Commissioners must approve such closure, and (ii) the County to execute Tenant Relocation Agreements with each of the tenants impacted by the closure of a public housing site or relocated because of the RAD Program, respectively.

RAD/Section 18 Blend Option and Site Configuration

I. RAD/Section 18 Blend Option

On December 26, 2024, HUD issued Notice PIH 2024-40(HA) (the Section 18 Demolition/Disposition Notice), which supersedes Notice PIH 2021-07 and details the requirements for Section 18 demolitions and dispositions, including the criteria and unit mix percentages for RAD/Section 18 Blends. Subsequently, effective January 16, 2025, HUD issued Notice PIH 2025-03 (HA), Rental Assistance Demonstration – Supplemental Notice 4C, which further amends Notice PIH 2019-23 and its prior amendments (collectively, the 'RAD Notice') to implement the comprehensive framework for RAD/Section 18 Blends. The notice discusses the tool available to the PHA for combining Section 18 of the Housing Act of 1937 and RAD in order to perform comprehensive rehabilitation or new construction of its housing. Notice PIH 2024-40(HA) supersedes and replaces Notice PIH 2021-07 in defining the percentage of units that may be disposed of through Section 18 pursuant to a RAD/Section 18 Blend.

The Notice PIH 2025-03 (HA) states the following:

Provided that a project meets the criteria outlined below, a PHA that is converting a portion of the public housing units within a Converting Project and is replacing the units proposed for disposition with project-based Section 8 assistance within the Covered Project may be subject to the provisions governing RAD/Section 18 Blends, as the terms "Converting Public Housing Assistance" and "Converting Tenant-Protection Voucher (TPV) Assistance", "Converting Project" and "Covered Project," and "RAD/Section 18 Blends" are defined in the Rental Assistance Demonstration (RAD) – Supplemental Notice 4C Final Implementation Notice Revision 4 (H-2019-09 PIH 2019-23 (HA)), as amended from time to time (the "RAD Notice").

This Supplemental Notice implements a statutory change from the FY2024 Appropriations Act, allowing HUD to convert TPV assistance to a RAD HAP Contract (either Project-Based Rental Assistance (PBRA) or Project-Based Voucher (PBV)) when a Converting Property partially converts Section 9 assistance under RAD and a Section 18 event occurs that results in TPV eligibility. This means TPVs can be directly incorporated into a RAD project's contract, rather than remaining as separate tenant-based assistance. All assistance, both "Converting Public Housing Assistance" and "Converting TPV Assistance," will be placed under a single RAD HAP contract and governed by a single RAD Use Agreement upon conversion.

PIH 2025-03 clarifies that units generating "Converting Public Housing Assistance" reduce the PHA's Faircloth Limit, but units generating "Converting TPV Assistance" do not reduce this limit.

The RAD relocation requirements (PIH 2016-17 (HA)) must be followed in lieu of 24 CFR 970.21 for all residents of the Converting Project within a RAD/Section 18 Blend.

-The Notice PIH 2024-40 states the following.

The aggregate number of replacement units under project-based Section 8 must meet the RAD "substantial conversion of assistance" requirements as established in the RAD Notice.

RAD/Section 18 Construction Blend.

A PHA that has received a Section 18 approval under normal processing shall be subject to the provisions governing RAD/Section 18 Blends provided they request and receive SAC approval to conditionally rescind the Section 18 approval for some portion of RAD eligible units and provided that at least 10% of the total units in the Converting Project will be Converting Public Housing Assistance.

The percentage of units eligible for disposition under Section 18 within the Converting Project is based on the following: 1) whether that project will be demolished and redeveloped; 2) whether the assistance will be transferred to a new site under RAD; or 3) the hard construction costs, including general requirements, overhead and profit, and payment and performance bonds, proposed for a rehabilitation of the Covered Project as compared to the Housing Construction Costs (HCC) as published by HUD for the given market area. The following table sets forth the eligibility criteria for a RAD/Section 18 Construction Blend and, for each criteria, the maximum percentage of units eligible for Section 18 and the minimum number of units that will convert under RAD within the Converting Project:

Eligibility	Unit Mix Percentage (Section 18/RAD)
<ul style="list-style-type: none">Proposed rehab where hard construction costs exceed 90% of the HCC for the given market area ORDemolition and Redevelopment of the project ORTransfer of Assistance	up to 90% Section 18 at least 10% RAD
<ul style="list-style-type: none">Proposed rehab where hard construction costs exceed 60% of the HCC for the given market area	up to 60% Section 18 at least 40% RAD
<ul style="list-style-type: none">Proposed rehab where hard construction costs exceed 30% of the HCC for the given market area	up to 30% Section 18 at least 70% RAD
