III. GUIDANCE INFORMATION

- A. Follow the current instructions for the Traffic Signals and Signs (TSS) Division's Product Consideration and Evaluation Process prior to preparing and submitting a request for product consideration. Only traffic control products listed on the Florida Department of Transportation's (FDOT) Approved Product List (APL) may be submitted for consideration by Miami-Dade County.
- B. Follow the requirements stipulated in **STEP 1** of the current published Traffic Signals and Signs (TSS) Division's Product Consideration and Evaluation Process instructions for initiating the Request for Product Consideration (RFPC) and submitting a complete RFPC submittal package.
- C. Submit this completed form along with the initial product consideration request submittal package, in both hardcopy and electronic format (PDF), to: *Traffic Signals and Signs Division, 7100 NW 36 Street, Miami, FL 33166; Attn: Traffic Control Standards and Specifications Coordinator.*
- D. Upon review of the product consideration request submittal package, the TSS Division may require that the applicant provide additional information directly from manufacturer to include supplemental product literature, specifications, datasheets, evaluation, inspection, and in-house or independent lab testing results to meet all applicable requirements.
- E. Do not submit the actual product(s) for evaluation until directed in writing by the TSS Division in response to the RFPC submittal. If directed to submit product(s), follow the **STEP 2** Product Consideration and Evaluation Process instructions.
